AGREEMENT

This Agreement is entered into this day of _____ 2009 between the National Bank for Agriculture and Rural Development (NABARD) having its Regional Office at E-5, Arera Colony, Ravishankar Nagar PO, Bhopal-462016, hereinafter referred to as "The Bank" and M/s_____ hereinafter call the "The Party".

Whereas the Party has been awarded the Contract for the Supply, Installation, Testing , Commission and Maintenance of the Access Control System at the Regional Office of the Bank, consequent upon the Bank accepting its Tender and the Party accepting the Terms and Conditions, Special Terms and Conditions and Memorandum and related items.

NOW, THIS AGREEMENT WITNESS THAT IT IS MUTUALLY AGREED BY AND BETWEEN THE PARTIES:-

1. The Party will Supply, Install, Test, Commission and Maintain the Access Control System for 5 years from the date of completion of the warranty period at the Bank's Regional Office for consideration of Rs._____ (in words). The payments will be made as per the terms indicated in the general conditions/ instructions to the contractors. The party will deposit an EMD amounting to 10% of the yearly amount quoted for the Annual Maintenance Contract. The EMD will be payable by Demand Draft/Pay order drawn in favour of NABARD, Bhopal.

The Party agrees to replace/repair any defects in this system during the warranty period free of cost. The Party will place at the disposal of the Bank, sufficient number of technicians during the first six months to ensure proper working of the system and attend to any teething problems. The Party will carry out necessary repairs/replacement to keep the system in working condition after the warranty period on chargeable basis. The Party will charge for spare parts only as per the rate list supplied by them and agreed to by the Bank .No labour charges will be paid for any such repairs/replacement. The rates indicated should include all Taxes and Income Tax will be deducted from the bills submitted for spare parts replaced.

Any complaints will be attended to promptly by the Party and on no account will there be any delay in repair/replacements to ensure the smooth working of the system.

The Party will ensure availability of fast moving spares required for the system to ensure speedy repairs.

Notwithstanding what has been hitherto stated, any other matters not covered in this Agreement will be settled on mutual discussions and subject to mutual agreement. The reference to the Chief General Manager in this agreement and the schedules hereto annexed shall mean the Chief General Manager holding, charge of Regional Office, Bhopal and shall include, in respect of any powers exercisable by him or NABARD under this agreement and any other officers of the Bank designated by him in that behalf from time to time.

The Party will abide with all the Terms and Conditions specified in the General Conditions /instructions to the contractors.

All hardware and software used will be as per the details indicated by the Party in Part II

of the Tender documents.

All the documents pertaining to the Tender will be construed as part and parcel of this agreement.

This agreement shall be executed in duplicate. The Bank shall retain the original and Party the duplicate. Stamp duty on original and duplicate shall be borne by the Party.

IN WITNESS WHEREOF the Bank has set its hands to these presents and a duplicate hereof through its authorised official and the Party has set his hands to these presents and the duplicate on the day/month and year first hereinabove written.

Signed and delivered by the within named National Bank for Agriculture and Rural Development by the hand of its authorised official

**Tender Documents : Supply, Installation, testing, Commissioning
and Maintenance of Access Control System**
General Conditions/Instructions to the Contractors.

1. Sealed Tenders, should be addressed to The Chief General Manager, National Bank for Agriculture and Rural Development (NABARD), MP Regional Office, E-5, Arera Colony, Ravishankar Nagar PO, Bhopal-462016 and super scribed "Tender for the Supply, Installation, Testing, Commissioning and Maintenance of Access Control System" at Bhopal for the "National Bank for Agriculture and Rural Development" and send so as to reach him not later than 08.06.2010.

2. No tender will be received after 3.00 p.m. On 08.06.2010 under any circumstances whatsoever.

Tenders (Envelope-I) will be opened at 4.00 p.m. On 08.06.2010.

3. Tender shall remain open for acceptance by the Bank for a period of Two Months from the date of opening the tender which may be extended by mutual agreement and the tenderers shall not cancel or withdraw the tender during this period/extended period.

4. The tender forms should be filled in English and all entries must be made by hand and written in ink.

Rate should be quoted both in figures and words in the columns specified.

5. All erasures and alterations made while filling the tender must be attested by initials of the tenderers. Over writing of figures is not permitted, failure to comply with either of these conditions will render the tender void at the Bank's option. No advice of any change in rate or conditions after opening of the tender will be entertained. Each of the tender documents should be signed by the person or persons submitting the tender in token of his/their having acquainted himself/themeselves with the General Conditions of the Contract, Scope of work, Specifications, Special Conditions, etc., as laid down. Any tender with any documents not so signed is liable to be rejected. The tenders submitted on behalf of the Firm shall be signed by all the partners of the Firm or by a partner who has the necessary authority on behalf of the firm to enter into the proposed contract Similarly in case of a company, only the person authorised by the articles of the company can sign. Otherwise the tender is liable to be rejected by the Bank.

6. The National Bank for Agriculture and Rural Development does not bind itself to accept the lowest or any tender and reserves to itself the right to accept or reject any or all the tenders, without assigning any reasons for doing so.

Contractors are advised to visit the site of installation of the Access Control System and understand the nature & scope of the work and doubts of any nature should be got clarified before quoting.

Rate should include charges for removal of debris out of premises, removing stains, cleaning the site thoroughly and restoring it to original condition where work is undertaken.

Quoted rate should be workable and should include all overheads and profits.

Rate should include all taxes, duties, octroi, levies, Payment of wages as per Act , VAT etc.. and should be firm for the entire contract period. No variation of rates will be allowed.

All components of the Access Control System supplied should conform to the stipulations as in the relevant I.S. codes (Latest Edition) BIS specification shall be followed as applicable. However, in the absence of the same the decision of NABARD will be final. The readers and controllers will be UL certified and copy of the certification must be attached with the tender documents.

7. The tender is being called as an item rate tender to be quoted against the Bill of Quantity. However, all other materials as may be necessary for the satisfactory work completion are to be provided at no additional cost as deemed to have been covered under the scope of work/contract. All civil, electrical, carpentry work will be done by the contractor and this cost also to be included in the amount quoted.

Maximum 50 % of amount may be settled on delivery of items and the balance amount less the retention money and the amount quoted for AMC will be settled on commissioning of this system. No advance payment will be made by the Bank.

8. Any discrepancy in settlement of bills may be brought to the notice of the Bank within a period of one month after the settlement of the Bills. The Bank will not entertain any claim regarding any dispute in settlement of the bills after the stipulated period.

Income Tax, Surcharge, Service Tax, VAT and other taxes as applicable will be deducted from total payment due to the contractors.

9. The contractor should have valid electrical contractors license relating to his contract. The contractor must submit a certificate from the manufacturers that the contractor is an authorized dealer for the sales and service of the products used in the Access Control System.

10. The Contractor shall observe all the safety precautions for the safety of the labour and the employees of the Bank during execution of works. The contractor should arrange to obtain necessary insurance cover for its employees. He would be responsible for the safety of persons, employed by him.

The contractor shall be responsible for injury to persons or things and for damages to the property which may arise from omission or neglect of the contractor or their employees, whether such injury or damages arises from carelessness, accident or any other cause whatsoever, in anyway connected with carrying out of the work.

All the conditions of the contract shall be binding on the Contractor.

The Contractor shall comply with all the applicable Acts, Rules, Regulations, requirement of Law (s) for entering into contract and the Bank will not in any way be liable or responsible for any default/ irregularities/penalties on the contractors part.

The contractor shall comply with the provisions of Contract, Labour Regulation & Abolition Act, 1970, Minimum Wages Act and all other labour laws and other Statutory Regulations (both Central and States) that may be enforced from time to time by the appropriate authorities. The Bank shall not be held responsible for any penalty on account of failure to adhere to the above labour regulations, etc. The contractor should be responsible to fulfill all the obligations in connection with the workers employed by the contractor for the purpose of the contract and all the Statutory and other liabilities if any including minimum wages, leave salary, uniform, ex-gratia, gratuity, ESI, Provident Fund, Workman Compensation, if any,

etc.. in connection therewith shall be on the contractor account and payable by the concerned contractor.

The contractor should obtain necessary permission that may be required for the purpose of this contract from such authorities as may be prescribed by law from time to time.

The contractor shall be fully responsible and shall compensate the Bank in the event of any damage to men or material, injury/damage or death as the case may be, caused directly or indirectly due to the negligence of the contractor or his agents and / or his employees or workmen. The decision of the Bank in this regard shall be final and binding.

The contractor should not employ any person who is prohibited by law from being employed for fulfilling obligations under this contract.

Any act of indiscipline / misconduct/ theft/ pilferage on the part of any employee engaged by the contractor resulting in any loss to the bank in kind or cash will be viewed seriously and the Bank will have the right to levy damages or fine and / or even terminate the contract forthwith.

In case of any default or failure on your part to comply with all/ any one of the terms/ conditions, the bank reserves to itself the right to take necessary steps to remedy the situation including, inter-alia, the deduction of appropriate amount/ s from dues otherwise payable to you and/or by taking recourse to appropriate recovery proceedings.

If any dispute arises on any matter concerning this contract, the same shall be settled through mutual discussion. However if the dispute still remains unresolved, the same will be decided by the sole arbitrator appointed by the Bank, and this decision shall be final and binding.

The contractor should not at any time do, cause or permit any nuisance on the site/do anything which shall cause unnecessary disturbances or inconvenience to the occupants/visitors at site or near the site of work.

On site, lockable storage space will be given as per availability, the security of which will be the responsibility of the contractor's. The Bank will not be responsible for contractor's materials. The contractor may be required to vacate the storage space as per exigency without any extra cost.

The contractor shall not directly or indirectly transfer, assign or sublet the contract or any part of it.

The payment against the bill will be made in due course after satisfactory completion of the work

The intending tenderers shall pay an Earnest money Deposit of Rs 14000/- by a Demand Draft drawn on a Scheduled Bank which amount will be credited into the office of National Bank for Agriculture and Rural Development. The Earnest Money Deposit will be returned to the tenderer if his tender is not accepted, but without any interest.

11. The Earnest Money Deposit of Rs 14000/- paid by the successful tenderers shall be held by the National Bank For Agriculture and Rural Development as partial deposit for the execution and fulfillment of the contract. No interest shall be paid on the said deposit.

The Earnest Money Deposit of the successful tenderer will be adjusted against the

retention money kept by the Bank.

10% of the quoted amount will be kept as retention money and will be returned to the Party at the end of the warranty period. The warranty period will be a minimum of one year from the date of handing over the system to the Bank.

12. The Access Control System after successful commissioning and testing will be duly handed over to the Bank after which the work completion certificate will be issued.

The Bank reserves the right to check the progress of the work and adherence to the technical specifications etc. any time during the installation phase.

The Party will obtain all necessary statutory approvals from the designated/approved authorities as may be required for the completion of the work.

The agreement may be terminated by the Bank in case the Party does not adhere to the terms of contract..

SPECIAL TERMS AND CONDITIONS

- 1) In the terms and conditions set in here before the term "The Bank" refers to the National Bank for Agriculture and Rural Development (NABARD), The Chief General Manager refers to Chief General Manager Incharge of the MP regional Office.
- 2) "The Party" refers to the Party who has been awarded the contract for the Supply, Installation, Commissioning and Maintenance of the Access Control System at the MP regional Office of NABARD, Bhopal..
- 3) All payments by the Bank under this contract will be made only at Bhopal.
- 4) All disputes arising out of or in any way connected with this Agreement shall be deemed to have arisen at Bhopal and Courts in Bhopal only shall have jurisdiction to determine the same.
- 5) That the several parts of this Contract have been read by the Party and fully understood by him/them.

Scope of Work

To install the Access Control System (ACS) at our Regional Office at E-5, Arera Colony, Bittan Market, Ravishankar Nagar PO, Bhopal-462 016.. The ACS will provide for controlled access to the Bank's premises using proximity card readers, Tripod Turnstile and related software. This system will also use Time Attendance software and will be linked with the printers and servers. The printers and servers will be placed in the place as decided by the Bank. The work will entail providing necessary hardware, software, signal and power cabling, providing PC and printer and all allied civil, electrical and carpentry work. The access will be controlled by providing Tripod Turnstiles at the entrance to the Lift at the Ground Floor, near the staircase.

Annual Maintenance Contract for five years after the defect liability period will also be provided by the Party.

The exact location and other details can be ascertained by visiting the site. Other details are given in the Bill of Quantities.

Make:	Sivanand
Power Supply:	230V AC Mains Single phase@50 Hz;
Back Up Battery:	12V DC, 7 AH ,Rechargeable , Maint Free.
Power Consumption:	12 V DC,375 mA max.
Dimension of case work:	985 X 230 X 1069 mm approx.
Walk way:	380/500+ 50 mm
Material of case work:	Stainless Steel
Duty cycle	100% Continuous
Holding Force:	200 Kg
Material of Tripod arm:	Stainless Steel (Hot Galvanised),
Opening time:	From 2 to 10 seconds,
Outputs	LED red when locked & green when open, Lock status Sensor (NO/NC)
Internal components:	Rust free alloy of high strength,
Protection level:	IP 54,
Integration:	Two PFC required (Entry and Exit),
Locking mechanism:	Solenoid
Intelligence	Real Time
Safety/Emergency	Motorised type mechanism with Drop arm facility

Technical Specifications for Door Controller ---CE and UL approved

Shall be Web based & have internal memory with inbuilt TCP/IP and Client – Server type configuration.

Power Supply	230V AC Mains Single phase@50 Hz
Back Up Battery	12V DC, 7 AH ,Rechargeable , Maint Free
No. of door relays	1
Card reader interface	2(1 Each for Entry and Exit)
Card capacity	2000 or greater
Event buffer memory	10000 events per door or greater
PIN 4 digit -	Unique for each card
Holiday Scheduler	30 or more holidays per year
Inputs and outputs	Door release switch input
Door position	Sensor input
Programmable inputs:	8 or more;
Programmable outputs:	2 or more
Input type	2(Trigger, Log)
Output Type	3 (Momentary, continuous, Timed)
Input supervision	Normal
Day Scheduler:	8(1 for each day of the week and 1 for holidays)
Timers	64 (each with 8 or more transitions)
Time Zones	64 (each with 2 ON periods & 2 OFF periods)
Security levels	3
Card Validity	Definable by date and time
Trigger	50 or more user definable sequences

Card Types	05	Normal user Super user Visitor Contractor Maintenance
Card Attributes	04	Valid/Void Trace Custodian Escort
Door Attributes	07	Card only Lock (Excluding super user) Timed anti-pass back Logical anti-pass back Custodian request Escort request Maintenance mode

Technical Specifications for Proximity Card reader

Environment Shall be suitable for Outdoor/Indoor applications with fully potted electronics Read Range of 6.25 cm and with Audio indication Beep on valid card read. Visual indication of Red LED- to indicate power ON, shall turn Green on Valid card read.

Technical Specifications for Server and Client Terminal

Minimum Configuration for Server & Client PCs

<i>Processor :</i>	Intel Core 2 Duo
<i>Clock Speed :</i>	2.8 GHz or above
<i>RAM :</i>	2GB
<i>Hard Disk :</i>	320 GB or greater
<i>Optical Drive :</i>	DVD-R/W
<i>Key board :</i>	Standard 101 keys
<i>Mouse :</i>	2 button scrolling optical mouse
<i>LCD Monitor :</i>	17" TFT
<i>Network :</i>	10/100/1000 MBPS Ethernet card
<i>Software :</i>	Windows XP with SP2 or Vista Business / 2000 Professional/ Server Database (Any database as supported by the application)

Printer	A 4 Laser Printer
Resolution	1200/1200 Dpi
Print speed	21 pages per minute
Memory	32 MB
Duty Cycle	10000 Pages Per Month
Duplex Printing	Automatic two sided printing
Connectivity	USB/ Parallel

Input tray 250 sheets

In addition to the above hardware and software, you will supply any other hardware/software which are needed for running the application. Application Software

Front end	GUI based user friendly interface based on client server technology for Windows NT environment.
Back end	ODBC compliant database
Architecture	3 tier (User, Business and Data Services) to ensure scalability
Operators	unlimited .
Access levels	8 + 1 Administrator, password controlled
Access profiles:	user definable
Configuration	Full set up & programming of all door controller functions
Card Database	to contain Photo image or a link to the image of card holder along with other relevant data
Card database	100000
Card profiles	unlimited with respect to single card or batch of cards, shall define valid doors, 3 x time zones per card (week day, off day and holiday)
Archival:	Daily automatic archival based on defined time. All archived data to be held in monthly folders.
Reports	User definable access reports with respect to time, date, door and card. Daily attendance reports based on 1st IN and last OUT. Reports should also include archived data.
Door Control	Each door individually or all door simultaneously may be locked /unlocked or normalized from the PC
Roll call	The software shall be able to provide the no. of list of card holders in the premises. It shall also be capable locating an user based on the last transaction.

Note : Technical features for future enhancements of the System, including incorporating the Access Control System in the various Departments in the regional Office,visitors,management system.
