IFSC Code: NBRD00000002

Note: UTR number is to be indicated for payment made through NEFT/RTGS

- 1.10. In case of successful bidder, a fresh Bank Guarantee (BG) of 5 % of contract amount may be submitted towards Security Deposit (SD). The EMD will be retained with NABARD till submission of SDBG and will be released afterwards. In case of unsuccessful bidders, the EMD will be refunded only on award of Contract to the successful bidder. The EMD / SD will not bear any interest. If the bidder withdraws his tender before expiry of the validity period of the tender or if the Contractor fails to execute / complete the works satisfactorily, NABARD reserves the right to forfeit the EMD / SD. Any tender not accompanied by the EMD will be rejected.
- 1.11. In first level of selection procedure, bid scrutiny will be carried out to ascertain compliance with the minimum eligibility criteria and those bidders meeting all the prescribed criteria will only be considered for technical bid evaluation.
- 1.12. **The applications submitted shall be evaluated by an “Evaluation Committee” of the Bank consisting of Bank’s officials and / or external technical experts.**
- 1.13. Price bids of only those bidders shortlisted in the Technical evaluation (Scoring 50 marks or more) shall be opened. Price bids to be submitted separately.
- 1.14. The rates for each item as per scope of work shall be quoted by the applicant in the Price bid to be submitted separately as Part-2.

2. Opening of Tender

- 2.1 **Part I (Technical Bid)** of the tenders will be opened **15:00 hours on 27/01/2025** in presence of tenderer who wish to be present. However, bids would be opened even in the absence of any or all of the vendors’ representatives. Technical bids of only those vendors who qualify as per Pre-qualification criteria will be evaluated.
- 2.2 Dates of opening price bids will be intimated after evaluation of technical bids. Bids would be opened in the presence of tenderer(s) who wish to be present. Again, Bids would be opened even in the absence of any or all of the vendors’ representatives.

3. Technical Bids Evaluation

- 3.1 The qualified OEMs shall be separately called for making a presentation before the ‘**Evaluation Committee**’ of the Bank, clearly highlighting the core competencies / capabilities of the respective OEMs. The OEMs failing to make a presentation on the stipulated date are liable for disqualification from the selection process.

- 3.2 The Evaluation Matrix (on this page) has a total score of 100 marks and only those OEMs obtaining 50 marks or more shall be considered for opening of price bids / further evaluation.
- 3.3 The Bank reserves the right to inspect the OEMs manufacturing facility, service centres, similar work / works carried out by the OEM etc. to satisfy itself regarding quality, finishes, workmanship, competence and service capabilities to take up the work. Necessary permissions for inspection of the above facility/ works carried shall be arranged by the Original Equipment Manufacturer (OEM).
- 3.4 The Bank may call for any additional particulars/ clarifications on the bids submitted. The OEM shall be required to submit the additional particulars/ clarifications within the specified date and time, failing which the OEM's application shall be liable for rejection.
- 3.5 The bidder shall comply with the Local Content norms stipulated under 'Make in India' initiative as per the guidelines issued by Ministry of Commerce and Industry, Department of Industrial Policy and Promotion, Government of India, from time to time. 4. Price Bid Evaluation

4.1 The Price Bids of only those bidders shortlisted in the technical evaluation (scoring 50 marks or more) shall be opened.

4.2 Tenders will be evaluated based on Total Cost of Ownership (**TCO**) which will include the Capital Cost (**C**) quoted for the lifts and the rates quoted for comprehensive all-inclusive Annual Maintenance Contract (**A**) for a period of 19 years after expiry of one year warranty period (Defect Liability Period), by using Net Present Value (NPV) method. For arriving at the NPV of AMC amount, a Multiplication Factor (**F**) will be computed as per the following parameters:

(a)	Discount factor	8 % per annum
(b)	Annual Escalation in AMC for NPV only	5 % per annum
(c)	Period of AMC	19 years
(d)	Payment terms of AMC	Quarterly payment after satisfactory completion of the service

$$TCO = C + (-B) + (F \times A),$$

Where, **B = Buy Back Value of the concerned Lift, (F= 13.81)**

4.3 Comprehensive Annual Maintenance Contract (CAMC)

4.3.1 The bidder shall quote his rates in Rupees per lift per annum for all CAMC inclusive of all taxes as applicable, transport, insurance, handling charges etc as applicable after expiry of 12 months warranty period. These rates shall remain firm for the first year of AMC and these charges will also be considered while evaluating the tender as mentioned in para 4.2 above.

4.3.2 Further renewal amount for the AMC shall be worked out as per the following IEEMA formula on the basis of RBI indices published.

$$A_c = \frac{A_p}{100} \left(50 \times \frac{MP_c}{MP_p} + 50 \times \frac{WI_c}{WI_p} \right)$$

A_c = The contract amount for the current year

A_p = The contract amount for the previous year

MP_c = Wholesale Price Index for metal products 06 months prior to the commencement date of contract for the current year.

MP_p = Wholesale Price Index for metal products 06 months prior to the commencement date of contract for the previous year.

WI_c = Consumer Price Index for Industrial Workers (Mumbai) 06 months prior to commencement date of contract for the current year.

WI_p = Consumer Price Index for Industrial Workers (Mumbai) 06 months prior to commencement date of contract for the previous year.

The Bank Guarantee submitted by the successful bidder towards security deposit (5% of the total contract value) shall be valid for the duration of the AMC for due fulfilment of the terms and obligations of the service contract for the entire life cycle of the lift (20 years) after completion of the warranty period.

NOTE: With Respect to lifts completed in phase 1 of execution of work, the CAMC schedule will be later brought to same timeline as that of lifts completed in phase 2 of execution of work. To do this, the price quoted for the first year of CAMC will also be applicable for the time difference between two phases. The extra charge will be calculated on pro-rata basis. From second year onwards, the CAMC charges will be calculated as per the formula provided in the tender. This deviation will, however, not be part of overall price bid evaluation as described above in 4.2

5. Final Evaluation:

- 5.1 For the purpose of calculating final score, marks obtained in technical and price bids evaluation will be assigned a weightage of 70 and 30 respectively i.e., in a ratio of 70:30.
- 5.2 The bidder obtaining the highest total marks (denoted by score "S" as indicated below) will be eligible for appointment as service provider to NABARD for the specified work.
- 5.3 Nominal quote provided by the bidder whose Technical Bid qualifies will be discounted as per the formula given below. A comprehensive "Score (S)" will be arrived at after considering the nominal price quoted and the marks obtained in technical evaluation with relative weights of 30% for price bids

and 70% for technical. The bidder with the highest score will be declared successful:

5.4 Computation Methodology for arriving at “Least Price / Least Quote”:

5.4.1 Cut - Off score for technical bid will be 50 marks (or the top score in case none of the bidders reaches the cut-off).

5.4.2 A “Score (S)” will be calculated for all qualified bidders using the following formula.

$$S \equiv \frac{C_{low}}{C} X + \frac{T}{T_{high}} (1 - X)$$

Where,

C - stands for nominal price quoted,

C low - stands for the price quote of the lowest nominal bid.

T - stands for technical evaluation score and

T high - stands for the score of the technically highest bidder.

X is equal to 0.3.

Example:

S. No	Bidder	Technical Evaluation Marks (T)	Nominal Bid Price (C)	(C _{low} / C) * 0.30	(T / T high) *	Score (S)
1	ABC	95	71	0.85 * .30 = 0.25	1.00 * .70 = 0.70	0.95
2	XYZ	85	65	0.92 * 0.30 = 0.28	0.89 * 0.70 = 0.62	0.90
3	UVW	80	60	1.00 * 0.30 = 0.30	0.84 * 0.70 = 0.59	0.89

In the above example, ABC, with the highest score becomes the successful bidder whose quoted price shall be called “Least Price”. In the case of a tie between two or more bidders, the bidder with higher score under technical evaluation shall be selected. In the case of tie between two or more bidders in technical evaluation marks also, a fresh price bid will be called upon from these bidders for evaluation and selection of the service provider.

5.5 If the space in the pro-forma is insufficient for furnishing full details, the information shall be supplemented in separate sheet(s) of paper stating therein the part of the statement and serial number. Separate sheets shall be used for each part.

5.6 Applications containing false and / or inadequate information are liable for rejection. Applicants shall be disqualified at any stage at their risk and cost if they are found to have made untrue or false representation in the forms, statements and attachments submitted in proof of qualification and requirements.

5.7 The Bank reserves the right to reject any or all the applications without assigning any reason whatsoever. Applications not received in the prescribed manner will be summarily rejected. The Bank's decision in this regard shall be binding on all concerned.

- 5.8 No further discussion/ interface will be granted to OEMs whose bids have been disqualified in the selection procedure.

6. Instructions with respect to Part II i.e. Price Bid

- 6.1 This part shall contain prices in **Indian Rupees (INR) only** as per format (Part II) both in figures and words. Change of terms and conditions and technical deviations, if any, found in Part II of the tender will not be taken into account and will be treated as invalid. The Cost of Work shall mean gross value of work including Design, Supply, Installation, Testing and Commissioning (including taxes as applicable) and all related works pertaining to the said Lifts in the Bank's premises and including Comprehensive Annual Maintenance Contract (CAMC) for the period of 19 years after the end of defect liability period (i.e. Warranty period of 1 year) and all rates quoted will also be in Indian Rupees (INR) only.
- 6.2 If any of the documents is missing or unsigned, the tender may be considered invalid by NABARD in its discretion. Rates should be quoted both in figures and words in columns specified.
- 6.3 This contract is neither a fixed lump sum contract nor a piece work contract but is a contract to carry out the work in respect of provision of the entire passenger lifts to be paid for according to actual measured quantities at the rates/quantities provided in the schedule of rates (Price Bid).
- 6.4 The rates quoted shall be deemed to be for the finished work and shall be firm and binding without any escalation whatsoever till the system is handed over to NABARD.
- 6.5 With Respect to lifts completed in phase 1 of execution of work, the CAMC schedule will be later brought to same timeline as that of lifts completed in phase 2 of execution of work. To do this, the price quoted for the first year of CAMC will also be applicable for the time difference between two phases. The extra charge will be calculated on pro-rata basis. From second year onwards, the CAMC charges will be calculated as per the formula provided in the tender.

7. Taxes and Other Charges

- 7.1 The prices quoted for supply of equipment shall be deemed to be inclusive of Goods & Services Tax (GST) or any other taxes/duties imposed by /State Government/ Local Bodies/ Central Government, charges for labour, transport, insurance charges for transit, shipment, packing, freight from the factory to the destination site, handling, clearing, installation, and commissioning charges, insurance charges for storage, erection, testing and commissioning, CAR policy (1.25 times the Contract Value), workmen compensation and third party liability etc. commencing 10 days from issue of Work Order till the work is finally handed over to NABARD. If the tenderer fails to include such taxes and duties in the tender, no claim thereof will be entertained by NABARD afterwards. As per Indian laws, income tax and works contract tax or other applicable statutory taxes/ levies of such kind will be deducted at source and a certificate for the same will be issued to the contractor.

- 7.2 The photocopies of the requisite documents, issued by the respective competent authority, showing proof of having paid the required amount duly authenticated shall be submitted to NABARD. For any adjustment required to be carried out due to changes in the rate of GST during the original currency of the contract period, the contractor shall furnish required documents / working of the revised duty amount and financial impact. No claims shall be entertained for increase in GST by NABARD if the rate increases after the completion of the originally agreed delivery period. However, any statutory variations in the rate of GST on AMC will be taken into account by NABARD on submission of documentary proof.
- 7.3 The tendered rates shall be firm and shall not be subject to any variations, on account fluctuations in the market rate or any other source. Hence, no adjustments in the costs of materials and labour etc. shall be allowed on the basis of price variation clause governed by IEEMA (Indian Electrical and Electronic Manufacturers Association).

In case the Contractor shall not receive such instructions within five days, he shall proceed with the work conforming to the provisions, regulations or bye-laws, in question, and any variation so necessitated shall be dealt with under Clause No. 24 (Section IV) thereof.

The Contractor shall bring to the attention of NABARD, all notices required by the said Acts, regulations or bye-laws to be given to any authority and pay to such

authority, or to any public office, all fees that may be properly chargeable in respect of the works, and lodge the receipts with NABARD.

The Contractor shall indemnify NABARD against all claims in respect of rights, and shall defend all actions arising from claims, and shall himself pay all royalties, license fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof.

15. Setting out of work

The Contractor shall set out the works and shall be responsible for the true and perfect setting out of the same and for the correctness of the positions, levels, dimensions, and alignment of all parts thereof. If at any time any error in this respect shall appear during the progress of the works within a period of one year from the completion of the works, the Contractor shall, if so required, at his own expense, rectify such error to the satisfaction of NABARD.

16. Materials and workmanship to conform the descriptions

All materials and workmanship shall so far as procurable be of the respective kinds described in the Schedule of Quantities and/or Specifications and in accordance with NABARD's instructions, and the Contractor shall upon the request of NABARD furnish him with all invoices, accounts receipts and other vouchers to prove that the materials comply therewith. The Contractor shall at his own cost arrange for and/or carry out any test of any materials which NABARD may require.

17. Contractor's superintendence and representative on the works

The Contractor shall give all necessary personal superintendence during the execution of the works, and as long thereafter as the Employer may consider necessary until the expiration of the "Defect Liability Period" stated in the Appendix hereto. During the whole time the works are in progress, the Contractor shall also employ a competent representative who shall be constantly in attendance at the works while the men are at work. Any directions, explanations, instructions or notices given by the Employer to such representative shall be held to be given to the Contractor.

18. Dismissal of Workmen

The Contractor shall on the request of the Employer, immediately dismiss from the works, any person employed thereon by him who may, in the opinion of the Employer, be incompetent or misconduct himself and such persons shall not be again employed on the works, without the permission of the Employer.

19. Access to Works

The Employer and their respective representatives shall at all reasonable times have free access to the works and/or the workshops, factories or other places where materials are lying or from which they are being obtained and the Contractor shall give every facility to the Employer and their representatives necessary for inspection and examination and test of the materials and workmanship. No person not authorised by the Employer except the representatives of public authorities shall be allowed on the works at any time.

20-21. Assignments and Sub-letting

The whole of the works included in the Contract shall be executed by the Contractor and the Contractor shall not directly or indirectly transfer, assign or sub-let the Contract or any part share thereof or any interest therein without the prior written consent of the Employer, and no undertaking shall relieve the Contractor from the full and entire responsibility of the Contract or from active superintendence of the works during their progress.

21. No alteration, omission or variation shall vitiate this Contract but in case the Employer thinks proper at any time during the progress of the works to make any alterations in or additions to or omissions from the works or any alteration in the kind or quality of the materials to be used therein and shall give notice thereof in writing under his hand to the Contractor, the Contractor shall alter, add to or omit from, as the case may be, in accordance with such notice but the Contractor shall not do any work extra to or make any alterations or additions to or omissions from the works or any deviation from any of the provisions of the Contract, Stipulation, Specifications or Contract Drawings without the previous consent in writing of the Employer and the value of such extras, alterations, additions or omissions shall in all cases be determined with the prior approval in writing of the Employer in accordance with the provisions of Clause 25 (Section IV) hereof, and the same shall be added to or deducted from the Contract Amount, as the case may be, accordingly.

22. Schedule of Quantities

The Schedule of Quantities, unless otherwise stated, shall be deemed to have been prepared in accordance with the Standard Method of Measurement.

Any error in description or in quantity or in omission of items from the Schedule of Quantities shall not vitiate this contract but shall be rectified and the value thereof as ascertained under Clause 25 (Section IV) hereof, shall be added to, or deducted from the Contract Amount (as the case may be) provided that no rectification of errors, if any, shall be allowed in the Contractor's Schedule of Rates.

23. Sufficiency of Schedule of Quantities

The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the prices stated in the Schedule of Quantities and/or the Schedule of Rates and Prices which rates and prices shall cover all his obligations under the Contract, and all matters and things necessary for the proper completion of the works.

24. Measurement of Works

The Consultant may from time to time intimate to the Contractor and the Employer that he requires the works to be measured, and the Contractor shall forthwith attend or send a qualified Agent to assist NABARD in taking such measurements and calculations and to furnish all particulars or to give all assistance required by any of them.

Should the Contractor not attend or neglect or omit to send such Agent, then the measurement taken by NABARD shall be taken to be correct measurements of

the works. Such measurements shall be taken in accordance with the Mode of Measurement detailed in the Specifications.

The Contractor or his Agent may at the time of measurement take such notes and measurements as he may require.

All authorised extra works, omissions and all variations made with the prior approval in writing of the Employer shall be included in such measurements.

25. Prices for extra etc. ascertainment of

The Contractor may, when authorised by Employer, add to, omit from, or vary the works shown upon the drawings, or described in the Specification, or included in the Schedule of Quantities, but the Contractor shall make no addition, omission or variation without such authorisation or direction. A verbal authority or direction by the NABARD shall, if confirmed by him in writing within seven days, be deemed to have been given in writing.

No claim for any extra shall be allowed unless it shall have been executed under provisions of Clause 5 (Section IV) hereof with the concurrence of the Employer as herein mentioned. Any such extra is herein referred to as authorised extra and shall be made in accordance with the following provisions.

- (a) (i) The net rates or prices in the original tender shall determine the valuation of the extra work where such extra work is of similar character and executed under similar conditions as the work priced therein.
(ii) Rates for all items, wherever possible, should be derived out of the rates given in the Priced Schedule of Quantities.
- (b) The net prices of the original tender shall determine the value of the items omitted, provided if omissions vary the conditions under which any remaining items of works are carried out, the prices for the same shall be valued under sub-clause (c) hereof.
- (c) Where the extra works are not of similar character and/or executed under similar conditions as aforesaid or where the omissions vary the conditions under which any remaining items of works are carried out or if the amount of any omission or additions relative to the amount of the whole of the Contract works or to any part thereof shall be such that in the opinion of NABARD the net rate or price contained in the Priced Schedule of Quantities or tender or for any item of the works involves loss or expense beyond that reasonably contemplated by the Contractor or is by reason of such omission or addition rendered unreasonable or inapplicable, NABARD shall fix such other rate or price as in the circumstances he shall think reasonable and proper.
- (d) Where extra work cannot be properly measured or valued, the Contractor shall be allowed day work prices at the net rates in accordance with the local day work rates and wages for the district, provided that in either case vouchers specifying the daily time and materials employed, be delivered for verification to the employer at or before the end of the week following that in which the work has been executed plus 15% towards establishment charges, contractor's overhead and profits.

The measurement and valuation in respect of the Contract shall be completed within the “period of final measurement” stated in the Appendix, or if not stated, then defined in Clause 24 hereof.

26. Unfixed materials when taken into account to be the property of Employer

Where in any Certificate (of which the Contractor has received payment) the Employer has included the value of any unfixed materials intended for and/or placed on or adjacent to the works, such materials shall become the property of the Employer and they shall not be removed except for use upon the works, without the written authority of NABARD. The Contractor shall be liable for any loss of or damage to such materials.

27. Removal of improper work

NABARD/Consultant shall, during the progress of the works, have power to order in writing from time to time the removal from the works within such reasonable time or times, as may be specified in the order, of any materials which in the opinion of NABARD are not in accordance with the Specifications or the instructions of NABARD, the substitution of proper materials, and the removal and proper re-execution of any work executed with materials or workmanship not in accordance with the Drawings and Specifications or instruction, and the Contractor shall forthwith carry out such order at his own cost. In case of default on the part of the Contractor to carry out such order, NABARD shall have the power to employ and pay the other persons to carry out the same, and all expenses consequent thereon, or incidental thereto shall be borne by the Contractor, or may be deducted by NABARD from any moneys due, or that may become due, to the Contractor.

28. Defects after virtual completion

Any defect, shrinkage, settlement or other faults which may appear within the “Defect Liability Period” stated in the Appendix hereto, if none stated, then within 12 months after the virtual completion of the works, arising in the opinion of NABARD / Consultant from materials or workmanship not in accordance with the contract, shall upon the directions in writing of NABARD, and within such reasonable time as shall be specified therein, be amended and made good by the Contractor, at his own cost and in case of default, NABARD may employ and pay other persons to amend and make good such defects, other faults, and all damages, loss and expenses consequent thereon or incidental thereto shall be made good and borne by the Contractor and such damage, loss and expenses shall be recoverable from him by NABARD or may be deducted by NABARD from any moneys due or that may become due to the Contractor, or NABARD may in lieu of such amending and making good by the Contractor deduct from any money due to the Contractor a sum to be determined by NABARD equivalent to the cost of amending such work and in the event of the amount retained as Security Deposit being insufficient, recover the balance from the Contractor, together with any expenses NABARD may have incurred in connection therewith. Should any defective work have been done or material supplied by any Sub-Contractor employed on the works who has been nominated or approved by NABARD as provided in various clauses hereof, the Contractor shall be liable to make good in the same manner as if such work or material had been done or supplied by the

Contractor and been subject to the provisions of this Clause and Clause 2 hereof. The Contractor shall remain liable under the provision of this Clause, notwithstanding the signing of any certificate or the passing of any accounts, by NABARD.

29. Certificate of virtual completion and Defect Liability Period

The works shall not be considered as completed until Consultant / NABARD has certified in writing that they have been virtually completed. The Defect Liability Period shall commence from the date of such Certificate or obtaining of licence whichever is later.

30. Other persons employed by Employer

NABARD reserves the right to use the Estate and any portions of the site for the execution of any work not included in this Contract, which it may desire to have carried out by other persons, and the Contractor shall allow all reasonable facilities for the execution of such work but shall not be required to provide any plant or materials for the execution of such work. Such work shall be carried out in such manner as not to impede the progress of the works included in the Contract and the Contractor shall not be responsible for any damage or delay which may happen to or occasioned by such work.

31. Insurance in respect of damage to person and property

The Contractor shall be responsible for all injury to persons, animals or things, and for all structural and decorative damage to property which may arise from the operation or neglect of himself or any employee or either, whether such injury or damage arises from carelessness, accident or any other cause whatever, in any way connected with the carrying out of this Contract. This liability under this clause shall be held to include inter alia, any damage to buildings, whether immediately adjacent or otherwise, and any damage to roads, streets, footpaths, bridges or ways as well as all damage caused to the buildings and other structures and works forming the subject matter of this Contract. The contractor shall also be responsible for any damage caused to the buildings and other structures and works forming the subject matter of this Contract by frost, rain, wind or other inclemency of weather. The Contractor shall indemnify and keep indemnified NABARD and hold him harmless in respect of all and any loss and expenses arising from any such injury or damage to persons or property as aforesaid and also against any claim made in respect of injury or damage, whether under any Statute or otherwise and also in respect of any award of compensation or damages consequent upon such claim. **The contractor shall, at his own expense, effect and maintain till issue of the completion certificate under this contract, with an insurance company approved by NABARD, an All Risks Policy for insurance for an amount equal to 125 % of the amount of the approved contract including earthquake risk in the joint names of NABARD and the contractor (the name of the former being placed first in the policy) against all risks as per the standard all risk policy for contractors and deposit such policy or policies with the employer before commencing the works.** The Contractor shall reinstate all damage of every sort mentioned in this Clause, so as to do delivery of the whole of the

Contract works complete and perfect in every respect and so as to make good or otherwise satisfy all claims for damage to the property of third parties. The Contractor shall also indemnify and keep indemnified NABARD against all claims which may be made against the Employer by any person/ member of the public or other third party in respect of anything which may arise in respect of the works or in consequence thereof and **shall at his own expense arrange to effect and maintain, until the completion of the Contract, with an Insurance company approved by the employer a policy of Insurance in the joint names of NABARD and the Contractor (the name of the former being placed first in the policy) against such risks and deposit such Policy or Policies with NABARD before commencement of the work.** The minimum limit of coverage under the policy shall be as defined elsewhere under General instructions to the tenderer. The Contractor shall also similarly indemnify the Employer against all claims which may be made upon NABARD whether under the **Workmen Compensation Act** or any other statute in force during the currency of this contract or at Common Law in respect of any employee of the Contractor or any Sub-Contractor and **shall at his own expenses effect and maintain, until the completion of the Contract, with an Insurance company approved by the employer a policy of Insurance in the joint names of NABARD and the Contractor (the name of the former being placed first in the policy) against such risks and deposit such Policy or Policies with NABARD from time to time during the currency of the Contract.** In default of the contractor ensuring as provided above, the employer may so ensure and may deduct the premiums paid from any money due or which may become due to the contractor.

The Contractor shall be responsible for any liability which may be excluded from the Insurance Policies above referred to and also for all other damages to any person, animal or property arising out of and incidental to the negligent or defective carrying out of this Contract, whatever may be the reasons due to which the damage shall have been caused. He shall also indemnify and keep indemnified NABARD in respect of all and any costs, charges or expenses arising out of any claim or proceedings relating to the works and also in respect of any award of compensation or damages, arising therefrom. Without prejudice to other rights of NABARD against contractor in respect of such default, NABARD shall be entitled to deduct from any sums payable to the Contractor the amount of any damage, compensation, costs, charges and other expenses paid by the employer and which are payable by the contractor under this clause. The contractor shall upon settlement by the insurer of any claim made against the insurer pursuant to a policy taken under this clause proceed with due diligence to rebuild or repair the works destroyed or damaged. In this event all the money received from the insurer in respect of such damage shall be paid to the contractor and the contractor shall not be entitled to any further payments in respect of the expenditure incurred for rebuilding or repairing of the materials or goods destroyed or damaged.

The contractor, in case of re-building or reinstatement after damage shall be entitled to such extension of time for completion as NABARD may deem fit, but shall, however, not be entitled to reimbursement by NABARD of any shortfall or

deficiency in the amount finally paid by the insurer in settlement of any claim arising as set out herein.

Without prejudice to his liability under this clause, the contractor shall also cause all nominated sub-contractors to effect, for their respective portions of works similar policies of insurance in accordance with the provisions of this clause and shall produce or cause to produce to NABARD such policies. The contractor shall not permit a nominated sub-contractor to commence work at site unless said insurance policies are submitted. In the event of failure, of the sub-contractor to take out such policy or policies of insurance before commencing the works at site, the contractor shall be responsible for any claim or damage attributable to the said sub-contractor.

32. Damages for Non-completion

For the purpose of reviewing/ monitoring the progress of work, three financial milestones, to be achieved on or before the stipulated time, have been defined below. In case, the contractor does not achieve a particular milestone, if any, mentioned below or rescheduled milestone(s) in terms of time extension clause 29 hereof, the amount shown against that milestone shall be withheld to be adjusted against the liquidated damages levied at the time of completion of contract. Withholding of payments on failure to achieve a milestone shall be automatic and without any notice to the Contractor. No interest whatsoever shall be paid by NABARD on such withheld amount/s.

The application of liquidated damages (withholding of amount) shall not effect a change in the milestone or release the Contractor of his obligation to improve the progress of work.

If the Contractor fails to maintain the required progress of the works and fails to complete the works by the completion time stipulated in the Contractor within any extended time under time extension Clause 33 hereof and NABARD certifies in writing that in his opinion the same reasonably ought to have been completed, the Contractor shall pay NABARD the sum named as "Liquidated Damages" for the period during which the said works shall so remain incomplete and NABARD may deduct such damages from any moneys due to the Contractor. The contractor hereby specifically agrees and authorizes NABARD to deduct such liquidated damages, if any, from any instalment of payment becoming due and payable to the contractor in terms of this contract or from the retention money.

33. Delay and Extension of Time

Liquidated damages for delay in completion of the works will be levied at 0.25% of the value of work for every week of delay or part thereof, subject to maximum of 5% on the value of the accepted tender.

If in the opinion of NABARD, the works be delayed (a) by force majeure or (b) by reason of any exceptionally inclement weather or (c) by reason of proceedings taken or threatened by or dispute with adjoining or neighbouring owners or public authorities arising otherwise than through the Contractor's own default or (d) by the works or delays of other Contractors or Tradesmen engaged or nominated by NABARD and not referred to in the Schedule of Quantities, and/or Specification or (e) by reason of NABARD's instructions as per Clause 2 hereof or

(f) by reason of civil commotion, legal combination of workmen or strike or lock-out affecting any of the building trades or (g) in consequence of the Contractor not having received in due time, necessary instructions from NABARD for which he shall have specifically applied in writing or (h) from other causes which NABARD may certify as beyond the control of Contractor or (i) in the event the value of the work exceeds the value of the Priced Schedule of Quantities owing to variation, NABARD may make a fair and reasonable extension of time for completion of the Contract works.

In case of such strike or lockout the Contractor shall nevertheless constantly use his endeavours to prevent delay and shall do all that may reasonably be required to the satisfaction of NABARD to proceed with work.

If the contractor needs an extension of time for completion of the work or if the completion of work gets delayed for any reason beyond the due date of completion stipulated in the contract, the contractor shall apply to the employer for extension of time in writing at least 15 days before the expiry of the scheduled time and while applying for extension of time, contractor shall furnish the reasons in detail and his justification along with documentary evidence (copy of relevant pages of hindrance register), if any, for delays. Only that period of extension of time as granted by NABARD (on receipt of the application from the contractor or even in absence of any such application certification as to the reasonableness of the grounds for delay) will qualify for exemption of imposition of liquidated damages. For the balance period in excess of original stipulated period and an authorised extension of time granted by NABARD, the provision of liquidated damages as stated earlier under this clause i.e. clause 33 will become applicable.

Further, the contract shall remain in force even for the period beyond the due date of **completion** irrespective of whether the contractor has applied or not, for the grant of extension of time for completion unless the employer decides to terminate the contract. The delay for completion of work for any reason will not entail any right to the contractor to claim any revision of rates or any extra compensation for any reason.

34. Failure by Contractor to comply with Employer's instructions

If the Contractor after receipt of written notice from NABARD requiring compliance within ten days fails to comply with such further drawings and NABARD may employ and pay other persons to execute any such work whatsoever that may be necessary to give effect thereto, and all costs incurred in connection therewith shall be recoverable from the Contractor by NABARD as a debt or may be deducted by him from any moneys due to the Contractor.

35. Termination of Contract by the Employer

If the Contractor being an individual or a firm commits any "act of insolvency", or shall be adjudged an insolvent or being an Incorporated Company shall have an order **for** compulsory winding up made against it or pass an effective resolution for winding up voluntarily or subject to the supervision of the Court and the Official Assignee or the Liquidator, in such acts of insolvency or winding up, as the case may be, shall be unable, within seven days after notice to him requiring him to do so, to show the reasonable satisfaction of NABARD that he is

able to carry out and fulfil the Contract and to give security therefor, if so required by NABARD.

Or if the Contractor (whether an individual, firm or Incorporated Company) shall suffer execution or other process of Court attaching property to be issued against the Contractor,

Or shall suffer any payment under this Contract to be attached by or on behalf of any of the creditors of the Contractor,

Or shall assign or sublet this Contract without the consent in writing of NABARD first had and obtained,

Or shall charge or encumber this Contract or any payments due or which may become due to the Contractor hereunder:

Or if NABARD determine that the Contractor

- (i) has abandoned the Contract, or
- (ii) has failed to commence the works, or has without any lawful excuse under those Conditions suspended the progress of the works for 14 days after receiving from NABARD notice to proceed, or
- (iii) has failed to proceed with the works with such due diligence and failed to make such due progress as would enable the works to be completed within the time agreed upon, or
- (iv) has failed to remove materials from the site or to pull down, and replace work for seven days after receiving written notice that the said materials or work were condemned and rejected by NABARD under these Conditions or
- (v) has neglected or failed persistently to observe and perform all or any of the acts, matters or things by the Contract to be observed and performed by the Contractor for seven days after written notice shall have been given to the Contractor requiring the Contractor to observe or perform the same.

Then and in any of the said cases, NABARD may notwithstanding any previous waiver, after giving seven day notice in writing to the Contractor, determine the Contract and liabilities of the Contractor, the whole of which shall continue in force fully as if the Contract had not been so determined, and as if the works subsequently executed had been executed by or on behalf of the Contractor and further, NABARD by his agents or servants may enter upon and take possession of the works and all plant, tools, scaffoldings, machinery and materials lying upon the Estate or the adjoining lands or roads, and use the same as his own property or may employ the same by means of his own servants and workmen in carrying on and completing the works or by employing any other Contractor or other person or persons to complete the works, and the Contractor shall not in any way interrupt or do any act, matter or thing to prevent or hinder such other contractor or other person or persons employed for completing and finishing or using the materials and plant for the works. When the works shall be completed or as soon thereafter as convenient, NABARD shall give a notice in writing to the Contractor to remove his surplus materials and plant, and should the Contractor fail to do so within a period of fourteen days after receipt thereof by him, the Employer may sell the same by public auction, and give credit to the Contractor for the net amount realised. NABARD shall thereafter ascertain and certify in writing under

his hand what (if anything) shall be due or payable to, or by NABARD, for the value of the said plant and materials so taken possession of by NABARD and the expense or loss which NABARD shall have been put to in procuring the works to be completed, and the amount, if any, owing to the Contractor and the amount which shall be so certified shall thereupon be paid by NABARD to the Contractor or by the Contractor to NABARD, as the case may be, and the decision of the Employer shall be final and conclusive between the parties.

36. Certificates and Payments

The Contractor shall be paid by NABARD from time to time by instalments under Interim Certificate to be issued by NABARD's engineer on account of the works executed, work to the approximate value named in the Appendix as "Value of work for Interim Certificates" (or less at the reasonable discretion of NABARD) has been executed in accordance with this Contract. NABARD may, at his discretion, include in the Interim Certificate such amount as he may consider proper on account of materials delivered in the site by the Contractor for use in the works. And when the works have been virtually completed and the Employer shall have certified in writing that they have been completed, the contractor shall be paid the balance amount by the employer in accordance with the certificate to be issued by NABARD's engineer. The Contractor shall be entitled to the release of Bank guarantee towards Security Deposit in accordance with the Final certificate to be issued in writing by NABARD at the expiration of the period referred to as "the Defect Liability Period and Completion of (19) Nineteen Year of AMC" in the Appendix hereto from the date of Virtual Completion or as soon after the expiration of such period as the works shall have been finally completed and defects made good according to the true intent and meaning hereof, whichever shall last happen, provided always that the issue by NABARD of any certificate during the progress of the works at or after their completion shall not relieve the Contractor from his liability under Clause 2 and 29 nor relieve the Contractor of his inability in cases of fraud, dishonesty or fraudulent concealment relating to the works or materials or to any matter dealt within the Certificate, and in case of all defects and insufficiencies in the works or materials, which a reasonable examination would not have disclosed. No Certificate shall of itself be conclusive evidence that any works or materials, to which it relates, are in accordance with the Contract neither will the Contractor have a claim for any amounts which NABARD might have certified in any interim bill and paid by NABARD and which might subsequently be discovered as not payable and in this respect NABARD's decision shall be final and binding.

NABARD shall have power to withhold any Certificate if the works or any parts thereof are not being carried out to his satisfaction.

NABARD may by any Certificate make any correction in any previous certificate which shall have been issued by him. Payments shall be made within the period named in the Appendix as "Period for honouring Certificates" after such Certificates have been delivered to NABARD.

37. Matters to be finally determined by NABARD

The decision, opinion, direction, Certificate (except for payment), with respect to all or any of the matter under **Clauses 2,9,16,21,23,24,25,26,27,37,40** hereof (which matters are herein referred to as the excepted matters) shall be final and

conclusive and binding on the parties hereto and shall be without appeal. Any other decision, opinion, direction, Certificate or valuation of NABARD or any refusal of NABARD to give any of the same shall be subject to the right of arbitration and review under Clause 39 hereof in the same way in all respects (including the provision as to opening the reference) as if it were a decision of NABARD.

38. Settlement of dispute by Arbitration

- I) The bids and any contract resulting therefrom shall be governed by and construed according to Indian laws.
- II) All disputes and differences of any kind whatsoever arising out of or in connection with this offer or in the discharge of any obligation arising under this offer (whether during the course of execution of the order or after completion and whether before or after termination abandonment or breach of the agreement) shall be resolved amicably.
- III) In case of failure to resolve the disputes and differences amicably within 30 days of notice by other party, then such unsettled dispute or difference shall be referred to arbitration by sole arbitrator mutually agreed in accordance with the Arbitration and Conciliation Act, 1996. If no agreement is arrived at, within 30 days from the date of notice as to who shall be the sole arbitrator, then the sole arbitrator shall be appointed as hereinafter provided.
- IV) In case of dispute not resolved as mentioned above, NABARD shall send to the contractor / bidder a list of 3 names of persons who shall be presently unconnected with NABARD or contractor / bidder. Contractor shall on receipt of the names as foresaid select any one of the persons so named to be appointed as sole arbitrator and communicate to NABARD within 30 days of receipt of the names. NABARD shall there upon without delay appoint the said person as sole arbitrator. If bidder fails to select a person as sole arbitrator within 30 days of receipt of the panel and inform NABARD accordingly, then NABARD shall be entitled to appoint one of the persons of the panel from the panel as sole arbitrator and communicate his name to the bidder. If the person so appointed is unable or unwilling to act or refuses his appointment or vacates his office due to any reason whatsoever, another person shall be appointed by NABARD from the above lists of persons. The provisions of the Indian Arbitration and Conciliation Act, 1996, shall govern the arbitration.
- V) The venue of the arbitration shall be Ranchi, under the exclusive jurisdiction of courts at Ranchi only.
- VI) The language of Arbitration shall be English. The award shall be final and binding to both parties.
- VII) The fees, if any of the arbitration shall initially be paid in equal proportion by each of the parties. The cost of the reference and of the award including the fees, if any, of the arbitrator, shall be directed to be finally borne and paid by such party as or parties to the dispute in such a manner or proportion as may be directed by the arbitrator as the case may be in the award.
- VIII) Work under the tender document / agreement shall be continued by the contractor, during the arbitration proceedings, unless otherwise directed in

writing by NABARD, unless the matter is such that the work cannot possibly be continued until the decision of the arbitrator is obtained. Save as those which are otherwise explicitly provided in the agreement, no payment due, or payable by NABARD, to the contractor shall be withheld on account of ongoing arbitration proceeding, if any, unless it is the subject matter or of the subject matters thereof.

39. Right of technical scrutiny of final bill

The NABARD/Consultant shall have a right to cause a technical examination of the works and the final bill of the Contractor including all supporting vouchers, abstracts etc. to be made at the time of payment of the final bill. If as a result of this examination or otherwise, any sum is found to have been overpaid or over-certified, it shall be lawful for NABARD to recover the sum.

40. Employer entitled to recover compensation paid to workmen

If, for any reason, NABARD is obliged, by virtue of the provision of the Workmen's Compensation Act, 1923, or any statutory modifications or re-enactment thereof to pay compensation to a workman employed by the Contractor in execution of the works, NABARD shall be entitled to recover from the Contractor the amount of compensation so paid, and without prejudice to rights of NABARD under the said Act. NABARD shall be at liberty to recover such amount or any part thereof by deducting it from the security deposit or from any sum due by NABARD to the Contractor under this Contract or otherwise. NABARD shall not be bound to contest any claim made against it under the said Act, except on the written request of the Contractor and upon his giving to NABARD full security to the satisfaction of NABARD for all costs for which NABARD might become liable in consequence of contesting such claim.

41. Abandonment of Works

If at any time after acceptance of the tender, NABARD shall, for any reasons whatsoever, not require the whole or any part of the works to be carried out, NABARD shall give notice in writing to the Contractor who shall have no claim to any payment of compensation or otherwise whatsoever on account of any profit or advantage which he might have derived from the execution of the whole works.

42. Return of surplus materials

Notwithstanding anything contained to the contrary in any or all the Clauses of this Contract, where any material for the execution of the Contract is procured with the assistance of NABARD by purchases made under orders or permits or licenses issued by Government, the Contractor shall hold the said materials economically and solely for the purpose of the Contract and not dispose of them without the prior written permission of NABARD and return it to the NABARD, if required by NABARD, at the price to be determined by NABARD having due regard to the condition of the materials, the price to be determined not to exceed the purchase price thereof inclusive of GST and other such levies paid by the Contractor in respect thereof. In the event of breach of the aforesaid condition, the Contractor shall, in addition to being liable to action for contravention of the terms of licenses or permits and/or criminal breach of trust, be liable to NABARD

for all moneys, advantages or profits resulting, or which in the usual courses would have resulted to him, by reason of such breach.

43. Right of Employer to terminate Contract in the event of death of Contractor, if individual

Without prejudice to any of the rights or remedies under this Contract, being an individual, if the Contractor dies, NABARD shall have the option of terminating the Contract without incurring any liability for such termination.

44. Accident Reports

In the event of accidents of any kind, the Contractor shall furnish the Client with copies of all accident reports. The reports shall be sent without delay and at the same time that they are forwarded to any other parties.

45. Marginal Notes

The notes in the box and in the catch lines hereto and in the annexures hereto are meant only for convenience of reference and shall not in any way be taken into account in the interpretation of these presents and the annexures hereto.

46. Progress of Work

Upon award, the Contractor shall reconfirm, in writing, the starting and completion schedule including equipment delivery dates based upon the information submitted on its tender form.

47. The Contractor shall submit, in writing, monthly reports showing current equipment delivery dates and anticipated completion dates for individual units.

A BARCHART/WORK SCHEDULE shall be submitted by the Contractor before the start of the work, for NABARD's approval and the same shall be adhered to for completion of work. Any deviation from the schedule without any genuine reason shall attract penalties as specified elsewhere in this tender document.

Codes for Lifts IS-14655 Parts 1, 2, 3, 4 and 5 including all relevant parts, codes of practice and national variations as appropriate.

IS-14671 (1999) Edition or statutory modification thereof amended up to date.

IS-2147 (1962) Edition or statutory modification thereof amended up to date.

IS-2332 (1972) Edition or statutory modification thereof amended up to date.

IS-15330 (2003) Edition or statutory modification thereof amended up to date. Earthing shall be carried out conforming to BIS – 3043 amended up to date. Comply to the requirements of all other Codes, Ordinances and Laws applicable within the governing jurisdiction and latest Indian Standards, as applicable. The Electrical wiring shall strictly comply to IS: 732/734 and the entire installation shall be in accordance with the Indian Electricity Act 2003 and Indian Electricity Rules 1956 or latest amendments thereof. The Contractor shall arrange to obtain the sanction of the lift authorities for commissioning of the lift and hand-over for operation

2. General Submittals

Within 4 weeks after award of contract and before beginning equipment fabrication, submit general arrangement drawings and required material samples for review. Allow 14 days for response to initial submittal.

1. Scaled or Fully Dimensioned Layout: Plan of pit, lift well and machine room indicating equipment arrangement and elevation section of lift well. Provide detail drawings of all new equipment provided as part of this specification including car enclosures, landing entrances, and car/landing signal fixtures.
2. Design Information: Indicate equipment lists, reactions, and design information on layouts
3. Power Confirmation Information designed for existing conditions.
4. Fixtures: Cuts, samples, or shop drawings.
5. Finish Material: Submit samples of actual finished material for review of colour, pattern, and texture. Compliance with other requirements is the exclusive responsibility of the Contractor. Include signal fixtures, lights, graphics, Braille plates, and details of mounting provisions.
6. The submittal review shall not be construed as approval that the submittal is correct or suitable, or that the work represented by the submittal complies

with the Specification. Complete compliance with the Specifications, code requirements, dimensions, fit, and interface with other work is the Contractor's responsibility. Acknowledge and/or respond to review comments within 5 calendar days of return. Promptly incorporate required changes due to inaccurate data or incomplete definition so that delivery and installation schedules are not affected. Identify and cloud drawing revisions, including the Contractor elective revisions on each re-submittal. Contractor's revision response time is not justification for delay in equipment delivery or installation.

3. Painting

All exposed metal work furnished in these specifications, except as otherwise specified, shall be properly spray-painted/powder coated two coat through 7 tank process with good quality enamel paint the Lift Contractor's works over an anti-corrosive primer coat and after installations, if defects are found in the paint the same shall be rectified.

4.Site inspection

- 4.1 Prior to beginning installation of equipment, the contractor shall examine existing lift well and machine room areas. Verify that no irregularities exist which may affect execution of the works specified. The lift well shall be painted before execution of the work.

5. Product Delivery, Storage and Handling

- 5.1 Deliver all new material free from any defect in Contractor's original, unopened protective packaging.
- 5.2 Store material in original protective packaging. Prevent soiling, physical damage, or moisture damage.
- 5.3 Protect equipment and exposed finishes from damage and stains during transportation, erection, and construction
- 5.4 Allocate available site storage areas and coordinate their use with Client and other Trades.
- 5.5 Provide suitable temporary weather-tight storage facilities as may be required for materials that will be stored in the open. No material shall be stored on landings.

6. Installation Requirements

- 6.1 Install all equipment in accordance with NABARD's instructions, referenced codes, and specifications and approved submittals.
- 6.2. Install machine room equipment with clearances in accordance with referenced codes and specification.
- 6.3 Install all equipment for ease of maintenance.
- 6.4 Remove oil, grease, scale, and other foreign matter from the following equipment and apply one coat of field-applied machinery enamel.
 - a) All exposed equipment and metal work installed as part of this work, which does not have architectural finish.

- b) Machine room equipment as required lift well equipment including guide rails, guide rail brackets, and pit equipment.
- c) Neatly touch up damaged factory-painted surfaces with original paint colour.
- d) Protect machine-finish surfaces against corrosion.

7. Manufacturer's Nameplates

Each major component of mechanical and electrical equipment shall have identification and rating plates with the manufacturer's name, address, model number rating and any other information required by Governing Codes.

8. Colours of factory-finished equipment

- 8.1 All colours will be selected from the manufacturer's standard range unless custom colours are specified herein.
- 8.2 Submit samples of all standard finishes available and/or specified custom finishes for review and approval.

9. Materials and finishes

9.1 Structural Steel shapes and plates

- Stainless Steel: Type 304, with standard tempers and hardness required for fabrication, strength and durability. Apply mechanical finish on fabricated work in the locations shown or specified with texture and reflectivity required to match Architect's sample. Protect with adhesive paper covering.
- Satin: Directional polish finishes. Graining direction as shown or if not shown in longest dimension.

9.2 Mirror: Reflective polish finish with no visible graining and bubbles float glass.

9.3 Aluminium: Extrusions plus sheet and plate as per code.

9.4 Paint: Clean exposed metal parts and assemblies of oil, grease, scale, and other foreign matter and factory paint one shop coat of standard rust-resistant primer. After erection, provide one finish coat of industrial enamel paint. Galvanized metal need not be painted.

9.5 Prime Finish: Clean all metal surfaces, receiving baked enamel paint finish of oil, grease, and scale. Apply one coat of rust-resistant primer followed by a filler coat over uneven surfaces. Sand smooth and apply final coat of primer.

9.6 Entrance Field Paint: Clean all surfaces of dirt and grease. Sand and finish surfaces as necessary to remove pits and scratches and prepare surface for painting. Apply filler to ensure smooth surface, sand and apply two coats of sprayed on cellulose paint finish in the selected solid colour.

9.7 Refinishing of natural metals: Remove existing protective finish. Buff as necessary to remove scratches. Re-grain or finish as specified and protect as indicated for particular metal type.

10. Materials and finishes

10.1 Warranty Maintenance:

- The lift contractor shall guarantee that the materials and workmanship of the equipment installed by him under tender specifications shall be first class in every respect. He will make good at his own cost any defects which may develop within one year from the date of commissioning of the installation, ordinary wear and tear and improper use accepted. This clause does not preclude any remedy the client may have for latent defects.
- Provide preventive and routine maintenance and 24-hour emergency call-back service for one year commencing on date of final acceptance by client. Systematically examine, adjust, clean, and lubricate all equipment. Repair or replace defective parts using parts produced by the manufacturer of installed equipment. Maintain lift machine room, lift shaft, and pit in clean condition.

10.2 **Contract preventive maintenance**

Quote yearly cost for Annual Maintenance Contract (AMC) agreement commencing upon completion of the warranty period specified in Item 10.01 above. Base maintenance cost upon terms and conditions of the Contractors fully comprehensive preventive maintenance agreement, including call outs at no additional cost to the Employer during the building's operating hours.

11. Products

11.1 Passenger Lifts Data Sheet / details for (9 stops) – 4 Nos

(NABARD Officers Quarters, Khelgaon, Ranchi-835217, Block “19 & 20”)

Data Sheet

The lift should be state of the art technology with all modern features and safety accessories.

24	Guide Rails:	Machined Steel Tees	New Car and Counterweight Guide Rails including guides shoes
25	Buffers:	Spring	Provide new buffers as per manufacturer's standard
26	ARD	-	Automatic Rescue Device capable of moving the lift to the nearest landing on main power failure shall be provided in all lifts

Standard Features (for all lifts)

- a) Advance Door Opening
- b) Automatic Car Return
- c) Home Landing
- d) Car Call to Top Landing
- e) Hall Call Cut off Operation
- f) Current Harmonic Filter
- g) Door Time Close Protection
- h) Door Time Open Protection
- i) Failure Auto Diagnose
- j) Intercommunication unit
- k) Infra-red door detector with minimum 150 beams
- l) Reverse Phase Relay
- m) Load Non Stop
- r) Nudging Door
- o) Overload Device (Car)
- p) Re-levelling
- q) Top of car Inspection
- r) Motor Thermic Device
- s) Anti-Nuisance Operation features
- t) Automatic Rescue Device
- u) Attendant Operation
- v) BA interface
- w) Braille Button as specified

- x) Car Arrival Chime
- y) Car Call Cancellation
- z) Emergency Fireman Service

11.2 Intercommunication

Used to achieve the communication between car, machine room and security / control room.

Hardware consists of instrument in machine room and control room, and hands free 3 way speaker facility built in the Car operating panel in car. Bidders to provide extra cable length of 10 metres from the ground floor lift landing area. The bidder shall connect the instrument at the security desk. Please note there should be one common instrument for 2 lifts in each block, i.e maximum 3 instruments.

ICU consists of Intercommunication Unit (Car to Machine room), Master hardware provided is host interphone at machine room. Intercommunication Unit (Car to Control Room), hardware provided is host interphone at control room.

11.3 MACHINE ROOM EQUIPMENT

Arrange equipment in existing machine room spaces available. No additional space will be provided.

Machine room flooring to be marked and painted with suitable colour as per code

Performance characteristics

Minimum guaranteed performance of the lifts:

- **Car Speed:** $\pm 3\%$ of contract speed under any loading condition.
- **Car Brake Capacity:** Should be capable of preventing the lift car from movement with 125% of rated load, with the lift car at rest.
- **Car Stopping Zone:** ± 5 mm under any loading condition.
- **Car Ride Quality:**
 1. **vibration should be in conformity with industry/ manufacturer's standard and to be supported by relevant test certificates and shall be verified with required monitoring/testing instrument at site before handing over.**
 2. **Acceleration and Deceleration: the controller should provide for smooth acceleration and deceleration without any perceivable jerks**

Traction Hoist Machine:

Provide new ACVVVF PMSM gearless traction type motor with regenerative brake, drive sheave in proper alignment on a common, isolated bedplate. Provide bedplate blocking to elevate secondary or deflector sheave above machine room floor.

Provide hoist machine mounted digital, closed-loop velocity encoder. Arc of contact 170 to 180 degrees.

Hoist machine installations, which require block outs through machine room floor for other than hoist ropes shall be provided with a 14 gauge galvanized sheet metal enclosure over entire block out on underside of floor slab.

Solid State Power Conversion and Regulation Unit:

Provide alternating current, variable voltage, variable frequency (ACVVVF), I.G.B.T. converter and inverter drives for ACVVVF Gearless machines as per manufacturer's **standard** drives. VF drive KW rating should be more than the motor KW rating. Makes of VF drives shall be approved by NABARD

Design unit to limit current, suppress noise, and prevent transient voltage feedback into building power supply. Provide internal heat sink cooling fans for the power drive portion of the converter panels. Conform to IEEE standards for line harmonics and switching noise.

Isolate unit to minimise noise and vibration transmission

Encoder: Direct drive, solid-state, digital type. Update car position at each floor and automatically restore after power loss.

Controller:

Compartment: Securely mount all assemblies, power supplies, chassis switches, relays, etc., on a substantial, self-supporting steel frame. Completely enclose equipment with covers. Provide means to prevent overheating. The components should conform to manufacturers standard specifications.

Wiring: Labelled copper wire for factory wiring. Neatly route all wiring interconnections and securely attach wiring connections to studs or terminals.

Permanently mark components (relays, fuses, PC boards, etc.) with symbols shown on wiring diagrams.

The controller should have provision to be connected to an elevator management system to monitor the performance of the lifts.

Machine and Equipment Support Beams:

Provide new structural steel beams required for direct support of/ and attachment to building structure of hoist machine, deflector sheaves, overhead sheaves, governor, and hoist rope dead-end hitch assemblies.

Provide bearing plates, anchors, shelf angles, blocking, embedment, etc. for support and fastening of machine beams or equipment to the building structure. The contractor will carry out necessary civil works for installation of the lifts within the approved quoted rate.

Isolate machine and overhead sheave beams to prevent noise and vibration transmission to building structure.

Governor: Provide new over speed governor. Tripping of the safety gear shall be adjusted to 140 percent of the rated speed.

Noise/Vibration Isolation: All lift equipment including their supports and fastenings to building, shall be mechanically isolated from the building structure to minimise objectionable noise and vibration transmission to car, building structure, or adjacent occupied areas of building.

Sound Isolation: Noise level relating to lift equipment operation in machine room shall not exceed 75 db. All db readings shall be taken one metre off the floor and one metre from equipment.

11.4 LIFT WELL EQUIPMENT

Guide Rails: Provide new, machined steel T-sections for car (82.5 mm x 68.5 mm x 9 mm about 8.7 kg. weight per metre) .and counterweight hollow metal type of (50 mm x 50 mm x 20 mm) and weight about 2.85 kg per metre) for the application as per standard manufacturer's specifications, including brackets for attachment to building structure.

Buffers, Car and Counterweight: Provide new spring buffer with blocking and support channels.

Diverter or Secondary Sheaves: Provide new sheaves with machined grooves and sealed bearings. Provide mounting means to machine beams, machine bedplate, car and counterweight structural members, or building structure.

Counterweight: Provide new counterweight with steel frame with metal or concrete filler weights and guides shoes.

Governor pit tensioning sheaves: Provide new and mount sheaves and support frame on pit floor or guide rail. Provide frame with guides or pivot point to enable free vertical movement and proper tension of rope/belt and tape. Provide sheave guard and electrical safety switch. Provide inside pit, a ladder made out of Aluminium extruded sections for maintenance of pit equipment and pit cleaning.

Hoist Ropes / Belts and Governor Ropes: Provide New

Traction type machine to suit manufacturer's requirement. Fasten with staggered length, adjustable, spring isolated wedge type shackles.

Terminal Stopping: Provide normal and final devices.

Electrical Wiring and Wiring Connections:

Conductors and Connections: Entire Copper wires with connections on identified studs, rating tag or terminal blocks. All wiring shall be run in troughs. Use no splices or similar connections in wiring except at terminal blocks, control compartments, or junction boxes. Provide 10% spare conductors throughout. Run spare wires from car connection points to individual lift controllers in the machine room. Provide four pairs of spare shielded communication wires in addition to those required to connect specified items. Tag spares in machine room.

Flat Travelling Cables (FRLS): Flame and moisture-resistant outer cover. To start from machine room up to car top. Each core to minimum 1 sq mm. Prevent travelling cable from rubbing or chafing against lift well or equipment within lift well.

All insulated conductors & conduit or tubing as well as fittings including boxes, trough and ducts shall comply with the requirements of relevant IS specification or BS specifications.

Entrance Equipment: Provide the following new equipment:

- Door Hangers.
- Door Tracks
- Door Interlocks.
- Door Closers.
- 18 gauge galvanised Facia sheets wherever necessary should be full length (i.e. from upper sill to top of header on all floors)

11.5 LIFT WELL ENTRANCES Architraves:

Landing doors: Provide as specified

Sills: Provide new sills manufactured of extruded aluminium.

11.6 CAR EQUIPMENT

Car Sling: Provide new with welded or bolted, rolled or formed steel channel construction.

Safety Gear: Provide new governor actuated safety properly affixed to underside of car platform.

Platform: Provide new, isolated type, constructed of steel, which are fireproofed on underside with recess of 20 mm natural granite flooring.

Guide Shoes: Provide new guides for car and counterweight.

Car Sills: Provide new aluminium car sill manufactured with one piece extrusion.

Car Doors: Provide as specified with one hour fire rating

Car Operating Panel: – 1 No. per car

New car operating panels with matt finish stainless steel faceplates (for all lifts)

Suitably identify and locate floor buttons (Braille), alarm button, in accordance with statutory requirements. Height of COP should be such that all the buttons should be easily accessible. **Approval to be obtained from NABARD of car operating panel.**

Provide alarm button to ring bell located on car and actuate two-way communication systems.

Car Top Control Station: Mount in location to provide safe access and utilisation while standing in an upright position on car top.

Communication System:

Provide a two-way communication instrument in car with automatic dialling, actuated by pressing the alarm bell button.

CAR ENCLOSURE

Passenger Lift Car Enclosure: Provide new and complete as specified herein. Provide the following features:

Shell, Canopy: steel formed panels as per manufacturer's standard specifications with baked enamel interior finish as selected.

Front Return Panels (18 gauge) and Integral Entrance Columns, Transom and Interior Wall Finish: stainless steel honeycomb finish or as approved by the Employer

Base: Approved shade of minimum 20 mm thick granite slab with design and inlays as approved by NABARD

Ventilation: Minimum of 2 nos. Blowers of adequate CFM, mounted to car canopy on isolated rubber grommets.

Lighting: Recessed type LED fixtures of reputed make without drivers

Suspended Ceiling: Stainless steel NABARD approval essential

LANDING CONTROL STATIONS

Pushbuttons: Provide 2 nos. on each floor with flush mounted faceplates. Include push buttons for each direction of travel, which illuminate to indicate call registration. Provide for any cutting and patching required.

SIGNALS

Hall Lantern and Position Indicator: Provide above each entrance as per manufacturer's standard specifications, as approved by the Bank. Illuminate up or down arrows and sound tone just before the arrival of that particular lift. Sound level shall be adjustable. Dot Matrix indicator containing floor designations and direction arrows shall indicate floor served and direction of car travel. Provide for any cutting and patching of wall necessary to accommodate new lantern and leave adjacent wall surfaces in good condition.

Car Position Indicator: Provide 5.6" LCD containing date, time, floor designations / directory, text message and direction arrows to indicate floor served and direction of car travel. When a car leaves or passes a floor, illuminate indication-representing position of car in lift well. The screen should be programmable and should permit sending scrolling routine / alert messages.

Faceplate Material and Finish: Matt Stainless steel all fixtures as per landing door finishes.

Building Management System: Vendors to provide potential free contacts on control systems for Fire service, emergency power, floor indications etc. Vendors should also include for wiring of the same up to the Control room on the Mezzanine floor.

Overload sensor should be provided. Inbuilt anti banging kit should be provided to prevent banging of doors during power failure. Provision to be made for connect to NABARD D.G. set in case of power failure.

11.7 EXECUTION

At the time of execution successful tenderer has to dismantle two lifts (one from each wing) at a time. Other lift will be in operation.

After dismantling of the existing lift, firm has to provide required scaffolding in the shaft which may be used by NABARD for carrying out major civil work if any. Any damages to scaffolding during this period will be attended by the NABARD. Major civil repair work like any modification required in the existing foundation will be done by NABARD. Allied civil work like puncturing wall / ceiling, removing & repairing of plaster, white wash to lift shaft will be in scope

of tenderer. NABARD will provide storage space in the premises for storage of materials. Locking and responsibility of the materials will lie with the tenderer.

11.8 FIELD QUALITY CONTROL

Execution of work at site will be inspected and checked during course of installation. Full cooperation and access to inspecting engineer / consultant and any other officer(s) shall be given during inspection and is mandatory. Accomplish corrective measures / work required prior to performing further installation.

11.9 ADJUSTMENTS

Install rails plumb and align vertically. Secure joints without gaps and file any irregularities to a smooth surface. Static balance car to equalise pressure of guide shoes on guide rails. Lubricate all equipment in accordance with manufacturer's instructions. Adjust motors, power conversion units, brakes, controllers, levelling switches, limit switches, stopping switches, door operators, interlocks, and safety devices to achieve required performance levels.

The lift/Car shall be protected as follows.

- (a) Against overload
- (b) By safety gear on car so that in the event of rope breaking or loosening, the car will be brought to rest immediately.
- (c) By car and landing door locks so that in the event of any door kept opened, the lift will not start.
- (d) By speed governor operating on the control circuit and applying the brakes in case of over-speeding of car in any direction.
- (e) By means of over travel limit switches in both downward and upward direction.
- (f) By means of a phase reversal relay.
- (g) By means of a single phasing relay.
- (h) By a device that ensures that the brakes apply as soon as a single phasing occurs or when the drive fails to start for whatever reason.
- (i) By means of suitable type and capacity buffers in the lift pit.
- (j) The car and landing door shall not open when the lift car is not within the levelling zone.
- (k) Any other safety device as per the statutory requirements.

12. Conditions before handing over the lift

Before handing over the lift the following tests shall be conducted on the lift installation. The lift will not be taken over unless all the test results conform to the specifications.

- (a) The lift will be loaded for its full capacity and the following will be tested in both directions of travel.
 - (i) Speed
 - (ii) Levelling at all landings
- (b) The lift will be kept empty and the following will be tested in both directions of travel.
 - (i) Speed

- (ii) Levelling at all landings
- (c) All protection and safety devices shall be tested for its proper functioning.
- (d) Overload safety– No start and overload annunciation.
- (e) Insulation resistance and earthing continuity and resistance testing.
- (f) Voice annunciation system
- (g) Emergency alarm and two way communication system
- (h) ARD function test and inverter back up for light and fan/blower.
- (i) Controller function test (Test certificates shall be submitted)
- (j) Any other safety device as per the statutory requirements

13. Test Certificates

Test Certificates for Machine, Motor, Buffers, Controller, VF Drive, Hoist Ropes / belts, Governor Rope, governor, travelling cables and Two (2) hours fire rating for landing doors should be furnished for all elevators.

Section VII - Check List for Performance Test of Lift Installations

Site Tests:

Before a new lift is taken from a manufacturer and put into commission before the licence is issued, certain essential tests shall be performed to ensure that the lift is satisfactory and conforms to the various conditions laid down in the specifications.

1. Overload Test: During this test, the car shall be loaded with 10% more than the contract load and the lift shall be run in both the directions with stops at all the floors. The starting and running currents, the speeds and accuracy of levelling shall be recorded.
2. Buffers: The car shall be run on to its buffers at contract speed and with contract load in the car to test whether there is any permanent distortion of the car or the buffer. In case of oil buffers, after conducting the test it shall be ensured that there is no leakage of oil from the buffers.
3. Size of the Car: The floor area of the car shall be measured in order to check that passenger capacity plate is correctly engraved.
4. Earthing: Two earthing points shall be available in the Machine Room from two separate earth stations. This earth shall be extended to metal parts of all the lifts' electrical equipment. NABARD will provide for one earth pit per wing / block with termination in meter room.
5. Emergency Signal: The bell/buzzer fitted in the car shall be operated and shall be clearly audible outside the lift well/lobby. Wherever there are large number of lifts, this signal shall be arranged to give warning in the Machine Room.
6. Insulation and Earth Test: All the electrical equipment shall be tested for insulation and earth test.
7. Rope Test: The car shall be loaded until the weight on the rope is twice the combined weight of the car and the specified load. This load test shall be carried out for about 30 minutes without any sign of stress/weakness, temporary set or permanent elongation of the suspension rope strands.

ANNEXURE-III
PRE CONTRACT INTEGRITY PACT (IP)

(On Rs. 300 non-judicial stamp paper)

General

This pre-bid pre-contract Agreement (hereinafter called the Integrity Pact) is made on day of the month of between, on one hand, National Bank for Agriculture and Rural Development (NABARD), represented by Shri _____,

(Hereinafter called the “BUYER”, which expression shall mean and include, unless the context otherwise requires, his successors in office and

assigns) of the First Part and M/s represented by Shri _____, Chief Executive Officer (hereinafter called the “BIDDER/Seller” which expression shall mean and include, unless the context otherwise requires, his successors and permitted assigns) of the Second Part.

WHEREAS the BUYER proposes to procure (Name of the Stores/Equipment/Item) and the BIDDER/Seller is willing to offer/has offered the stores and _____

WHEREAS the BIDDER is a private company/public company/Government undertaking/partnership/registered export agency, constituted in accordance with the relevant law in the matter and the BUYER is a body corporate established under NABARD Act, 1981 having its Head Office at Plot No.C-24, Block ‘G’, Bandra-Kurla Complex, Bandra (East), Mumbai-400051.

NOW, THEREFORE,

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence/prejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:

Enabling the BUYER to obtain the desired said stores/equipment at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement and

Enabling BIDDERS to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the BUYER will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:

Commitments of the BUYER

1.1 The BUYER undertakes that no official of the BUYER, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit of any other advantage from the BIDDER, either for themselves or for any person, organization or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.

1.2 The BUYER will, during the pre-contract stage, treat all BIDDERS alike, and will provide to all BIDDERS the same information and will not provide any such

information to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.

1.3 All the officials of the BUYER will report to the appropriate Government office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

2. In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the BUYER with full and verifiable facts and the same is prima facie found to be correct by the BUYER, necessary disciplinary proceedings, or any other action as deemed fit including criminal proceedings may be initiated by the BUYER and such a person shall be debarred from further dealings related to the contract process. In such a case while an enquiry is being conducted by the BUYER the proceedings under the contract would not be stalled.

Commitments of BIDDERS

3. The BIDDER commits itself to take all measures to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during an pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following: -

3.1 The BIDDER will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.

3.2 The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Bank for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Bank.

3.3 BIDDERS shall disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principles or associates.

3.4 BIDDERS shall disclose the payments to be made by them to agents/brokers or any other intermediary, in connection with this bid/contract.

3.5 The BIDDER further confirms and declares to the BUYER that the BIDDER is the original manufacturer/integrator/authorized government sponsored export entity of the defence stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the BUYER or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.

3.6 The BIDDER, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the BUYER or their family members,

agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.

3.7 The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.

3.8 The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.

3.9 The BIDDER shall not use improperly for purposes of competition or personal gain or pass on to others, any information provided by the BUYER as part of the business relationship regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.

3.10 The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

3.11 The BIDDER shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

3.12 If the BIDDER or any employee of the BIDDER or any person acting on behalf of the BIDDER either directly or indirectly is a relative of any of the officers of the BUYER, or alternatively if any relative of an officer of the BUYER has financial interest/stake in the BIDDER's firm, the same shall be disclosed by the BIDDER at the time of filling of tender.

3.13 The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act 1986.

3.14 The BIDDER shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the BUYER.

4. Previous Transgression

4.1 The BIDDER declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprises in India or any Government Department in India that could justify BIDDER's exclusion from the tender process.

4.2 The BIDDER agrees that if it makes incorrect statement on this subject, BIDDER can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

5. Earnest Money (Security Deposit)

While submitting commercial bid, the BIDDER shall deposit an amount (to be specified in RFP) as Earnest Money/Security Deposit, with the BUYER through any of the following instruments.

- i. Bank Guarantee or NEFT / RTGS
- ii. A confirmed guarantee by an Indian Nationalised Bank, promising payment of the guaranteed sum to the BUYER on demand within three working days without

any demur whatsoever and without any reasons whatsoever. The demand for payment by the BUYER shall be treated as conclusive proof of payment.

5.2 Any other mode or through any other instrument (to be specified in the RFP).

5.3 The Earnest Money/Security Deposit shall be valid upto a period of five years or the complete conclusion of the contractual obligations to the complete satisfaction of both the BIDDER and the BUYER, including warranty period, whichever is later.

5.4 In case of the successful BIDDER a clause would also be incorporated in the Article pertaining to Performance Bond for a period of Twenty years (20 years) in the Purchase Contract that the provisions of Sanctions for Violation shall be applicable for forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

5.5 No interest shall be payable by the BUYER to the BIDDER on Earnest Money/Security Deposit for the period of its currency.

6. Sanctions for Violations

6.1 Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle the BUYER to take all or any one of the following actions, wherever required:

- i. To immediately call off the pre-contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.
- ii. The Earnest Money Deposit (in pre-contract stage) and/or Security Deposit/Performance Bond (after the contract is signed) shall stand forfeited either fully or partially as decided by the BUYER and the BUYER shall not be required to assign any reason therefore.
- iii. To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.
- iv. To recover all sums already paid by the BUYER, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2%, higher than the LIBOR. If any outstanding payment is due to the BIDDER from the BUYER in connection with another contract for any other stores, such outstanding payment could also be utilized to recover the aforesaid sum and interest.
- v. To encash the advance Bank Guarantee and performance bond/warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the BUYER, along with interest.
- vi. To cancel all or any other contracts with the BIDDER. The BIDDER shall be liable to pay compensation for any loss or damage to the BUYER resulting from such cancellation/rescission and the BUYER shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.

vii. To debar the BIDDER from participating in future bidding processes of the Government of India for a minimum period of five years, which may be further extended at the discretion of the BUYER.

viii. To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.

ix. In cases where irrevocable Letters of Credit have been received in respect of any contract signed by the BUYER with the BIDDER, the same shall not be opened.

x. Forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this Pact

6.2 The BUYER will be entitled to take all or any of the actions mentioned at para 6.1(i) to (x) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal code, 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.

6.3 The decision of the BUYER to the effect that a breach of the provisions of the Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent Monitor(s) appointed for the purposes of this Pact.

7. Fall Clause

7.1 The BIDDER undertakes that it has not supplied/s not supplying similar product/systems or sub systems at a price lower than that offered in the present bid in respect of any other Ministry/Department of the Government of India or PSU and it is found at any stage that similar product/systems or sub systems was supplied by the BIDDER to any other Ministry/Department of the Government of India or a PSU at a lower price, then that very price, with due allowance for elapsed time, will be applicable to the present case and the difference in the cost would be refunded by the BIDDER to the BUYER, if the contract has already been concluded.

8. Independent Monitors

8.1 The BUYER has appointed Independent Monitors (hereinafter referred to as Monitors) for this Pact in consultation with the Central Vigilance Commission (Names and Addresses of the Monitors to be given).

8.2 The task of the Monitors shall be to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact.

8.3 The Monitors shall not be subject to instructions by the representatives of the parties and perform their functions neutrally and independently.

8.4 Both the parties accept that the Monitors have the right to access all the documents relating to the project/procurement, including minutes of meetings.

8.5 As soon as the Monitor notices or has reason to believe, a violation of this Pact, he will so inform the Authority designated by the BUYER.

- 8.6 The BIDDER(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the BUYER including that provided by the BIDDER. The BIDDER will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor shall be under contractual obligation to treat the information and documents of the BIDDER/Subcontractor(s) with confidentiality.
- 8.7 The BUYER will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the parties. The parties will offer to the Monitor the option to participate in such meetings.
- 8.8 The Monitor will submit a written report to the designated Authority of BUYER within 8 to 10 weeks from the date of reference or intimation to him by the BUYER / BIDDER and should the occasion arise submit proposals for correcting problematic situations.

9. Facilitation of Investigation

In case of any allegation of violation of any provisions of this Pact or payment of commission, the BUYER or its agencies shall be entitled to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

10. Law and Place of Jurisdiction

This Pact is subject to Indian Law. The place of performance and jurisdiction is the seat of the BUYER.

11. Other Legal Actions

The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

12. Validity

- 12.1 The validity of this Integrity Pact shall be from date of its signing and extend up to 20 years or the complete execution of the contract to the satisfaction of both the BUYER and the BIDDER/Seller, including warranty period, whichever is later in case BIDDER is unsuccessful, this Integrity Pact shall expire after six months from the date of the signing of the contract.
- 12.2 Should one or several provisions of this Pact turn out to be invalid, the remainder of this Pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.

13. Other provisions

- 13.1 This agreement is subject of Indian Law, Place of performance and jurisdiction is the Regional Office of the Principal, i.e. Ranchi.
- 13.2 Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.

- 13.3 If the Contractor is a partnership or a consortium, this agreement must be signed by all partners or consortium members.
- 13.4 Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.
- 13.5 Issues like Warranty/Guarantee etc. shall be outside the purview of IEMs.
- 13.6 In the event of any contradiction between the Integrity Pact and its Annexure, if any, the Clause in the Integrity Pact will prevail.
