

NRMC is organising Trainers' Training Programme on Climate Literacy and Green Finance

Natural Resource Management Centre (NRMC), NABARD, Kolkata organising the **Trainers' Training Programme on Climate Literacy and Green Finance** at Bankers Institute of Rural Development, Bolpur, West Bengal from **1st to 3rd March 2012**.

Climate Change and its impacts have been widely debated and urgency in combating climate change need not be emphasized. All stake holders need to join hands in doing so. While the Green initiatives offer scope and potential for financing, it is also important that we make informed decisions, so that we do not contribute negatively to processes affecting climate change. Most of the Natural Resources especially in the context of India are directly or indirectly affected by climate change. With a view to promote Green Finance and Responsible Banking in the context of climate change, we are organizing this Programme.

The programme would cover an overview of what is climate change and its impacts with reference to banking sector and India, NAPCC and its various missions and opportunities for bankers. At the end of the programme a training module which the trainers can follow will also be facilitated. The programme will also cover a field visit. Participant will be from Training Colleges of Commercial Banks, Regional Rural Banks, ACMART and ICMARD.

The following topics will be covered in the training programme.

- Background of NRM sector
- CDM project and Carbon Credit
- Renewable Energy Projects
- Opportunities of Green Finance
