

QUENCHING RURAL THIRST

INITIATIVE:

Commissioning of drinking water Plants

BENEFICIARIES:

Around 500 villagers of Palwal district, Haryana

THE CHALLENGE:

- Highly contaminated ground water making it unfit for consumption
- Women had to walk long distances to fetch water from borewells
- Health problems due to high fluoride concentration
- Unaffordable bottled drinking water @ Rs 20 for 20 litres jar

THE SOLUTION:

NABARD joined hands with local NGO & SHG and Toyam Technology, Pune to provide safe and pure drinking water

THE IMPACT:

Pure drinking water available at an affordable price of Rs 7 for 20 litres jar

Uninterrupted water supply

Improved health conditions
