

Expression of Interest (EOI) from Technology Partners

To boost financial inclusion in the country, NABARD is funding the integration of technology and financial services in under banked and remote areas of the country. NABARD needs a robust technology platform to provide services for all agencies in rural areas such as RRBs, Cooperative banks, post offices, NGOs, and other rural financial service providers. Low cost technology with high performance standards and enabling connectivity with various devices such as mobile phones, PCs, Smart Cards, ATMs need to be given priority. ***Security and confidentiality of information will conform to the highest international standards.***

Expressions Of Interest (EOI) are invited from the technology agencies/companies who would work with NABARD on a long-term basis for creating a robust technology platform and maintaining the same. All interested partners may submit their EOI along with their work experience and a brief resume to any of the following officials by **25 January 2008**. For further information / clarification any of the following officials could be contacted.
