Schematic Lending for F. Y. 2022-23 - Operational Guidelines

1. Introduction

NABARD has been providing long-term refinance to the approved financial institutions under the provisions of Section 25(i)(a) of NABARD Act, 1981 to supplement their resources for providing adequate credit for taking up investment activities in agriculture and allied activities and rural off-farm sector etc.

2. Objectives:

The objectives of providing long-term refinance are as under:

- Supporting capital formation in agriculture and allied activities, thereby promoting growth of Agriculture, AH, Fishery, Forestry etc. sectors.
- Directing flow of credit for promotion of thrust activities of GoI and NABARD.
- To meet the credit requirement of JLGs and SHGs.
- Support for non-farm sector activities (MSME, Rural Housing & Commercial Vehicles), thereby promoting alternate employment opportunities in rural and semi-urban areas.
- Support for Climate Adaptation and Mitigation projects
- Refinance support for credit linked capital subsidy schemes of GoI, whose subsidy is channelized through NABARD.

3. Nature of Accommodation

Refinance assistance is provided to the banks in respect of their disbursement for various purposes under the following two windows:

3.1 Automatic Refinance Facility (ARF)

Automatic Refinance Facility (ARF) enables banks to obtain financial accommodation from NABARD, without going through the detailed procedure of pre-sanction formalities. Banks are expected to appraise the proposals at their own level and finance the borrowers. Banks then claim refinance from NABARD on the basis of a declaration (drawal application), indicating the various purposes for which refinance has been claimed and the loan amount disbursed. In such cases, the sanction and disbursement of refinance are attended to simultaneously by NABARD.

Automatic Refinance Facility is extended without any upper ceiling of quantum of refinance, bank loan or Total Financial Outlay for all kinds of projects under Farm Sector (FS) & Off-Farm Sector.

3.2 Pre-Sanction

If the banks intend to avail refinance under pre sanction procedure they are required to submit the projects for approval of NABARD. Before sanction of the same, NABARD appraises these projects to determine its technical feasibility, financial viability and bankability.

4. Eligibility criteria

4.1 Eligibility criteria for drawal of refinance from NABARD are reviewed from time to time. The eligibility criteria prescribed for the year 2022-23 are as under:

- a) Complying with minimum CRAR norm of 11.50% (as per Basel III).
- b) Net NPAs not exceeding 9% of net loans and advances outstanding. The NPA position will be reckoned for the Bank as a whole.
- c) The bank should be in net profit.

4.2 Eligibility criteria and Risk Assessment during 01 April 2022 to 30 June 2022 will be based on their audited financial position as on 31.03.2021 or 31.03.2022 (if audited position as on 31.03.2022 is available). From 01 July 2022 to 31 March 2023, the same will be based on their audited financial position as on 31.03.2022. Sanction and drawals on or after 01 July 2022 will be permitted only to such banks, which have completed the audit.
