

NB.DoR.HO./ 98064 / DoR-ST- Policy- SoF/ 2025-26

Circular No. 226 /DoR – 46 /2025-26

dated 07.10.2025

The Chief Secretary
All State Governments/ Union Territories

Madam/ Sir,

Guidelines on fixation of Scale of Finance (SoF)

Please refer to our circular no. 109/Refinance-34/2020 dated 15 April 2020 on the captioned subject.

2. Keeping in view the various policy changes and the overall changes in the agri ecosystem in the last few years, it has been decided to update the above-mentioned circular.

3. The operational guidelines for fixing of Scale of Finance which forms the basis for arriving at the loan limit under Kisan Credit Card (KCC) is given as an Annexure. These guidelines are also available on NABARD website www.nabard.org under the tab Information Centre.

4. As you are aware, GoI is also building the Agristack wherein all agriculture related data is being built in to make it easier for all stakeholders to get access to the relevant data for making informed decisions. Scale of Finance registry is part of the Agristack. NABARD has digitized the process of capturing the data through its ENSURE portal, so that the SoF registry can be updated. The DCCB/StCB will submit the data through the portal once the same is approved by State Level Technical Committee (SLTC) and District Level Technical Committees (DLTCs).

5. You are requested to suitably advise the SLTC and the DLTCs to adhere to the revised guidelines while fixing the Scales of Finance.

Yours faithfully

K.S. Mah

(Dr. K S Mahesh)
Chief General Manager

Encl : As above

Department of Refinance

Annexure

Guidelines on fixation of Scale of Finance (SoF)

1. Introduction

- 1.1. Agriculture credit in India has undergone changes in the last few years through marked policy changes, technological advancements and digital public lending interfaces. Furthermore, Government of India has been proactively supporting the farmers through several interventions viz., PM KISAN, KCC for animal husbandry and fisheries besides crop loan, credit guarantee, online processing of loans, Agristack etc.
- 1.2. Nearly 85% of the farmers are small and marginal farmers. Providing timely and adequate credit to these small and marginal farmers is paramount for ensuring viability of agricultural activities and food security of the nation.
- 1.3. Kisan Credit Card (KCC) scheme, introduced in 1998-99, has enhanced accessibility of agriculture credit in a hassle-free manner. Since 2020, efforts are also being made to ensure that every farmer is in possession of a KCC so that all farmers are assured of timely credit from formal financial system at an affordable/low cost due to the provision of interest subvention and prompt repayment incentive available from Central and a few State Governments.
- 1.4. The cornerstone of short-term agriculture credit is the Scale of Finance (SoF) being fixed for every crop at the district level which forms the basis for determining the eligible credit for each crop and farmer. The limit for KCC is also decided based on the crop grown, scale of finance and area cultivated.

2. System of fixing Scale of Finance (SoF)

- 2.1. The system of fixing scale of finance follows a bottom-up approach for the last several decades with the Cooperative Bank in the district taking the lead for the same.
- 2.2. The SoF guidelines were comprehensively revised in April 2020 based on the recommendations of Internal Working Group constituted by Reserve Bank of India (RBI) to Review Agricultural Credit and to bring uniformity and transparency in fixation of scale of finance.
- 2.3. At present 20 states/UT are following one State – one SoF and ten states are following district wise SoF.
- 2.4. The District Level Technical Committee (DLTC) finalizes and recommends the SoF based on the input received from all the stakeholders in the district. The State Level Technical Committee (SLTC) reviews the proposals based on the district level conditions, the characteristics of district /agro-climatic zones etc. and approves the same. The SoF so approved are then being circulated among all stakeholders for its adoption.
- 2.5. The existing system of fixing SoF may be continued as hitherto with certain modifications suggested by various stakeholders particularly Government of India to address the issue of disparity observed in SoF of common crops among adjoining districts/ similar agro climatic zones fixed by various DLTCs leading to under financing/over financing. The detailed process is enumerated in the following paragraphs.

राष्ट्रीय कृषि और ग्रामीण विकास बैंक

Department of Refinance

3. District Level Technical Committee (DLTC)

3.1. Constitution:

- 3.1.1. The District Level Technical Committee (DLTC) will be constituted by District Administration with District Central Cooperative Banks (DCCBs) as its Convener and will work in coordination with District Consultative Committee (DCC). In states where the two-tier structure of cooperative banks prevails (ie., if DCCB is absent), the agriculture department may act as the convener of the DLTC.
- 3.1.2. The District Collector/District Magistrate is the Chairman of the committee. In his absence, the head of the agriculture department of the district may chair the meeting.
- 3.1.3. The Lead District Manager (LDM), District Development Manager (DDM) of NABARD, representative of Agriculture, Horticulture, Animal Husbandry and Fisheries Departments, major Commercial Banks, Regional Rural Bank, major NGOs and few progressive farmers in the district will be the members of the Committee.
- 3.1.4. Representatives of KVK/Agriculture University/ Veterinary University/ Fisheries Colleges or University/ICAR Regional Research Stations/ ATMA etc. to be included as regular members of the Committee and be invited for expert technical inputs.

3.2. Process

- 3.2.1. The proposals for fixing SoF received from the stakeholders or proposed by the technical experts will be reviewed by the agriculture department for field crops, horticulture department for horticulture crops and the animal husbandry and fisheries departments will review the proposals for working capital limits under their respective sectors and place it before the Committee.
- 3.2.2. The proposals should be reviewed considering the prevalent package of practices, prevailing cost of inputs, productivity and market price of produce and technical inputs from the KVK/Agriculture University/ Veterinary University/Fisheries Colleges/ University/ ICAR Research stations, ATMA etc.
- 3.2.3. The details of the inputs considered and the item-wise cost to be captured as per the format given for arriving at the SoF for the crop/activity under Animal Husbandry and Fisheries.

3.3. Fixing of SoF

- 3.3.1. For all crop-based activities, SoF will be fixed on a **per acre** basis.
- 3.3.2. The SoF will be arrived at taking into account aspects like different agro-climatic zones, cropping practices etc. for all important crops grown in the district for different cropping seasons including summer crops.
- 3.3.3. Separate scales to be prescribed for irrigated and unirrigated crops, traditional and modern methods of farming and local variations in farming practices, if any.
- 3.3.4. In districts where organic farming/ natural farming is practiced separate SoF for the same may also be finalised.
- 3.3.5. In case of Animal Husbandry activities SoF to be fixed per animal / bird basis for all important activities undertaken in the district after giving due consideration to rearing

Department of Refinance

practices in vogue and all recurring expenses required for sustaining production activities.

- 3.3.6. Similarly, for Fishery sector, SoF may be fixed based on the average unit size of the investment.

3.4. Additional measures suggested while fixing the scale of finance

- 3.4.1. DLTC should build up and maintain a database and detailed worksheets considered for undertaking the exercise for fixation of the scales taking the Cost of Cultivation into account.
- 3.4.2. Scale of finance should be fixed with reference to package of practices adopted. SoF to be fixed individually for each practice.
- 3.4.3. There is a need for fixing separate scales of finance for commercial production of seeds by the seed growers, for export-oriented horticulture/floriculture, tissue culture plantlets, etc.
- 3.4.4. SoF may be fixed for all the crops including horticulture crops, Animal Husbandry activities and Fisheries activities, mulberry/lac/mushroom cultivation, bee keeping etc.
- 3.4.5. Separate SoF may be fixed for "low volume high value" crops like flowers, aromatic/medicinal crops, spices, etc., depending upon the crop feasibility as per agro-climatic conditions, if prevalent in the district.
- 3.4.6. Tea growing states may fix the SoF for the Small Tea Growers (STGs) also.

3.5. Recommendation to the State Level Technical Committee

- 3.5.1. DLTC may indicate scales of finance for major crops and working capital loans to allied sector activities and forward their recommendations to the State Level Technical Committee for finalization and adoption through the ENSURE portal.

4. State Level Technical Committee (SLTC)

4.1. Constitution

- 4.1.1. The State Level Technical Committee (SLTC) will be constituted by the Agriculture Production Commissioner (APC) / Secretary (Agriculture) with State Cooperative Banks as its Convener and will work in alignment with State Level Bankers Committee (SLBC), as hitherto.
- 4.1.2. The APC / Secretary (Agriculture) of the state will be the Chairman of the committee and in his absence, the Director, Agriculture will chair the meeting.
- 4.1.3. The Members will be officials from State Agriculture Department, Horticulture Department, Animal Husbandry and Fisheries Departments, State Cooperation Department, Reserve Bank of India, NABARD, SLBC Convener, major commercial banks having presence in the State, RRB, etc.
- 4.1.4. Representatives of Technical institutions like State Agriculture Universities, Veterinary Universities, Fishery University and ICAR Research Institutes in the State to be invited as regular members for the meeting.

Department of Refinance

4.2. Process

- 4.2.1. The proposals forwarded by the DLTC through the ENSURE portal of NABARD will be placed for the consideration of the committee.
- 4.2.2. The state agriculture department shall review the proposals for field crops including bee keeping, mulberry, lac, mushroom etc (wherever grown). Horticulture Department will review SoF of fruits, vegetables, spices and condiments, flower crops, medicinal and aromatic plants.
- 4.2.3. Tea growing states may fix the SoF for the Small Tea Growers (STGs).
- 4.2.4. The animal husbandry and fisheries departments shall review the proposals for working capital limits under their respective sectors and place them before the Committee.
- 4.2.5. Technical inputs can be taken by the departments from the technical institutions like State Agriculture University etc., if considered necessary.

4.3. Fixing of SoF

- 4.3.1. As we move towards digital processing of loan application through Jan Samarth, electronic-KCC etc., SoF has to be fixed as a single amount instead of range. This will enable the system to calculate the amount of loan eligible for the farmer considering the area, method of cultivation etc.
- 4.3.2. The Committee will take an overview of the state and fix realistic scales of finance considering different agro-climatic zones, irrigated/unirrigated areas, and methods of cultivation by considering the local variations and nuances in the cropping pattern, if any, prevalent in districts.
- 4.3.3. Since the cost of cultivation for a farmer using traditional methods of farming and that for a progressive farmer using modern methods of cultivation are different, it is desirable that the SOF may be fixed separately for each of the methods of cultivation used in the State/district.
- 4.3.4. However, the banks will have the flexibility to finance upto +/- 10% of the SoF arrived at taking into consideration the various prevailing factors.
- 4.3.5. Scale of finance for working capital loans of allied activities may continue to be fixed considering the prevailing practices in different parts of the State and based on the unit size such as per animal / bird or average unit size of investment, as hitherto.

4.4. Notification

- 4.4.1. SLTC will notify the scales of finance for crop loans and the working capital loans for animal husbandry and fisheries sectors.
- 4.4.2. The SoF notification should clearly indicate the district, agro climatic zone, type of crop/activity, season, conditions in which it is grown etc.
- 4.4.3. Dissemination of information at the ground level may be ensured by communicating the same to all operating banks and stakeholders.
- 4.4.4. For wider circulation it may be placed prominently on the website of the SLBC, StCB, DCCB, SCBs and RRBs.

Taking Rural India >>

5. Digitization of the process of fixation of Scale of Finance

- 5.1. The Government of India (GoI), along with the State Governments, is now setting up Agri-Stack to make it easier for all stakeholders viz., farmers, banks, etc., to get all information related to agriculture. SoF is also a part of the Agri-Stack.
- 5.2. For creating a digital SoF registry, it is necessary that the information collected is uniform. NABARD has devised the digital format to capture SoF data in line with the crop registry of MoA & FW, GoI.
- 5.3. These returns will be filled/uploaded by the DLTC and SLTC on the ENSURE 2.0 Platform (a digital interface to which regulatory and supervisory returns are submitted by banks).
- 5.4. The formats of these returns can be accessed by the Conveners of the DLTC and SLTC meetings {District Central Cooperative Banks (DCCBs)/ Agriculture Department (in states having two tier cooperative structure) and State Cooperative Banks (StCBs), Agriculture Department} at the url: <https://ensure.nabard.org> with their existing ENSURE IDs.
- 5.5. The enclosed formats intend to capture the data regarding the fixation of SoF for Crops and Working Capital for Animal Husbandry, Fisheries, etc.
- 5.6. The DLTC / SLTC conveners will submit the specified SoF returns directly in ENSURE 2.0.
- 5.7. The data must be filled up by the DLTC Convener, so that the SLTC Convener can digitally compile the data for the SLTC from the ENSURE portal.
- 5.8. The details of the formats to be filled are as per the attached annexures.

6. Timelines

- 6.1. DLTC and SLTC to meet annually for finalising the SoF for the year. However, there can be more meetings in a year, if need be.
- 6.2. The timelines for completing the process are indicated as under and may be followed scrupulously so as to be ready with the new SOF before start of a cropping season.
- 6.3. **Timeline for DLTC**

Sr. No.	Particulars	DLTC
1	Last Date for calling proposals	31 October of previous calendar year
2	Last Date for receipt of proposals	30 November
3	Finalisation of the proposals	15 December
4	District Level Technical Committee Meeting	31 December
5	Date for approval of the minutes of the Meeting	10 January
6	Date for forwarding the same to SLTC through ENSURE	31 January

6.4. Timeline for SLTC

Sr. No.	Particulars	SLTC
1	Finalisation of the proposals through ENSURE	15 February
2	State Level Technical Committee Meeting	16 to 28 February
3	Last Date for approval of the minutes of the meeting	10 March
4	Finalising the SoF data on ENSURE	15 March
5	Notification of Scale of Finance for the Cropping year	20 March

Note: The process of fixing SoF should start at DLTC for cropping year in the previous year itself as indicated above and will culminate with the issue of notification well before the commencement of Kharif season, on 20 March.

7. User Manuals and Annexures

7.1. The user manuals and the annexures to be filled in ENSURE 2.0 are enclosed for information of the Conveners.

- Annexure- I & II (User manuals at DLTC level)
- Annexure- III & IV (User manuals at SLTC level)
- Annexure- V, VI VII & VIII (Returns to be submitted by both DLTC and SLTC)
- Annexure- IX (Returns to be submitted by DLTC. In those states, wherever common SoF is fixed across districts, SLTCs are required to submit the same)
- Annexure- X, XI, XII & XIII (Returns to be submitted by SLTCs where district wise SoF is fixed)
- Annexure- XIV (Checklist for both SLTC and DLTC)

The left side features logos for '75 Azadi Ka Amrit Mahotsav', 'NABARD', and 'G20 India 2023', along with an illustration of a person at a laptop and the text 'Portal For ElectroNic SUBmission Of REturns'. The right side contains the login form with fields for 'Username', 'Password', and 'Captcha', a 'Forgot password?' link, and a 'Sign In' button. Four numbered arrows point to the input fields: 1 to Username, 2 to Password, 3 to Captcha, and 4 to the Sign In button.

1. Username

- Enter a valid Username.

2. Password

- Enter a valid Password.

3. Captcha

- Enter the Captcha.

4. Sign In

- Click on "Sign In" Button to Login to the System.

DLTC - SoF Return Filing Process

5. Click on Return Filing

- Click on the "Return Filing" provided on the Side Menu.

6. Click on Submit Return

- Click on the "Submit Returns" provided on the Sub Side Menu.

7. Select Module Name

- Select Module Name from the dropdown list.
- Select "SoF" Module.

8. Select Return Name

- On the basis of Module Selection, List of returns available under that Module would be listed.
- Returns allocated to the user would be listed.
- Select the appropriate Return from Dropdown List.

9. Select Frequency

- On the basis of return selected, Frequency would be displayed.
- Select “Yearly” Frequency.

10. Click on “Search” Button

- To get the Result as per parameters selected, click on “Search” button.
- List of Returns as per Parameter(s) selected would be displayed under ‘Pending’ tab.

The screenshot shows the 'Submit Returns' form in the ENSURE portal. The form includes fields for Module Name (SOF), Return Name (SOF Agriculture), Frequency (Yearly), and Return Type (Unaudited). There are also fields for Period End Date, Due date, Status, and Select Status. A 'Search' button is highlighted with a box labeled '11'.

11. Click on “View Return”

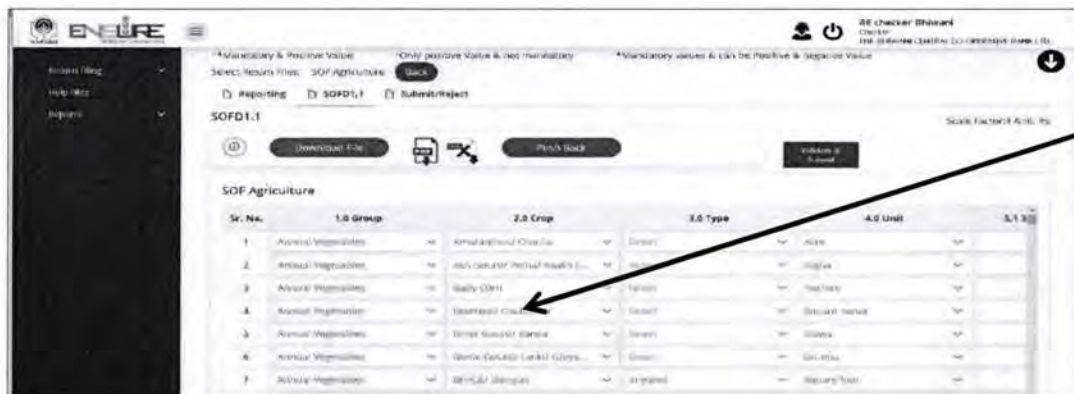

- To file a return, click on “View Return” besides the return to file.
- Reporting details screen will open.
- Verify the details displayed on Reporting screen.

The screenshot shows the 'Reporting Details' screen in the ENSURE portal. It displays various details including Bank Code, Bank Name, Bank Type, Submission date, Scale Factor, Period end date, Acknowledgement no, and Authorized Reporting Officer. A 'Next' button is highlighted with a box labeled '12'.

12. Click on the “Next” Button

- Click on the “Next” button to access the Return.

13

13. Data verification

- Data submitted by Maker will get displayed on Screen.

14

15

14. Click on “Save & Validate”

- Verify the data submitted by Maker and ensure that they are correct
- If they are correct, click on “Save & Validate” button to Submit the Return

Note: If you want to revert the Return to Maker for Reconsideration, then click on “Push Back” button. Then return would get pushed back to Maker for Reconsideration.

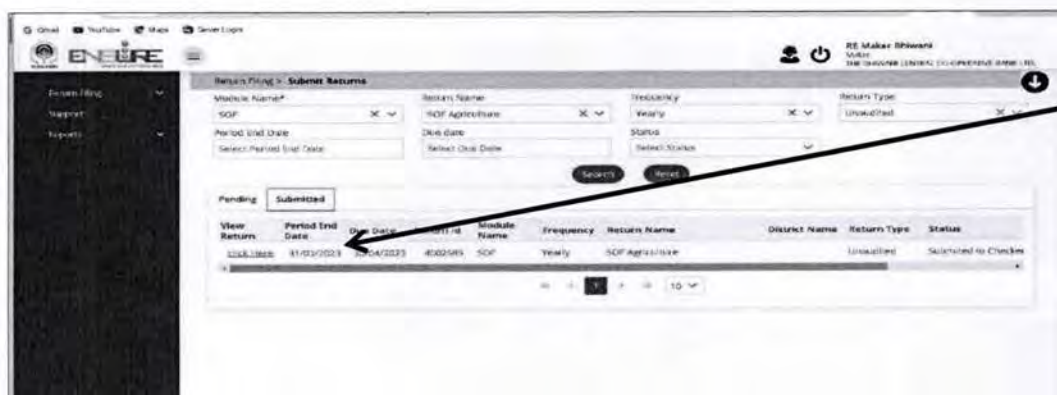

- Once the return gets submitted to NABARD, the message “**Return has been submitted to NABARD Successfully**” is displayed on the screen.

15

15. Click on the “Back” Button

- Click on the “Back” Button to go back to Submit Returns page.

16

14. Click on “<” and “>” arrow

- Click on “<” and “>” arrow to View Various Crops/ Activities available in Return.

Note: If you want to revert the Return to Maker for Reconsideration, then click on “Push Back” button. Then return would get pushed back to Maker for Reconsideration.

15. Click on “Validate & Submit”

- Click on “Validate & Submit” button to Submit the Return.
- Once the return gets submitted to NABARD, the message **“Return has been submitted to NABARD Successfully”** is displayed on the screen.

16. Click on “Back” Button

- Click on “Back” Button to go back to Submit Returns page.

The screenshot displays the NABARD e-Services portal interface for return filing. On the left, a sidebar contains links for 'Return Filing' and 'Reports'. The main content area is titled 'Return Filing > Submit Returns'. It features a form with several input fields: 'Module Name*' (SOF), 'Return Name' (SLTC_Agriculture_1), 'Frequency' (Select Frequency), 'Return Type' (Select), 'Period End Date' (Select Period End Date), 'Due Date' (Select Due Date), and 'Status' (Select Status). Below the form, there are 'Search' and 'Reset' buttons. A table below the form shows a list of returns, with one entry highlighted: 'SOF' for 'Quarterly' frequency, 'SLTC_Agriculture_1' for Return Name, 'Unvalued' for Return Type, '4002233' for Return Id, and 'Submitted to NABARD' for Status. A red arrow points from the 'Submitted' tab to the table.

17. Click on “Submitted” Button

- Click on “Submitted” Button to view submitted returns

Login Screen

The screenshot shows the login interface of the ENSURE system. On the left, there is a banner for the "Portal For ElectroNic SUBmission Of REturns" featuring logos for "75 Azadi Ka Amrit Mahotsav", "NABARD", and "G20 India 2023". The banner includes an illustration of a person sitting at a desk with a laptop, surrounded by icons representing various services. On the right, the login form is displayed with the "ENSURE" logo and tagline "Timely and Complete data". The form contains four main sections: "Username" with a text input field, "Password" with a text input field and a "Forgot password?" link, a "Captcha" section with a CAPTCHA image and a text input field, and a "Sign In" button. Four numbered arrows point to these sections: 1 points to the Username field, 2 points to the Password field, 3 points to the Captcha field, and 4 points to the Sign In button.

1. Username

- Enter a valid Username.

2. Password

- Enter a valid Password.

3. Captcha

- Enter the Captcha.

4. Sign In

- Click on "Sign In" Button to Login to the System.

DLTC - SoF Return Filing Process

5. Click on Return Filing

- Click on the "Return Filing" provided on the Side Menu.

6. Click on Submit Return

- Click on the "Submit Returns" provided on the Sub Side Menu.

7. Select Module Name

- Select Module Name from the dropdown list.
- Select "SoF" Module.

8. Select Return Name

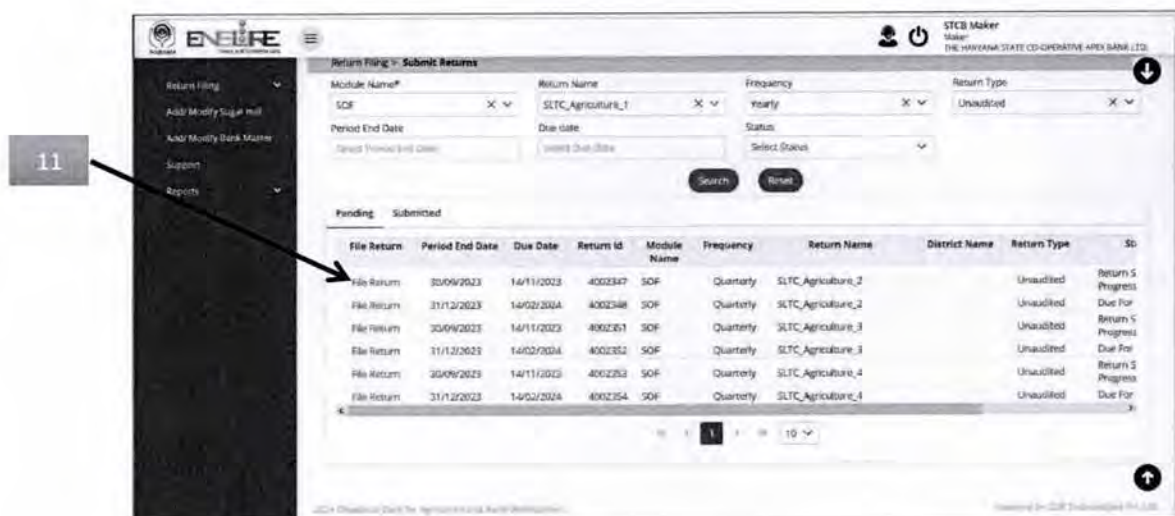

- On the basis of Module Selection, List of returns available under that Module would be listed
- Returns allocated to the user would be listed.
- Select the appropriate Return from Dropdown List

9. Select Frequency

- On the basis of return selected, Frequency would be displayed
- Select “Yearly” Frequency.

10. Click on “Search” Button

- To get the Result as per parameters selected, click on “search” button
- List of Returns as per Parameter(s) Selected would be displayed under ‘Pending’ tab.

11. Click on “File Return”

- To file a return, click on “File Return” beside the return to file.
- Reporting details screen will open.
- Verify the details displayed on Reporting screen.

ANNEXURE- XIII Checklist for DLTC/ SLTC

Scale of Finance

The Scale of Finance (SoF) plays a vital role in the flow of agricultural credit, particularly in the Kisan Credit Card (KCC) scheme. It is determined at the district level by the District Level Technical Committee (DLTC) and approved at the State Level Technical Committee (SLTC). The SoF determines the eligible amount of credit for different crops, which in turn decides the KCC limits based on the type of crop and the area cultivated.

SoF Registry

The SoF data, approved by DLTCs and SLTCs, gets uploaded to the SoF Registry, one of the registries in AgriStack, established by the Ministry of Agriculture and Farmers' Welfare, Government of India. This data will be accessible to stakeholders like banks, FinTechs, and AgriTechs through APIs, enabling them to create tech-based solutions for farmers and FPOs using standardized protocols.

It is observed that there are wide variations in the manner the guidelines are followed while fixing SoF in various States.

In order to ensure that the SoF for various crops are fixed as per the guidelines, an indicative check list containing various issues to be taken care of has been prepared separately for DLTC/SLTC and provided below.

SoF Finalisation – Check list for DLTCs/SLTCs

1. Keeping in view the requirements of SoF Registry, as also the diverse requirements across the country, NABARD has designed the formats for capturing SoF data at DLTCs/ SLTCs levels. It is suggested that DLTCs/ SLTCs may invariably use these formats while fixing SoF for the year 2025-26 onwards.
2. Many DLTCs/ SLTCs use the local names of crops while fixing SoF. MoA&FW has prepared and published a Crop Registry, standardising the names of various crops across the country. The formats prepared by NABARD for capturing the SoF data use these standardised names. For convenience and understanding, apart from the standard name, popular local names are appended to each crop name. It is suggested that DLTCs/ SLTCs follow the 'Crop Name' given in Crop Registry for all crops while fixing SoF. If required, vernacular names could be added subsequent to the 'Crop Name'. For example – Groundnut/ Moongfali/ Nilakkadalai. (The full list of Crop Registry is attached for ready reference.)
3. Apart from the crop, the farming cost also depends on the 'method of cultivation'. Accordingly, DLTCs/ SLTCs fix SoF for many crops along with their method of cultivation viz. Irrigated, Unirrigated, Organic etc. At present, there is no uniformity in the nomenclature for the cultivation methods used by different DLTCs/ SLTCs. The most commonly used methods of cultivation by different DLTCs/ SLTCs have been incorporated in the formats prescribed for capturing SoF

data. It is suggested that DLTCs/ SLTCs use only the methods of cultivation included in the formats for fixing SoF, as far as possible. In case any specific method of cultivation prevalent in a State/ District is not available in the format, it may be brought to the notice of NABARD at the earliest to make necessary improvements in the formats.

4. Many DLTCs/ SLTCs fix SoF for local varieties of different crops. For many crops, there are a large number of varieties, grown in different parts of the country. It is suggested that SoF may be fixed based only on 'Crop - Method of Cultivation' combination and not for any specific varieties of crops, unless the method of cultivation drastically increases the cost of cultivation.
5. It is observed that DLTCs/ SLTCs fix SoF for different crops on different units of 'Area' such as Bigha, Kanal, Hectare, Acre, etc., thereby making comparison between the SoF fixed by different States difficult. It is also observed that for certain crops, SoF is fixed on 'per Tree', or 'per Plant' basis. It is suggested that the SoF for all agricultural crops may be fixed only on 'per Acre' basis, except in the case of mushroom cultivation where SoF may be fixed on 'per Bag' basis.
6. For Animal Husbandry related activities such as Dairy, Poultry, Sheep and Goat rearing, the SoF may be fixed at Per Animal/ Per bird basis rather than fixing on pre-defined unit sizes.
7. A few DLTCs/ SLTCs fix different SoF for the same crop based on the age of the tree/ plant. For example, different SoF is prescribed for trees aged up to 5 years and for trees aged beyond 5 years. For some crops, different SoF is fixed for the first, second and third year of the crop. It is suggested that SoF may be fixed based only on 'Crop - Method of Cultivation' combination and avoid fixing different SoF based on age of the tree/ plant etc.
8. It is observed that in some States, SoF finance is published DCCB wise. As per the guidelines, SoF needs to be published district wise. In case one DCCB is operating in more than one district, separate DLTCs may be conducted for each district and SoF fixed for each district, by the same DCCB.
9. In some of the SLTCs, the data received from DLTCs are aggregated and published in ranges without attempting any moderation/ standardisation/ review of the data submitted by DLTCs. SLTCs may review the data submitted by DLTC and finalise the range for SoF, taking into consideration the variation in practices followed in different districts.
10. The absence of an item-wise breakdown of SoF hampers transparency. It would be helpful to farmers and banks if information on how the Scale is determined is available, as it would help them to make informed decisions. Without this information, farmers may not fully understand their entitlements or the rationale behind the financing provided. Therefore, the breakup of individual components as given in the formats for capturing SoF may invariably be captured.

NOTE

Capturing Scale of Finance (SoF) Data

Returns for capturing SoF data from DLTCs and SLTCs would be published to DLTC and SLTC convenors in each State/UT.

Each DLTC has to submit a set of four returns –

- SoF Animal Husbandry- (Annexure V)
- SoF Bee Keeping- (Annexure VI)
- SoF Fisheries- (Annexure VII)
- SoF Agriculture- (Annexure VIII)

Each SLTC has to submit the following returns as per the applicability

- SoF_Agriculture_1- (Annexure IX)
- SoF_Agriculture_2- (Annexure X)
- SoF_Agriculture_3- (Annexure XI)
- SoF_Agriculture_4- (Annexure XII)
- SoF_AnimalHusbandry- (Annexure V)
- SoF Bee Keeping (Annexure VI)
- SoF_Fisheries- (Annexure VII)

In states where both DLTCs and SLTC function, DLTCs would submit the returns first. The data from the returns submitted by DLTCs would get populated in the above returns to be submitted by SLTCs.

SLTCs can download the returns in excel format with data, listed district-wise, and based on the decisions taken in SLTC meeting, they can update/ modify/ revise the data in excel sheets and upload them in ENSURE, and then submit the returns to NABARD.

Exceptions

1. In respect of northeastern states - Assam, Sikkim, Nagaland, Arunachal Pradesh, Meghalaya, Mizoram, Manipur; and some other states/ UTs like Delhi, Goa, and Puducherry, there is no DLTC system. In such states, the respective State Co-operative Banks would submit the returns mentioned for DLTC above and the SoF mentioned therein would be applied for all districts in the respective States/UTs.
2. The same methodology would be followed in respect of Chandigarh and Tripura as well, where PNB – Chandigarh and Dept. of Agriculture, Tripura would submit DLTC returns which would be used for all districts in the UT/ State.
3. For the two districts viz. Leh and Kargil in Ladakh, DLTC returns would be submitted separately by the J & K StCB.
4. For the two districts viz. Daman and Diu, DLTC returns would be submitted separately by the Daman and Diu StCB.

5. The SoF data submitted by the Daman and Diu StCB for Daman would be replicated for Dadra and Nagar Haveli.
6. The SoF data submitted by the Kerala StCB for Ernakulam district would be replicated for Lakshadweep.

Due Dates

As process of fixing SoF starts well before the cropping season starts, the due dates for submission of returns by DLTCs and SLTCs have been set accordingly.

The due date for submission of returns by DLTCs is set as 31 December. For ex., for the returns for the Period End Date 31/03/2025, the due date would be 31/12/2023.

The due date for submission of returns by SLTCs is set as 28 February. For ex., for the returns for the Period End Date 31/03/2025, the due date would be 28/02/2024.

The returns, however, can be submitted either before or after the due date, once they are published in ENSURE.
