Refinance Policy for Schematic Lending for F. Y. 2020-2021

1. Introduction

NABARD has been providing long-term refinance to the approved financial institutions under the provisions of Section 25(i)(a) of NABARD Act, 1981 to supplement their resources for providing adequate credit for taking up investment activities in agriculture, allied activities and rural off-farm sector etc.

2. The objectives of providing long-term refinance are as under:

3. Nature of Accommodation

Refinance assistance is provided to the banks in respect of their disbursement for various purposes under the following two windows:

3.1 Automatic Refinance Facility (ARF)

Automatic Refinance Facility (ARF) enables banks to obtain financial accommodation from NABARD, without going through the detailed procedure of pre-sanction formalities. Banks are expected to appraise the proposals at their own level and finance the borrowers. Banks then claim refinance from NABARD on the basis of a declaration (drawal application), indicating the various purposes for which refinance has been claimed and the loan amount disbursed. In such cases, the sanction and disbursement of refinance are attended to simultaneously by NABARD.

Automatic Refinance Facility is extended without any upper ceiling of quantum of refinance, bank loan or Total Financial Outlay for all kinds of projects under Farm Sector (FS) & Off-Farm Sector.

3.2 Pre-Sanction

If the banks intend to avail refinance under pre sanction procedure they are required to submit the projects for approval of NABARD. Before sanction of the same, NABARD appraises these projects to determine its technical feasibility, financial viability and bankability.

4. Eligibility criteria

4.1 Eligibility criteria for drawal of refinance from NABARD are reviewed from time to time. The eligibility criteria prescribed for the year 2020-21 are as under :
