

Farmers: The Driving Force Behind **ePACS**

Farmers are the backbone of India's rural economy

and the ePACS Software is designed to strengthen that backbone through digital empowerment, financial inclusion, and operational transparency.

Join the Digital
Revolution in
Rural
Co-operatives.
**Empower your
cooperative.
Empower your
future.**

Farmers' Centric Digitisation through ePACS Software

Primary Beneficiaries

Farmers are the ultimate stakeholders, gaining direct access to loans, savings, and cooperative services.

Strengthening Governance

Farmers participate in digital voter list and meetings, ensuring democratic and transparent cooperative operations

Driving Financial Inclusion

Aadhaar-enabled onboarding and eKYC make services accessible even in remote areas.

Capacity Building

Farmers receive training to become digitally literate, confident, and future-ready.

Key Benefits for Farmers

Quick Loan Processing

Faster approvals and disbursements for crop and term loans.

Real-Time Access

Check balances, repayment schedules, and transaction history anytime.

Transparency

Clear statements and digital records.

Localized Support

Available in 14 languages for ease of use.

Smart Alerts

Notifications for due dates, approvals, and announcements.
