Notice inviting offers from reputed agencies to act as Training Partners for NABFOUNDATION’s project ‘MY PAD | MY RIGHT’

NABFOUNDATION invites quotations for hiring an agency on contractual basis to provide training to our partner SHGs on production, administration, marketing and sales strategies under our project ‘MY PAD | MY RIGHT’ (MPMR).

2.0 Introduction about NABFOUNDATION in brief:

NABFOUNDATION, is a Section 8, Not for Profit company floated by National Bank for Agriculture and Rural Development (NABARD), India’s apex level development financial institution working in and for rural India for nearly four decades.

The Foundation has been set up to execute development projects across the country, either on its own, or, in partnership with other stakeholders. The company has been formed in 2019. The organization draws its strength and experience from the thousands of development projects grounded by NABARD over the years in multiple domains with a vast array of development partners like central and state governments, civil society organizations, banks, multilaterals, bilaterals, agri universities and a host of other channel partners.

The Foundation will develop and execute scalable projects in various fields like climate proofing, smart agriculture, handicrafts, farm technology, financial inclusion, agri marketing linkages, tribal development etc.

Core activities being undertaken by NABFOUNDATION

The main objectives of the company are initiating/ executing a wide array of development projects listed under Schedule VII, Section 135 of Companies Act, 2013, with special focus on: Rural income and livelihood generation; Sustainable agriculture and rural development; Natural Resources Management; Climate proofing of Indian agriculture; Skilling; Rural off-farm activities, Agri marketing; Rural Innovation; Gender sensitization; Micro finance; Water conservation; Financial Inclusion.

Project ‘MY PAD | MY RIGHT’ is NABFOUNDATION’s first PAN India project designed to tackle the dual objective of creating livelihood among rural women and promote menstrual hygiene in rural India.
2.1 About the project

NABFOUNDATION has been implementing project ‘MY PAD | MY RIGHT’ with support from NABARD since October 2020. Preliminary studies conducted on the subject of Menstrual Hygiene revealed alarming facts and project ‘MY PAD | MY RIGHT’ was designed to address the issues of:

**Awareness:** Most rural women lack adequate knowledge of menstrual hygiene, they are susceptible to myths and assumptions. The project aims at encouraging door to door sales, initiate dialogues, share knowledge, and break myths on menstruation. This creates tangible awareness among rural women leading to increased demand for sanitary napkins by them.

**Accessibility:** There is a severe shortage of quality sanitary pads in most of rural India. The project aims at improving access through the local production process and door to door sales. Rural women are more comfortable buying sanitary products from fellow women than male shopkeepers.

**Affordability:** Most of the commercially available pads are beyond the reach of women from low-income groups. The decentralised model of the project brings this tabooed product into the secure environment of the Self Help Group, shortens the supply chain, eliminates middlemen, reduces marketing costs due to which the sanitary napkins can be sold at an affordable price.

**Acceptance:** The SHG women members promote the product along with emphasizing on its need. The rural women identify with the sanitary napkins manufactured locally by the women of their region.

The primary aim of “My Pad | My Right” project is to provide one sanitary pad making machine to one select Self Help Group of rural women in each and every district of India. The project intends to create a business model among SHG women to run the enterprise by themselves and nurture entrepreneurship among them. The project aims at promoting financial independence of the rural women as also ensure access to affordable menstrual protection and hygiene. The SHG women will be trained in production, marketing and sales of the pads.
