

FORM OF TENDER

Place: Jaipur

Date: 02 May 2018

Chief General Manager,
National Bank for Agriculture
and Rural Development,
Rajasthan Regional Office,
Jaipur.

Dear Sir

Having examined the specifications and schedule of quantities relating to the work/s specified in the memorandum hereinafter set out and having visited and examined the site of the work/s specified in the said memorandum and having acquired the requisite information relating thereto as affecting the tender, I/We hereby offer to execute the work/s specified in the said memorandum within the time specified in the said memorandum at the rates mentioned in the attached schedule of quantities and in accordance in all respects with the specifications and instructions in writing referred to in conditions of tender, the Articles of Agreement, Special Conditions, Schedule of Quantities and Conditions of Contract and with such materials as are provided for and in all other respects in accordance with such conditions so far as they may be applicable.

Memorandum

(a) Description of work/s	Quotation for Minor Structural Repair works at NABARD RO, Jaipur
(b) Estimated Cost	Rs.3.16 lakhs
(c) Earnest Money	Rs.6500/- (Rupees Six Thousand Five Hundred Only) in the form of Demand Draft favoring "NABARD"
(d) Percentage, if any, to be deducted from bill towards TDS etc.	Prevailing statutory taxes as per Govt. Notifications
(e) Retention Money Deposit	: 5% of bill value
(f) Time allowed for completion of the work/s	30 days from tenth day after date of written order i.e. date of commencement

2. Should this quotation be accepted, I/We hereby agree to abide by the terms and provisions of the said Conditions of Contract annexed hereto so far as they may be applicable or in default thereof to forfeit and pay to the National Bank for Agriculture and Rural Development the amount mentioned in the said conditions.

3. I/We have enclosed Demand Draft (DD) for Rs.6500/-(Rupees Six Thousand Five Hundred Only) as Earnest money with the National Bank for Agriculture and Rural Development, Jaipur which is not to bear any interest. Should I/We fail to execute the contract when called upon to do so, I/We do hereby agree that this sum shall be forfeited. In case of unsuccessful bidders, the EMD will be refunded only on award of Contract to the successful bidder. The EMD will not bear any interest. If the bidder withdraws his tender before expiry of the validity period of the tender or if the Contractor fails to execute / complete the works satisfactorily, NABARD reserves the right to forfeit the EMD. The cost of the tender will not be refunded in any case.

4. Initial Security Deposit of 2% of accepted value of the tender shall be provided by the successful tenderer in form of bank draft from a scheduled bank within 15 days of intimation to him of acceptance of tender. The EMD already furnished shall be taken in to account while determining the ISD. In other words EMD shall become a part of ISD. The ISD will be liable to be forfeited in case the contractor commits any breach of any terms and conditions of the Contract or fails to complete the work. This forfeiture is independent of the liquidated damages provided for in the Contract.

5. I / We agree to pay statutory taxes and Govt. Duties as prevailing from time to time on such items for which such taxes and charges are levied by the appropriate authorities.

6. The rates quoted by me /us are inclusive of all such taxes and charges including service tax, change in tax etc. as are applicable and the rates quoted by me/us are firm and not subject to any change due to fluctuations in any taxes or in the market.

7. I / We understand that you are not bound to accept the lowest offer or bound to assign any reasons for rejecting our tender.

8. I / We agree to keep our offer open for 90 days from the date of opening of quotation, namely, our Price Bid.

With seal & stamp

GENERAL INSTRUCTIONS AND CONDITIONS TO CONTRACTORS

1. Sealed item rate Tenders, in both Envelopes should be addressed to Chief General Manager, NABARD, Rajasthan Regional Office, 3, Nehru Place, Tonk Road, Jaipur-302015 and super scribed " External Painting and Pre-requisite Repair works at NABARD Staff Quarter, Malviya Nagar, Jaipur " and send so as to reach him not later than **15.30 hr. on 25 May 2018**. Tenderers should clearly indicate on each copy of the tender, under their full signature, whether it is the original or duplicate copy.

2. No tender will be received after **15.30 hr. on 25 May 2018** under any circumstance whatsoever.

3. (a) Tenders will be opened at **15.00 hr. on 28 May 2018** at his office by Chief General Manager, National Bank for Agriculture and Rural Development, Jaipur or any other officer designated for this purpose by him in the presence of the other officials and the tenderers or their representatives, should they choose to be present.

(b) Tenders shall remain open to acceptance by the Bank for a period of 90 days from the date of opening the tender which may be extended by mutual agreement and the tenderer shall not cancel or withdraw the tender during the period.

(c) The tenderer must use only the forms issued by the Employer/Downloaded from Website to fill in the rates.

4. (a) The tender form must be filled in English and all entries must be made by hand and written in ink. If any of the documents are missing or unsigned the tender may be considered invalid by the Bank at its discretion.

(b) Rates should be quoted both in figures and words in columns specified. All erasures and alterations made while filling the tender must be attested by initials of the tenderer. Overwriting of figures is not permitted; failure to comply with either of these conditions will render the tender void at the Bank's option. No advice of any change in rate or conditions after the opening of the tender will be entertained.

(c) Each of the tender documents should be signed by the person or persons submitting tender in token of his/their having acquainted himself/themselves with the General Conditions of Contract, Specifications, and Special Conditions etc. as laid down. Any tender with any of the documents not so signed may be rejected.

(d) The tender submitted on behalf of a firm shall be signed by all the partners of the firm or by a partner who has the necessary authority on behalf of the firm to tender into the proposed contract. Otherwise the tender may be rejected by the Bank.

5. The National Bank for Agriculture and Rural Development does not bind itself to accept the lowest or any tender and reserves to itself the right to accept or reject any or all the tenders, either in the whole or in part, without assigning any reasons for doing so.

7. The Earnest Money Deposit of Rs.6500/- (Rupees Six Thousand Five Hundred Only) paid by the successful tenderer shall be held by the National Bank for Agriculture and

Rural Development as security for the execution and due fulfilment of the Contract. No interest shall be paid on the said deposit. In case of unsuccessful bidders, the EMD will be refunded only on award of Contract to the successful bidder. The EMD / SD will not bear any interest. If the bidder withdraws his tender before expiry of the validity period of the tender or if the Contractor fails to execute / complete the works satisfactorily, NABARD reserves the right to forfeit the EMD / SD.

8. On receipt of intimation from the Employer of the acceptance of his / their tender, the successful tenderer shall be bound to implement the contract and within fourteen days thereof the successful tenderer shall sign an agreement in accordance with the draft agreement and "the said Conditions" but the written acceptance by the National Bank for Agriculture and Rural Development, of a tender will constitute a binding contract, between the National Bank for Agriculture and Rural Development and the person so tendering, whether such formal agreement is or is not subsequently executed. The cost of the Stamp paper is to be borne by the successful tenderer.

9. (a) In addition to the Earnest Money Deposit under clause 7 and as further security for the due fulfilment of the contract by the contractor, 5% of the value of work done will be deducted by the Employer as Retention Money from each payment to be made to the Contractor.

(b) All compensation or other sums of money payable by the Contractor to the Employer under the terms of this Contract may be deducted from his retention money and the security deposit if the amount so permits and the Contractor shall, unless such deposit has become otherwise payable, within ten days after such deduction make good in cash the amount so deducted.

10. The contractor shall not assign the Contract/not sublet any portion of the Contract except with the written consent of the Employer. In case of breach of these conditions, the Employer may serve a notice in writing on the contractor rescinding the Contract whereupon the security deposit shall stand forfeited to the Employer, without prejudice to his other remedies against the Contractor.

11. The tenderer shall submit along with his tender a list mentioning the names of manufacturers of paints and other items/material which he proposes to use in the work if his tender is accepted.

12. A Schedule of probable Quantities in respect of each work and Specifications accompany these Special Conditions. The Schedule of probable Quantities is liable to alteration by omission, deductions or additions at the discretion of the Employer. Each tender should contain not only the rates but also the value of each item of work entered in a separate column and all the items should be totaled in order to show the aggregate value of the entire tender.

13. The tenderer must obtain for himself on his own responsibility and at his own expense all the information which may be necessary for the purpose of making a tender for entering into a contract and must examine the Drawings and must inspect the site of the work and acquaint himself with all local conditions, means of access to work, nature of the work and all matters pertaining thereto.

14. The rates quoted in the tender shall include all charges for scaffolding, centring, hire charges for any tools and plants, sheds for material, marking out and clearing of site, watering, as mentioned in the specification. The rates quoted shall be deemed to be for the finished work to be measured at site. The rates shall also be firm and shall not be subject to exchange variations, labour conditions, fluctuations in railway freights or any conditions whatsoever. Tenderers must include in their rates sales tax, service tax, works contract tax, excise duty, octroi and any other tax and duty or other levy levied by the Central Government or any State Government or Local authority, if applicable. No claim in respect of any taxes or levy shall be entertained by the Employer.

15. The Contractor should note that unless otherwise stated the tender is strictly on item rate basis and his attention is drawn to the fact that rates for each and every item should be correct, workable and self-supporting. The quantities in the Schedule of Quantities approximately indicate the total extent of work but may vary to any extent and may even be omitted thus altering the aggregate value of the Contract. No claim shall be entertained on this account.

16. Time allowed for carrying out the work as mentioned in the Memorandum shall be strictly observed by the Contractor and it shall be reckoned from the 10th day after written order to commence the work is issued. The work shall throughout the stipulated period of the Contract be proceeded with all due diligence and if the Contractor fails to complete the work within the specified period, he shall be liable to pay compensation as defined in clause 24 of the General Terms & Conditions and clause 25 of the Special Terms & Conditions of the tender. The tenderer shall before commencing work prepare a detailed work program, which shall be approved by the Employer.

17. Tenders will be considered only from recognized bonafide contractors in the trade as given in the NIT. Each tenderer shall submit with his tender a list of large works of a like nature he has executed giving details as to their magnitude and cost, the proportion of work done by the Contractor in it and the time within which the works done by the Contractor in it and the time within the works were completed.

18. Special attention of the tenderer is drawn to the alternative items in the Schedule of probable Quantities, the rates and amounts for these alternative items (if given) shall be duly filled in and tenderer is informed that his tender will not be considered unless the alternative rates are given for these items. The Employer reserves to himself the right to adopt any of the alternative items either in scrutinizing and deciding upon the tender or later when the works are being executed.

19. The Contractor shall not be entitled to any compensation for any loss suffered by him on account of delays in commencing or executing the work, whatever the cause of delays may be, including delays arising out of modification to the work entrusted to him or in any sub-contract connected therewith or delays in awarding contracts for other trades of the project or in commencement or completion of such works or in procuring Government controlled or other building materials or in obtaining water and power connections for construction purposes or for any other reason whatsoever and the Employer shall not be liable for any claim in respect thereof. The Employer

does not accept liability for any sum besides the tender amount, subject to such variations as are provided for herein.

20. The successful tenderer is bound to carry out any items of work necessary for the completion of the job even though such items are not included in the quantities and rates. Schedule of instructions in respect of such additional items and their quantities will be issued in writing by the Employer.

21. The successful tenderer must co-operate with the other contractors appointed by the Employer so that the work shall proceed smoothly with the least possible delay and to the satisfaction of the Employer.

22. The Employer will provide water and power required for the work free of cost at a suitable point and the contractor shall make his own arrangement to carry the same as required. The Contractor should ensure that the water and power facility provided by the Employer are not wasted.

23. The Security Deposit of the successful tenderer will be forfeited if he fails to comply with any of the conditions of the Contract.

24. From commencement to completion of works, the Contractor shall take full responsibility for the care of the work and for taking precautions to prevent any loss or damage to the works and shall be liable for any damage or loss or theft that may arise to the works or any part thereof from any cause whatsoever, inherent defects and failures due to poor workmanship and causes such as lightning, explosion, earthquake, storm, hurricane, floods, inundation, riots (excluding civil war, rebellion, revolution and insurrection) and shall at his own cost repair and make good the same so that at all times the work shall be in good order and condition and in conformity in every respect with the requirements of the Contract.

Explanation:

For the purpose of this condition, the expression “from the commencement to completion of work” shall mean the time commencing from the issue of the work order to the contractor and ending with the issue of Virtual Completion Certificate.

25. We also agree to indemnify NABARD by giving suitable Indemnity Bond as per NABARD's proforma attached herewith. We agree that NABARD will make payment to us only after we furnish the Indemnity Bond to NABARD.

I / We hereby declare that I / We have read and understood the above instructions for the guidance to tenderers.

Signature of Tenderer

(with seal & stamp):

Scaffolding: If required scaffolding is to be provided.

The work of scaffolding shall be deemed to be the part of the work of respective items under schedule and no extra payment in this regard under any circumstance shall be admissible.

The scaffolding thus erected shall have to be got approved from the Engineer or his representative before commencing the work or actual painting.

However, it should be noted that approval from the Engineer shall not relieve the Contractor of his responsibility and any damage to the property or any loss of life due to the negligence on this regard shall be at the Contractor's account.

Patch Repairing: -

The Patch repairs shall generally be carried out as under:

- a. Patches should be marked properly on the surface and all loose plaster of the cracked portion shall be removed as directed by the Engineer.
- b. The surface to be patch plastered, shall be wetted thoroughly and if plain, shall be roughened up by hacking.
- c. The plastering shall be done as directed. The finishing coat shall match with the adjoining surface. The rate quoted shall include all types of finishing and no extra payment shall be admissible.
- d. The cement mortar used shall be 1:6 (one part cement to six parts of sand by volume) and the work shall be done as directed by the Engineer.
- e. The patches thus repaired shall be cured adequately and shall be got approved from the Engineer before proceeding further.
- f. Wide cracks in plaster, if any shall be grooved as directed and should be filled by polymer modified cementitious repair mortar such as Roff Plaster coat R 03 & 05 or equivalent make, as per manufacturer specifications. No payment will be made for this operation.
- g. Minor cracks in plaster due to separation of brick work from the concrete or wood work or between two masonry panels or diagonal cracks shall be grooved as directed, filled and finished with "SNOW FILLA" or mentioned in schedule of quantities specifications. The rates quoted for respective items shall be inclusive of this operation.
- h. Measurement:** The measurements of the patches exceeding 0.1 sq.m. in area shall only be recorded. The patching work having 0.1 sq.m. or less in area shall not be measured and paid for.

Scaffolding: Unless otherwise instructed by the Engineer, single/double bamboo scaffolding or MS props, if required at site) having two sets of vertical supports shall

be provided for repair work. The supports shall be sound and strong, tied together by horizontal members over which scaffolding planks shall be fixed.

The work of scaffolding shall be deemed to be the part of the work of respective items under schedule and no extra payment in this regard under any circumstance shall be admissible.

The scaffolding thus erected shall have to be got approved from the Engineer or his representative before commencing the work or actual painting.

However, it should be noted that approval from the Engineer shall not relieve the Contractor of his responsibility and any damage to the property or any loss of life due to the negligence on this regard shall be at the Contractor's account.

Water proofing:

Cement, sand and water used shall be in conformity with the standard specification for repairing concrete with polymer modified cement mortar.

Brick bats shall be prepared out of whole, sound, well burnt bricks free from cracks and impurities.

Surface over which brick bats it to be laid, shall be thoroughly cleaned with water. 12mm thick layer of cement mortar 1:3 with approved waterproofing compound at 1 kg/bag as base material shall first be laid. Over this base material brick bats of required sizes shall be partly embedded and the interstices shall be filled with cement mortar 1:5 with waterproofing compound at 1kg/bag which shall be finished with 20mm thick cement plaster layer in cement mortar 1:3 with waterproofing compound at 1kg/bag. Suitable wattas at the junction of wall and floors up to a height of 300mm or as directed shall be provided. The top layer of waterproofing treatment shall be finished with false marking if required.

Curing: Wet curing shall be done at two stages. Once for 3 days when brickbats are embedded in base mortar and second time for 7days after interstices are filled up and top layer of cement mortar is applied.

Polymer Modified Cement Mortar and Anti corrosive coating.

i) Break open the loose and damaged concrete. Remove loose rust from reinforcement by light tapping or hammering. Apply rust removing chemical such as Rusticide of M/s Sunanda / Dr. Fixit or other equivalent make on exposed surfaces of reinforcement.

After 24 hours, wipe the reinforcement with cotton cloth and apply passivator coating using Polyalk Fixoprime of Sunanda make (or equivalent material from Dr. Fixit or any other approved brand) and cement slurry in the weight ratio 1:1.25 on the exposed surfaces of reinforcement.

ii) After 24 hours, apply first coat of bonding layer with Sunanda make Polyalk EP/ other equivalent product as approved, Cement slurry in the proportion 1 : 0.5 by weight to concrete area.

iii) Before drying the bonding coat, place polymer modified cement mortar with Polyalk EP of Sunanda or other equivalent approved make in the ratio 1 Kg (Polyalk EP) : 5kg(Cement) : 15 kg(Quartz Sand) with controlled water @ 1 litre. Level the surface with trowel and finish the surface.

SAMPLES FOR APPROVAL- Contractor, before supply of material should show the samples of all the materials to the bank and get it approved. However, it should be noted that approval from the Engineer shall not relieve the Contractor of his responsibility and any damage to the property or any loss of life due to the negligence in this regard shall be at the Contractor's account.

SAFETY CODE

- The Contractor shall maintain in a readily accessible place first aid appliances including adequate supply of sterilized dressings and cotton wool.
- An injured person shall be taken to a public hospital without loss of time, in cases where the injury necessitates hospitalization.
- No portable single ladder shall be over 8 metres in length. The width between the side rails shall not be less than 30 cm. Clear and the distance between two adjacent rungs shall not be more than 30 cm. When a ladder is used an extra mazdoor shall be engaged for holding the ladder.
- Every opening in the floor of a building or in a working platform be provided with suitable means to prevent the fall of persons or materials by providing suitable fencing or railing whose minimum height shall be one metre.
- Workers employed on mixing and handling material such as asphalt, cement, mortar shall be provided with protective footwear and rubber hand gloves.
- Hoisting machine and tackle used in the works, including their attachments, anchorage and supports shall be in perfect condition.
- The Employer reserves the right to instruct the Contractors to take additional safety precautions if found necessary.
- All workers shall be provided with helmet, Safety Shoes and Safety belts.

I/We accept to abide by the above scope of work & technical specifications.
