

Support for Capacity Building for Adoption of Technology (CAT)

Technological upgradation and innovation in agriculture have been the hall mark of Indian Agriculture. To widen the horizon of new agri-technology, the farmers need to be motivated to adopt new technologies by educating them through exposure visits to innovative projects being implemented by various agencies in different parts of the country. NABARD has been in the forefront in facilitating adoption of modern technology by farmers/ entrepreneurs through promoting institutions/ agencies like banks, corporates, NGOs, SHGs, Farmers' Clubs, etc.
