Status of microfinance in India

2013-14

FOREWORD

NABARD has been publishing 'Status of microfinance in India' every year containing an in-depth analysis of the data on microfinance compiled from progress reports submitted by Commercial Banks, Regional Rural Banks and Cooperative Banks, besides Regional Offices of NABARD and other stakeholders. The information contained in the publication is extensively used and quoted by a variety of national and international agencies/individuals including Government Departments, NGOs, Banks, MFIs, Microfinance Practitioners, Academicians as also in various studies and analysis. No discussions on microfinance in international fora are perceived to be complete without reference to India's experience in this sector.

This publication 'Status of microfinance in India – 2013-14' encompasses ground-level data on SHG-Bank Linkage Programme, the number of SHGs savings/credit linked, loans disbursed/ outstanding, recovery performance/NPA position, progress in JLG financing, bank loans to MFIs and a brief on various initiatives undertaken by NABARD for the overall development of the sector. This publication is widely circulated among all the stakeholders including academicians/ researchers.

Publishing this sector specific report could not have been possible but for the synergy between the staff of 'Micro Credit Innovations Department' of NABARD and that of various reporting agencies. It gives me immense pleasure to place this important publication before you.

Dr.Harsh Kumar Bhanwala
Chairman, NABARD

Contents

Highlights of the SHG-Bank Linkage Programme 2013-14

Sr. No.	Particulars	Achievements	
		Physical (No. in lakh)	Financial (₹ in crore)
1	**Total number of SHGs saving linked with banks**	74.30	9897.42
(i)	Out of total (of which) exclusive Women SHGs	62.52	8012.89
(ii)	Out of total (of which) SHGs under NRLM/SGSY/Other Govt. spons. programmes	22.62	2477.58
2	**Total number of SHGs credit linked during 2013-14**	13.66	24017.36
(i)	Out of total (of which) exclusive Women SHGs	11.52	21037.97
(ii)	Out of total (of which) SHGs under NRLM/SGSY/Other Govt. spons. programmes	2.26	3480.60
3	**Total number of SHGs having loans outstanding as on 31 March 2014**	41.97	42927.52
(i)	Out of total (of which) exclusive Women SHGs	34.06	36151.58
(ii)	Out of total (of which) SHGs under NRLM/SGSY/Other Govt. spons. programmes	13.07	10177.42
4	**Average loan amount outstanding/SHG as on March 2014 (in ₹.)**		102273.21
5	**Average loan amount disbursed/SHG during 2013-14 (in ₹.) ***		175768.36
6	**Estimated number of families covered up to 31 March 2014**	97 million	
7	**No. of Banks and Financial Institutions submitted MIS (in number)**	311	
8	**Data on Joint Liability Groups**		
(i)	Joint Liability Group promoted during the year 2013-14 (lakh)	2.08	
(ii)	Loan disbursed to Joint Liability Groups (JLGs) during the year 2013-14		2220.16
(iii)	Cumulative Joint Liability Groups promoted as on 31 March 2014 (lakhs)	6.72	
(iv)	Cumulative loan disbursed to JLGs as on 31 March 2014		6775.72
9	**Support from NABARD**		
(i)	**Capacity building for partner institutions**		
	Under SHG-BLP and JLGs		
	Number of Programmes conducted during 2013-14	6304	13.08
	Number of participants covered during 2013-14	141858	
	Cumulative number of participants trained upto March 2014	3175101	
	Under WSHG Scheme (in LWE affected and backward districts)		
	Number of Programmes conducted during 2013-14	1419	2.18
	Number of participants covered during 2013-14	43960	
(ii)	**Refinance Support**		
	Refinance to banks during 2013-14		3745.84
	Cumulative refinance released upto 31 March 2014		26142.08
(iii)	**Revolving Fund Assistance (RFA) and Capital Support to MFIs**		
	RFA outstanding as on 31 March 2014		22.04
	Capital support outstanding as on 31 March 2014		10.36
iv	**Grant assistance to SHPIs for promotion of SHGs under SHG-BLP**		
	Grant assistance sanctioned during 2013-14		47.11
	Cumulative sanctioned upto 31 March 2014		255.86
(v)	Cumulative grant assistance sanctioned to anchor NGOs for promotion of SHGs under WSHG Development Scheme upto 31 March 2014		196.43
(vi)	Cumulative grant assistance sanctioned to JLPIs for promotion of JLGs upto 31 March 2014		76.14

Note : * Average loan amount disbursed/SHG worked out to ₹1.24 lakh if the disbursements of Andhra Pradesh are excluded.

1. Introduction

1.1 It is said that any long journey starts from a small, single step. So was the journey of the Self Help Group – Bank Linkage Programme – from linking a pilot of 500 SHGs of rural poor two decades ago, it now boasts of the world's largest microfinance initiatives with over 7.4 million SHGs representing 97 million rural households directly becoming part of this great movement. Geographically its tentacles have now spread to every nook and corner of India – from the desert sands of Rajasthan to the forest villages of Arunachal Pradesh and from the inaccessible terrain of Jammu and Kashmir to the serene coastal villages of Lakshadweep Islands. The movement which started as a link between the "unbankable" rural poor and the formal banking system to cater to the microcredit needs of the poor, now boasts of a group savings of a whopping ₹33000[1] crores (70% of which goes for internal lending and the balance in the SB accounts of the groups), from a very miniscule proportion of total bank credit to a credit outstanding of ₹43000 crores (excluding nearly ₹23000 crores lent to members from groups' own savings). With over 84% of these being all women groups, the poor rural women in India now controls a financial business with turnover of nearly ₹1,00,000 crore (deposits + credit) – much more than most of the MNCs in India!. There have been numerous success stories of the poor SHG members showing exemplary entrepreneurial qualities to come out of the vicious circle of poverty and indebtedness with the help of SHGs. The tremendous impact on the social status of the poor rural women becoming bread earners of their households through the instrument of SHGs has been highly commended by many independent researchers. This incredible success story of SHG-BLP has shaken the age old perception that poor are "not bankable". In fact, many developmental efforts of Government and non-governmental agencies now rely on SHG-BLP for their effective delivery. Even internationally, Indian experience of SHG-BLP has been recognised as the largest and most successful microcredit initiative in the world.

1.2 It would be quite unrealistic to expect that an achievement of this proportion – involving millions of rural, often illiterate, women were without challenges which were as magnificent as the successes recorded. The socio economic conditions of the people are so divergent in India that no uniform solution could be applied across the regions. Illiteracy and extreme forms of poverty in many parts of the country threw up big challenges for the SHPIs to organise the poor into SHGs and inculcate regular thrift habit among them – a pre-requisite for the microcredit operations. There were formidable challenges from the vested interests who never wanted an assertive poor to manage their own finances. But the movement was able to meet the challenges quite effectively and move ahead. A large number of MFIs helped in supplementing the efforts of the banking institutions in reaching out to the poor. However, in their over enthusiasm to accelerate the pace and earn "handsome returns", a few of these institutions resorted to unethical practices to boost their business at the cost of quality of services and this resulted in the unfortunate consequence of the people developing mistrust in the movement and gave the entire movement a temporary setback. With more stringent regulations in place, the movement is now getting back to normal. There are signs that the temporary distortion in the rate of growth of SHG linkages with banks and the fall in the recovery performance of credit extended to SHGs, are getting themselves corrected.

[1]Extrapolated: 70% goes for internal lending and actual outstanding balance is ₹ 9,897 crore with the banks.
1 crore = 10 million

1.3 While conceiving the SHG-BLP, it was presumed that once the "unbankable" poor are organised into SHGs with thrift and credit operations at the group level, they will first be linked to the financing banks as a group, for their savings as well as credit requirements. This was thought essential to build the necessary trust for the poor among the banking community so that they would ultimately graduate into individual customers of the banks. SHGs were, thus, conceived as trust building mechanism for banks to develop their potential customers and for the members of groups to learn to work with financial discipline while dealing with banking system. The intermediation of SHGs would have also allowed the members of SHGs to prepare themselves for availing the financial services offered by banks, etc. at scales which can not only take them out of poverty (by undertaking economic activities – new or up scaling existing one), but also to enable service delivery by banks more "viable". While lauding the great achievement of SHG-BLP, it would be appropriate to look at the performance of the movement in this direction. A very recent study conducted by NABARD in Karnataka (a state representing highly developed SHG-BLP) and Odisha (where SHG-BLP is comparatively new and also a resource poor State), has revealed that hardly 20-30% of the members of SHGs have graduated into individual Savings Bank account holders. There are different factors which might be cited as reasons for the low level of graduation of members. The physical distance of formal bank network from the villages and the time/ expenditure in transacting at bank branches are some of the impeding factors often cited. However, SHG-BLP has helped its members to graduate to individual banking steadily.

1.4 The extent of savings by the group members which would have reflected the process of graduation of its members still average at a little over ₹13300 per SHG as on 31.3.2014. Even assuming that 70% of savings would have gone into internal lending, the gross savings by all members of SHGs work out to about ₹44000 only or less than ₹3500 per member. The corresponding figures for average loan disbursed by banks are ₹1.76 lakh per SHG and average loan outstanding ₹1.02 lakh.

1.5 While continuing with its goal of spreading its outreach, especially in the most resource poor regions of the country, SHG-BLP need to reinvent itself to help more and more of its members to use the programme as a platform to expand their economic activities and improve their income levels. This calls for identification of appropriate livelihood opportunities, improvement of their skills, mentoring, market development and many such development initiatives. More importantly it will also call for making available need based credit for taking up economic activities – either through the existing SHG-BLP network by suitably increasing the credit levels or as individual customers of banks. Kudumbashree programme being implemented in Kerala is a fine example where livelihood activities are promoted on a large scale through women SHGs, dovetailing it with development programmes of the Government/ Local Administration and the formal banking system. Opportunities are provided under this programme to take up economic activities not only by the members, but also for the benefit of their wards – children and elders as social intervention. The National Rural Livelihood Mission has been designed with the objective of providing Livelihood opportunities to all eligible rural households in due course. Rural Financial Institutions (RFIs) could also be involved in providing the necessary skill improvement training and entrepreneurial exposure to SHG members through their Corporate Social Responsibility (CSR) initiative. A plan of action in this direction could be drawn up for implementation in the next 5-10 years so as to make SHG-BLP more vibrant and be instrumental in empowering the poor.

1.6 Although SHG-BLP was the first step towards bringing the "unbanked" poor into the mainstream, it was not followed up with linking the individual members with formal banking system as they gain experience in availing the basic banking services which resulted in stunted growth of SHG-BLP. As financial inclusion of the poor became a serious issue which our planners could no longer ignore, several initiatives were taken by the Government of India, the Reserve Bank of India, NABARD and banks to bring the poor into the fold of formal financial service providers. However, no serious attempt was made to leverage the SHG-BLP to achieve the financial inclusion goals. A successful programme which could link millions of rural poor to formal banking system though indirectly, could have been the main instrument through which financial inclusion in the country could have driven ahead. Mature SHGs could have been made direct agents of providing direct banking services to the poor at their doorsteps, as a low cost, but efficient alternative to branch network. This model is certainly more cost effective and reliable alternative to the existing inclusion agenda and millions of households, now members of SHG-BLP, would have been the immediate beneficiaries.

1.7 The Vision Statement of SHG-BLP spells out some of these new directions for SHG-BLP, especially those concerning convergence of SHG-BLP and Financial Inclusion Initiatives and shifting the emphasis to providing livelihood opportunities to SHG members apart from expanding its outreach to unreached/ under reached areas of the country. It needs to be realised that the success of SHG-BLP will be assessed in future not on the basis of savings linked or credit linked, but on the basis of the improvement in the quality of lives of its members through programme intervention.

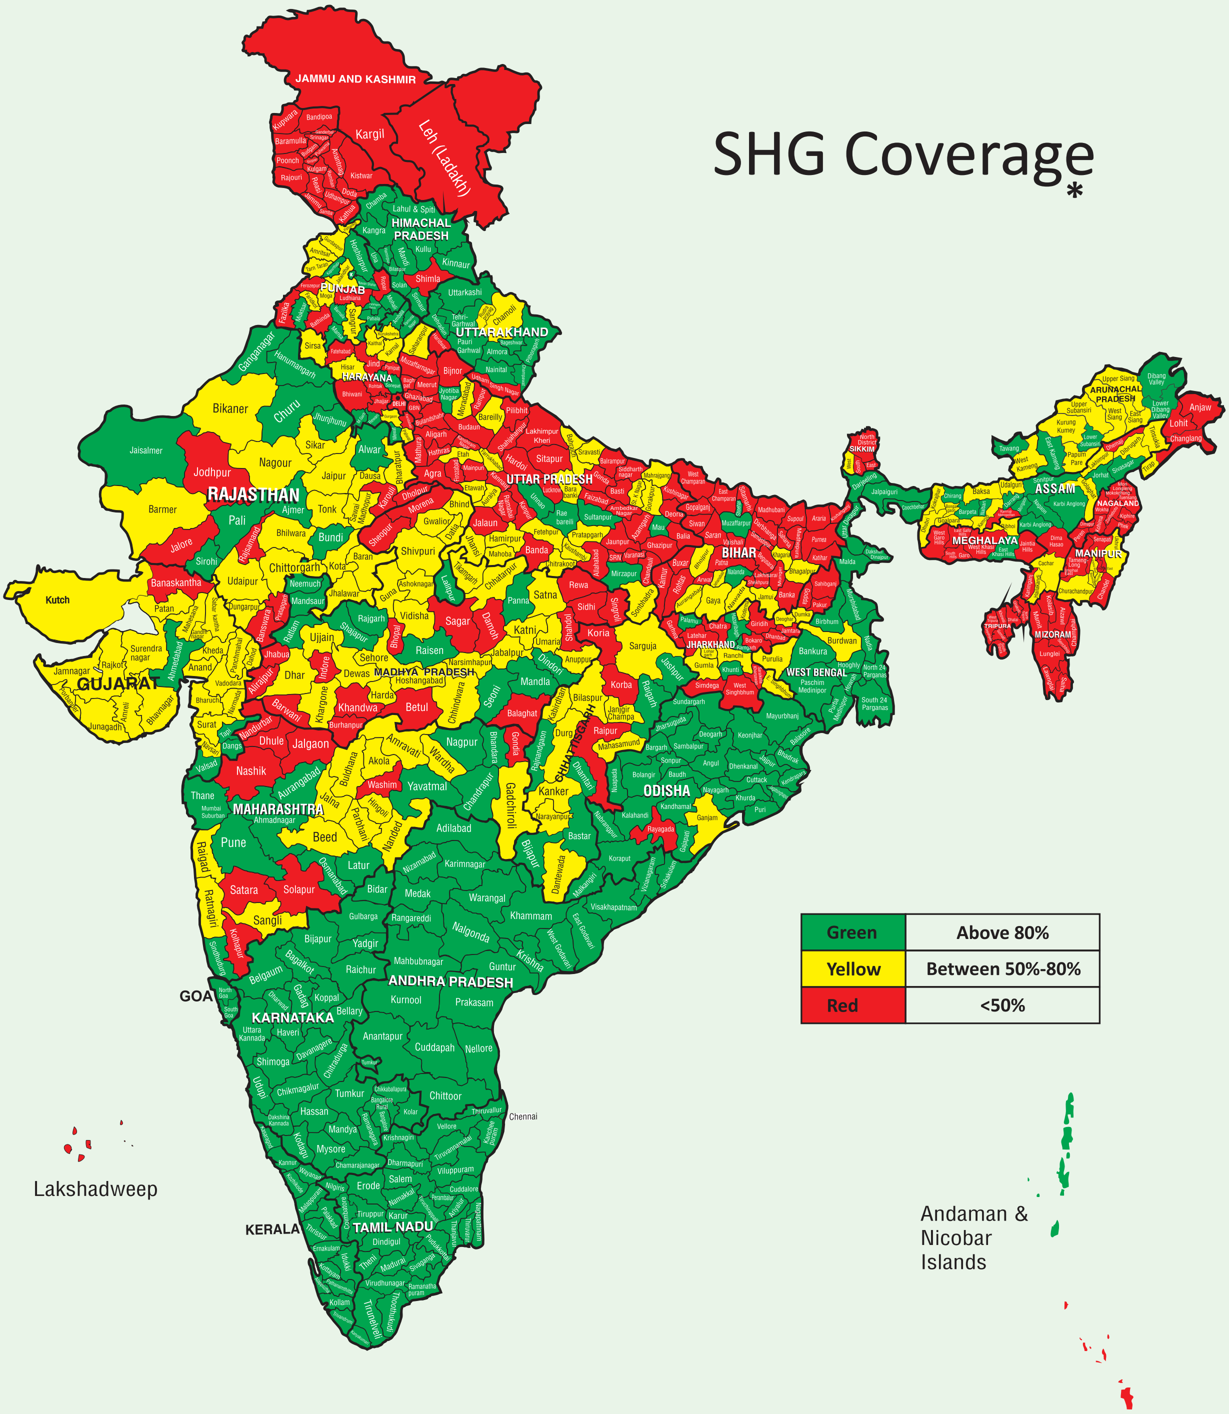
1.8 NABARD had been publishing data on microfinance in India every year alongwith an analysis of the data compiled from the reports submitted by participating banks and Regional Office's of NABARD. The analysis and data contained therein are extensively used and quoted in many studies, not only in the Indian context, but also internationally while discussing microfinance sector. No discussions on microfinance in international fora are complete without reference to India's experience in the Sector.

1.9 In addition to the analysis of data on the extent of savings harnessed by the SHGs from its members and the credit availed by the groups from banks across the agencies and across the geographical spread, loans disbursed by banks to MFIs, the publication also highlights the facilitating role played by NABARD in further refining the SHG-Bank linkage programme by bringing in more stakeholders into this sector, helping it to extend its outreach to more unbanked areas and by extending the scope of financial services rendered through such groups.

1.10. Progress under microfinance during 2013-14

The progress of various microfinance initiatives as at the end of March 2014 is being presented in four different sections. The progress under the SHG-Bank linkage programme has been covered in the first part, while the activities of Micro Finance Institutions (MFIs) have been covered in the second part. Various innovative initiatives and support services like capacity building of all stakeholders of microfinance programme cover the third part. How penetration of SHGs is related to poverty levels in the States/Regions is covered in the final part. More detailed statistical information on the progress of these activities has been presented at the end of the report. District-wise SHG coverage vis a vis the available potential map is presented to provide a bird's eye of the spread of SHG-BL in the country.

SHG Coverage*



Green	Above 80%
Yellow	Between 50%-80%
Red	<50%

*The Mapping is based on coverage of Savings linked SHGs vs potential SHGs.

2. SHG-Bank Linkage Programme

Detailed analysis of the SHG-Bank Linkage Programme across the geographical spread of the country and across the financing agencies is being presented in this section. The analysis covers the broader components of the programme, namely inclusive growth, savings, loans and the recovery performance.

2.1 An overall decline in the number of SHGs linked to banks for their savings accounts under the SHG-Bank linkage programme noticed during 2012-13 – first time since the programme was launched two decades back – has been reversed during the current year though with a marginal increase of 1.53% with 74.30 lakh SHGs savings linked to Banks as on 31.3.2014 as against 73.18 lakh during the previous year. Correspondingly, the coverage of rural households having access to regular savings through SHGs linked to banks also went up to 96.6 million from 95 million as on 31 March 2013. Another highlight of the year's performance under the programme was the spurt in the number of SHGs being sanctioned fresh loans by banks during the year. 13.66 lakh SHGs were sanctioned fresh loans during the year – a 12% increase over 12.20 SHGs getting fresh loans during 2012-13. The quantum of fresh loans issued by banks also rose by nearly 17% during the year (₹24017 crore). This is indicative of increasing confidence in lending to SHGs by banks. Number of SHGs credit linked with banks, however, showed a decline of nearly 6% to 41.97 lakh as against 44.51 lakh a year back though the amount of loan outstanding has gone up by 9%. The total loan outstanding by SHGs stood at ₹42928 crore as on 31.3.2014. The average loan outstanding of SHGs with banks is ₹1,02,273 against ₹88,500 a year back. The share of exclusive women SHGs in the total number of SHGs linked to banks now stands at 84% (up from 81 % last year) while the groups formed under the NRLM/SGSY/Other Government sponsored programmes now constitutes 30% of the total number of groups.

Table-1 gives the growth of SHGs – saving as well as credit linked – for the last 3 years, separately for all Groups, Groups under NRLM/SGSY/Other Government sponsored programmes and exclusive Women Groups.

Table-1: Overall Progress under SHG-Bank Linkage for last 3 years

(Amount ₹ in crore/ Numbers in lakhs)

Particulars		2011-12		2012-13		2013-14	
		No. of SHGs (lakh)	Amount	No. of SHGs (lakh)	Amount	No. of SHGs (lakh)	Amount
SHG Savings with Banks as on 31st March	**Total SHGs**	**79.60 (6.7%)**	**6551.41 (-6.7%)**	**73.18 (-8.1%)**	**8217.25 (25.4%)**	**74.30 (1.53%)**	**9897.42 (20.45%)**
	Of which NRLM/ SGSY/ Other Govt. spons. programmes	21.23 (5.0%)	1395.25 (-23.2%)	20.47 (-3.6%)	1821.65 (30.6%)	22.62 (10.46%)	2477.58 (36.01%)
	% of NRLM/SGSY/ Other Govt. spons. programme Groups to Total	26.7	21.3	28.0	22.2	30.45	25.03
	All women SHGs	62.99 (3.3%)	5104.33 (-3.7%)	59.38 (-5.7%)	6514.86 (27.6%)	62.52 (5.27%)	8012.89 (22.99%)
	Percentage of Women Groups	79.1	77.9	81.1	79.3	84.15	80.96
Loans Disbursed to SHGs during the year	**Total SHGs**	**11.48 (-4%)**	**16534.77 (13.7%)**	**12.20 (6.3%)**	**20585.36 (24.5%)**	**13.66 (12.02%)**	**24017.36 (16.67%)**
	Of which NRLM/ SGSY/ Other Govt. spons. programmes	2.10 (-12.9%)	2643.56 (6.6%)	1.81 (-13.8%)	2207.47 (-16.5%)	2.26 (24.56%)	3480.60 (57.67%)
	% of NRLM/SGSY/ Other Govt. spons. prorgramme Groups to Total	18.3	16.0	14.8	10.7	16.52	14.49
	All Women SHGs	**9.23 (-9.2%)**	**14132.02 (12.0%)**	**10.37 (12.4%)**	**17854.31 (26.3%)**	**11.52 (11.02%)**	**21037.97 (17.83%)**
	Percentage of Women Groups	80.4	85.5	85.1	86.7	84.3	87.6
Loans Outstanding against SHGs as on 31st March	**Total SHGs**	**43.54 (-9.0%)**	**36340.00 (16.4%)**	**44.51 (2.2%)**	**39375.30 (8.4%)**	**41.97 (-5.71%)**	**42927.52 (9.02%)**
	Of which NRLM/ SGSY/ Other Govt. spons. programmes	12.16 (-5.4%)	8054.83 (2.9%)	11.93 (-1.9%)	8597.09 (6.7%)	13.07 (9.55%)	10177.42 (18.38%)
	% of NRLM/SGSY/ Other Govt.spons. programme Groups to Total	27.9	22.2	26.8	21.8	31.1	23.7
	All Women SHGs	**36.49 (-8.4%)**	**30465.28 (16.6%)**	**37.57 (2.9%)**	**32840.04 (7.8%)**	**34.06 (-9.34%)**	**36151.58 (10.08%)**
	Percentage of Women SHGs	83.8	83.8	84.4	83.3	81.2	84.2

(figures in the parenthesis indicates growth/decline over the previous year)

Some of the issues emerging out of the data shown above are:

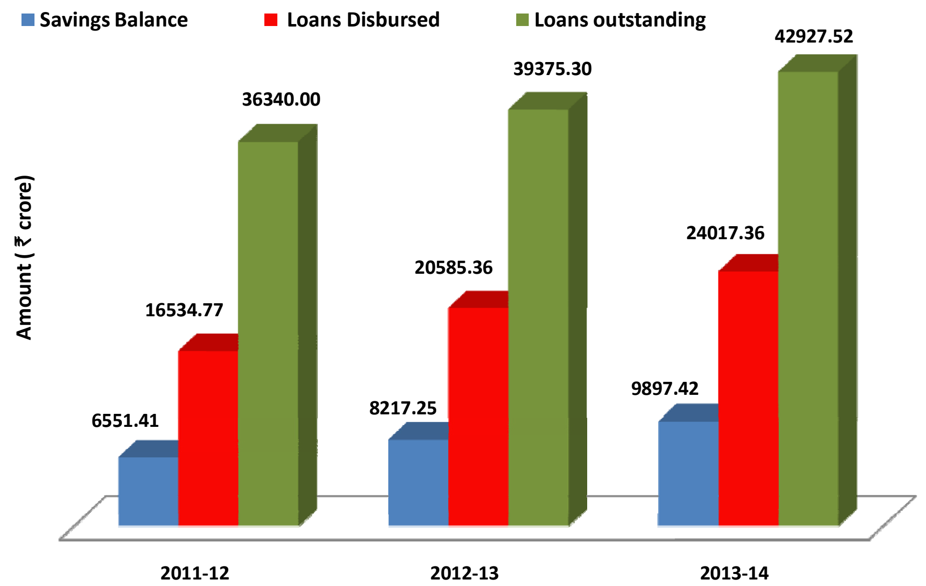
- **Although the decline in the number of SHGs savings linked with Banks noticed during 2012 13 has been reversed during the current year with a marginal increase of less than 2%, the decline in the numbers continued in the strategically important and resource poor regions (with only southern region showing the increase). In fact, Assam, Karnataka, Rajasthan and Tamil Nadu are the only major states where the number of savings linked SHGs are more than those reported during 2011-12.** The continued decline in the number of SHGs linked to Banks in resource poor regions where special SHG-Bank linkage programmes are being implemented, is indicative of the challenges ahead for the SHG-Bank linkage programme in the country. The savings harnessed by SHGs, however, increased by an impressive 21% over the previous year and the growth has been across the regions barring the north and the north-east.
- The number of SHGs being extended fresh loans by banks increased by over 12% - nearly double the increase reported during the previous year indicating an increased confidence of banks in extending finance to existing SHGs. The quantum of fresh loans extended to SHGs also showed an increase of nearly 17% during the year. The continued decline in the number of SHGs getting fresh loans in the north and North-east (especially the latter) should, however, be a cause for concern.
- There has been a decline of nearly 6% in the number of SHGs having loan outstanding with banks during the year while the quantum of loans outstanding grew by little over 9%. Although the increase in loan outstanding if read with increase in the number of SHGs being extended fresh loans and quantum of such fresh loans, can be considered a normal phenomenon, the trend of steadily increasing NPAs against such loans (except in the more progressed with longer

history of SHG-BLP of southern region where the NPA showed a decline during the year) calls for continued vigil. The NPA against loans to SHGs has reached almost 19% in the central region while other regions except south hovering between 9 to 14%. As high rate of repayment of loans by SHG members has been the hallmark of SHG-Bank linkage programme in India, there is an urgent need to dwell into the reasons for the steady increase in the NPAs of loans extended to SHGs so that remedial steps can be initiated without delay.

- Driven by the great leap exhibited by the SHG-BLP in the last over two decades in its efforts to prove that the poor in the country are indeed the "most bankable" clients, the Central and State Governments have dovetailed most of their poverty alleviation programmes to the SHG mode of financing with suitable subsidies. The National Rural Livelihood Mission (NRLM) is a flagship programme of the Ministry of Rural Development, Government of India where the people below the poverty line are helped to come out of poverty through a combination of skill development, market assistance and financial assistance through SHG-BLP alongwith subsidy support from the Government, which is linked to credit. There has been commendable progress of SHGs covered under such poverty alleviation initiatives during the year in terms of the number of SHGs savings and credit linked. Most notable feature of these SHGs during the year had been the spurt in fresh loans extended to them by banks – nearly 58% over last year. The NPA on account of loans to SHGs under such Government sponsored programmes, however, remains higher at 9.58% (9.39% last year) as against 6.83% for all SHGs together.
- Active participation of women in SHG-BLP has earned many laurels for the country and is often cited as a distinguishing feature of microfinance initiatives in India. Nearly 84% of all SHGs linked to banks are all women SHGs and this continues to show steady increase every year. With the various agencies actively promoting women SHGs and getting them linked with Banks, women SHG movement has become the flag-bearer of the women empowerment in India

.

Fig.1: SHG-Bank Linkage - Highlights 2014



Statement I-A to I-E appended indicate the overall progress under the SHG-Bank and MFI-Bank Linkage Programme as on 31.3.2014

2.2 Saving linked SHGs

The number of saving linked SHGs now stands at 74.3 lakhs with a membership of over 96.6 million poor households showing a marginal increase of 1.53% (73.18 lakh SHGs as on 31.3.2013) from the previous year. The number is still substantially less than 79.60 lakhs SHGs reported during 2011-12 (with coverage of 104 million households). Only southern region reported a growth in savings linked SHGs during the year compared to previous year while all other regions continued to report decline in the number of SHGs. Continued decline in the number of savings linked SHGs in resource poor regions where special SHG programmes are implemented, needs to be viewed with concern. Among the major states only Assam, Karnataka, Rajasthan and Tamil Nadu have reported upward trend in the number of savings linked SHGs compared to the 2011-12 status.

The savings balance of these SHGs with banks, however, shot up by over 20% during the year (₹ 9897 crore against ₹ 8217 crore a year back). All except the North and North Eastern region recorded higher savings bank balance with banks with western States recording nearly 34% increase while the Central region reporting 27% and Southern region recording an increase of 23%.

The average savings bank balance of SHGs with banks as on 31.3.2014 was ₹ 13322, with southern region reporting an average of ₹ 16878 while the North Eastern states having an average saving of only ₹ 4073 per group.

Fig.2: Savings Linked SHGs (Number) - Agency-wise share

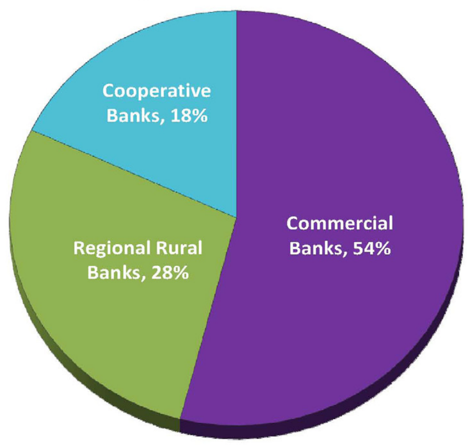


Fig.3: Regionwise Savings Balance per SHG 2013 vs 2014

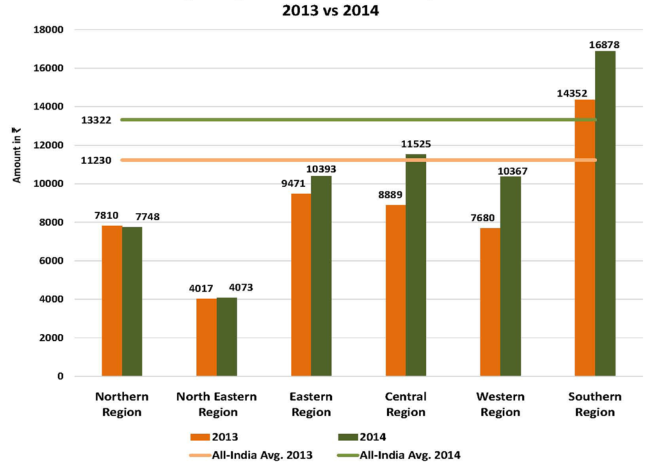

Statements II A and Statement III indicate the Bankwise and Statewise position of saving linked SHGs. (In case of abridged version, refer to enclosed CD for Statements).

2.3 Fresh Loans to SHGs by Banks

The number of SHGs being extended fresh loans by Banks has been steadily increasing for the last 3-4 years. There has been an increase of 12% (nealy 25% under the Government sponsored programmes) in the number of SHGs being extended fresh loans during the year as compared to the previous year while the the increase in the quantum of fresh loans shot up nearly by 17% (13.66 lakh SHGs and ₹ 24017.36 crore respectively as on 31.3.2014 compared to 12.20 lakh and ₹ 20585.36 crore a year back). The performance of SHGs covered under Government sponsored programmes had been better recording nearly 58% spurt in fresh loans to such SHGs. A regionwise analysis shows that the spurt in fresh loans extended is maximum in the western Region while substantial decline in both number and amount of loans have been reported in the North Eastern region. Backward states like Bihar and Chattisgarh have reported substantial increase in the number of SHGs and quantum of fresh loans extended while Jharkhand has shown a decline in the number and quantum of fresh loans issued. The average quantum of loans issued to SHGs during the year was ₹ 1.76 lakh per SHG and this ranged from ₹ 50,782 in eastern region to over ₹ 2,35,700 in southern region.

Fig.4 A: Bank loan disbursed to per SHG during 2013-14 Regionwise

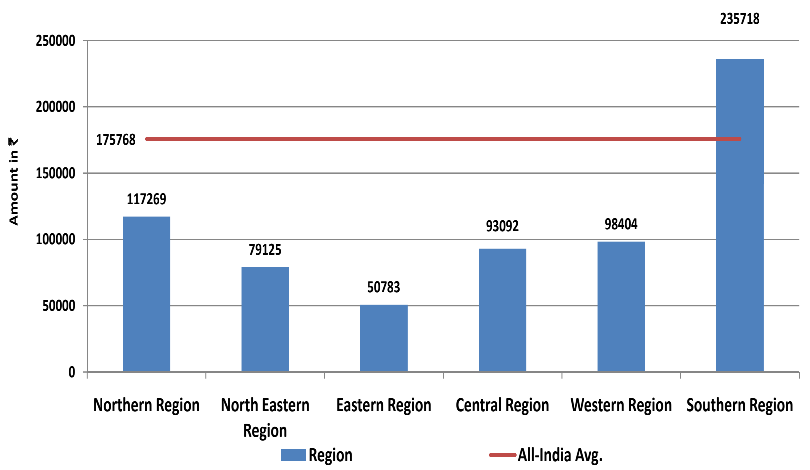

Fig. 4 B : Bank Loan Disbursed during 2013-14 - Region-wise

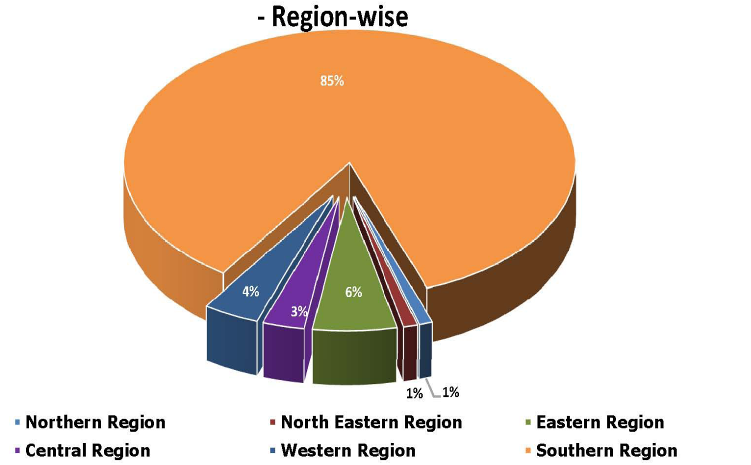


Statements II B and Statement IV indicate the Bankwise and Statewise position of fresh lending to SHGs by banks during 2013-14. (In case of abridged version, refer to enclosed CD for Statements).

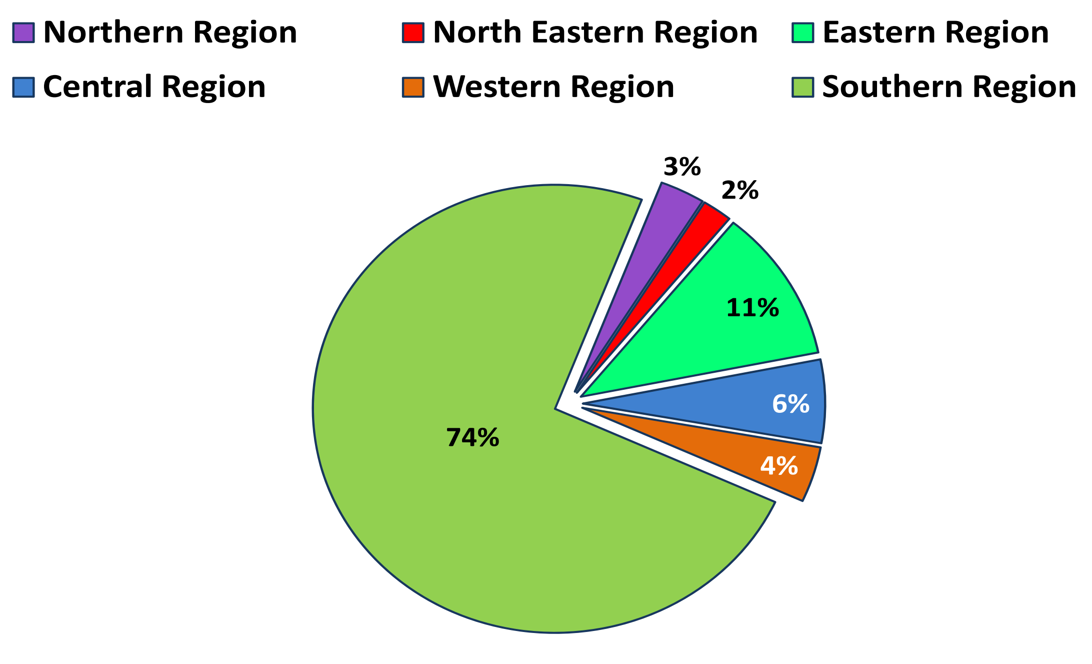
2.4 Loans Outstanding against SHGs

The number of SHGs having loans outstanding against them from banks declined by 5.71% (41.97 lakh as against 44.51 lakh last year) while the amount of loans outstanding rose by 9.02% to ₹42927 crore (₹ 39375 crore as on 31.3.2013). The decline in credit linked SHGs is visible in all regions except in the Central Region where there was an increase of nearly 16%. The rise in amount of loan outstanding was reported from Southern and Western regions while other regions reported a decline. The average loan outstanding against SHGs as on 31.3.2014 was ₹ 1.02 lakh – up from ₹ 0.88 lakh a year earlier. Average amount of loan outstanding ranged from ₹ 50,500 per SHG in eastern region to ₹ 1.43 lakh in the southern region. Chattisgarh recorded the lowest average of ₹30,000 per SHG among major states while Andhra Pradesh reported an average of ₹ 1.62 lakh per SHG (₹ 1.87 lakh in Mizoram). Among the agencies, Commercial Banks had an average outstanding loan of ₹ 1.18 lakh per SHG while RRBs had ₹ 0.90 lakh and Cooperative Banks ₹ 0.53 lakh.

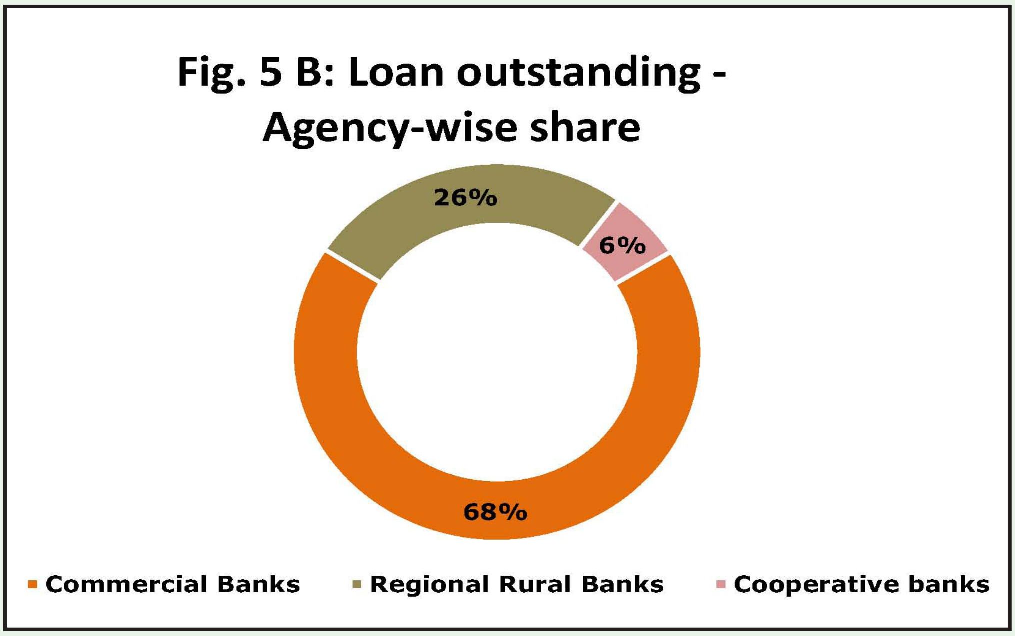
The percentage of SHGs credit linked (those having an outstanding balance of bank loans) to those savings linked (having a S.B. Account balance with banks) is 56% for the entire country and ranged between 67% for eastern region states to 30% for the western region. This excludes SHGs which might have been credit linked earlier, but not having any loan outstanding as on 31.3.2014.

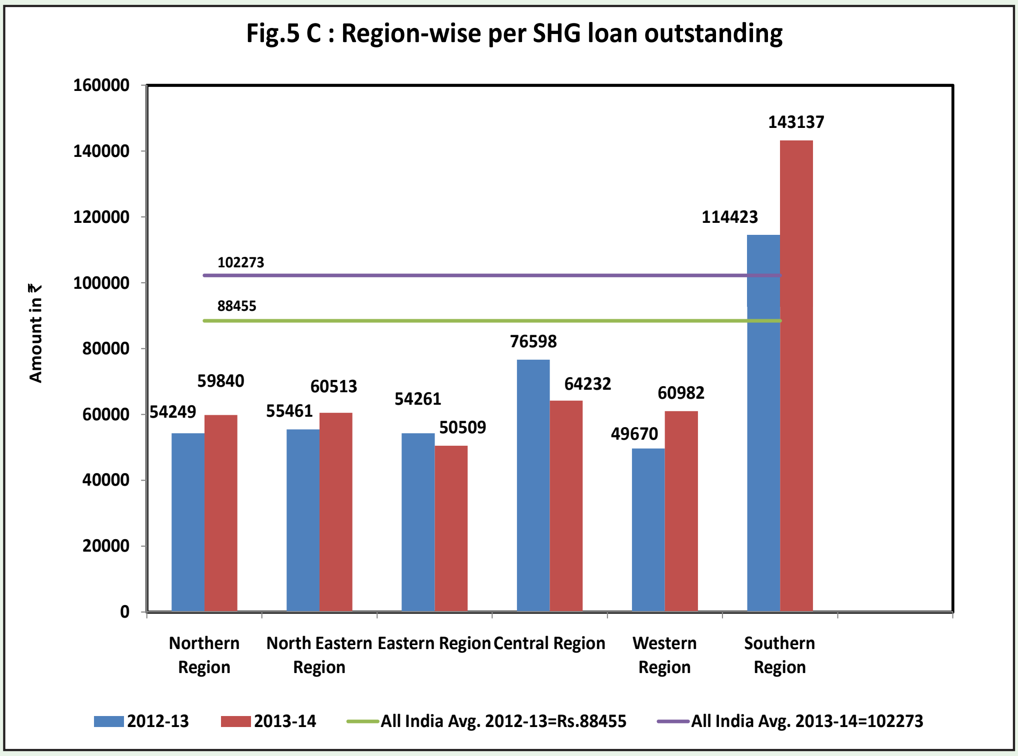
Assuming that the SHG savings balance with banks constitute only 30% of the total savings (based on some sample studies conducted by NABARD earlier) of the SHGs (the balance being used for internal lending), the estimated credit outstanding against SHG members (from internal sources as well as from banks) amount to ₹ 66022 crore (₹ 23094 crore + ₹ 42928 crore). If recycling of loans by SHGs with shorter duration loans to members are also considered, the actual credit serviced by SHGs would be much higher.

Fig 5 A: Loan outstanding-Regional Spread



"SHGs, Saving for the present, securing the future"





Statement II C and Statement V indicate the Bankwise and Statewise position of the loans outstanding against the SHGs as on 31 March 2014. (In case of abridged version, refer to enclosed CD for Statements).

2.5 Non Performing Assets

The overall NPA percentage of loans to SHGs has come down marginally from 7.08% as on 31.3.2013 to 6.83% during the current year thereby reversing upward swing in NPA observed during the last few years. However, the level of NPA is still alarmingly high compared to position 5 years back (2.9% as on 31.3.2010). Moreover, the decline in the NPA percentage has been reported only in the Southern Region with high progress, while all other regions have continued with the upward swing in NPAs during the year. The NPA in the central region which comprises Madhya Pradesh, Uttar Pradesh, Chattisgarh and Uttarakhand is near 19% while other resource poor regions like Eastern Region reported over 11%. Some of the States in the NE region has reported NPA of over 50% which is highly unsustainable. As efforts are being made to spread the reach of SHG-BLP to the resource poor regions, the continued upsurge in NPAs in these regions needs to be viewed quite seriously. The total NPA against loans to SHGs stood at ₹ 2933 crore as on 31.3.2014 against the total outstanding loan of ₹ 42928 crore. Among the regions, southern region with a NPA of 4.64% (5.11% last year) was the lowest while Central Region with an alarming 18.87% (17.28% last year) was the highest. Among the major States reporting high NPA are: UP 20.07%, MP 19.31%, Gujarat 19.81%, Odisha 18.91%, Haryana 15.84%, Jharkhand 12.82% and Chattisgarh 12.44%. Even Tamil Nadu which is among the pioneer states to commence the SHG-BLP has reported nearly 11% NPA this year. Table 2 and 3 illustrate the comparative performance of NPAs against loans to SHGs by banks during the last 3 years while Fig 6A and 6B gives the graphical presentation of the NPA position.

Table-2: Agency-wise NPAs of Bank Loans to SHGs

(₹ crore)

Turnaround of a Primary Agriculture Credit Society through SHG-BLP

Patharghata Samabay Krishi Unnyan Samiti (SKUS), in Nadia District, West Bengal was a loss making Society for a long time with poor recoveries in its agriculture loans. Impressed by the performance of Self Help Groups of poor rural women, the Samiti decided to provide savings and credit linkage to a few SHGs in 2002. With an outstanding recovery performance of 100% of the loans extended to these groups, the Society decided to widen their exposure to SHG financing and today it has more than 800 savings linked SHGs spread over 15 villages together accounting for an aggregate savings bank balance of ₹ 2.19 crore. These groups have also been provided with loans which are repaid without any defaults (many even before the due dates) and currently loans to the extent of ₹6.20 crore have been provided to these groups. The business generated from these groups account for 60% of the turnover of the Society with 100% recoveries. Needless to say, the Society is now in profits thanks to the SHG-BLP programme. To give a further boost to their business through the SHGs, the Society has appointed a SHG coordinator for every 60 SHGs for nurturing and monitoring, ensuring regular conduct of monthly meetings of the groups, record keeping, recovery and most importantly to ensure closer interaction with the SHG members.

Who says poor is "unbankable"? ask SKUS

3. MFI-Banks Linkage Programme

3.1 Micro Finance Institutions (MFIs) act as an important conduit for extending financial services to the microfinance sector in the country by raising resources from Banks and other institutions and extending loans to individuals or members of JLGs. MFIs could be (1) NGO-MFIs - registered under the Societies Registration Act, 1860 or the Indian Trust Act, 1880; (2) Cooperative MFIs -registered under the State Cooperative Societies Act or Mutually Aided Cooperative Societies Act or Multi State Cooperative Societies Act; (3) NBFC-MFIs incorporated under Section 25 of Companies Act, 1956; (4) NBFC-MFIs incorporated under the Companies Act, 1956 and registered with RBI. In addition to their internal resources, these MFIs have been allowed to seek and obtain bulk loans from Banks/ other Financial Institutions for providing microcredit to individuals or members of JLGs. Though most of these MFIs entered the microfinance sector only after the SHG-Bank linkage programme was well entrenched, the turnover of these institutions grew at a much larger scale than the former. They were more aggressive and innovative in reaching out to the rural poor than the formal banking system. Of late, however, the functioning of these institutions (mostly "for profit" NBFCs) were being subjected to closer public scrutiny on account of alleged unethical business practices and questionable recovery practices. These developments resulted in Andhra Pradesh Government promulgating an ordinance severely restricting their lending operations and recovery mechanism. As a result, the lending operations of these institutions virtually came to a halt not only in Andhra Pradesh where most of their lending operations were concentrated but in other areas as well while the recovery of loans nosedived. The Reserve Bank of India has since notified guidelines for the lending operations of MFIs based on the Malegam Committee recommendations. A new class of financial organisations named as NBFC – MFIs has been created and subject to certain conditions regarding the capital to be employed, lending to SHG members, cap on interest to be charged and margin to be retained, etc. the loans extended to these NBFC-MFIs by banks now qualifies for priority loan category.

3.2 Progress under MFI-Bank Linkage Programme

The Progress under MFI-Bank linkage programme during the last 4 years is shown in Table-4 below:

Table-4: Progress under MFI-Bank Linkage Programme

(₹ crore)

Particulars	2010-11		2011-12		2012-13		2013-14	
	No. of MFIs	Amount	No. of MFIs	Amount	No. of MFIs	Amount	No. of MFIs	Amount
Loans disbursed by banks to MFIs	471 (-39.5%)	8448.96 (-21.3%)	465 (-1.3%)	5205.29 (-38.39%)	426 (-8.4%)	7839.51 (50.6%)	545 (27.9%)	10282.49 (31.16%)
Loans outstanding against MFIs as on 31 March	2315 (39.5%)	13730.62 (-2.0%)	1960 (-15.3%)	11450.35 (-16.6%)	2042 (4.2%)	14425.84 (26%)	2422 (18.6%)	16517.43 (14.5%)
Loan Outstanding as % of fresh loans		162.51		219.98		184.01		160.64

(figures in the parenthesis indicates growth/decline over the previous year)

Note: Actual number of MFIs availing loans from Banks would be less than the figures shown, as most of MFIs avail loans from more than one Bank.

The signs of recovery of MFIs after the severe crisis of 4-5 years, continued during the current year also with substantial increase in the number of MFIs availing loans from banks during the year (28% increase over last year). The total loans to MFIs by banks also increased by over 31% during the current year while the loan outstanding against MFIs increased at a much lesser pace at 14.5%. This is inspite of the classification of loans to MFIs for on lending for agricultural purposes as "indirect agriculture" loans under the priority sector by the Reserve Bank during the year. The agency wise details of loans extended to MFIs are shown in Table-5 below.

Table-5: Loans to MFIs by Banks/Financial Institutions

(₹ crore)

Financing Agency	Period	Loans disbursed to MFIs during the year		Loan outstanding against MFIs as on 31 March	
		No. of MFIs	Amount	No. of MFIs	Amount

	2013-14	4	4.48	17	7.97
SIDBI	2010-11	2	843.78	139	3041.77
	2011-12	12	239.42	129	1597.11
	2012-13	41	408.27	102	1880.63
	2013-14	41	646.01	84	1979.90
Total by all agencies	2010-11	471	8448.96	2315	13730.62
	2011-12	465	5205.29	1960	11450.35
	2012-13	426	7839.51	2042	14425.84
	2013-14	545	10282.49	2422	16517.43

Bank wise details of MFIs financed are given in Statement VII. (In case of abridged version, refer to enclosed CD for Statements).

3.3 Revolving Fund Assistance / Capital Support to MFIs by NABARD

NABARD had been providing financial assistance to MFIs by way of capital/equity support to help them to extend their outreach to the poor households and to enable them to leverage commercial borrowings from banks. The scheme was in operation since 2007-08. After the announcement by Government of India in its 2011-12 Budget, regarding creation of "India Microfinance Equity Fund" with SIDBI for the purpose, NABARD discontinued providing capital/equity support with effect from 1st April, 2011. Similarly, Revolving Fund Assistance (RFA) provided to MFIs by NABARD, for on-lending to poor was also discontinued. The outstanding against capital support provided stood at ₹ 10.36 crore to 37 entities and the RFA outstanding was ₹ 22.04 crore against 36 entities. Agency details are given in statements XI-A and XI-B. (In case of abridged version, refer to enclosed CD for Statements).

NABARD Financial Services Ltd. (NABFINS)

NABARD reiterated its effort to strengthen microfinance sector by continuing its assistance to NABARD Financial Services Limited (NABFINS), an MFI which commenced its operations in November 2009. NABARD is the major shareholder of the MFI, other shareholders being Government of Karnataka, Canara Bank, Union Bank of India, Federal Bank and Dhanalakshmi Bank. The Subsidiary was established with an objective of setting up of benchmarks and standards for NBFC-MFIs and to address issues of transparency in accounting and disclosures. Initially credit would be the core product and would endeavour to offer range of financial products and services in due course. During 2013-14, NABFINS disbursed loans to the extent of ₹642.90 crore to 17,027 SHGs through 162 Business and Development Correspondents. The cumulative disbursement as on 31 March 2014 was ₹1,310.44 crore to 38,056 SHGs. In addition, NABFINS also extended loans amounting to ₹11.37 crore to 37 second tier organisations like SHG Federations, etc. during the year. NABARD provided refinance of ₹331.89 crore to NABFINS during 2013-14 and refinance outstanding as on 31 March 2014 amounted to ₹538.50 crore.

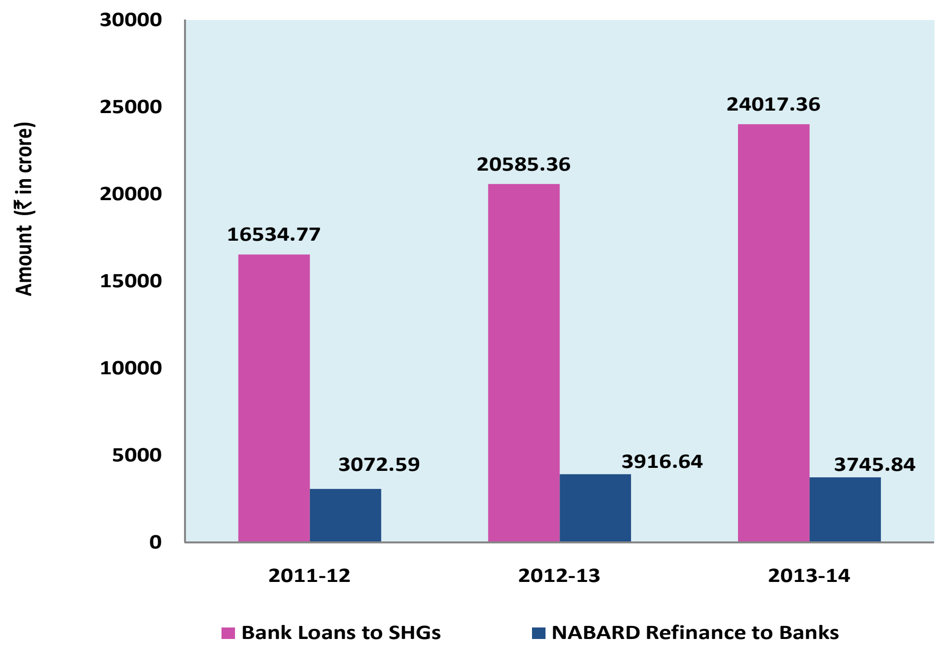
4. NABARD as microfinance facilitator

4.1 NABARD continued with its role as the main facilitator and mentor of microfinance initiatives in the country, particularly the SHG-BLP initiative. It continued to provide incentives/grant assistance for formation, nurturing and credit linking of SHGs with the banks, capacity building of various stakeholders through training, exposure visits, seminars, workshops etc. With the SHG-BLP now more than two decades old, NABARD intensified its efforts to promote sustainable livelihoods among SHG members by commissioning mapping of livelihoods in 5 districts in the country, intensified providing skill development training, facilitating creation of federation of SHGs to provide livelihood services. Emphasis was laid on positioning SHG-BLP as an effective financial inclusion tool by earmarking a portion of the grant assistance provided to SHPIs for facilitating opening of individual bank accounts of the members, pilots on appointing SHG members as BC/BFs, financial literacy training to SHG members etc., A glimpse of the facilitator role played by NABARD during 2013-14 is given below

4.2 Refinance to Banks

NABARD has been extending 100% refinance to banks towards their lending to SHGs to supplement their resources. Total loans issued by banks to SHGs and the refinance extended by NABARD for such loans is shown in the graph below. During 2013-14, NABARD extended refinance to the extent of ₹ 3745.84 crore forming 17% of the total refinance provided to investment credit during the year by NABARD as against ₹ 3917 crore disbursed during the previous year. Cumulative disbursement of refinance by NABARD for SHG lending now stands at ₹ 26,142 crore.

Fig. 7 : Bank loans to SHGs and NABARD Refinance to banks



4.3 Micro Finance Development and Equity Fund

4.3.1 The Micro Finance Development and Equity Fund (MFDEF) created in NABARD for funding promotional activities under the microcredit Initiatives was formally closed with effect from 31 March 2013, as suggested by Reserve Bank of India and Government of India. All expenditure hitherto booked under the MFDEF would be booked under the Financial Inclusion Fund of NABARD with effect from 1st April, 2013.

4.3.2 Expenditure on SHGs/JLGs - Funds utilised

'Financial Inclusion Fund', 'Women Self Help Group Development Fund' and 'Rural Promotion Fund' were utilised during the year 2013-14 for various microfinance related activities such as formation and linkage of SHGs/JLGs through SHPIs/JLGPIs, training and capacity building of stakeholders, livelihood promotion, documentation, awareness and innovations, etc. NABARD expended a sum of ₹ 51.34 crore during 2013-14 from these funds.

4.3.3 Support for training and capacity building of microfinance clients

NABARD gave due recognition to training and capacity building of various stakeholders such as bankers, NGOs, Government officials, SHG members and trainers. During 2013-14 more than 7,700 training programmes were conducted and about 1.86 lakh (1.32 lakh under

SHG-BLP + 0.1 lakh under JLG + 0.44 lakh under WSHG scheme) participants were trained. Cumulatively, around 32.20 lakh (31.51 lakh under SHG-BLP + 0.25 lakh under JLG + 0.44 lakh under WSHG Development Fund) participants have been imparted training as on 31 March 2014 leading to a strong back up team for implementation of the programme. The region-wise number of stakeholders trained by NABARD is given in Statement – VIII(A) to VIII(C). (In case of abridged version refer to enclosed CD for Statements).

4.3.4 Grant Support to Partner Agencies for Promotion and Nurturing of SHGs

NABARD extended grant support to NGOs, Federations of SHGs, RRBs, CCBs, PACS, Farmers' Clubs and Individual Rural Volunteers (IRVs) for promotion, nurturing and credit linkage of SHGs with the banks, since the beginning of the movement. Untiring efforts of all these agencies has led to spectacular growth of the movement and concept is known to vast majority throughout the country. The financial support extended by NABARD to various SHPIs till 31st March, 2014 is indicated in the Table below.

Table-6: Grant Support to Partner Agencies

(₹ lakh)

Agency	Cumulative Sanction up to 31.3.2014		Cumulative Achievement up to 31.3.2014	
	Amount	SHG Nos.	Amount	SHG Nos.
NGOs	22898.17	547382	7774.46	375966
RRBs	772.46	44038	186.30	37147

PACS	420.36	9053	14.49	73
SHG Federations	18.00	300	4.55	195
Total	**25585.68**	**702324**	**8479.34**	**483643**
Women SHG Scheme(in LWE affected & backward districts)				
Anchor NGOs	**19643.30**	**196433**	**2791.58**	**149820**

Agency wise, State wise details of grant assistance extended to partner agencies have been given in Statements – IX-A (i) - IX-H. (In case of abridged version, refer to enclosed CD for Statements.)

5. Other Initiatives

5.1 On-going Initiatives

5.1.1 Financing of Joint Liability Groups

Joint Liability Groups are informal groups of 4-10 members who are engaged in similar economic activities like crop production and who are willing to jointly undertake to repay the loans taken by the Groups from the Banks. Unlike in the case of SHGs, JLGs are intended basically as credit groups for tenant farmers and small farmers who do not have proper title of their farm land. Regular savings by the Group is purely voluntary and their credit needs are to be met through loans from financial institutions and such loans could be individual loans or group loans. Financing of JLGs was introduced as a pilot project in 2004-05 by NABARD in 8 States with the support of 13 RRBs. Apart from extending 100% refinance support to Banks, NABARD also extends financial support for awareness creation and capacity building of all stakeholders of this Programme. Besides, NABARD extends grant support for formation and nurturing of JLGs to banks and other JLG promoting agencies. As against 196539 JLGs promoted during 2012-13, JLGs promoted during

Success story on JLGs

Promotion of JLGs on cluster basis

Organising JLGs in a compact area on cluster basis, allows banks to supervise and monitor the groups with ease, also helps in providing handholding/training and capacity building of the JLG members. Few such success stories are appended.

JLGs of Fisher women in Udupi District, Karnataka State

Udupi branch of Corporation Bank in collaboration with NABARD commenced a project to form and link 350 JLGs to augment the flow of credit to poor fishermen/women.
JLGs of fisherwomen were formed and loans were provided for fish retailing activity; purchase of fish from fish landing centres and selling it in retail markets besides providing funding support to their husbands in repairing of boat/net, etc. Long term loan with a tenure of 35 months was provided. The branch has financed more than 350 JLGs to the extent of ₹ 16 crore. The Fisheries Department, Govt. of Karnataka has extended interest subvention on these loans.

The poor fisher women who were deprived of cheap and timely credit from formal credit structure could access credit for the first time after forming JLGs. Members of the JLGs were also enrolled as members of the 'Fishermen Cooperative Societies' (FCS).

JLGs of Landless farmers/marginal farmers in Odisha State

Odisha Gramya Bank has been sanctioned with a project to form and finance 5,200 JLGs with a grant assistance of ₹ 104 lakhs by NABARD. Committed staff of the bank encouraged women folk to organize themselves as SHGs, it promoted men folk to form JLGs, although JLG scheme allows for exclusive men/women group/mixed group. It has credit linked more than 11,200 JLGs and the cumulative loans disbursed aggregated to ₹ 7,130.00 lakhs.

2013-14 were 207871 making the cumulative number of JLGs promoted by NABARD and financed by banks to 672224 as at the end of March 2014. Acknowledging the good work done by NABARD and the financing banks in financing of JLGs, the Hon. Finance Minister announced (see box below) financing of 5 lakh JLGs of Bhoomi Heen Kisan (Landless Farmers) during 2014-15 while presenting the Union Budget for the year in July 2014. Fresh loans to the extent of ₹ 2220.16 crore were disbursed to these groups during the year (₹ 1837.64 crore during the previous year- an increase of 21%) taking the cumulative loan disbursed to JLGs to ₹ 6775.72 crore. The growth of JLGs in the country is less skewed than the SHGs. Although the Southern States top the list with over 2 lakh JLGs organized so far, Eastern Region closely follows with 1.80 lakh JLGs. In terms of actual loans disbursed, however, Southern States account for nearly 55% of the total loans disbursed.

"As a very large number of landless farmers are unable to provide land title as guarantee, institutional finance is denied to them and they become vulnerable to money lenders' usurious lending. I propose to provide finance to 5 lakh joint farming groups of "Bhoomi Heen Kisan" through NABARD in the current financial year".

Shri Arun Jaitley, Finance Minister, GoI, in his Budget Speech – July 2014

With a view to sensitise the stakeholders of the JLG programme, NABARD had been arranging training programmes and exposure visits to successful JLGs, to the functionaries of these

Institutional Credit to Landless Farmers through JLGs

By Shri. S.L. Kumbhare, Retired CGM, NABARD

NABARD propagated the concept of Joint Liability Group (JLG) in 2004-05 with a view to developing effective credit product for mid segment clients like tenant farmers, share croppers, oral lessees, farmers who do not have access to proper land records. Based on the experience, the concept was operationalized in 2006-07.

Over the years, the reducing size of average operational land holdings has raised concerns about viability of farm investments. One of the plausible solutions to this issue could be to accelerate formation and nurturing of collectives of joint farmers' groups through JLG mode of financing.

The union budget for the year 2014-15, has announced financing of five lakh Joint farming groups of bhoomi heen kisan by banks during the year. This has endorsed the efforts of NABARD, made during last one decade to meet the credit requirements of mid-segment clients who may not have any collateral security to offer and encouraged banks to provide adequate credit to bhoomi heen kisan (landless farmers) in order to increase agriculture production and productivity.

Advantages to Banks and the asset-less poor

- ✓ Social collateral replaced collateral security over which enforcement of claims is ineffective in case of small loans.
- ✓ Peer selection addresses the issue of adverse client selection and recovery of loan
- ✓ Serves as transaction aggregation and cost reducing mechanism both for the banks as well as for the borrowers.

Approach for promotion of JLGs

- ✓ Banks may promote and finance JLGs on a cluster basis for agriculture as well as activities allied to agriculture and non-farm activities. This will help in training and improved monitoring of these groups, enable these groups to aggregate into Producers' Groups at a later stage. Such an approach may help the JLGs to contribute positively to the agricultural value chain and enhance agricultural production and productivity by leveraging on economies of scale. This approach would be particularly effective in command areas of developed watersheds, tribal area schemes and product based clusters.
- ✓ Banks have the option to finance members of the JLG individually, making all the members jointly and severally liable for the loans taken by each member of the group; alternatively finance may be given to the group which in turn would lend to individual members, making all the members jointly and severally liable for the loans taken by the group.

Strategies for promotion of JLGs

Strategies for formation and financing of JLGs may, inter alia, include the following.

- ✓ Organising JLGs on a cluster basis in compact area which allows for ease of monitoring and providing handholding services.
- ✓ Enter into collaborative arrangements with the interested banks for organising and financing JLGs.
- ✓ Despite SHG being a socio-financially homogeneous group, few members may graduate faster to start or expand economic activities, requiring much higher levels of credit than needed by others. These households needing larger dose of credit and promoting "JLG" from amongst the members of a SHG could be an option.
- ✓ Business Facilitators could be used to organise vulnerable segments into JLGs and linking with banks, as suggested by Committee on Financial Inclusion (2008).
- ✓ NGOs can promote JLGs and link them to banks under incentive scheme of NABARD. Banks' own staff may also organise JLGs and provide them credit support.
- ✓ Awareness creation and training for all the stakeholders need to be undertaken

institutions including financing banks. Nearly 25000 personnel have already been benefitted from these trainings and exposure visits.

In order to help the financing banks in making proper assessment of JLGs before extending loans to these groups, a suggested 'model appraisal norms' was circulated among all the RFIs during the year.

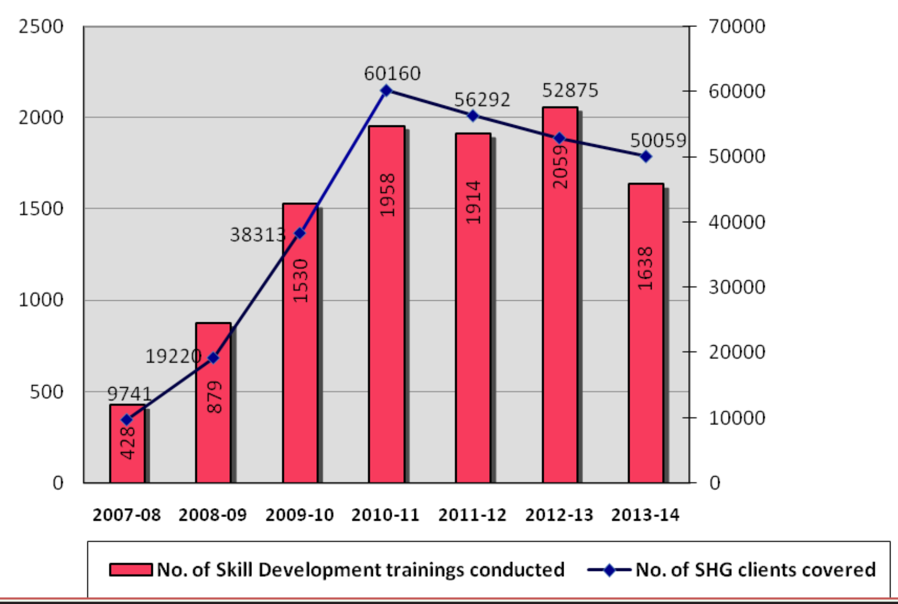
during 2013-14	353.62	291.45	1277.93	709.17	426.41	3717.15

5.1.2 Micro Enterprise Development Programme

Skill development is an important tool in improving the employability and enhancing productivity of the working poor and thereby reducing poverty and exclusion. Rural poor women typically face difficulties or discrimination in accessing good quality training.

Keeping the above in view, NABARD launched Micro Enterprise Development Programme in 2006 to nurture the entrepreneurial talents of members of mature SHGs to set up and run micro enterprises as a livelihood option in farm or non-farm sector, either on individual basis or on group basis. NABARD has been supporting need based skill development programmes for matured SHGs which already have access to finance from banks. To facilitate poor women to undergo said training programme even while attending to their day-to-day chores/family responsibilities, the training is organised locally at a place near to the place of dwelling of the participants and they attend the training during day time. The programme attempts to bridge skill deficits and facilitates optimization of production activities already pursued by the SHG members. Eligible training institutions and SHPIs identify potential economic opportunities, design and deliver the training. Brief inputs on enterprise related soft and hard skills are provided during the training. Grant is provided to eligible training institutions/SHPIs to provide skill development training. Nearly 10,600 skill upgradation training programmes have been conducted under this initiatives covering about 2.91 lakh members of matured SHGs up to 31st March, 2014.

Fig. 9: No. of Skill Development Trainings conducted and clients covered



5.1.3 Pilots on Digitisation of SHG books of accounts

Efforts are being made to leverage technology to bring qualitative change in SHG-BLP and transparency in SHG book-keeping.

Incentives to SHPIs for digitization of SHG books of Accounts:

In order to encourage SHPIs/SHGs to switch over from manual writing of books of accounts to e-book keeping, additional incentive to both SHPIs and SHGs by way of grant specifically for this purpose is being provided. Grant assistance provided by NABARD to SHPIs for formation, training and credit linkage of SHGs under SHG-BLP has been revised to ₹10,000/- per group which includes an incentive of ₹600/- for adopting e book-keeping and this portion would be released based on the outcomes over a period of two years.

Two pilots on digitisation of SHG books is also being implemented, of which one is tablet based and the other is based on mobile.

Mobile Based e-book keeping for SHGs

It is a web/SMS based book keeping product using mobile phone as the front end for SHGs and Personal Computer as back end for NGO's/Federations, Government and Banks. The application

SHG MEMBERS AS 'LEGAL JANKARS' – BARE FOOT JUSTICE

Chaitanya, a developmental organisation established in 1993 as a Trust in Maharashtra has developed a platform to address cases of domestic and family violence against women at community level through "Legal Jankar". It is the realisation that mere enactment of laws to protect women against domestic violence, does not ensure enough protection to women, especially the rural women due to barriers like expensive, lengthy, abstract, tedious and difficult processes involved in seeking legal protection – often quite intimidating too, that prompted Chaitanya to develop this community platform for the victims of domestic violence/abused women as a locally run reliable support system for women in crisis. 'Jankar' means 'a person with knowledge about a specific subject'. Legal Jankars are not lawyers or judges, but are ordinary women members of a SHG trained in accessing legal rights of women under various enactments with counselling skills to deal with the victims of violence. This bare foot legal counselling helps the victims to openly discuss their woes with a fellow woman and thus acts as a facilitator for ensuring justice to them without going through the complicated and time consuming formal legal system. Selected SHG members are provided year long training on the legal system relating to women rights with periodical examinations and assessments before they are designated to serve as "legal jankars". There are 10 counselling centers with 385 certified legal jankars in 7 Districts of Maharashtra.

Legal Jankars deliberating

Live counseling session

Simple processes for seeking justice is the central point of the programme. Aggrieved women approaches the Jankar and shares her story. Once the jankar records the grievances of the victim, notices are served on the perpetrators to attend a counselling session under intimation to the Sarpanch of the village and the village committee. In case the perpetrators refuse to attend the counselling session after repeated summons, the cases are reported to the police and the defendants are made aware of the legal consequences of their actions. Group of women led by the legal jankar then visits the houses of the perpetrators to discuss and resolve the problem. Thereafter family counselling sessions are also held with all family members present to work out a solution and a formal agreement is arrived at and signed by the parties concerned. The legal jankars are involved in following up the cases to ensure that the agreements arrived at are complied with by all family members. The system is working well in the villages covered and Chaitanya is planning to expand this pilot to more villages.

helps SHGs to maintain their financial transaction electronically in the local language and allows ease of monitoring to all stakeholders. All stakeholders can monitor the progress through separate login IDs in website created for this purpose. The daily attendance register, loan ledger, pass book etc can be printed from the website. The SHG is given a copy of the reports at the next meeting. The pilot was implemented for 100 SHGs in Dharampuri district in Tamil Nadu.

The project has been upscaled on a “pay as you use” basis for 10,000 SHGs where an SHG will be paying ₹ 35/- per month for the services and NABARD would be contributing ₹ 5/- p.m for first two years.

Tablet PC based e-book keeping for SHGs.

This is a web/tablet enabled SHG book keeping solution implementedd for 100 SHGs in Maharashtra State. The tablet will be used by field staff of NGOs to maintain and update SHG’s data and it would facilitate the monitoring of SHGs. SHG can also access copies of financial transactions, final accounts etc. on payment of nominal fees. Various graphical as well as analytical reports can be generated which helps to monitor the SHG at micro level.

The project has been upscaled on a “pay as you use” basis for 50,000 SHGs where an SHG will be paying ₹ 35 per month for the services and NABARD would be contributing ₹ 5 per month for first two years.

5.1.4 Pilot Project on managing over indebtedness and debt trap of poor households

A Pilot Project to help 500 over-indebted rural households in Kamareddy cluster of Nizamabad district, Andhra Pradesh to come out of their debt trap through effective financial education, credit counselling, debt swapping, voluntary saving and other livelihood initiatives is being implemented through Andhra Pradesh Mahila Abhivruddhi Sangham (APMAS), Hyderabad. As a part of this project, a survey was conducted by APMAS among the target households which revealed that 51 per cent of the annual household cash receipts are through loans and borrowings, followed by 41 per cent from various income generating activities and 8 per cent from other sources. On the household expenditure side, the survey revealed, that consumption and social needs account for 51 per cent followed by repayment of loans - 27 per cent, investments in economic activities - 21 per cent and savings for future needs at 1 per cent. It was observed that 71 per cent of the total borrowings of rural poor were sourced from informal channels like money lenders, relatives, chit funds, etc. The survey further brought out that unexpected expenditure on health and low returns from agriculture due to failure of crops / rains, spurious pesticides, wild animal attacks, low output prices etc., are major factors behind the households falling in debt trap and defaulting in repayment of their loans.

Special Initiatives in backward region

5.1.5. Scheme for Promotion of Women SHGs in backward districts of India

NABARD, in association with the Department of Financial Services, Ministry of Finance, Govt. of India formulated a scheme for promotion and financing of Women Self Help Groups to be implemented in 24 selected backward districts (later extended to 150 districts) of the country. The USP of the new scheme is that it provides for selection of an anchor NGO in each of the district selected, not only for promoting and enabling credit linkage of these groups with banks (like any other SHPIs under SHG-BLP of NABARD), but also serving as a business facilitator for extending outreach of the banks, regular monitoring of the SHGs promoted and also being responsible for repayment of loans by SHGs to banks. This approach is expected to facilitate sustained financial inclusion by extending banking services to women members of SHGs, promote sustainable livelihood opportunities to the members and facilitate effective implementation of other social development programmes for women through SHGs. Statement IX-A(ii) indicate the progress under the scheme as on 31 March, 2014. (In case of abridged version, refer to enclosed CD for Statements).

Ministry of Rural Development, Government of India have since agreed to bear additional 5% interest on loans extended by banks to SHGs under this programme towards the service charges payable to the anchor NGOs thereby reducing the interest burden of SHGs on their loans. The expenditure involved in this connection would be met by State Rural Livelihood Missions (SRLMs) out of their National Rural Livelihood Mission (NRLM) grants.

5.1.6. Priyadarshini Programme

NABARD is the Lead Programme Agency for implementation of Women Empowerment and Livelihood Programme in Mid Gangetic Plains, known as 'Priyadarshini Programme'. The programme involving a total outlay of US$ 32.73 million is assisted by International Fund for Agriculture Development (IFAD) and Ministry of Women and Child Development (MWCD), Government of India. It is being implemented in five districts of Uttar Pradesh (Bahraich, Rae bareli, Shravasti, Sultanpur and Amethi) and two districts of Bihar (Madhubani and Sitamarhi). It envisages holistic empowerment of around 1.2 lakh rural poor women and adolescent girls through formation and nurturing of around 12,000 SHGs over a period of eight years. NABARD engaged resource NGO for the purpose of capacity building of the programme staff and field NGOs for implementation of the programme at the grass root level. A total number of 47 Community Service Centres, each covering about 200-250 SHGs, have been set up in the programme area. The field NGOs have formed a total of 9,129 SHGs as on 31 March 2014, of which, 6,861 SHGs have been savings linked and 3,071 SHGs credit linked. An amount of ₹ 394.81 lakh was released as seed capital to 3,122 SHGs. A total number of 3,020 training programmes on group dynamics, social issues, book keeping, skill development, life skill development, legal aid, gender issues, exposure visit within the State, etc, were conducted covering 79,813 SHG members. The progress under the programme is reviewed by MWCD, GoI, IFAD and Senior Management of NABARD regularly. Two funds viz., Innovation Fund and Community Asset Fund have been set up under the programme for promotion of community level institutions and livelihood activities. A sum of ₹ 32.05 lakh was spent out of the Innovation Fund as on 31 March 2014.

5.1.7 Rajiv Gandhi Mahila Vikas Pariyojana

NABARD continued to support Rajiv Gandhi Mahila Vikas Pariyojana (RGMVP), a special initiative of the Rajiv Gandhi Charitable Trust (RGCT) for promotion and credit linkage of SHGs and formation of SHG Federations in select districts of Uttar Pradesh in association with participating banks. There were 1,05,996 women SHGs promoted under this programme till 31.3.2014, of which, 34,417 were credit linked. Further, 4,142 cluster level organisations and 115 block level organisations were also set up under the programme.

5.1.8 Action Research project: Access and affordability of credit with/without mentoring for poverty reduction.

An Action Research project to study the impact of repeated doses of microcredit on the economic well-being of rural women was sanctioned to "Rang De" an on-line social investment portal. Under the project, 300 beneficiaries having an annual income of less than ₹ 40,000 are to be provided recurring doses of loans over a period of three years. The project is being implemented in three States viz., Bihar, Maharashtra and Madhya Pradesh covering 100 beneficiaries each. Mentoring on business skills and handholding would be done in case of 50 per cent of the beneficiaries for a period of three years to see the impact. So far ₹ 26.39 lakh has been disbursed to 285 beneficiaries leading to establishment of a number of micro enterprises. An Illustrative micro enterprise that came up in Pusad block of Yavatmal district, Maharashtra is given in the box below.

Realising Dreams...

Vaishali Ilame is a trained beautician from a poor family and a member of the Self Help Group in her village in Pusad block, Yavatmal district of Maharashtra State. Confident of her skill as a Beautician, she wanted to stand on her own foot, by opening a Beauty Parlour in Pusad village. Though technically skilled, she did not know how to go ahead and start a new business venture, nor did she have the financial resources to start one. She approached the volunteer from "Rang De" – a voluntary agency providing necessary guidance and financial support to budding rural entrepreneurs under a NABARD assisted project, to help her realise her dream. Seeing her determination to succeed in life, "Rang De" approved a loan of ₹8000 to her through the SHG to start a Beauty Parlour and gave her the mentoring support on how to set up and run a Parlour. With this loan and her own savings, she set up a Parlour with necessary furniture and cosmetic chemicals. She was provided expert advice on running the enterprise, keeping the accounts, pricing her products and marketing her services by Rang De.

Within a short time, she earned a good name as an expert beautician and her business has now expanded and she is looking for employing a couple of other girls to help her in her work. She is also in high demand for training other women like her in setting up their own beauty parlours. She attributes all the success to the timely help extended by "Rang De" and NABARD and wish more women to come up in life through their own ventures.

5.2. New Initiatives during the Year:

5.2.1 Studies conducted

5.2.1.1 Findings of the study on "SHG Federations as Livelihood Promoting Organisations".

While there is universal recognition of SHG-BLP as a tool to unleash the power of self help in gaining access to basic financial services like savings and credit to the rural poor, especially the women, in India, its role in catalysing better livelihood opportunities for the poor group members and improving their income levels is yet to be widely assessed or understood. This is notwithstanding the fact that a number of individual success stories have been published highlighting the entrepreneurial talents exhibited by many SHG members. In fact, there is a great concern being expressed by many that enough attention has not been paid to focus on creation of more, better livelihood opportunities through SHG-BLP in the past. It is in this context that NABARD commissioned a study on "SHG Federations as Livelihood Promoting Organisations "in Madhya Pradesh and Tamil Nadu (the former representing a resource poor region and comparatively new to SHG-BLP while the latter is a more progressed State with a long history of SHG functioning).

The Study was conducted by 'Institute of Livelihood Research and Training' (ILRT). The study revealed that while there have been visible impact of the working of these federations on the members of SHGs in accessing basic financial services like savings, credit and even micro insurance, there have been limited interventions in the area of identification and promotion of more livelihood opportunities for the members. Only a few federations offered such services like promotion of mushroom cultivation, poultry, grading, processing and marketing of agriculture produce. Still fewer number of federations were involved in providing value added services such as skill building of members, market linkages, extension services, institutional linkages, value addition to existing farm/ non-farm activities, livelihood advisory services etc.

The study recommends broad basing of the activities of the federations to include skill (technical as well as entrepreneurial) building of its members and institutional support to SHGs for promotion of new livelihood opportunities and value addition to the existing activities of its members along with providing the basic financial services as hitherto. In order to achieve this, it recommends uniform norms to be laid down for establishing SHG federations with broader objectives while strengthening intermediate institutions like Village Level Committees, cluster level institutions, etc.

5.2.1.2 Findings of the study on "Quality & Sustainability of SHGs".

Another study commissioned by NABARD during the year was on "Quality & Sustainability of SHGs" in the States of Bihar and Odisha (both resource poor states). The study was conducted by (APMAS). The study observed that there is exclusive focus on "formation and bank linkage of SHGs" for which promotional funds have been made available. Hardly any attention is paid to "further strengthening" of the group activities by the SHPIs. Some other findings of the study are:

- Rotating the leadership within the SHG, an important characteristic of SHG-BLP, is minimal in the SHGs visited and selection of the leader by members is done by applying multiple criteria.
- Nearly 50% of SHGs are able to maintain their books of accounts themselves while in other cases help is sought from outside including SHPI volunteers. Updation of the books of accounts is slow in most cases.
- Almost of 55% of the savings harnessed from members are lent internally while the balance is kept in the SB accounts with banks. The average savings of all SHGs is ₹30860 with groups formed under Government sponsored programmes reporting higher savings
- SHGs in Bihar observed to have special savings for education/ health purposes - something unique for SHG-BLP.
- The groups are engaged in internal lending as well as lending through access to bank credit. The average repayment of credit from banks is 62% (67% in Bihar and 56% in Odisha) and groups formed under Government Programmes fare worse than other groups.
- While more than 50% of the sample SHGs never had access to bank credit, only 30% of the groups had outstanding bank loans. The quantum of bank loans to SHGs was also very low in these states.
- There is greater appreciation of the role played by SHGs evident from invitation to attend Gram Sabhas, Panchayat meetings, etc.

- Overall, SHGs in these States have been able to achieve better thrift habit, better access to credit and improvement in health and education of family members.

5.2.2 Implementation of National Rural Livelihood Mission (NRLM) and Scheme for Interest Subvention to Women SHGs.

The Ministry of Rural Development (MoRD), Government of India launched the National Rural Livelihood Mission (NRLM) by restructuring Swarnajayati Gram Swarojgar Yojana (SGSY) with effect from 1 April 2013 (RBI circular no. RBI/2012-13/559 dated June 27, 2013). NABARD issued guidelines to RRBs and Cooperative Banks on the issue. NABARD is also implementing the Interest Subvention Scheme for Women SHGs under the National Rural Livelihood Mission (NRLM), for Regional Rural Banks (RRBs) and Cooperative Banks.

Category I districts (150 districts):

Under the scheme, in the identified 150 districts all the Women SHGs promoted by NRLM or other Central or State Government line departments or NGOs or by NABARD under WSHG programme of DFS and other promotional programmes, which are linked with the banks, will be eligible to avail the benefits of the scheme. Accordingly, Women SHGs, are provided loans up to ₹3 lakh at an interest rate of 7% p.a. The Women SHGs are also eligible for an additional subvention of 3% if they repay in time, thereby reducing the effective rate of interest to 4% p.a. The RRBs and Cooperative Banks will be subvented to the extent of difference between their lending rates and 7% (subject to a maximum of 5.5% p.a).

Category II districts (other than 150 districts):

In Category II (other than 150 districts), all NRLM compliant Women SHGs will be eligible for interest subvention for loans up to ₹3 lakhs at an interest rate of 7%. In these districts, banks will charge the SHGs as per their respective lending norms and the difference between the lending rates and 7% will be subvented to the loan accounts of the SHGs by the State Rural Livelihood Missions.

5.2.3 Assessing of SHGs/ JLGs for bank finance

Financing of SHGs by banks has undergone a paradigm shift with the spread of the SHG Bank linkage programme across the geographic regions, substantial increase in the quantum of credit disbursed and adoption of cash credit system of lending to SHGs resulting in increasing delinquencies in SHG financing. A fresh look at the existing norms for assessing SHGs for credit linkage was felt by the financing agencies for some time. Accordingly, NABARD undertook an exercise to revise the norms for assessing of SHGs and commended the revised norms for adoption by RFIs with suitable modifications as they deem fit.

Similarly, NABARD also prepared assessing norms for financing of JLGs based on the experience of the existing JLGs and these norms were circulated among RFIs during the year for their use.

5.2.4 Rural Financial Institutions Programme (RFIP)

5.2.4.1 The Rural Financial Institutions Programme (RFIP) - a bi-lateral cooperation programme between NABARD (representing GoI) and GIZ (representing Government of Federal Republic of Germany) is in operation since 2008-09, to facilitate effective financial inclusion of low-income households. Under the collaboration, a pilot project on "SHG members as BC/BF" has been launched with the twin objectives of (i)improving the BC model and (ii)bringing about convergence between SHG and financial inclusion. The Business Correspondent (BC) model forms the corner stone of India's financial inclusion strategy. Although, remarkable progress is made by banks in engaging large number of BCs, significant challenges like attrition, dormancy of BC (especially in the rural areas) due to non-viability are high. The pilot addresses these problems.

Bank Sakhi in action

Taking advantage of good SHG network developed by 'Rajiv Gandhi Mahila Vikas Priyojana' (RGMVP) and 'Gramin Bank of Aryavart', Uttar Pradesh(UP), SHG women members have been trained and capacitated to act as bank agents (Bank Sakhis). Technology Service Provider (TSP) works as Corporate BC and facilitates necessary technical training to SHG members identified to work as Customer Service Points (CSPs). These CSPs being SHG members, have the support of entire community leading to building of trust and high reliability essential for sustainability of the BC model. Local women feel confident to approach their own members for doing banking transaction. Already more than 8,000 clients spread over 85 villages have been enrolled.

Encouraged by the success in UP, similar pilot has been commenced in Indore, Madhya Pradesh in collaboration with 'Narmada Jhabua Gramin Bank' and Priya Sakhi Mahila Sangh'- an SHG federation.

5.2.4.2 Financial Awareness and Educational Toolkit for SHGs

Under the RFIP programme, a Toolkit for Financial Awareness and Education of members of Self Help Groups was prepared and launched during the year. The kit includes games, posters, charts and brochures containing Financial Literacy topics and also topics like domestic violence and importance of girl child education. It is intended to assist community resource persons in forming and nurturing SHGs with financial literacy, in making the members understand concepts, processes and procedures of Self Help Groups. The kit could be used by all stakeholders of SHG-Bank Linkage programme according to their needs.

Livelihoods promotion by JEEVIKA.

Livelihoods programme "JEEVIKA" is implemented by 'Bihar Rural Livelihoods promotion Society' (BRLPS) in six districts of Bihar covering 5 lakh families across 4,000 villages in 42 blocks since 2007. The strategy is to organise poor women into community institutions viz., SHGs at the primary level, federated at the village level by forming Village Organisations (VOs) which are then federated into cluster level federations (CLF). The CLF provide needed business services/ marketing linkage to promote livelihoods among the members. A producer group is formed for 10-15 SHGs for a particular produce by organising interested members from different SHGs. Many such producer groups in farm sector/off-farm sector have been formed and are rendering useful services to the members.

Poultry farming, which is an integral part of rural households (for food as well as income) is promoted by BRLPS in a novel way through Producer group located in Katari Village, in Nalanda block of Biharsharif district is detailed below.

The KEGG Farm Pvt. Ltd., Gurgaon based firm which developed "Kuroilers" (See box) has entered into MoU with CLFs promoted by BRLPS. The former would supply 'Day Old Chicks' (DOC) to CLFs which makes arrangement for rearing 1500 to 4500 DOC upto 28 days by a poultry farmer having suitable infrastructure and makes payment of rent for this service. After rearing for 28 days, the chicks are supplied to members of SHGs for further rearing. One of the SHG member is trained as poultry resource person. She would visit the poultry farmers, regularly provide medicine and guidance in case of need. Each egg fetches ₹ 6/- in the local market and chicken is sold after 06 months or earlier depending upon the financial need of the members.

Kuroilers birds

The Kuroiler is a hybrid breed of chicken developed in India. Kuroilers, is a dual-purpose breed producing meat and eggs, can live on a diet of kitchen and agricultural waste, and produce around 150 eggs per year whereas native Indian hens lay only 40 per year. The meat yield per bird of Kuroilers is also greater; males/females weigh approximately 3.5 kg/2.5 kg. Kuroiler is resistant to diseases. The maturity period is about 10 weeks. The kuroiler chick is a potential bio-converter of no cost agricultural, household and natural waste abundant in villages - into human protein food and substantial incomes for rural households.

Kuroilers have become popular in certain rural areas of India, including Uttar Pradesh, Jharkhand, West Bengal, Mizoram, Chhattisgarh, Meghalaya and Uttarakhand. Large numbers of landless or smallholder farmers - primarily women - rear these chickens as a full-time or part-time business.

A framework for financing livelihoods of SHG members

-By Shri. N. Srinivasan, Independent Consultant, Rural Finance

Financing livelihoods of SHG members requires different institutional and product designs.

Institutional Designs

- Institution should facilitate backward and forward linkages in livelihoods.
- Voluntary organisations with focus on the vulnerablity and affinity for small persons are the appropriate institutional types; State interventions usually suffer from aggravated supply side assumptions.
- Viability of livelihoods depends on availability of inputs and access to markets for outputs.
- The SHGs, on account of their ability to aggregate demand, are ideally suited for cost-effective delivery of services that make livelihoods viable. Higher tier institutions of SHGs such as federations or producer companies have been used well in a few locations to support livelihoods.

Financial products

- The existing cash credit system of lending to SHGs is not suitable for supporting investment requirements. Short term EMI repayment loans are suitable for trade and business type livelihoods where the trade turnover provides the cashflows to meet monthly repayments.
- In case of investments that pay back over a longer term the SHG loan structures are not suitable. Rearing of goats, poultry farming, pig rearing, or farm based activities have lumpy cashflows, and might require a longer repayment period without monthly installments.
- At present, SHG loan size is too small to support a complete livelihood adequate to support a family.
- The product design should address two levels – products for the individual members of SHGs given by the groups and products for SHGs given by banks that will facilitate on lending.
- Finance, which is a critical part of livelihoods effort, has to be channeled through organisations with a field presence and patience to work with small ticket customers over long periods.
- Subsidisation of interest rates on loans, distorts the ground realities, encourages borrowing without a clear purpose and consequent misutilisation.

Federation of Self Help Groups: Progress and Way Forward

-By Dr.Sudha Kothari and Kalpana Pant, Chaitanya

In its journey of more than two decades of self help group movement in the country, new institutional structures have evolved in the form of SHG federation. There are more than 1.78 lakhs federations across the country. Of this 96% are formed through aggregation of groups at the village level and balance comprise the federations of primary level federations, at the block/sub block level. The district level federations are negligible. Number of Federations are more skewed in favour of Southern and Eastern Regions.

Perspective of GoI on Federations: National Rural Livelihood Mission promotes and facilitates formation of Federation of SHGs for providing various services to SHG members.

Perspective of NABARD on Federation of SHGs: NABARD has been encouraging and supporting model neutral SHG Federations for various developmental interventions like facilitation and capacity building of their constituent SHGs/members, business development services and strengthening of SHGs.

Perspective of Civil Society Organisations on Federation of SHGs: Federations promoted by some of the civil society organisations facilitated SHG bank linkage, while others are engaged in providing direct financial services also. Federations are able to provide multiple services efficiently to the members, establish linkages with other institutions and are a platform to source information for the members.

Issues with Federations

- It is generally observed that these institutions are effective in providing a range of services to the members and extremely relevant but not financially sustainable institutions.
- The SHGs as well as federations have been plagued by poor Management Information System (MIS) which has adversely affected its monitoring and management capacities. SHG Bank linkage has limitations in meeting the credit needs of the members, and federations are not recognised as financial intermediaries by the banks. There is need to provide support for rating of federations, to build confidence of financial institutions.

Legal Structure

- Federations unless registered as a cooperative society, cannot mobilise deposits. The federations, despite being community owned and governed, are still struggling with appropriate legal form to become a legal entity that can provide financial services to its members.
- Standards have been developed for MFIs and also for SHGs. No attention paid to standards for the SHG federations, by the mainstream institutions. There is a need to develop a set of standards and build consensus around the same across various institutions.

6. Poverty and SHG Penetration

In this section, we look at how the penetration of SHG-BLP is related to poverty in different Regions / States. Although SHG-BLP cover people below the poverty line as well as those marginally above BPL, comparison has been made with reference to the BPL population for which state-wise data is available. Number of persons below the poverty line for the year 2011-12 published during 2013 by the Planning Commission, GoI, estimated as per the methodology recommended by Tendulkar Committee has been followed for the analysis (see the table below). The penetration of SHGs have been arrived at based on the number of savings linked SHGs per lakh BPL population and number of credit linked SHGs (those having credit outstanding with banks as on 31.3.2014) per lakh BPL population.

Table : 7 Statewise population below poverty line - 2011-12

(No. of persons in lakhs)

Sr. No.	States/UTs	No. of BPL persons (rural + urban)	Sr. No.	States/UTs	No. of BPL persons (rural + urban)
1	Chandigarh	2.35	18	Jharkhand	124.33
2	Haryana	28.83	19	Odisha	138.53
3	Himachal Pradesh	5.59	20	West Bengal	184.98
4	Jammu & Kashmir	13.27	21	Chhattisgarh	104.11

6.1 SHG penetration in different regions

Region-wise analysis shows that Southern Region with 11679 savings linked SHGs per lakh BPL population is well above the rest, the lowest being the Central Region with 724 SHGs. The corresponding figures of credit linked SHGs are 7018 and 443. The skewness in the penetration of SHGs is quite evident as shown in Fig.10.1 below:

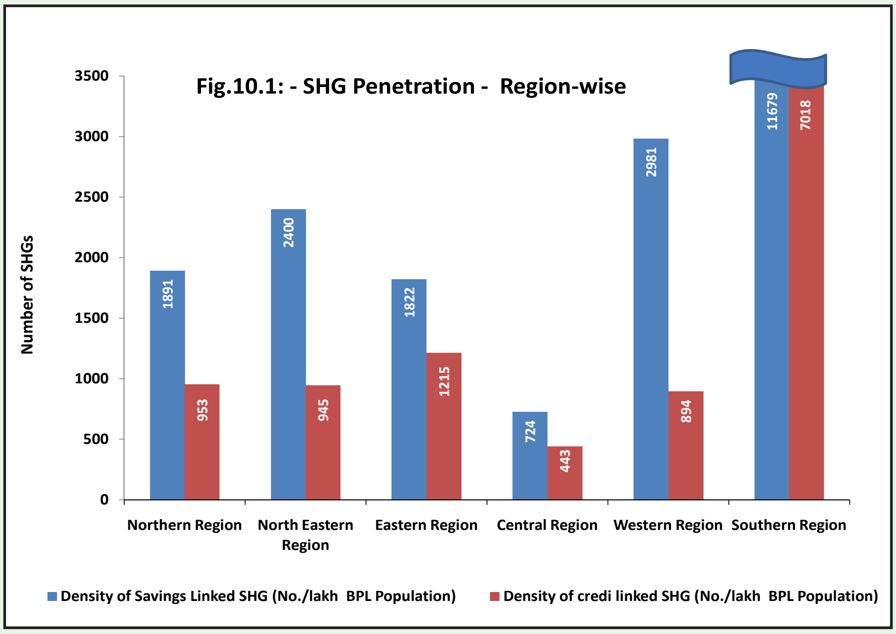

Fig.10.1: - SHG Penetration - Region-wise

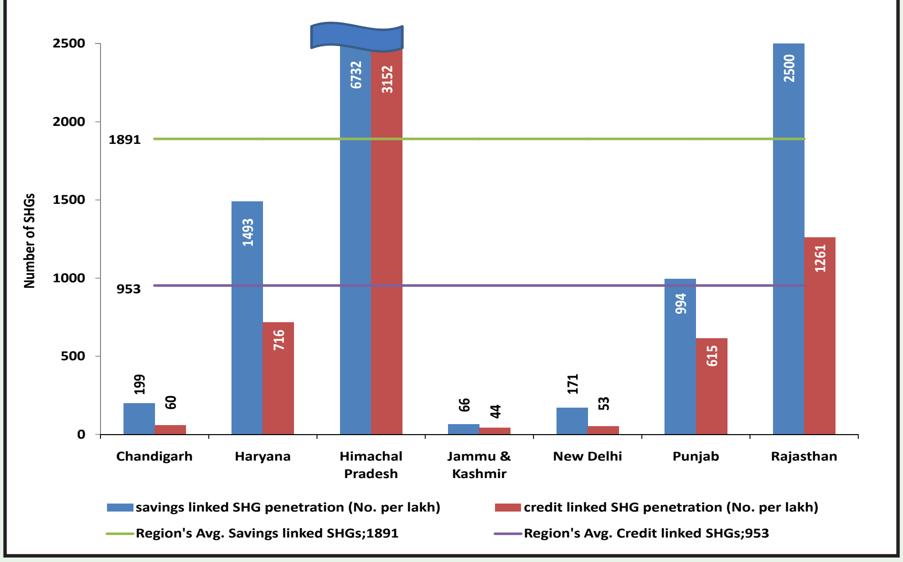
An intra-region analysis of the same set of data indicate wide variations among the States within the region. The Fig. 10.2 to 10.7 shows graphical representation of the intra-region differences in SHG penetration across all regions.

6.2 Intra Region SHG penetration – Northern Region

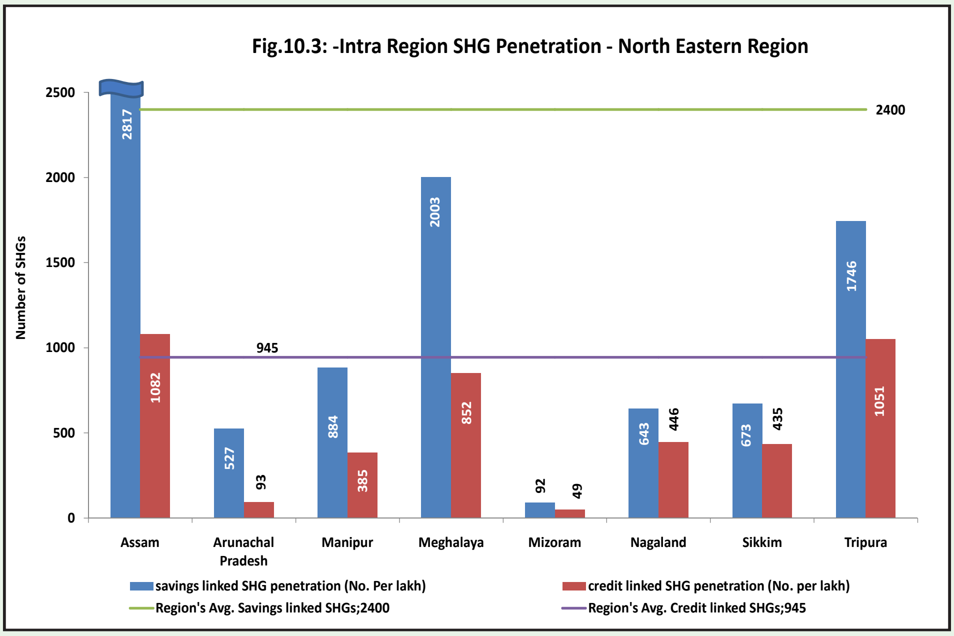
Himachal Pradesh has very high penetration compared to all states in the region (6732 SHGs savings linked per lakh BPL population) while Jammu & Kashmir the lowest at 66 SHGs only. Rajasthan with 2500 SHGs is the second most SHG covered state in the region.

Fig.10.2: -Intra Region SHG Penetration - Northern Region



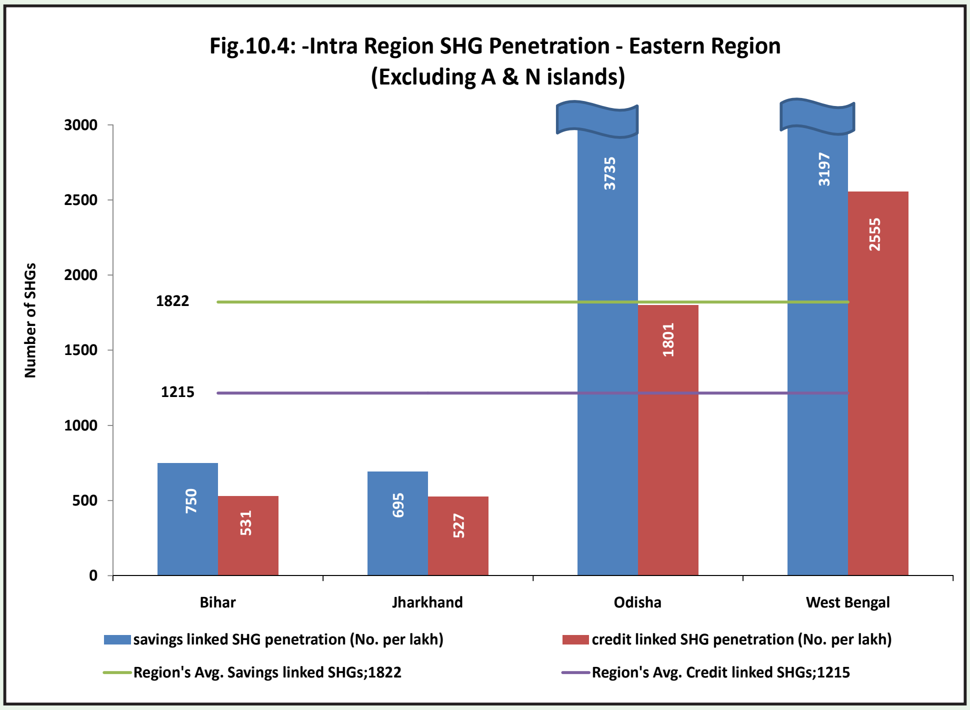
6.3 Intra Region SHG penetration – North Eastern Region

States like Assam, Meghalaya and Tripura top among the states. While Assam has reported 2817 SHGs Savings linked per lakh BPL population, Mizoram is at the lowest with only 92 SHGs. NE States have also lesser number of SHGs credit linked compared to SHGs savings linked when compared to other regions.



6.4 Intra Region SHG penetration - Eastern Region

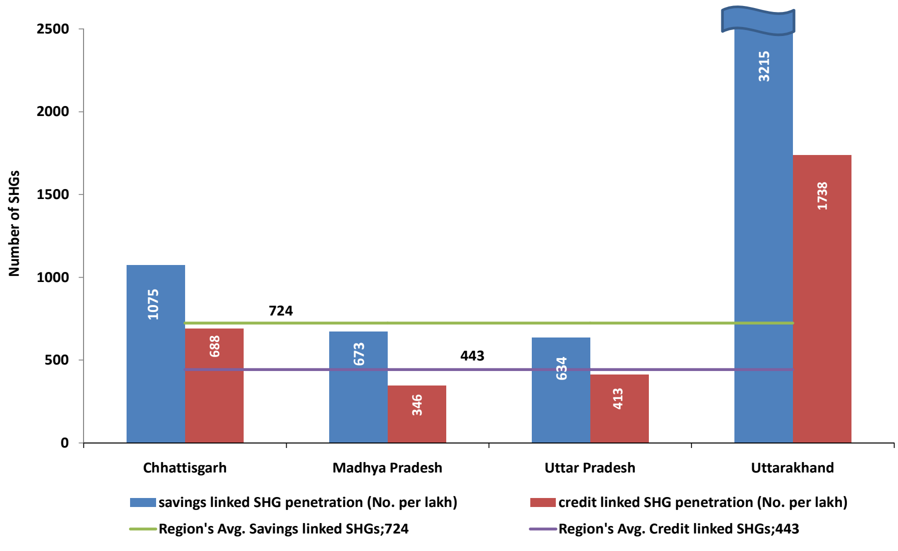
While Odisha has more number of savings linked SHGs(3735 SHGs) followed by West Bengal (3197 groups), it has less number of SHGs credit linked (1801 as compared 2555 in West Bengal). Bihar has 750 Savings linked SHGs per lakh BPL population, while Jharkhand has the lowest at 695 SHGs.



6.5 Intra Region SHG penetration – Central Region

The most significant Central Region, is the least penetrated region in the country with the two most populated States – Madhya Pradesh and Uttar Pradesh – reporting less than 700 Savings linked SHGs per lakh BPL population while another resource poor state – Chattisgarh reporting a little over 1000 SHGs. Only Uttarakhand has a higher density of over 3000 SHGs in the region.

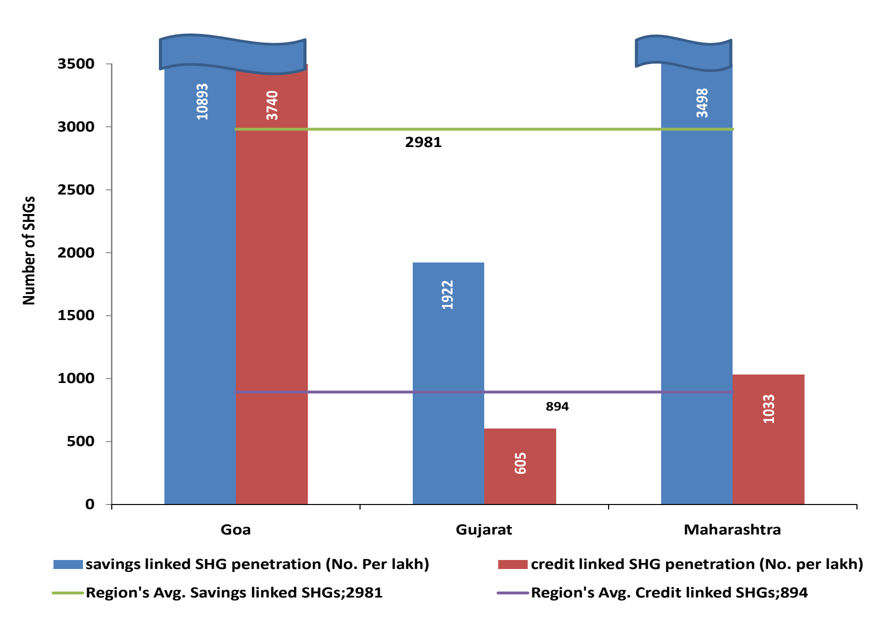
Fig.10.5: -Intra Region SHG Penetration - Central Region



6.6 Intra Region SHG penetration – Western Region

Except for the urbanized State of Goa, the penetration of savings linked SHGs in Western Region is only moderate with Maharashtra with about 3500 SHGs and Gujarat only 2000 SHGs. The credit linkage is also very low in this region with hardly 30% of savings linked SHGs accessing credit from banks.

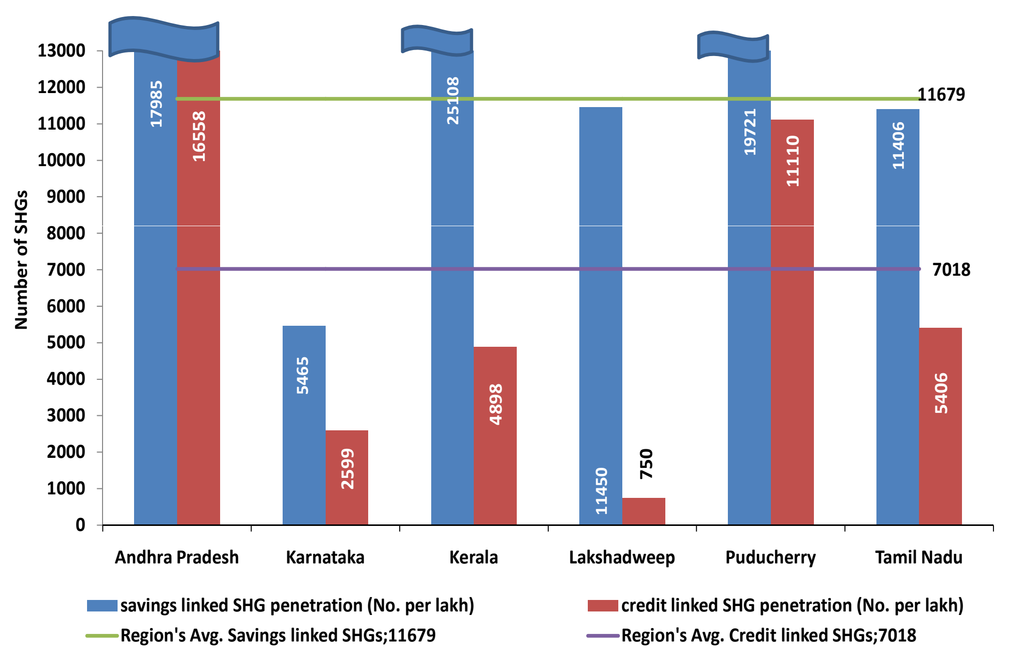
Fig.10.6: -Intra Region SHG Penetration - Western Region



6.7 Intra Region SHG penetration – Southern Region

The Southern Region, which has the highest penetration of SHGs accounting for over 50% of all SHGs organized under SHG-BLP, too shows wide variations. Although Kerala with over 25000 Savings linked SHGs per lakh BPL population tops the states, it has less penetration in the number of credit linked SHGs (less than 5000) while Andhra Pradesh having nearly 18000 SHGs per lakh BPL population boasts of credit linkage of over 16500 SHGs. Karnataka, though, was the pioneer state under the SHG-BLP when the programme started over two decades back, is the lowest in terms of linkages with only 5500 SHGs per lakh BPL population.

Fig.10.7: -Intra Region SHG Penetration - Southern Region



In certain States like Kerala, Andhra Pradesh, high penetration of SHGs may be due to membership in more than one SHG, marginally poor becoming members, number of members per SHG being lower, number of Rural Households moved above the poverty line.
