NABARD INVITES CORPORATES TO PARTICIPATE IN ITS

Watershed Development Programme as part of CSR.

NATIONAL BANK FOR AGRICULTURE AND RURAL DEVELOPMENT

Farm Sector Policy Department Mumbai

Email: dpd.fs@nabard.org

NABARD is engaged in Natural Resource Management activities for more than two decades now. It has acquired experience and expertise in implementation of its flagship programmes like Watershed Development, Tribal Development etc.

Watershed Development Programme (WDP): Main features

- ✓ Being implemented for more than two decades
- ✓ Aim at holistic development through (i) Soil and Moisture conservation, (ii) increase in production and productivity of land, (iii) increase the income level of the farmers and (iv) support the livelihood activities of landless and women
- ✓ It is participatory in nature community participation is must in implementation of projects Participation normally by way of SHRAMDAN (labour)
- ✓ Implementation on the basis of Detailed/ Net planning and well defined expected outcome
- ✓ Projects are implemented through selected NGOs/ VAs/ PRIs etc.
- ✓ Resource Support Organistions (RSOs) are engaged for technical and hand holding support
- ✓ Based on social responsibility adherence to social discipline like ban on tree cutting, free animal grazing, judicious use of available resources including water
- ✓ Each project normally covers an area of about 1000 ha.
- ✓ Being funded from Watershed Development Fund (WDF) which was created with initial support from (GoI) on grant basis
- ✓ Good scope for corporates to participate and meet their Corporate Social Responsibility norms on cost sharing basis

Project components of Watershed Development Projects:

- > Soil and land management
- Watershed management
- > Afforestation
- > Pasture Development
- Agriculture Development
- Livestock management
- > Rural Energy management
- ➤ Landless and Women Development
- > Drudgery reduction and income generation activities
- > Innovative initiatives
- > Other activities which have direct and indirect effect in natural resource management.

All the activities are eligible to be treated as CSR spend under Schedule VII of the Companies Act, 2013.

In addition, scope for converging social sector activities like health, education, sanitation, drinking water etc., by the corporates under their CSR programme

Present status of NABARD's Watershed Development Programme (WDP:

- ❖ More than 600 projects completed
- ❖ More than 800 projects under various stages of implementation
- ❖ Area covered more than 17 lakh ha. spread over in 18 states

- ❖ Huge potential Top Priority accorded by GoI
- ❖ More than 60 projects are under implementation with cost sharing arrangements with Trusts/CSR wings of Corporates like ITC − RDT, Sir Jamshedji Tata Trust, Hand in Hand, Mahindra & Mahindra, Hindustan Unilever, JSW Steel, Balco, Ambuja Cement Foundation, Sri Ratan Tata Trust, Axis Bank Foundation, Lupin Foundation etc.

Impact of successfully completed projects:

The impact evaluation study of successfully completed projects was conducted by institutions like Central Research Institute for Dryland Agriculture (CRIDA), Hyderabad, Indian Institute of Soil and Water Conservation (IISWC), Dehradun, IRMA, State University Departments, various other agencies like Dhan Foundation, WOTR, IRA, BAIF etc. The major impacts recorded are summarised as under:

- 1. Increase in ground water recharge & availability of assured water. Reduction in soil erosion.
- 2. Increase in crop production, productivity & cropping intensity and additional area brought under cultivation.
- 3. Socio economic development of rural communities through income generation and livelihood enhancement activities.
- 4. Employment generation and substantial reduction in migration.
- 5. Social impacts like –assured source of income for landless poor, availability of drinking water, fodder availability, etc.

Benefits of the Cost sharing arrangements:

- 1. Synergy with NABARD, which is mandated for agriculture and rural development.
- 2. Pooling of expertise from different fields to share experiences so as to ensure coordinated efforts towards effective, judicious and equitable use of scarce resources
- 3. Holistic development of areas
- 4. Efficiency of private sector added value to overall development of the region.
- 5. Multiplier effect with the available resources and coverage of wider section of the community under the project benefits.

Monitoring and Evaluation:

NABARD ensures regular monitoring of the projects through its Regional Offices, District Development Offices and other stakeholders like RSOs. Impact/ mid-term evaluation studies are conducted internally as well as through well reputed third parties.

Solicit partnerships:

Interested Corporates may contact our Regional Office of concerned State where they are interested to join hands with NABARD in its WDP, for further details and formal engagements.

Flow of activities under watershed development

Expression of interest by PIA (Project Implementing Agency)

Scrutiny of the area data sheet and PIA data sheet

Field Appraisal visit by NABARD

Ensure willingness of community by way of Shramdan (Mandatory 4 days shramdan by all the villagers)

Submission of proposal for Capacity Building Phase (CBP) (around 100 ha) to check the capacity of NGO to implement the project in large area.

Sanction by Project Sanctioning Committee for implementation of CBP (1 year)

Preparation of DPR (Detailed Project Report), Net Plan by PIA for implementation of Full Implementation Phase (FIP) (500-1000 ha area)

Scrutiny of the proposal and field visit by NABARD, Suggestions/ feedback for improvement of DPR, finalisation of DPR and its appraisal

Preparation of MoS (Memorandum of sanction)

Sanction of FIP by Project sanctioning committee (project period : 3-4 years)

Regular monitoring/evaluation of projects

Handing over the projects to VWC/ PRIs and withdrawal from the project

Watershed Structures
