## MESSAGE FROM CHAIRMAN

Consequent upon the landmark decision of Government of India (GoI) to sanction ₹ 10,890 crore (GoI's share - ₹ 5,445 crore (50%)) of recapitalisation assistance to RRBs during FY 2021-22 and FY 2022-23, all RRBs had rolled out a 3-year Board approved Viability Plan (VP) in FY 2022-23 with a well-defined implementation mechanism aimed at achieving sustainable viability through credit expansion, business diversification, asset quality improvement, cost rationalization, technology adoption and improvement in corporate governance.

In this backdrop, the performance of RRBs has improved significantly during FY 2022-23 and has reached historic highs on all fronts. RRBs have posted highest ever consolidated net profit of ₹ 4,974 crore during FY 2022-23 and their consolidated Capital to Risk Weighted Assets Ratio (CRAR) was at an all-time high of 13.43% as on 31 March 2023. The asset quality measured by GNPA (Gross Non-Performing Assets) at 7.28% was lowest in the previous 7 years. Credit expansion led to increase in consolidated CD ratio to 67.50%, which was the highest in over 15 years. The pace of technology adoption has increased as more RRBs have started rolling out digital services to their customers. Also, RRBs have shown renewed interest in financial inclusion activities as their share in implementation of flagship schemes has increased during the year.

To further improve the sustainability of RRBs, the GoI and Reserve Bank of India (RBI) have announced various regulatory measures during FY 2022-23. GoI has issued guidelines enabling RRBs to raise resources from Capital Market and RBI has relaxed the criteria for RRBs to be eligible to provide internet banking. GoI has also formed high level committees to look into the HR related matters in RRBs and for transitioning of RRBs into a stronger capital adequacy framework.

NABARD, in coordination with Sponsor Banks and other stakeholders, has played an anchor role in implementation of the operational and governance reforms accompanying the recapitalization scheme. To facilitate comprehensive monitoring of performance, a dashboard RRBदर्पण (RRB Darpan) was developed during FY 2022-23. The dashboard presents the progress against the Viability Plan targets and helps RRBs compare their performance with the better performing RRBs in their State and national level. NABARD also organized a workshop to facilitate sharing of best practices amongst RRBs.

This publication on key statistics and financial statements of RRBs contains disaggregate audited financial data of all RRBs in the country. I hope this will be a valuable reference document for all those concerned with rural development and rural financial institutions in the country. I encourage all stakeholders to actively utilize the data and insights available in this publication.

NABARD, Mumbai

## FOREWORD

Regional Rural Banks (RRBs) were established based on the recommendations of the Narasimham Working Group (1975) as a distinct set of regionally oriented rural banks, combining the '*local feel and familiarity of rural problems*', a characteristic of cooperatives, and '*professionalism and large resource base*', a characteristic of commercial banks. They are jointly owned by Government of India, State Governments and Sponsoring commercial banks with equity contribution in the ratio 50:15:35 (GoI: State Government: Sponsor Banks). RRBs are regulated by RBI and supervised by NABARD.

2. NABARD, in the capacity of statutory supervisor of RRBs, undertakes both on-site and off-site supervision of RRBs. Further, Institutional Development of rural financial institutions is one of the core mandates of NABARD and the same is a part of its corporate mission statement. NABARD closely monitors the financial parameters of RRBs through off-site supervisory returns and on-site supervision. As a part of the off-site supervision process, NABARD periodically collects financial data from the RRBs through off-site surveillance (OSS) returns prescribed in Ensure Portal of NABARD. NABARD has also developed a dashboard- 'RRB Darpan' during FY 2022-23. The dashboard presents the progress against the Viability Plan targets and helps RRBs compare their performance with the better performing RRBs in their state/national level.
3. This publication contains audited data of all the 43 RRBs in the country for financial year 2022-23. The data has been sourced from Ensure Portal and RRB Darpan Dashboard. Data parameters viz., balance sheet, profit and loss account, asset quality, Capital to Risk Weighted Asset Ratio, Gross and Net Non-Performing Assets have been verified/reconciled with the audit reports of the RRBs for FY 2022-23 to ensure utmost accuracy of important data parameters.
4. Care has been taken to ensure that the financial statements of all RRBs are presented uniformly in the format prescribed vide RBI's Master Direction on presentation of Financial Statements, to facilitate comparison.
5. I would like to place on record my appreciation for the efforts of the team of Institutional Development Department in bringing out this booklet. We hope the publication will be useful to all concerned. Suggestions for any improvement can be mailed to [idd@nabard.org](mailto:idd@nabard.org).

32. **Corrigendum for previous year's publication:** Bangiya Gramin Vikash Bank had erroneously submitted the data on staff position of the bank as on 31 March 2022. This data was published in previous year's publication i.e. Key Statistics and Financial Statements of RRBs, 31 March 2022. However, this erroneous data was rectified later after the release of the publication. The correct staff position of the bank as on 31 March 2022 is 1550 officers and 778 other staff. Hence the total employee position of the bank as on 31 March 2022 was 2,328. The per staff productivity will also change accordingly.
33. Totals may not tally on account of rounding off of figures to ₹ lakh/ ₹ Crore. Percentage Variations could be slightly different as absolute numbers have been rounded off.

## Financial Performance of Regional Rural Banks (RRBs) in FY 2022-23 - An Overview

- Highest ever consolidated net profit- ₹ 4,974 crore in FY 2022-23 (54.5 % YoY growth)
- GNPA @ 7.28%- lowest in previous 7 years
- CD Ratio @ 67.50%- highest in over 15 years
- Highest ever CRAR @ 13.43%
- Consolidated Business size crosses ₹ 10 Trillion (10.1% YoY growth)
- Greater growth in enrolments under financial inclusion schemes

As on 31 March 2023, there were 43 RRBs sponsored by 12 Scheduled Commercial Banks with 21,995 branches with operations extending to 30.53 crore deposit accounts and 2.90 crore loan accounts in 26 States and 3 Union Territories (Puducherry, Jammu & Kashmir and Ladakh).

The States of Goa and Sikkim do not have RRBs. All the public sector banks, except Punjab & Sind Bank, sponsor one or more RRBs. J & K Bank is the only private sector bank to sponsor an RRB. 92% of the RRB branches are in rural/semi-urban areas.

### **1. Recapitalisation and Capital Adequacy**

During FY 2021-22, GoI had decided to infuse ₹ 10,890 crore (GoI share (50%)- ₹ 5,445 crore) of capital in RRBs during FY 2021-22 and FY 2022-23. The total recapitalization assistance to RRBs sanctioned during FY 2021-22 (Phase I: ₹ 8,168 crore) and FY 2022-23 (Phase II: ₹ 2,722 crore) was ₹ 10,890 crore including the proportionate share capital contribution by State Governments (15%) and Sponsor Banks (35%). This is in comparison to the total capital infusion of ₹ 8,393 crore by all stakeholders from 1975 till FY 2020-21, i.e. more capital has been sanctioned for RRBs in 2 years (FY 2021-22 & FY 2022-23) than the capital infused in RRBs over a period of 45 years (1975 to 2021).

The status of receipt of recapitalisation assistance sanctioned is summarised below:

- An amount of ₹8,168 crore was sanctioned to 22 RRBs during last week of March FY 2021-22 and all the 22 RRBs have received the entire amount of recapitalisation assistance sanctioned during FY 2021-22 by 31 March 2023.
- An amount of ₹2,722 crore was sanctioned to 22 RRBs during last week of March FY 2022-23 and 10 RRBs have received the Sponsor Bank's share amounting to ₹ 651.42 crore by 31 March 2023.

The RRB-wise amount of recapitalisation assistance sanctioned and received during both the phases are presented in appendices 1 and 2.

RRBs have been regularly infused with capital in the past to help them meet the regulatory requirement of 9% CRAR (Capital to Risk Weighted Assets Ratio). However, this latest scheme aims to rejuvenate and revitalize the RRBs with sufficient growth capital to facilitate reinventing themselves as sustainably viable and self-sufficient financial institutions and for leading the growth process and change in rural areas. The capital infusion will help RRBs in technology adoption and to efficiently cater to the financial inclusion needs of the rural populace.

The recapitalization(recap) scheme is accompanied by operational and governance reforms under the broad ambit of Sustainable Viability Plan (SVP) with a well-defined implementation mechanism aimed at credit expansion, business diversification, NPA reduction, cost rationalization, technology adoption, improvement in corporate governance, etc.

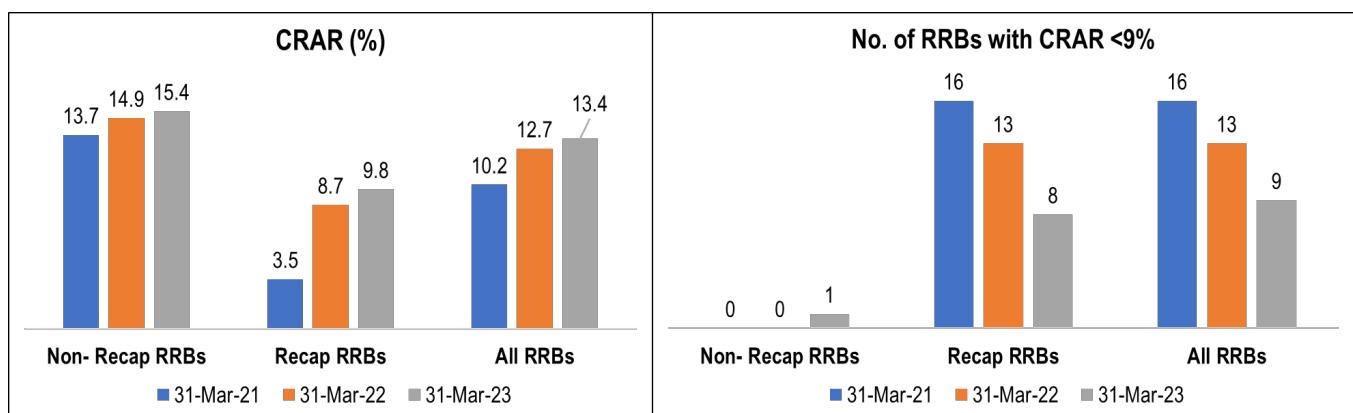

In order to facilitate comprehensive monitoring of the performance of RRBs including performance under their SVPs, NABARD, in association with DFS, developed a dashboard called '**RRB Darpan**'. Data in respect of more than 140 quantitative and qualitative metrics are collected from RRBs on a monthly basis. The dashboard presents the data submitted by the RRBs in the form of ingenious charts and reports with a facility to monitor the progress against the targets for each of the metrics under the SVPs. The login credentials of the dashboard have been shared with all stakeholders viz. DFS, NABARD, Sponsor Banks, etc.

This review document on performance of RRBs during FY 2022-23 is based on the audited data submitted by the RRBs in the RRB Darpan dashboard after reconciling data of important parameters with the audit reports of RRBs.

The consolidated CRAR of RRBs, which stood at 10.2% as on 31 March 2021, before the beginning of current tranche of recapitalisation process in FY 2021-22, has steadily increased to 12.7% as on 31 March 2022 and 13.4% as on 31 March 2023. Apart from the capital support received from the stakeholders, the increase in profitability of RRBs during FY 2021-22 and FY 2022-23 also contributed to the improvement in CRAR.

**Table 1: CRAR (%)**

RRB Category	No. of RRBs	31-Mar-21		31-Mar-22		31-Mar-23	
		CRAR (%)	No. of RRBs with CRAR < 9%	CRAR (%)	No. of RRBs with CRAR < 9%	CRAR (%)	No. of RRBs with CRAR < 9%

<b>Grand Total</b>	<b>43</b>	<b>10.16</b>	<b>16</b>	<b>12.71</b>	<b>13</b>	<b>13.43</b>	<b>9</b>

Number of RRBs with CRAR less than 9% has declined from 16 as on 31 March 2021 (before the recapitalisation process started) to 9 as on 31 March 2023.

**Of the 16 RRBs whose CRAR was less than 9% as on 31 March 2021, the CRAR of 8 RRBs improved beyond 9% as on 31 March 2023:**

- a. Bangiya Gramin Vikash Bank
- b. Kerala Gramin Bank
- c. Madhya Pradesh Gramin Bank
- d. Madhyanchal Gramin Bank
- e. Odisha Gramya Bank
- f. Utkal Grameen Bank
- g. Uttar Bihar Gramin Bank
- h. Uttarakhand Gramin Bank

Despite recapitalisation assistance sanctioned in FY 2021-22, 8 RRBs continued to have CRAR < 9% as on 31 March 2023 due to losses incurred in FY 2021-22 and FY 2022-23. Of these 8 RRBs, CRAR improved in the case of 5 RRBs during FY 2022-23 as can be seen from table below.

Though Himachal Pradesh Gramin Bank (HPGB) has been continuously profitable, its CRAR has been declining over the past 2 years as the growth in capital funds from profits/internal accruals is not commensurate enough to maintain the CRAR over 9% in the face of greater growth in risk weighted assets. The profitability of HPGB has been declining over the previous 2 years **primarily on account of provision for pension liability and provision for MTM (Mark To Market) losses**. In FY 2022-23, the

provision towards pension liability and MTM losses by HPGB was Rs.50.85 crore and Rs.88.15 crore, respectively.

## 2. Business and Balance Sheet Parameters

The total business size of RRBs crossed the significant milestone of ₹ 10 trillion during FY 2022-23 and stood at ₹ 10.19 lakh crore as on 31 March 2023 (10.1% growth).

On the **liabilities** side, the **owned funds** of RRBs, comprising of share capital and reserves, witnessed a growth of 16.5% during FY 2022-23 and stood at ₹ 57,356 crore as on 31 March 2023. While the share capital grew by 15.8% due to the capital infusion from stakeholders, the reserves grew by a greater extent of 16.8% due to internal accruals from the profits. As a result, the share of owned funds in the total resources increased from 7% as on 31 March 2022 to 7.4% as on 31 March 2023.

**Deposits**, which constituted 78.9 % of the sources of funds, grew by 8.2% during FY 2022-23 and stood at ₹ 6.08 lakh crore as on 31 March 2023. The growth rate in deposits of RRBs was lower than the 10.1% average growth rate in deposits of all Scheduled Commercial Banks during FY 2022-23. Nevertheless, low-cost CASA deposits constituted 54.5% of the total deposits and RRBs continued to have the highest share of CASA deposits amongst all

categories of Scheduled Commercial Banks (Public Sector Banks- 42.1%, Private Sector Banks- 45.0%, Small Finance Banks- 38.2%, Foreign Banks- 43.8%), While the share of RRBs in the total deposits of all commercial banks was just 3.2% as on 31 March 2023, their share in the number of deposit accounts was higher at 13.7% signifying their role in catering to the banking needs of small depositors. It may also be pertinent to mention that RRBs have the highest average deposit amount per account in PMJDY accounts amongst all categories of banks (₹ 4,292 per account in RRBs vis-à-vis ₹ 4,040 per account for other banks).

The growth in **borrowings** accelerated to 14.7% during FY 2022-23 as result of diversification in the sources of borrowings of RRBs. While borrowings from NABARD grew by 9.0%, borrowings from

sources other than NABARD and Sponsor Bank, witnessed a growth of 177.7%, albeit from the lower base. As a result, the share of borrowings from NABARD and Sponsor Banks in the total borrowings of RRBs reduced from 96.0% to 90.3%.

Due to the acceleration in the growth rate of all sources of funds, the total balance sheet grew by 9.4% during FY 2022-23 and stood at ₹ 7.71 lakh crore as on 31 March 2023.

The healthy growth in availability of funds translated to increased credit growth on the **assets side** as the net loans and advances grew by 13.0% during FY 2022-23. The **gross loans** grew by 13.2% during FY 2022-23 and stood at ₹ 4.11 lakh crore as on 31 March 2023. The average growth rate in loans of all Scheduled Commercial Banks (SCBs) was 15.8% during FY 2022-23. As on 31 March 2023, while

the share of RRBs in the total loan amount of all SCBs was 2.9%, the share of RRBs in the loan accounts was 8.0%.

The growth in **investment** portfolio decelerated to 6.0% during FY 2022-23. Of the total investment portfolio of ₹ 3.13 lakh crore as on 31 March 2023, 29.6% was bank balances in the deposit account of other banks and 67.0% was in the category of SLR investments. The remaining 3.4% was in the category of non-SLR investments comprising of shares, debentures, bonds, mutual fund units, etc.

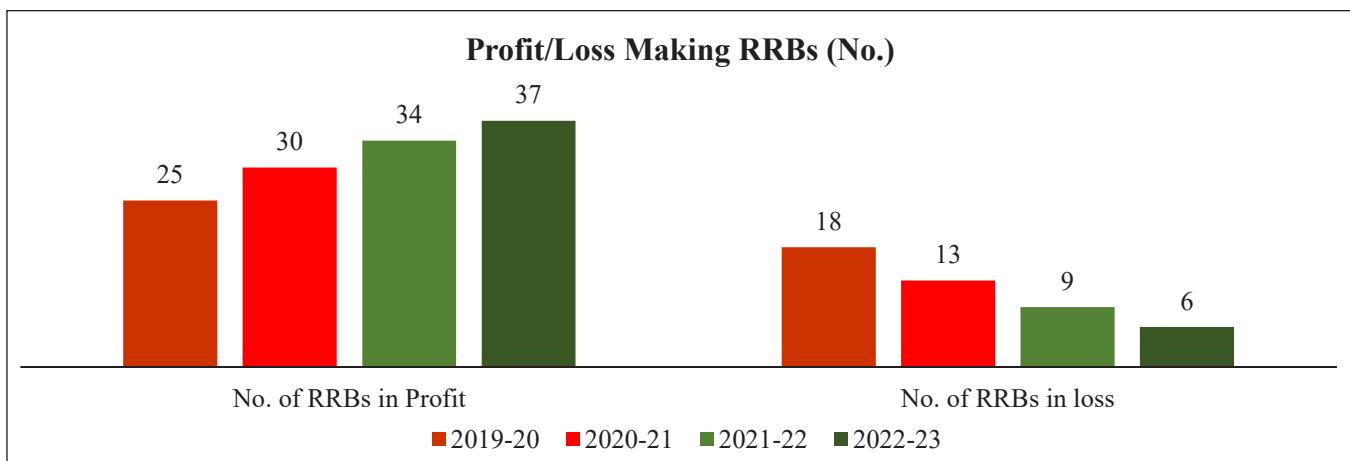

**CD ratio** improved from 64.5 as on 31 March 2022 to 67.5 (highest in over 15 years) as on 31 March 2023 because of the greater growth in loans in comparison to the growth in deposits. The average CD ratio of all SCBs improved from 71.9 to 75.7 during FY 2022-23.

There were 45 RRBs in FY 2019-20. The number of RRBs in profit/loss has been aggregated and presented in respect of 43 RRBs as on date to facilitate comparison.

The no. of loss making RRBs has steadily declined from 13 in FY 2020-21 to 6 in FY 2022-23.

#### **Of 13 RRBs which were in losses in FY 2021:**

- 7 RRBs have turned profitable in FY 2022-2023:**

1. Uttar Bihar Gramin Bank
2. Madhya Pradesh Gramin Bank
3. Madhyanchal Gramin Bank
4. Vidarbha Konkan Gramin Bank
5. Nagaland Rural Bank
6. Odisha Gramya Bank
7. Utkal Grameen Bank

- 6 RRBs continue to be in perennial losses**

1. Assam Gramin Vikash Bank (reported minor profit in FY 2022)
2. Dakshin Bihar Gramin Bank
3. Ellaquai Dehati Bank
4. J & K Grameen Bank
5. Manipur Rural Bank
6. Paschim Banga Gramin Bank

**RRBs have posted their highest ever consolidated net profit of ₹ 4,974 crore in FY 2022-23.**

- 4 RRBs have turned around in FY 2022-23 after many years of losses:**

1. Nagaland Rural Bank (8 years),
2. Madhya Pradesh Gramin Bank (4 years),
3. Vidarbha Konkan Gramin Bank (3 years),
4. Uttar Bihar Gramin Bank (3 years).

Losses of 6 RRBs in FY 2022-23 are primarily due to the following reasons:

1. As the repo rate was increased by 250 bps in FY 2022-23, the market value of investment portfolio (SLR securities under AFS and HFT) of RRBs having low CD ratio depreciated as there is an inverse relationship between the bond value and yields. As a result, these RRBs had to provide for the depreciation resulting in Mark To Market losses (MTM losses).
2. High NPA
3. High Pension Liability

**Table 5: Reasons for losses of 6 loss making RRBs in FY 2022-23**

(Amount in ₹ Crore)

Name of RRB	Loss	Major Reason (s) for Loss	Provision for MTM Losses	GNPA(%)	CD Ratio

Dakshin Bihar Gramin Bank	918.38	MTM Loss and Very High NPA	119.53	44.57	47.76

Manipur Rural Bank	0.23	MTM Loss and High NPA	1.99	10.86	60.81
Paschim Banga Gramin Bank	55.01	MTM Loss and High NPA	19.54	9.37	57.05

In an increasing interest rate regime, while the interest income of RRBs increased by 11.6% during FY 2022-23, the interest expenditure increased by only 7.6%. As a result, the Net Interest Income (NII) grew by 16.0% during FY 2022-23. The accelerated growth in NII was bolstered by the decline in NPAs of the RRBs. The consolidated Income and Expenditure statement of RRBs is presented in Table 6.

As per RBI's Master Directions on presentation of Financial Statements dated 30 August 2021 (updated as on 20 February 2023), provision for depreciation in investments must be deducted from other income. Accordingly, an amount of Rs. 2204.41 crore made by RRBs towards depreciation in investment portfolio on account of MTM losses has been deducted from other income during FY 2022-23. Previously, this amount was reported under Provisions and Contingencies head of expenditure. As a result, there is a decline in Other Income and Provisions

and Contingencies during FY 2022-23. This also contributed to the deceleration in operating profit of RRBs.

#### **4. Asset Quality**

The asset quality position of RRBs continued to improve during FY 2022-23 and the Gross NPA (%) reduced to 7.28% as on 31 March 2023, which is the lowest in the previous 7 years. 34 of the 43 RRBs have reported reduction in absolute Gross NPA (amount) and 37 RRBs have reported reduction in percentage of GNPA. The Net NPA (%) and PCR (%) also improved during the FY 2022-23 and stood at 3.2% and 59.2%, respectively as on 31 March 2023.

#### **5. Loan Portfolio**

Though the major portion of the loans are concentrated in the Priority Sector (88.3%) and specifically under

agriculture sector (68.6%) as on 31 March 2023, the share of Priority Sector loans and agriculture loans in total loan portfolio has marginally declined during FY 2022-23 as RRBs are slowly diversifying to other sectors viz. MSME, Housing and retail sectors.

In order to address the issue of declining loan portfolio of RRBs under priority sector loans to education, Ministry of Education, vide gazette notification dated 18 April 2023 has included RRBs which are members of Indian Banks' Association (IBA) as eligible Lending Institutions of the Credit Guarantee Fund Scheme for Education Loans (CGFSEL) administered by National Credit Guarantee Trustee Company Ltd (NCGTC).

## 6. Priority Sector Lending- Targets and Achievement

As per RBI Master Directions on Priority Sector Lending, 2020 dated 4 September 2020, the guidelines on 'Non-achievement of Priority Sector targets', on the lines of other commercial banks, have been made applicable to RRBs as well. Accordingly, RRBs incurring any shortfall in lending against their PSL target/sub-targets from FY 2020-21 onwards will be required to make contributions towards RIDF and other refinance funds. The PSL targets and achievement for FY 2022-23 are summarised in table below:

**Table 9: RRBs- PSL Target and Achievement- FY 2022-23**

Sector/Sub Sector	Target (%)	Achievement (%)	RRBs not Meeting Target/Sub-target
Overall Priority Sector	75.0	97.5	
Agriculture	18.0	41.7	
Small and Marginal Farmers	9.5	21.4	
Non-Corporate Farmers	13.78	96.6	
Micro Enterprises	7.5	14.0	
Weaker Sections	15.0	85.6	

All RRBs have met all the targets/  
Sub-targets for FY 2022-23

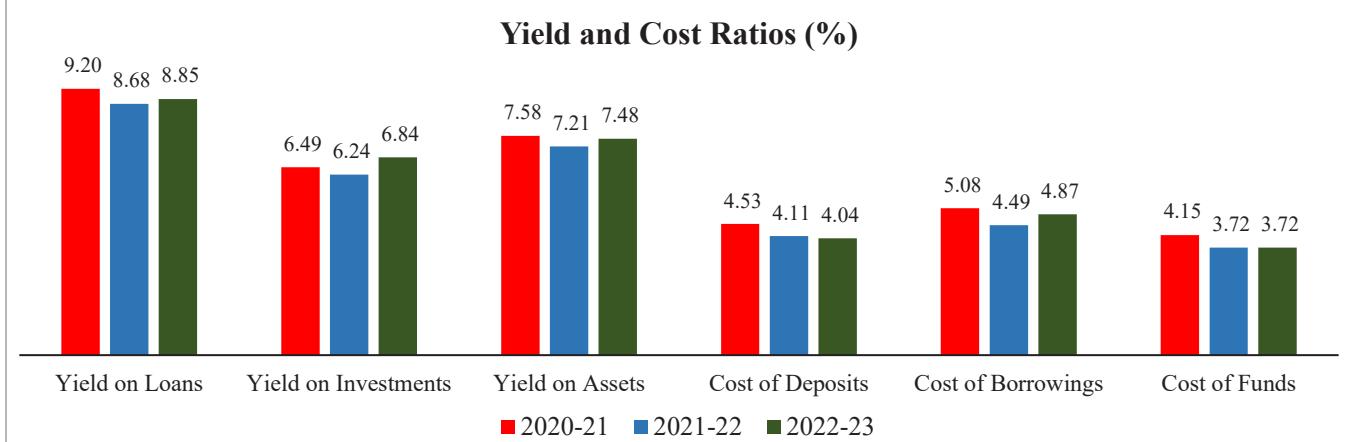

**Note:** Target and Achievement for FY 2022-23 are computed on an average basis of achievement for all 4 quarters. ANBC is as on corresponding date of the previous year.

## 7. Costs and Margins

FY 2022-23 began with a repo rate of 4%, which was the lowest in history. The repo rate was gradually increased by 250 bps during the year to 6.5%. As a result of the interest rate reversal in the market, the yield and cost ratios of RRBs also witnessed a reversal.

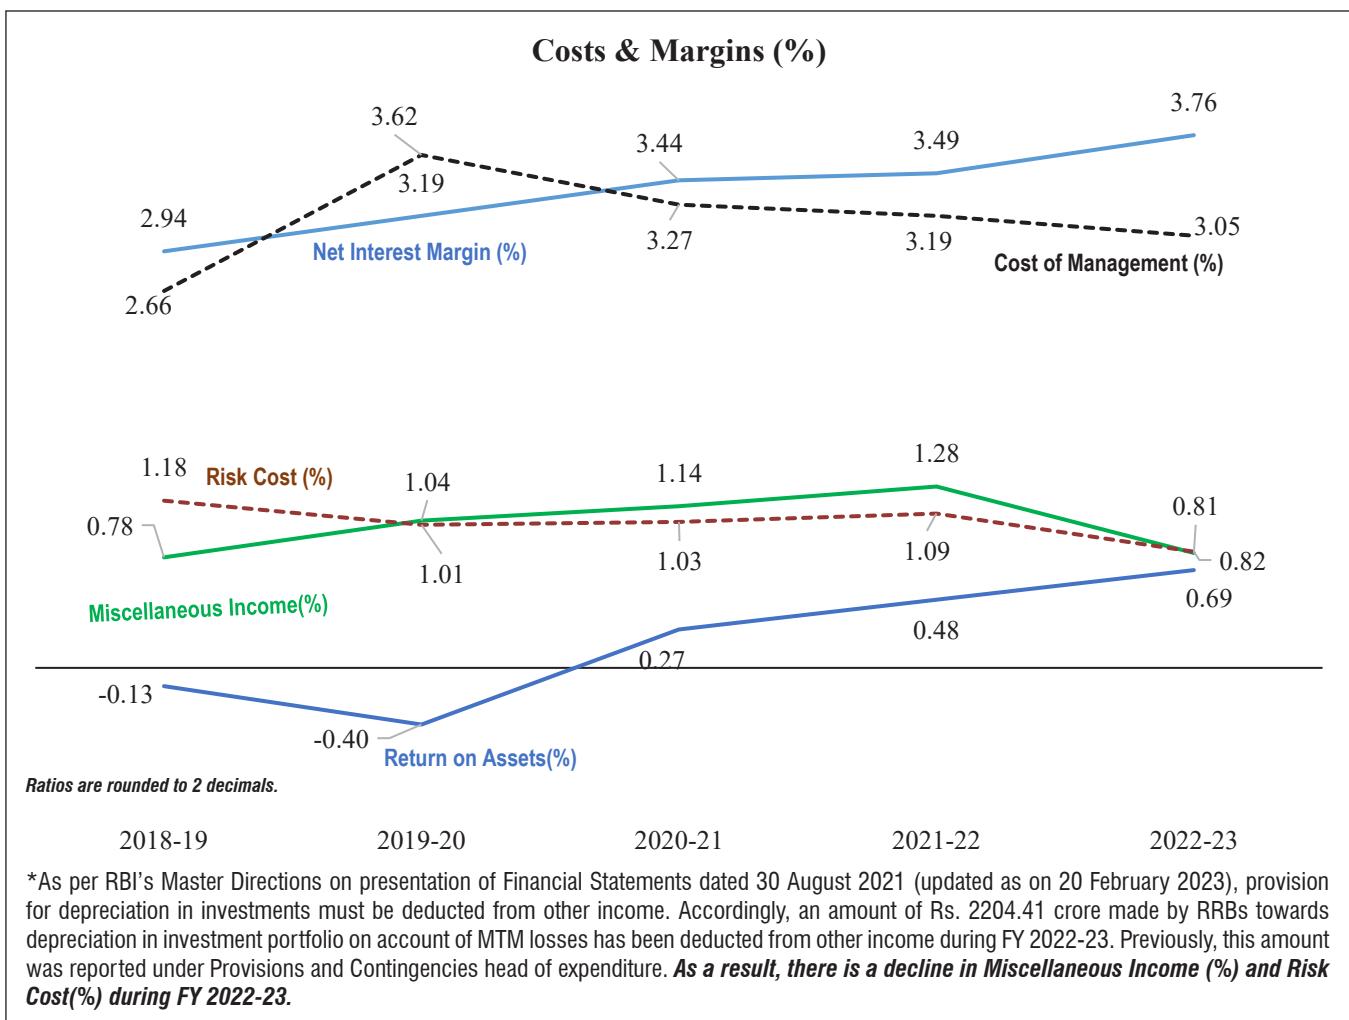

While the Yield on Assets increased by 27 bps during FY 2022-23, the Cost of Funds almost remained stagnant. As a result, the Net Interest Margin (NIM) improved from 3.49% to 3.76% during FY 2022-23.

Cost of Management continued to decline steadily and was lowest in the previous 4 years at 3.05% during FY 2022-23. RRBs reported consolidated net losses in FY 2018-19, for the first time since FY 1996-97 because of

implementation of Regional Rural Bank (Employees') Pension Scheme, 2018 with effect from 1 April 2018, after the verdict of the Hon'ble Supreme Court. The implementation of the pension scheme entailed a huge financial liability amounting to ₹ 27,444 crore. Considering huge pension liability on account of implementation of the pension scheme, RBI permitted RRBs to amortise their total pension

liability over a period of five years from 2018-19 till FY 2022-23, subject to a minimum of 20 per cent of the pension liability assessed every year. Since this liability is coming to an end in FY 2022-23, the Cost of Management of RRBs is expected to decline from FY 2023-24 and is likely to positively impact the profitability of RRBs.

## **8. Status of Technology Adoption**

### **During FY 2022-23:**

- a) No. of RRBs, which have acquired Mobile Banking License, increased from 29 to 31.
- b) No. of RRBs, which have acquired Internet Banking License (Transaction Facility), increased from 11 to 17, of which Tripura Gramin Bank and Prathama U.P. Gramin Bank have obtained license but were yet to launch the service as on 31 March 2023.
- c) No. of RRBs, which have on-boarded to BHIM-UPI, increased from 25 to 26.
- d) No. of RRBs, which have onboarded to Account Aggregator Framework, increased from 0 to 4.

## **9. Status of implementation of Financial Inclusion schemes**

**Table 10: Performance under Financial Inclusion Schemes- Cumulative Accounts / Enrolments in Crore**

S.N	Government Scheme	31-Mar-22			31-Mar-23			YoY Growth (%)	
		RRBs	All Banks	RRBs Share (%)	RRBs	All Banks	RRBs Share (%)	RRBs	All Banks
1	Pradhan Mantri Jan Dhan Yojana	8.32	45.06	18.5	9.13	48.65	18.8	9.7	8.0
2	Pradhan Mantri Suraksha Bima Yojana	3.77	28.37	13.3	5.22	33.78	15.5	38.5	19.1
3	Pradhan Mantri Jeevan Jyoti Bima Yojana	1.57	12.76	12.3	2.24	15.99	14.0	42.7	25.3
4	Atal Pension Yojana (APY)	0.74	4.00	18.5	0.98	5.2	18.8	32.4	30.0
5	MUDRA Loans Disbursed (₹ Lakh Crore)	0.20	3.31	6.0	0.31	4.46	7.0	55.0	34.7

As can be seen from the above table, **the YoY growth (%) in enrolments/loans disbursed by RRBs under all Financial Inclusion schemes was greater than the growth rate of all banks during FY 2022-23.**

As a result, the share of RRBs in implementation of financial inclusion schemes improved during FY 2022-23 and it ranged from 7% to 18.8%. This is in comparison to the 3% share of RRBs in the total business of all commercial banks and 14% share of RRBs in branch network of all commercial banks.

## **10. Priority Sector Lending Certificates**

Though RRBs account for just 2.9% (₹ 4.1 lakh crore) of the total bank credit of all Scheduled Commercial Banks, RRBs have effectively leveraged their high priority sector lending portfolio by issuing PSLCs and earning fee income from the same.

During FY 2022-23, the total trading volume of PSLCs of all banks registered a growth of 7.7 per cent and stood at ₹ 7.13 lakh crore in FY 2022-23. The total volume of PSLCs traded by all RRBs during

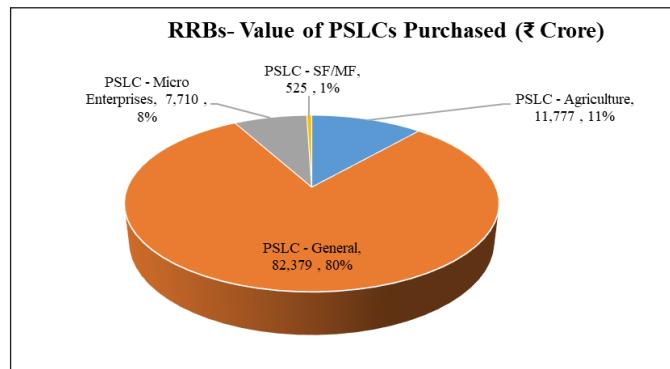

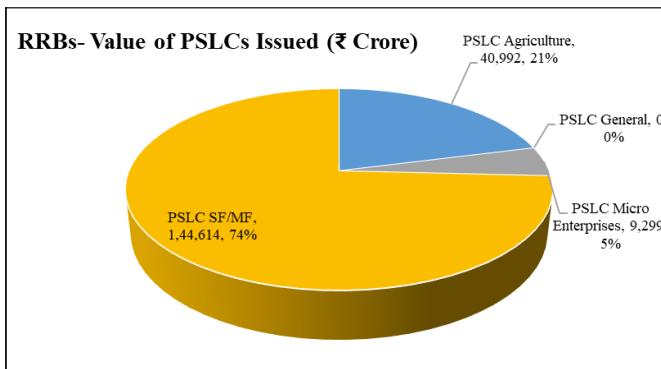

FY 2022-23 increased by 27.9% and stood at ₹ 2.97 lakh crore. Thus, the share of RRBs in the total PSLC market increased from 35.1% during FY 2021-22 to 41.7% during FY 2022-23.

Since nearly 51% of the total loan portfolio of the RRBs is towards small and marginal farmers, RRBs have been the major issuers of PSLCs under this category in the market. Of the total volume of PSLC-SF/MF traded in the market (₹ 3.21 lakh crore), RRBs accounted for 45.2% (₹ 1.45 lakh crore) of the total traded volume. Since PSLC-SF/MF is priced at a premium in comparison to the PSLC-general category, RRBs issue PSLCs under SF/MF category and compensate for the same by purchasing PSLCs under General category.

The average fee income (%) on the PSLCs issued declined from 1.82% during FY 2021-22 to 1.54% during FY 2022-23. As a result, the total fee income from PSLC issuance by RRBs grew at a modest rate of 5.5% in spite of the 41.7% growth in the value of PSLCs issued.
