STATUS OF MICROFINANCE IN INDIA 2024-25

DISCLAIMER

This Status of Microfinance in India report has been prepared based on the data compiled and collated by DMFI, NABARD as received from various reporting banks across the country and Sa-Dhan. While due care has been taken to ensure the correctness and purity of the data, NABARD does not exercise any editorial control over the data reproduced here. NABARD is therefore not responsible for data inaccuracies, if any, reported in the publication.

OVERVIEW

NABARD takes pride in the fact that the **Self Help Group – Bank Linkage Programme**, which is the largest microfinance programme in the world today, touches

17.1

crore households through more than

143

lakh SHGs with deposits of over

₹71,433

crore and annual loan offtake of more than

₹2,08,283

crore and loan outstanding of over

₹3,04,259

crore

FOREWORD

It is with immense pride and optimism that I present the *Status of Microfinance in India - 2025*, NABARD's flagship annual publication. Over the years, this compendium has become a trusted reference for policymakers, financial institutions, development practitioners, and researchers. It brings together credible insights from Scheduled Commercial Banks, Regional Rural Banks, and Cooperative Banks, offering a comprehensive account of the progress, resilience, and transformative impact of India's microfinance ecosystem, with a special focus on the Self-Help Group-Bank Linkage Programme (SHG-BLP).

Since its inception in 2006-07, this publication has mirrored the evolution of microfinance in India - capturing both achievements and challenges. The 2025 edition highlights two major developments, viz., the enduring strengths of SHG-BLP and the expanding role of Microfinance Institutions (MFIs). While the number of savings-linked SHGs registered a marginal decline due to a data cleansing exercise that eliminated inactive accounts, this adjustment represents a necessary step towards transparency and robustness. Importantly, the long-term trajectory remains firmly upward. As of 31st March 2025, more than 17 crore rural households are connected through the SHG network, with 1.43 crore SHGs savings-linked and nearly 85 lakh credit-linked. Outstanding bank credit to SHGs has crossed ₹3.04 trillion, registering a healthy 17% year-on-year growth - underscoring both the resilience and creditworthiness of SHGs.

A noteworthy shift in recent years has been the transition of SHGs from primarily savings-and-credit collectives to active agents of entrepreneurship and livelihood promotion. Aligned with the Government of India's Lakhpati Didi initiative, NABARD has introduced a model scheme for Regional Rural Banks to extend focused financial support to women entrepreneurs across farm and non-farm sectors. Complementing this are NABARD's redesigned Micro Enterprise Development Programme (MEDP) and Livelihood and Enterprise Development Programme (LEDP), strategic partnership with the National Rural Livelihoods Mission (NRLM), and initiatives such as m-Suwidha and FPO/OFPO support programmes. Together, these interventions provide skilling, enterprise development, value chain integration, and refinance support—empowering rural women to emerge as confident entrepreneurs and economic leaders.

To strengthen market linkages, significant emphasis has been placed on branding, digital marketing, and national-level platforms. The Grameen Bharat Mahotsav, held in New Delhi,

provided SHGs, OFPOs, and FPOs with direct exposure to mainstream markets, institutional buyers, and aggregators. Such initiatives not only showcase rural products and cultural heritage but also enhance visibility, income, and confidence among rural producers. In parallel, pilot programmes such as the Graduated Rural Income Generation Programme (GRIP) have supported ultra-poor women through returnable grants and performance-based ratings, enabling them to graduate into sustainable “nanopreneurs”.

Looking ahead, the future of SHG–BLP lies in embracing a data-driven and technology-enabled growth pathway. Priorities include developing digital credit histories for SHG members, adopting real-time banking solutions through applications like Money Purse, and establishing a not-for-profit corporate business correspondent entity to onboard women BCs—thereby strengthening last-mile financial infrastructure.

NABARD remains committed to acting as a facilitator, catalyst, and partner in this journey. Our efforts will continue to emphasise innovation, inclusion, and impact—working hand-in-hand with banks, government agencies, livelihood missions, NGOs, and grassroots institutions.

I extend my sincere appreciation to all stakeholders who contributed to this edition and to the larger mission of inclusive finance it represents. I am confident that the Status of Microfinance in India – 2024-25 will not only serve as an authoritative record but also inspire collective action to build a more inclusive, equitable, and entrepreneurial Bharat.

SHAJI K V

CHAIRMAN

Acknowledgements

All data quoted and analyzed in respect of SHG-BLP and JLGs are as reported by banks to NABARD in ENSURE portal. We place on record the valuable contribution made by Banks and Financial Institutions for providing data on time.

We thankfully acknowledge the support of Sa-Dhan for sharing vital data and inputs which readily facilitated analysis of the MFI Sector.

The efforts of officers and staff of DMFI, HO in bringing out this book, ably supported by their counterparts in NABARD Regional Offices and DDMs are appreciated.

REVIEW OF SHG-BANK LINKAGE PROGRAMME

The Self-Help Group–Bank Linkage Programme (SHG–BLP), initiated by NABARD in 1992, continues to be a cornerstone of financial inclusion and women’s empowerment in rural India. The programme has evolved into a robust platform for collective action, savings mobilization, and for enabling access to formal credit. It has played a pivotal role in deepening financial inclusion, fostering self-reliance, and enabling sustainable livelihoods for millions of rural households.

1.1 PROGRESS OF SHG BANK LINKAGE PROGRAMME

The SHG–Bank Linkage Programme has nearly doubled in outreach and has grown more than sixfold in financial savings during the past decade. From 76.97 lakh savings linked SHGs and savings amount of ₹11,059.86 crore as on 31 March 2015, the programme reached out to 143.30 lakh SHGs and savings amount of ₹71,433.27 crore as on 31 March 2025. There was a slight decline of 0.64% y-o-y in the number of groups as of 31 March 2025. This could be attributed primarily to the sanitisation of accounts by banks. None the less, the savings rose by 9.75% compared to the previous year.

The overall progress under the SHG-Bank Linkage Programme between 2022-23 and 2024-25 is presented in Table 1.1.

Table 1.1: Progress under SHG-Bank Linkage Programme (2022-23 to 2024-25)							
(Number in lakh/ ₹ in crore)							
Particulars		2022-23		2023-24		2024-25

(Figures in parenthesis indicate the increase/decrease over the previous year)							

1.2 MAJOR HIGHLIGHTS OF SHG-BLP

Trends in SHGs saving-linked: As of 31 March 2025, SHG-BLP covered 17.07 crore families through 143.30 lakh SHGs, comprising 86.08% exclusive women SHGs indicating a strong reflection on women-led development. Even as FY 2024-25 witnessed a negative growth of 0.64% over FY 2023-24 in number of SHG savings accounts, exclusive women SHG accounts registered y-o-y growth of 2.42%. Similarly, SHGs under NRLM fold registered consistent growth with 18.37% increase y-o-y, taking its share to 69.64% in total SHGs. In terms of savings amount, a steady increase of 9.75% was observed in FY 2025, with that under NRLM showing 19.04% increase.

Loans disbursed to SHGs: The number of SHGs that availed loans during the year 2024-25 increased to 55.57 lakh from 54.28 lakh with a marginal growth of 1.37%. However, a slight decline of 0.48% in terms of loan amount disbursed was observed compared to the previous year. Exclusive women SHGs accounted for 54.40 lakh i.e. 97.89% of the total credit-linked groups during the FY 2024-25, receiving loan amount of ₹2.04 lakh crore, a marginal increase over the previous year. SHGs under NRLM also registered a negative growth of 4.77% and 0.55% in physical and financial terms, respectively.

Loans outstanding under SHG-BLP: As on 31 March 2025, the number of SHGs having loans outstanding increased from 77.42 lakh to 84.94 lakh, indicating y-o-y growth of 9.71%. Correspondingly, the amount of loans outstanding increased by 17.17% and stood at ₹3.04 lakh crore. Number of loan account outstanding against exclusive women SHGs increased from 72.29 lakh to 80.28 lakh registering a steady growth of 11.05%. Share of NRLM SHGs (Nos.) having loans outstanding was 76.82%, and their share in loans outstanding was 79.45%.

1.3 PROGRESS OF SAVINGS LINKAGE OF SHGS WITH BANKS DURING LAST 3 YEARS

Over the past decade, the SHG-Bank Linkage Programme has shown remarkable progress in outreach and financial mobilization. From 76.97 lakh SHGs savings-linked as on 31 March 2015, the number rose to 144.22 lakh as on 31 March 2024 and slightly moderated to 143.30 lakh as on 31 March 2025. This marginal decline of 0.64% is attributed to the sanitisation of accounts by banks. The total savings amount increased by 9.75% y-o-y, reaching ₹71,433 crore as on 31 March 2025, indicating strong financial discipline and corpus mobilization. During the decade (2015 to 2025), SHG savings accounts registered CAGR of 6.41% mainly due to the intensification of the institutional framework under NRLM and supportive government policies in the form of introduction of credit guarantee arrangements, Interest Subvention Scheme for Women Self Help Groups under DAY-NRLM and efforts taken by banks to achieve the priority sector lending targets.

A region-wise comparison in savings linked SHG accounts during last three financial years indicates highest growth in Northern region followed by Western and Central regions, whereas negative growth can be seen in the Eastern, NE and Southern regions.

	Total	1,34,03,083	58,89,268	1,44,21,904	65,08,915	1,43,29,996	71,43,327	-0.64%	9.75%

Regionally, as on 31 March 2025, the Southern and Eastern regions continued to dominate the savings landscape with a share of 29.88% and 28.40%, respectively in total SHG savings-linked accounts. In terms of savings amount, the Southern region had a share of 45.54% in total savings amount, followed by the Eastern region (32.30%). The State-wise details of the number of SHGs savings-linked with banks are presented in **Statement IIA**.

At the regional level, the negative growth in the number of SHG savings accounts was seen in Odisha, Bihar and West Bengal states in the Eastern region, Assam, Arunachal Pradesh, Mizoram and Tripura in the North-Eastern region, and Telangana and Andhra Pradesh in the Southern region.

In terms of outreach, Maharashtra had the highest number of SHGs savings-linked at 17.13 lakh, followed by West Bengal (15.31 lakh), Bihar (11.73 lakh), Tamil Nadu (11.72 lakh), and Andhra Pradesh (10.92 lakh). These states have consistently remained among the top in terms of the number of SHG accounts, reflecting strong community engagement, effective implementation of state livelihood missions and conducive policies adopted by the respective state governments. During the year, maximum SHG accounts were added in Rajasthan (91360), followed by Maharashtra (82647) and Uttar Pradesh (56100).

Overall, the average SHG savings in the books of banks at the end of the financial year increased by 10.45% from R45,132 in 2023-24 to R49,848 in 2024-25. This steady increase suggests improved financial behaviour among SHGs. Region-wise data reveals that the average savings have increased in all the regions. In absolute numbers, the Southern region (R75,977) continued to have the highest average savings per SHG, while the Northern region registered the lowest (R18,655). Among States, five have average savings higher than the national average. States like Andhra Pradesh and Telangana have the highest averages above R1.5 lakh and R1.4 lakh, respectively, followed by Odisha (R0.83 lakh), and West Bengal (R0.63 lakh). However, these savings do not reflect the complete picture as the majority of savings are deployed in inter-lending by the SHGs.

1.4 CREDIT DISBURSEMENT BY BANKS

Credit disbursement under the SHG–Bank Linkage Programme has expanded significantly over the past decade, from 16.26 lakh SHGs availing loans worth ₹27,582 crore in FY2014–15 to 55.57 lakh SHGs availing ₹2,08,283 crore loan in FY2024–25. However, y-o-y growth has plateaued, with only a 1.4% increase in SHG count and a marginal decrease of 0.5% in the disbursed amount compared to 2023–24, suggesting a shift from expansion to consolidation. The comparative analysis of bank loans disbursed to SHGs in the last three financial years (2022-23 to 2024-25) is given in Table 1.3. The State-wise credit disbursement status of SHGs during the year 2024-25 is given in **Statement II B**.

Table 1.3: Region-wise status of bank loans disbursed to SHGs during last 3 years									
(₹ lakh)									
Region	2022-23			2023-24			2024-25		
	No. of SHGs	Loan Amt. Disbursed	Avg. Amt. Disbursed	No. of SHGs	Loan Amt. Disbursed	Avg. Amt. Disbursed	No. of SHGs	Loan Amt. Disbursed	Avg. Amt. Disbursed
Northern Region	1,02,931	2,06,437	2.01	1,38,391	3,18,183	2.30	1,40,711	3,67,493	2.61
North Eastern Region	1,23,602	3,13,764	2.54	1,77,015	5,26,355	2.97	1,78,331	6,30,631	3.54
Eastern Region	16,34,604	33,38,333	2.04	23,61,377	51,47,356	2.18	24,59,328	61,55,306	2.50
Central Region	2,78,359	4,63,673	1.67	3,97,413	7,74,839	1.95	4,05,396	8,36,998	2.06
Western Region	2,73,253	6,75,144	2.47	3,29,034	10,04,150	3.05	3,81,244	13,06,964	3.43
Southern Region	18,82,772	95,22,672	5.06	20,78,922	1,31,57,704	6.33	19,92,357	115,30,875	5.79
Total	42,95,521	1,45,20,023	3.38	54,82,152	2,09,28,587	3.82	55,57,367	2,08,28,267	3.75

Credit disbursement to SHGs in terms of the number of accounts in 2024-25 witnessed an increase across all regions over 2023-24, except the Southern region. Southern region recorded negative growth (-4.16%) in terms of the number of credit accounts disbursement, contributed by Telangana (-11.57%), Karnataka (-6.48%) and Andhra Pradesh (-0.29%). Further, among the states, Bihar recorded the highest reduction of 2.90 lakh in terms of credit accounts disbursement during the year, followed by Karnataka (-43706) and Telangana (-40855). Western region recorded highest growth of 13.69% in terms of number of credit disbursement accounts. During the year, highest number of loan accounts was added in West Bengal (267625), followed by Jharkhand (124311) and Maharashtra (49630).

In terms of amount disbursed during the year, negative growth of 0.48% was observed at all India level mainly due to a fall in disbursement in the Southern region (-12.36%). Other regions recorded positive growth; maximum growth was recorded by Western region (30.16%), followed by NE region (19.81%) and Eastern region (19.58%). In terms of absolute figures, the maximum reduction was recorded in Andhra Pradesh (-₹16607 crore), followed by Bihar (-₹3644 crore) and Karnataka (-₹3130 crore). The top five states that recorded high loan disbursement during the year were West Bengal (₹9392 crore), Maharashtra (₹2708 crore), Jharkhand (₹2187 crore), Odisha (₹2145 crore) and Tamil Nadu (₹2052 crore).

Fig 1.5: Region-wise share of SHG loan disbursed during last 3 years

A comparative analysis of region-wise share in credit linkage of SHGs during the last three years (2022-23 to 2024-25) reveals that the Southern and Eastern regions continue to lead in credit disbursement under SHG-BLP. However, the last three years' trend also indicates a continuous fall in the share of the Southern region. At the same time, the share of other regions is showing an increasing trend.

The Eastern region had a 44% share in the number of SHGs credit-linked during the FY 2025, followed by Southern region (36%). However, the Southern region had a share of 55.4% in the amount of credit disbursed, followed by Eastern region (29.55%).

In terms of loan amount to SHGs, Andhra Pradesh (₹43170 crore), West Bengal (₹30062 crore), Karnataka (₹22143 crore), Telangana (₹21120 crore), and Tamil Nadu (₹21077 crore) are the top-performing states in loan disbursement during 2024-25.

The average loan disbursed per SHG during the FY 2024-25 was decreased to ₹3.75 lakh from ₹3.82 lakh reported during FY 2023-24. Except for Arunachal Pradesh, Andhra Pradesh, Karnataka, Jharkhand and Goa, other states recorded an increase in the average loan disbursement over the previous year. The highest growth was observed in Meghalaya (35.50%), followed by Himachal Pradesh (33.55%), Gujarat (33.5%) and Tripura (26.82%). This could be a sign of deepening of credit engagement in the smaller states. In terms of average loan disbursed, six states were above the national average viz., Kerala (8.40 lakh), Tamil Nadu (₹7.41 lakh), Telangana (₹6.76 lakh), Goa (₹6.30 lakh), Andhra Pradesh (₹6.43 lakh) and Odisha (₹3.89 lakh). The reasons for the favourable growth in these states could be state patronage, the presence of quality SHPIs, positive response from bankers, etc. States like Uttarakhand (₹1.62 lakh), Uttar Pradesh (₹1.65 lakh), Bihar (₹1.77 lakh) continued to have the lowest average loan disbursement, indicating the need for coordinated efforts towards setting up/strengthening sustainable livelihoods through income-generating activities.

It can be observed from Fig 1.7 that in FY 2024–25, avg. savings to avg. credit per SHG ratio at all India levels was 1:7.52. This ratio was consistent with previous years, underscoring the critical role of bank credit in supplementing SHG resources. The same was highest in the Western region (1:14.36) followed by North Eastern (1:14) and Northern region (1:13.65) and least in Eastern region (1:4.4). It may be noted that the savings reported by banks are the amount of savings reflected in the savings account as on 31st March 2024 and not the actual corpus of SHGs.

Notably, the Southern region, with the highest average disbursement (₹5,78,755), reflects a strong correlation between savings discipline and credit access. In contrast, the Eastern region, despite having the second-highest average savings (₹56,703), reported a lower average loan disbursement (₹2,50,284), suggesting conservative lending and/or lower credit demand.

1.5 LOANS OUTSTANDING

As of 31 March 2025, loans outstanding against SHGs stood at ₹3,04,259 crore across 84.94 lakh SHGs, marking a year-on-year increase of 17.2% in amount and 9.7% in SHG count. Since 31 March 2015, when loans outstanding was ₹51,545.46 crore for 44.68 lakh SHGs, the programme has grown nearly sixfold in financial terms and almost doubled in outreach. The average loan outstanding per SHG rose to ₹3.58 lakh as on 31 March 2025, up from ₹3.35 lakh the previous year and ₹1.15 lakh a decade ago, indicating deeper credit engagement and sustained borrowing cycles.

Table 1.4: Region-wise Loans Outstanding with SHGs (as on 31 March 2025)				
(₹ lakh)				
Sr. No.	Regions	No. of SHGs	Amount outstanding	Average loan O/s per SHG
1	Northern Region	2,38,558	4,17,090.50	1.75
2	North Eastern Region	3,87,333	9,46,577.89	2.44
3	Eastern Region	33,82,360	85,73,817.66	2.53
4	Central Region	7,57,348	11,43,756.09	1.51
5	Western Region	6,15,067	14,65,111.19	2.38
6	Southern Region	31,13,786	1,78,79,520.90	5.74
	Total /Avg.	84,94,452	3,04,25,874.23	3.58

West Bengal had the highest number of SHGs credit-linked followed by Bihar, Andhra Pradesh, and Karnataka. In terms of total loan outstanding, Andhra Pradesh was followed by West Bengal, Telangana and Karnataka at the top of the list.

Region-wise, the Southern region continued to lead with a share of 58.76% in total loans outstanding, followed by Eastern region (28.18%), while in terms of the number of loans outstanding, Eastern region accounted for 39.82% followed by Southern region (36.66%).

Overall, out of 143.30 lakh SHGs savings linked, 59.28% SHGs had loans outstanding with banks. Seven states had credit linkage percentage higher than the All-India average with West Bengal leading at 94% of its SHGs having loans outstanding, followed by Karnataka and Andhra Pradesh (91%), Bihar (88%), Telangana and Jharkhand (85%) and Odisha (59%). This could reflect that SHG-BLP has been near its potential in Southern and Eastern regions, from the viewpoint of credit linkage. The State-wise credit linkage status of SHGs as on 31 March 2025 is depicted in **Statement II C**.

Fig 1.8: State-wise share of credit linked SHGs to total SHGs (as on 31 March 2025)

The All-India average loan outstanding per SHG as on 31 March 2025 reached ₹3.58 lakh from ₹3.35 lakh, registering a growth of 7%. Southern region continued to maintain highest average loan outstanding at ₹5.74 lakh with y-o-y increase of 8%. Y-o-y growth in average loan outstanding was highest in North Eastern region (26%), followed by Eastern Region (20%). Among the states, Andhra Pradesh (₹8.04 lakh) was in the lead, followed by Telangana (₹6.6 lakh), Tamil Nadu (₹4.94 lakh), Kerala (₹4.80 lakh) and Goa (₹4.66 lakh).

The Eastern region had the lowest credit gap of 16.89%, followed by Southern region (27.28%) against the all-India status of 40.72%. If the credit linkage of the Eastern and Southern regions were excluded, the credit gap at all-India level would shift to 66.58%. Likewise, on exclusion of share of Southern region, the average loans outstanding per SHG would drop from ₹3.58 lakh to ₹2.33 lakh.

1.6 AGENCY-WISE DISTRIBUTION OF SHG–BANK LINKAGE PROGRAMME

Commercial banks, RRBs and cooperative banks play a pivotal role in SHG-BLP through provision of savings and credit services. The Agency-wise status of SHG-BLP is given in the Table 1.5.

1.6.1 AGENCY-WISE DISTRIBUTION OF SAVINGS LINKED SHGs

Commercial banks, with their extensive network and outreach, financial strength, technological advancements, risk management practices and professional expertise, have continued to be on top with over 84 lakh SHGs having saving accounts linked with them. However, the share of commercial banks in total number of savings linked SHGs fell down from 60% as on 31 March 2024 to 58% as on 31 March 2025, mainly due to reduction in savings accounts reported by a few commercial banks, viz., UCO Bank, Punjab National Bank, DCB Bank Ltd. The reasons were indicated as closure of inoperative accounts, sanitization of data reporting, etc. The share of RRBs and cooperative banks increased marginally over the previous year.

Table 1.5: Agency-wise status of SHG-BLP in 2024-25								
(₹ lakh)								
Category of Agency	Total Savings of SHGs with Banks as on 31 March 2025		Loans disbursed to SHGs by Banks during 2024-25		Total Outstanding Bank Loans against SHGs as on 31.03.2025		NPAs as on 31.03.2025

Fig 1.10: Region-wise, Agency-wise share in SHG savings accounts

It can be observed from Fig 1.10 that commercial banks had the highest share in savings-linkage of SHGs across all regions except the NE region. Against the share of 58% in the savings linked SHGs at all-India level, commercial banks had the maximum spread in the Western region (67%) and a minimum of 39% in the NE region. RRBs had the highest share in NE region (50%) followed by Central region (43%). Cooperative banks had a sizable share in the Western region (21%) in savings linkage of SHGs.

Among the commercial banks, State Bank of India had highest number of savings-linked SHGs at 13.89 lakh i.e. 19.37% of total savings-linked SHGs with public sector commercial banks, followed by Union Bank of India (13.36%). Private sector commercial banks together have 11.97 lakh savings linked SHGs, mainly contributed by ICICI Bank (6.19 lakh) and HDFC Bank (3.70 lakh). Among the RRBs, Assam Gramin Vikas Bank has the maximum savings linked SHGs at 3.37 lakh, followed by Uttar Bihar Gramin Bank (3.13 lakh). Agency-wise details of savings outstanding as on 31 March 2025 are given in **Statement IA**.

1.6.2 AGENCY-WISE CREDIT DISBURSEMENT TO SHGS DURING THE YEAR 2024-25

Agency-wise details of loans disbursed to SHGs during the year are given in **Statement-IB**. In terms of account having loans disbursement during the year, commercial banks led with 64% share, followed by RRBs (31%) and cooperative banks (4%). Commercial banks dominated with a significant share of 69% in the loan amount disbursed during the year. The State Bank of India had the highest number of credit-linked SHGs at 11.39 lakh, i.e. 36% of total credit -linked SHGs during the year among the public sector commercial banks, which was followed by Union Bank of India at (3.53 lakh). Among the Private Sector Banks, maximum credit linkage of SHGs at 2.20 lakh was reported by HDFC Bank. Among the RRBs, Bangiya Gramin Vikash Bank had a maximum credit linked SHGs at 4.45 lakh during the year.

It can be seen from Fig. 1.11 that commercial banks in the Western region (88%) and Southern region (81%) had maximum share in credit linked SHGs during the year. In these regions, the share of RRBs was reasonably lower compared to the share of RRBs (31%) at all-India level. However, RRBs in Eastern (48%), Central (36%) and North Eastern (35%) regions had substantial share in number of SHGs credit linked during the year. Except for Western region, cooperative banks in other regions had a share at less than 5% in the credit linked SHGs during the year.

1.6.3 AGENCY-WISE LOANS OUTSTANDING AGAINST SHGS

Agency-wise details of loans outstanding are given in Statement-IC. Of the total bank loans outstanding against SHGs, commercial banks held the highest share at 71% followed by RRBs at 24% and cooperative banks at 4%. As can be seen from Fig. 1.12, as on 31 March 2025, the share of commercial banks in loans outstanding accounts was 85% in the Western region, followed by Southern region (73%) and Northern region (64%). RRBs in NE, Central and Eastern regions had substantial share in number of accounts with loans outstanding.

1.6.4 AGENCY-WISE AVG. SAVINGS, AVG. CREDIT DISBURSEMENT AND AVG. LOANS OUTSTANDING

As indicated in Table 1.6, the average savings of SHGs with banks as on 31 March 2025, increased for all agencies with cooperative banks having highest increase by 34.53%. Among the public sector commercial banks, Indian Bank had the highest average savings per SHG i.e. ₹ 0.93 lakh, followed by Union Bank of India at ₹ 0.82 lakh and Indian Overseas Bank at ₹ 0.76 lakh.

Table 1.6: Agency-wise Average Savings, Loan Disbursement and Loan Outstanding as on 31st March									
(₹ lakh)									
Agency	Average Savings of SHGs with Banks			Average Loans disbursed to SHGs by Banks			Average Outstanding Bank Loans against SHGs		
	2023-24	2024-25	Change (%)	2023-24	2024-25	Change (%)	2023-24	2024-25	Change (%)
Commercial Banks	48,282	52,408	8.55	4,26,016	4,05,839	-4.74	3,82,339	4,19,609	9.75
Regional Rural Banks	46,210	51,746	11.98	2,97,152	3,17,593	6.88	2,62,602	2,67,261	1.77
Cooperative Banks	23,992	32,277	34.53	4,43,323	3,30,920	-25.35	2,45,549	2,37,557	-3.25
Total	45,132	49,849	10.45	3,81,758	3,74,787	-1.83	3,35,405	3,58,185	6.79

Average loan disbursed during the year decreased by 1.83%; highest fall of 25.35% was observed for cooperative banks, followed by commercial banks at 4.74%; however, RRBs have posted positive growth. Canara Bank continued to register the highest average loan disbursement per SHG at ₹9.11 lakh, followed by ₹5.30 lakh by Union Bank of India. Among the private banks, Dhanalaxmi Bank at ₹10.59 lakh had the highest average loan disbursement per SHG. Among RRBs, Saptagiri Grameena Bank at ₹12.34 lakh had the highest average loan disbursed per SHG followed by Telangana Grameena Bank at ₹11.41 lakh and Kerala Gramin Bank at ₹10.41 lakh.

It can be seen from Fig 1.13 that there was substantial variation in average credit disbursement to SHGs by cooperative banks. In the Southern region, cooperative banks provided a higher quantum of average credit at ₹6.01 lakh as against of ₹0.52 lakh in the Central region. Moreover, in the Southern region all the agencies provided an average credit at a relatively higher range of ₹5 lakh to ₹8 lakh per SHG. Except for the Southern region, the average credit disbursement by RRBs in other regions was in the range of ₹1.88 lakh to ₹3.90 lakh. In NER, RRBs provided the highest average credit at ₹3.90 lakh per SHG compared to other agencies.

The average loan outstanding per SHG increased for commercial banks and RRBs, while cooperative banks observed fall of 3.25%.

During the FY 2024-25, the credit gap at the national level improved to 40.72% from 46.32% during the previous year. Agency-wise analysis indicates that the cooperative banks had highest credit gap at 66.78%, followed by commercial banks and RRBs at 38.11% and 35.59%, respectively. Credit gap for cooperative banks increased marginally whereas it improved substantially for commercial banks and RRBs. Maximum credit gap in public sector banks was observed in case of Punjab and Sindh Bank (91%), followed by Bank of India (55%). State Bank of India performed excellently well on this front and had a minimum credit gap of 10.75%. Among the RRBs, Rajasthan Marudhara Gramin Bank had the highest credit gap of 93.67%, followed by Sourashtra Gramin Bank (89.07%), and Manipur Rural Bank (85.22%).

1.7 NPAS IN SHG-BLP

At the national level, NPAs under bank loans to SHGs as on 31 March 2025 declined to 1.74% as compared to 2.05% as on 31 March 2024 (Table 1.7 & Fig. 1.14). Decrease in NPAs could be seen across all regions in the FY25. The absolute level of NPAs reduced in the Southern region.

Region-wise, comparison of NPAs indicates that the Southern (1.59%) and Eastern (1.71%) regions had NPA level below national average level of 1.74%. Central region continued to exhibit high NPA level as a percentage to loans outstanding, though showing a 115 bps decrease y-o-y.

Table 1.7: Region-wise Gross NPA under SHG-BLP- as on 31 March					
(₹ lakh)					
Sr. No.	Regions	2023-24		2024-25	
		Gross NPA- Amount	NPA as percent to Loan o/s	Gross NPA- Amount	NPA as percent to Loan o/s
1	Northern Region	13,227.22	4.09	15,358.43	3.68
2	North Eastern Region	13,817.67	2.10	16,201.49	1.71
3	Eastern Region	87,140.15	1.50	1,17,937.17	1.38
4	Central Region	54,576.75	6.00	55,500.04	4.85
5	Western Region	35,917.70	3.46	40,305.87	2.75
6	Southern Region	3,27,074.83	1.90	2,83,911.76	1.59
	All India	5,31,754.32	2.05	5,29,214.76	1.74

Agency-wise comparison reveals that NPAs reduced across commercial banks and RRBs over the last three years, while it increased substantially in cooperative banks during the year 2024-25, after a fall in 2023-24. This notable decreasing trend in NPA percentage in commercial banks and RRBs indicates the efforts of the banks towards improving asset quality and ensuring loan repayments. The cooperatives banks may require closer monitoring of assets and the quality.

1.8 WAY FORWARD

The SHG–Bank Linkage Programme has matured into a robust platform for financial inclusion, with deepening credit engagement and declining NPAs. Going forward, the focus needs shift from scale to sustainability—ensuring that SHGs not only access credit but also use it productively. Strengthening capacity building, promoting livelihood, and enhancing digital integration will be key to unlocking the next phase of growth.

There is a pressing need to further enhance the outreach of the SHG-BLP to reach underserved and marginalized communities, particularly in remote rural areas and ultra poor areas. Policy support must continue to prioritize underperforming regions and agencies, especially cooperative banks and Central/Northern states. GoI initiatives like Lakhpati didi scheme can improve the overall functioning of SHGs and enhance their competitiveness in the evolving economic landscape.

Innovations in credit scoring for individual SHG members by developing real-time transactions of SHG members, and community-based recovery models can help to bridge gaps. As SHGs evolve into federated structures and producer collectives, the banking system must adapt to their changing needs, ensuring that the SHG–BLP remains inclusive, resilient, and transformative.

2

MFI OPERATIONS IN INDIA

2.1 INTRODUCTION

The microfinance movement in India was initiated by NABARD in 1992 with Self-Help Group (SHG)–Bank Linkage Programme. This initiative aimed to integrate SHGs into the formal banking system, enabling them to save and access credit. Initially, banks were hesitant to finance SHGs due to the novelty of the concept, but over time, confidence grew, and the programme evolved into a nationwide movement. Realising the fact that in some areas banks may not be able to provide credit linkage directly to SHGs, NABARD formulated a scheme of bulk lending to NGOs for on-lending to SHGs and dispersed individuals. The scheme provided loans of up to ₹10 lakh to NGOs from banks. Around the same time, realising the need for supporting other supplementary delivery systems involved in providing micro-credit to the poor, NABARD started providing Revolving Fund Assistance (RFA) to Microfinance Institutions (MFIs). During the year 1993-94, three projects were sanctioned to FWWB-Ahmedabad, Adithi-Patna and RDO-Imphal. By the end of March 1998, NABARD sanctioned seven Grameen Bank replication projects to MFIs to test the microfinance innovations and assess the feasibility of internalisation of the concept.

Based on the report of the Task Force on Supportive Policy and Regulatory Framework for Microfinance (Chairman: Y C Nanda), the Reserve Bank of India (RBI) issued guidelines in February 2000 recognising the role of micro-credit organisations and categorising loans by banks to such organisations under the priority sector (RBI 2000). This encouraged the banks to finance MFIs as intermediaries for lending to SHGs or individuals. Small Industries Development Bank of India (SIDBI) has also gained sufficient experience with financing MFIs since 1994, and it launched its National Microfinance Support Programme in April 2000. The purpose of the programme was to develop an extensive microfinance sector on a national scale and create an enabling environment for the evolution of sustainable financial institutions.

NABARD continued to provide RFA support to MFIs for onlending to SHGs or smaller groups of around 5 members. This RFA support, along with grant assistance for meeting operational deficits in select cases, has enabled MFIs to build a credit history and access credit facilities through regular banking channels. By the end of 31 March 2011, RFA of ₹99.33 crore was sanctioned to 48 agencies. In addition, financial assistance was provided to commercial banks and RRBs by way of grants to meet the cost of rating of MFIs by professional rating agencies like CRISIL, M-CRIL, CARE Ratings, ICRA and Planet Finance. In order to help MFIs leverage capital/equity to access funds from banks and achieve sustainability in their credit operations over a period of 3–5 years, NABARD also started a scheme called “Capital/Equity Support to MFIs” in the year 2006-07 for providing capital/equity support to MFIs. During 2009-10, NABARD introduced a new scheme, “Capital Support to start-up MFIs” for the MFIs having the potential to scale up their activities but lacking in capital, infrastructural facilities and managerial skills. Under the scheme, Micro-Finance Organisations (MFOs) and MFI-NBFCs, identified as ‘Start-ups’ based on area of operation, client outreach, lending model, borrowing history, etc. These schemes helped in increasing linkages between banks and MFIs. By the end of 31 March 2011, Capital Support of ₹24.40 crore was sanctioned to 41 agencies.

On the background of the Andhra Pradesh crisis, RBI appointed a sub-committee under the Chairmanship of Mr Y H Malegam to study issues and concerns in the MFI sector. The Committee submitted its report in January 2011 and recommended (a) creation of a separate category of NBFC-MFIs; (b) a margin cap and

an interest cap on individual loans; (c) transparency in interest charges; (d) lending by not more than two MFIs to individual borrowers; (e) creation of one or more credit information bureaus; (f) establishment of a proper system of grievance redressal procedure for MFIs; (g) creation of one or more ‘social capital funds’; and (h) continuation of categorisation of bank loans to MFIs under the priority sector subject to those loans complying with the regulation laid down for NBFC-MFIs.

The growth of MFIs in the succeeding years confirmed that the action taken on the recommendations of the Malegam Committee has helped to stabilise the MFI sector in India and underscored the need for the protection of the rights of customers.

A supportive regulatory stance by the RBI, financial support from NABARD to enable MFIs to access bank loans, and direct financing to MFIs by SIDBI and other banks created a favourable ground for the growth of MFIs and their portfolio in the country. Some of the MFIs, called Community Development Finance Institutions, came together to set up Sa-Dhan in 1998. Similarly, the Microfinance Industry Network (MFIN) was established in 2009 as an association for NBFC-MFIs. Both these organisations are recognised by the RBI as Self-Regulatory Organisations (SROs) for NBFC-MFIs. These SROs are focusing on creating an enabling policy and business environment for their members to purvey responsible finance with the highest standards of customer protection and corporate governance.

2.2 RECENT DEVELOPMENTS

In order to revamp the regulatory policy for microfinance institutions, the RBI in 2022 issued Master Directions for Microfinance loans for all Commercial Banks (including SFBs, LABs and RRBs), PUCBs, SCBs, DCCBs and NBFCs (including MFI and HFC) to harmonise the sector across various players. As a result, Microfinance loans have been defined as collateral-free loan given to a household having an annual income up to ₹3 lakh, provided the monthly loan obligations of a household does not exceed 50 per cent of the monthly household income. It mandated Regulated Entities (REs) to have board approved policies on various aspects viz., (i) to provide flexibility of repayment periodicity as per borrowers’ requirement, (ii) assessment of household income, (iii) limit on the outflows on account of repayment of monthly loan obligation of a household as a percentage of the monthly household income, (iv) pricing of microfinance loans, (v) conduct of employees and system for their recruitment, training and monitoring.

The directive has brought all the institutions dealing with microfinance on one platform, as a result, these institutions are now regulated uniformly. The directive brought transparency in operations, which enabled customers to make an informed choice regarding their credit needs and it encouraged healthy competition.

The RBI has also come out with several other regulatory guidelines such as scale-based regulation for NBFCs, outsourcing of Information Technology Services, Digital Lending, Provisioning and Asset Clarification, measures towards consumer credit and bank credit to NBFCs, Compromise Settlements and Technical Write-offs, Implementation of Indian Accounting Standards (Ind AS), etc. which have strengthened the regulated entities in the sector. The advisories on fair pricing, responsible lending practices, and efficient grievance redressal mechanisms have helped in maintaining transparency and borrower trust in the sector.

Recently, the sector has been facing challenges on account of over-leverage and repayment stress, causing anxiety among the MFIs and their lenders. The current challenges could be attributed to multiple reasons, such as economic slowdown, increasing inflationary trends, climate-related challenges in various parts of the country, etc. These, coupled with a higher level of indebtedness, caused stress in the sector, which is improving slowly. The other problems faced by the MFIs were an increase in Credit Bureau rejections, higher staff attrition, increased cases of fraud, and external interference etc.

The Karnataka Micro Loan and Small Loan (Prevention of Coercive Actions) Ordinance (February 2025) and the Tamil Nadu Money Lending Entities (Prevention of Coercive Actions) Act, 2025, aimed to curb coercive recovery practices, have created confusion, leading the field team to proceed cautiously to avoid

legal repercussions. These have inadvertently affected reputable, RBI-registered MFIs also as evident from drop in collection efficiency, surge in delinquencies and portfolio at risk, contraction of AUM across the regulated lenders.

As a result, the overall portfolio at the end of the financial year 2024-25 has declined by around ₹40,000 crore over the previous year. The RBI's Financial Stability Report of December 2024 noted that, alongside rising delinquencies, borrower indebtedness has risen- the share of borrowers taking loans from four or more lenders has increased to 5.8% in the last three years from 3.6%. An y-o-y increase in average loan per borrower by 11% indicates concern with increasing indebtedness. Efforts are being made to strengthen the microfinance sector in the country keeping in view these challenges.

The Code of Conduct prescribed by the Self-Regulatory Organizations (SROs) for their members has been recently reviewed in the context of stress in the microfinance sector, and some additional guardrails were suggested for microlending institutions. Some of the guardrails include capping total household exposure at ₹2 lakh, mandating credit bureau check before lending, capping the number of lenders per borrower at three, top-up loans only if the borrower repays 50% of the earlier loans or 12 months have passed since disbursement, etc.

RBI, vide instructions No.RBI/2025-26/44, DoR.FIN.REC.25/03.10.038/2025-26 dated 06 June 2025, has relaxed the qualifying asset criteria for NBFC-MFIs from 75% to 60% of total assets (netted off by intangible assets) on an ongoing basis. This change will allow NBFC-MFIs to diversify their portfolio and strengthen their balance sheet by building a long-term sustainable asset mix.

2.3 PERFORMANCE OF MFIS

The highlights of MFIs operations as on 31 March 2025 are given in Table 2.1.

Table 2.1: Highlights of MFI operations				
Performance Indicators	2022-23	2023-24	2024-25	% change from FY 2023-24
No. of loan account (lakh)	1329	1445	1324	-8.37
Gross Loan Portfolio (₹ crore)	3,51,521	4,15,234	3,75,122	-9.66
No. of loan disbursed (lakh)	766	835	560	-32.93
Amount disbursed (₹ crore)	3,17,111	3,89,493	2,90,298	-25.47
Avg. Loan per borrower (₹)	41,369	46,645	51,839	11.14

2.3.1 OUTREACH OF MICROFINANCE

a. Geographical Outreach

Currently, microfinance operations in India are spread over 775 districts across 36 States/UTs. However, there is a skewed growth in the portfolio, as 83% of the portfolio is concentrated in 10 states and 70% in the top 200 districts. This indicates significant potential for expanding microfinance operations across the country, which can further boost the sector's growth.

Further analysis shows that during FY 2023-24, 20 MFIs were operating in more than 15 states/UTs, whereas 89 MFIs had operations in a single state/UT, indicating that larger MFIs, mostly NBFC-MFIs, had spread out their operations to more states/UTs. It can be observed from Fig. 2.1 that during the FY 2023-24, the MFIs have spread their operations in more than one state. The smaller MFIs, especially "Not-for-Profit" category, the majority remained confined to one state only, maintaining their regional focus in their operations.

b. Client outreach

Client outreach of MFIs has grown substantially within the last ten years. It reached a maximum level of 1445 lakh during FY 2023-24. However, it fell to 1324 lakh during FY 2024-25, posting a negative y-o-y growth of 8.37%. A maximum fall of 35% was observed in the case of Not-for-profit organizations, whereas NBFCs recorded a minimum fall of 0.81%.

The details of clients served by MFIs over the past five years are given in Fig. 2.2. NBFC-MFIs had a 40% share, followed by Banks (33%), SFBs (16%), NBFCs (9%), and Not-for-profit entities (2%).

2.3.2 MFI OPERATIONS

a. Portfolio:

According to data released by Equifax India, the microfinance industry registered a negative y-o-y growth (-9.66%) in loan portfolio for FY 2024-25, as against 18% y-o-y growth in the FY 2023-24. As of 31st March 2025, the total loans outstanding of all micro-lenders stood at ₹3,75,122 crore. Lender-wise details are given in **Statement XIII-A**.

Among the various lender types, NBFC-MFIs continued to hold the largest share of the microfinance portfolio at 38%, followed by Banks (32%), Small Finance Banks (16%), NBFCs (12%), and Non-profit MFIs (2%). Notably, NBFCs were the only category to show positive growth at 7.05%, while Non-profit MFIs experienced the steepest decline at 30.48%, followed by SFBs (14.18%), NBFC-MFIs (10.74%), and Banks (9.94%).

Table 2.2: Agency-wise loan outstanding						
Type of lender	Loan outstanding as on 31 March (₹ crore)					
	2022-23	% share	2023-24	% share	2024-25	% share
NBFC-MFIs	1,39,632	40%	1,61,649	39%	1,44,282	38%
Banks	1,20,016	34%	1,32,887	32%	1,19,679	32%
NBFCs	29,664	8%	43,139	10%	46,178	12%
SFBs	58,431	17%	67,871	16%	58,246	16%
Non-Profit entities	3,778	1%	9,689	2%	6,736	2%
Total (Industry)	3,51,521	100%	4,15,235	100%	3,75,122	100%

Based on the trend, it can be inferred that banks are losing ground as their share in total loans outstanding declined from 44% to 32% during 2020-21 to 2024-25 (Fig.2.3), which has been taken over by NBFC-MFIs and SFBs. For the year 2024-25 (as on 31st March), the share of NBFCs has increased, whereas the share of Banks and SFBs remained unchanged.

An analysis of the quarterly progress reports for the FY 2024-25 shows that the lenders preferred to adjust ticket size and exposure and adopted a cautious approach in disbursements to manage stress. Softening in new originations is also evident from the fact that the active loans decreased from 14.45 crore in March 2024 to 13.24 crore in March 2025. There was a contraction in the loan portfolio across the industry except for the NBFCs that saw an y-o-y increase in loan outstanding by 7% as on 31 March 2025.

The microfinance portfolio continued to be concentrated in 10 states in FY 2024-25. Among the top five states, negative growth has been observed in loan outstanding during FY 2024-25. It can be inferred from Table 2.3 that the steepest decline observed in case of Tamil Nadu and Karnataka was likely influenced by the regulatory changes, (upcoming) ordinances, and lending policy constraints. West Bengal was the only state that showed a shift in position, moving up from 5th to 4th place in terms of its share in total loans outstanding, increasing from 9% to 10%. This change allowed it to surpass Karnataka, which remained at 9%. All other states retained their respective ranks, with Bihar continuing to lead at 15%, followed by Tamil Nadu (12%), Uttar Pradesh (11%), and Karnataka (9%).

Table 2.3: Top Five States having Loans Outstanding					
State	Loan outstanding as on (₹ crore)		% share in total loan O/s		(₹ crore)
					% change in loan O/s
	31/03/2024	31/03/2025	31/03/2024	31/03/2025	2024-25
Bihar	62,488	57,477	15	15	-8.02
Tamil Nadu	52,912	45,866	13	12	-13.32
Uttar Pradesh	43,605	41,841	11	11	-4.05
West Bengal	38,225	35,950	9	10	-5.95
Karnataka	38,707	34,928	9	9	-9.76
Pan India	4,15,234	3,75,122	-	-	-9.66

In FY 2024–25, most of the top 10 microfinance districts witnessed a decline in their loan portfolios compared to the previous year. Murshidabad (West Bengal) was the only district amongst these, to show a marginal increase of ₹9 crore. In contrast, Mysuru (Karnataka) recorded the steepest decline of ₹1,002 crore, followed by Madhubani (₹618 crore) and Samastipur (₹548 crore), both in Bihar. Other districts like Muzaffarpur, East Champaran, Darbhanga (all in Bihar), North 24 Paraganas (West Bengal), Belagavi (Karnataka), and Cuddalore (Tamil Nadu) also saw moderate declines. Bihar continued to dominate the list with five districts, highlighting the state's significant share in the microfinance landscape. Despite the overall contraction, notable shifts were observed in district rankings, indicating a redistribution in portfolio concentration. Murshidabad district retained first rank for the year 2024-25 too.

b. Loan disbursement:

The total number of loans disbursed by all microfinance lenders during FY 2024-25 was 560 lakh, registering a negative y-o-y growth of 33%. Lender-wise details for the three years are presented in Fig. 2.5. Among the lenders, NBFC-MFIs had the maximum share of 39%, followed by banks (37%), SFBs (13%) and NBFCs (10%).

The total loan disbursement by all lenders during FY 2024-25 was ₹2,90,298 crore. The disbursement during the FY declined significantly compared to ₹3,89,493 crore disbursed during the previous financial year 2023-24. The data reflects a y-o-y decrease of 25% in overall disbursement. Among microlenders, NBFC-MFIs disbursed the highest amount at ₹1,06,896 crore, followed closely by Banks, which disbursed ₹1,06,835 crore during FY 2024-25. These two categories together amounted for the majority of the total disbursement in the sector.

When looking at the y-o-y decline in disbursement across different lender types, SFBs recorded the steepest drop at 36.10%. This was followed by NBFC-MFIs with a decline of 26.75%, Banks with 24.82%, NBFCs with 9.31%, and Non-profit MFIs with a decline of 8.37%.

The top five states in terms of disbursement during FY 2024–25 were Bihar (₹47,102 crore), Uttar Pradesh (₹34,130 crore), West Bengal (₹31,876 crore), Tamil Nadu (₹30,802 crore), and Karnataka (₹26,713 crore). Together, these five states accounted for 59% of the total disbursement across the country. Compared to last year, Tamil Nadu moved down from second to fourth place, and Uttar Pradesh moved up from third to second place. Lender-wise disbursement details are given in Statement XIII-B.

c. Average Ticket Size (ATS):

The average loan size in the microfinance industry during FY 2024–25 was ₹51,869, which was higher than the previous year's average of ₹46,621. This shows an 11.3% increase compared to FY 2023–24

All the lenders registered an increase in their average loan size. NBFCs had the highest growth at 14.6%, followed by Not-for-profit MFIs at 12.7%, NBFC-MFIs at 12%, Banks at 10.7%, and SFBs at 5.7%. This indicates that, across the board, lenders are giving out slightly larger loans than they did last year. The details of state-wise disbursement during FY 24-25 and average ticket size are given in **Statement XIII-F**.

As per the CRIF, Microlend (March 25 Quarterly Report), during FY 2024-25, a steep y-o-y reduction of 35.9% was reported for the loans with ticket size below ₹30,000. Similarly, loans with ticket size ₹30,000–₹50,000 also reduced by 23.9% and a substantial contraction of 5.5 % was reported in this range. At the same time, loans with ticket size ₹80,000 - ₹1 lakh and loans with ticket size above ₹1 lakh have increased by 4.3% and 38.5% respectively, indicating lenders' preference for the higher-ticket loans, likely among the existing customers.

d. Portfolio Quality:

Compared to the last two financial years, the portfolio quality declined across all buckets. The biggest decline was seen in the 180+ dpd bucket. Apart from NBFCs (3.7%) and NBFC-MFIs (7.9%), the other lenders had PAR 180+ dpd higher than the industry average. The highest decline was observed in the case of Not-for-Profit Organisations (22.8%), followed SFBs (17.6%) and Banks (12.7%). Lender-wise status of PAR for the FY 2023 and FY 2024 is given in **Statement XIII-C**.

Table 2.4: Portfolio at Risk for FY 23, FY 24 and FY 25			
PAR level/As on	31 March 2023	31 March 2024	31 March 2025
30 + dpd	2.2%	2.4%	6.6%
60 + dpd	1.7%	1.8%	5.3%
90 + dpd	1.1%	1.2%	3.9%
180 + dpd	9.4%	7.8%	10.7%

As per the CRIF Microlend (March 25 Quarterly Report), smaller-ticket loans ($\leq$ ₹30,000 and ₹30,000-₹50,000) have seen a moderation in PAR 31-180 bracket, but PAR 91-180 bracket and beyond is rising, with loans $\leq$ ₹30,000 showing slight moderation in PAR 91-180 during a period March 2024 to March 2025. Further, higher-ticket loans ($>$ ₹1 lakh) have experienced an uptick in all delinquency buckets as their share in portfolio is expanding (as indicated in the previous paragraphs), there is a need for greater caution. However, its delinquency is much lower than the lower-ticket sizes.

The state wise analysis shows that Manipur (13.3%), Karnataka (10.81%), Odisha (9.67%), Gujarat (8.18%), Jharkhand (7.62%), Bihar (7.41%), Uttar Pradesh (7.09%), Chhattisgarh (6.98%), Sikkim (6.96%), and Tamil Nadu (6.90%) were among the states with PAR 30+ DPD higher than the industry average of 6.6%. State wise, lender wise details under different bucked are provided in **Statement XIII-G**.

e. NPA Status of MFIs

It can be observed from Table 2.5 and Fig. 2.8 that over the past three years, the overall NPA in the microfinance sector has shown fluctuations. After improving from 11.60% in FY 2021–22 to 8.88% in FY 2023–24, the NPA level rose again to 14.20% in FY 2024–25, indicating renewed stress in the sector.

Table 2.5: Lender-wise NPA status						
Lender Type	NPA (% to loan O/s) as on 31 March					
	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25
NBFC-MFIs	2.23	9.45	9.10	8.47	7.12	11.77
Banks	2.36	9.45	14.39	13.82	13.04	16.27
NBFCs	11.25	10.48	5.37	3.17	4.77	5.62
SFBs	2.49	16.64	12.80	11.17	10.74	21.38
Not-for-Profit MFIs	3.09	9.76	9.55	9.71	9.39	26.05
Industry	3.99	10.77	11.60	10.31	8.88	14.20

Among lenders, NBFC-MFIs saw a decline in NPAs from 9.10% in FY 2021–22 to 7.12% in FY 2023–24, but again jumped to 11.77% in FY 2024–25. Banks followed a similar trend, with NPAs rising from 13.04% to 16.27% in the last year.

SFBs also experienced a sharp increase in NPAs, from 10.74% in FY 2023–24 to 21.38% in FY 2024–25, the highest among all lender types. Not-for-Profit MFIs, which were keeping low compared to industry average during these periods have raised from 9.39% to 26.05 % over the last year. NBFCs, on the other hand, maintained relatively stable asset quality, though NPAs increased from 4.77% to 5.62% over the previous year.

2.4 SOURCES OF FINANCE FOR MFIs

The RBI recognised MFIs in 1998 as specialised institutions for lending to the poor without collateral. Subsequently, in 2004, the RBI approved financing to MFIs to be treated as part of PSL lending. As a result, Banks have become a major source of funding for MFIs. Others include DFIs like NABARD and SIDBI, NBFCs and market borrowings.

It can be observed from the Table 2.6 that, share of banks has increased from ₹34,895 crore in 2019–20 to ₹59,991 crore in the FY by 2023–24. Development Finance Institutions (DFIs) contributed ₹8,832 crore in 2019–20, with a slight decline in the following years, reaching ₹10,175 crore in 2023–24. Non-Banking Financial Companies (NBFCs) increased their funding from ₹10,114 crore in 2019–20 to ₹15,276 crore in 2023–24, despite some fluctuations. Other sources, though smaller, showed a sharp rise in 2022–23 with ₹22,396 crore, before slightly dropping to ₹19,864 crore in 2023–24.

Table 2.6: Flow of funds to MFIs during last 5 years						
Lending institution	Borrowings by MFIs during the year (₹ crore)					
	2019-20	2020-21	2021-22	2022-23	2023-24	%share FY 24
Banks	34,895	26,684	36,828	55,234	59,991	56.97%
DFIs	8,832	7,743	8,886	11,315	10,175	9.66%
NBFCs	10,114	15,092	14,983	10,086	15,276	14.51%
Others	3,858	2,035	3,995	22,396	19,864	18.86%
Total	57,699	51,554	64,692	99,031	1,05,306	100%

Out of the total debt funds of ₹1,05,306 crore received during the year 2023-24, share of NBFC-MFIs was 95.68 % followed by NBFCs (2.92%). Further, size wise analysis indicates that Very Large MFIs (portfolio >₹2000 crore) had 90% share in the total debt funds received, followed by 7% share of Large MFIs (portfolio between >₹500 crore and <₹2000 crore).

Raising funds remains a major challenge, especially for small MFIs (having a portfolio <₹500 crore). These institutions often rely on NBFCs for funding, which usually comes at a higher interest rate. This increases the cost of loans for the end borrowers, making microfinance less affordable for those who need it most.

Due to these funding constraints, many smaller MFIs have started functioning as BCs for Banks, SFBs, and NBFCs. As of March 31, 2024, there were 104 MFIs operating as BC agents, reflecting a shift in their business model to sustain operations.

Adequate and sustainable funding is essential for MFIs to operate effectively. These funds serve as their working capital, enabling them to provide loans and financial services to low-income individuals. Without sufficient funding, MFIs cannot fulfil their objective of promoting financial inclusion.

2.5 BRANCHES AND STAFF IN MFIs

As of March 2024, there were 33,644 branches of MFIs across India, as against 25,790 in March 2023, registering a y-o-y growth of 30%. These branches play a key role in facilitating business by sourcing loan applications, appraising them, monitoring of loans and disbursements, and managing collections.

Human resources are the greatest asset of any institution. Especially in high-touch business activity like microfinance, human resources and their quality play an important role. Over 60% of field staff are involved in client acquisition, loan appraisal, and collections; hence, the success of MFIs depends significantly on the quality, continuity, and productivity of their workforce.

The total workforce in MFIs reached 2.87 lakh as of March 2024, with an increase of 33% over the previous year. Women employees constituted around 13% of the workforce and are mainly engaged in head office operations. The workforce is expected to exceed 3 lakh by March 2025.

MFI, being a human-resource intensive industry provides a lot of job opportunities for young educated persons in villages and semi-urban areas. However, facing the problem of attrition due to various reasons, e.g., movement of staff to other institutions, inability to cope with the tough rigors of the microfinance industry, higher aspirational level of staff, opportunities offered by other industries, looking for better work-life balance. The attrition rate varies from organisation to organisation. During the year 2023-24, the industry had touched attrition at 49%.

While MFIs are gradually adopting technology and innovative practices to improve efficiency, core services still depend largely on human involvement. Digital tools are being introduced selectively to enhance speed and service quality, complementing rather than replacing the human touch.

2.6 USE OF TECHNOLOGY IN MFIs

Technology is playing a transformative role in expanding access to financial services for India's underserved and unserved markets. Tech innovations are opening new engagement channels for MFIs, expanding opportunities, enhancing efficiency, and improving service delivery. These advancements are not only accelerating the growth of the microfinance sector but also reshaping interactions with individuals and businesses with financial systems.

The integration of technology into microfinance operations offers several benefits. App-based scorecards now evaluate customer creditworthiness using parameters like payment history, demographics, and location for credit assessment. With digital tools, including geotagging and document verification through BOT (software program), KYC verification has become more secure. Real-time data transfer is enabled via GPRS-

based applications, while mobility solutions streamline loan processing and collections. Disbursements are increasingly automated through H2H (host-to-host) transfers, reducing manual intervention. Core banking systems now allow real-time transaction tracking, enhancing transparency and control.

While digitisation brings hope for making MFIs more competitive and efficient, it also presents challenges. Despite significant investments, many digital initiatives are yet to fully transform traditional MFI models. The sector continues to grapple with the gap between technological potential and on-ground impact.

2.7 WAY FORWARD

The microfinance industry, currently serving over 8 crore low-income households, plays a vital role in fostering the agenda of financial inclusion. Despite facing challenges over the past 25 years, including demonetization, the COVID-19 pandemic, and localized disruptions, the sector has shown strong resilience. While it is currently navigating another period of stress, the additional guardrails prescribed by SROs with closer watch of the lending practices would improve the situation.

Although microfinance now serves across 775 districts of India, a significant portion of the portfolio remains concentrated in five states, viz., Bihar, Tamil Nadu, Uttar Pradesh, Karnataka, and West Bengal. This geographic asymmetry needs to be addressed to ensure more equitable outreach.

Human resource issues also require attention. High attrition rates are a concern, and there is a need to attract and retain talent through training and handholding support. Maintaining a proper database of the existing staff and their movements will help the sector with the right hiring. The Employee Bureau of Equifax is one useful platform, which can be utilized for quality hiring of staff suitable as per the field conditions.

Technology adoption for providing better and efficient services is another area of focus. Tools for better borrower identification, their income and liability assessment, and digital sourcing and collection can improve efficiency and reduce loan pricing. Further studies are needed to explore these possibilities.

India's microfinance sector has matured and continues to be a key driver of financial inclusion. By supporting underserved populations, especially women, small farmers, and micro-entrepreneurs, it contributes meaningfully to socio-economic development. With ongoing digital transformation and a supportive regulatory environment, the sector is well-positioned to make a lasting impact.

NABFINS LTD.

NABFINS is an initiative of NABARD born out of serious concerns about the practices of microfinance institutions (MFIs) in the mid-2000. Entrusted with the responsibility of promoting the microfinance sector, besides scaling up SHG-Bank Linkage, NABARD set up a Micro Finance institution with the objective of developing a model Non-Banking Financial Company (NBFC) in the country. The aim is to set benchmarks and standards for the MFI sector, while providing accessible credit at an affordable cost to underserved and disadvantaged communities in rural and semi-urban areas, thereby fostering their economic prosperity.

Origin of NABFINS: In the year 1996, NABARD set up three NBFCs to finance hi-tech agricultural projects through term lending. One of these three companies, Karnataka Agriculture Development Finance Company Ltd. (KADFC) was headquartered in Bengaluru. KADFC was restructured into an MFI called NABARD Financial Services Limited (NABFINS) in 2007. NABFINS is a subsidiary of NABARD, which has major shareholding (63.10%). Other shareholders are Government of Karnataka (18.43%), Canara Bank (9.90%), Union Bank of India (5.26%), Bank of Baroda (3.09%), Federal Bank (0.16%) and Dhanalakshmi Bank (0.06%). The Company started its journey in microfinance in 2009 and obtained NBFC-MFI license from RBI in 2015 to further scale up its operations.

Reaching the unreached and underserved: Since its inception, NABFINS has provided services to over 30 lakh households with a micro credit flow of ₹16,473 crore at one of the lowest interest rates among NBFC-MFIs. The Company operates through two business models: the Business and Development Correspondent (B&DC) model and the Direct Lending (DL) Model. To support other institutions' efforts in reaching micro finance borrowers, the Company also offers bulk loans under the Institutional Lending model. Currently, the Company has 498 branches and 98 active BC partners. As part of its long-term strategy, the Company has shifted its expansion focus from the B&DC model to the Direct Lending model. It now operates in 246 districts across 18 States and one Union Territory.

Business Models of NABFINS:

- **Business and Development Correspondent (B&DC) Model:** NABFINS executes an agreement with agencies functioning as Self-Help Group Promoting Institutions (SHPIs), which are recognized legal entities. To on-board as a B&DC, a comprehensive due diligence process is conducted, focusing on governance, accounting policies, availability of trained personnel with local area knowledge, etc. The primary role of the B&DC is to source loan applications and collect repayments. This model enables NABFINS to penetrate deeply into underserved areas and provide financial services to those who are beyond the reach of traditional financial institutions, leveraging the support of SHPIs. The model supports rapid growth and facilitates the achievement of larger business volumes in a shorter timeframe.

The model encounters scalability limitations compared to the JLG model of other MFIs, as initiating operations in a specific region requires the presence of a qualified SHPI with a social motive and consideration for the poor. The model also relied on B&DCs gathering information and assessing the creditworthiness of groups, which may not always be objective, leading to agency related and intermediation challenges, affecting onboarding new clients and also ongoing operations. Consequently, NABFINS retained the well-performing B&DCs and transitioned to the Direct Lending Model.

- **Direct Lending Model:** This model is common among MFIs, whereby branches are set up in target locations with appropriately qualified personnel. The tasks of client acquisition, documentation and repayment collections are managed by the MFI staff stationed at these branches. The focus of NABFINS has been on expanding its branch network.
- **Second Level Institution (SLI) Model:** To extend its services to regions without B&DC partners or branch networks and to provide credit to institutions that have extensive reach in underserved areas, bulk credit lines are sanctioned by NABFINS to SLIs. The SLIs may include SHG federations, cooperatives, producer collectives and similar organizations.

Performance over the years up to FY 2024-25

NABFINS disbursed an amount of ₹3081.63 crore during the year 2024-25, registering a growth of 13% over the previous year. Further, the company opened 103 new branches, of which 8 are in Aspirational districts and 13 in Credit Starved districts, thereby continuing its objective of serving the unserved and underserved. The total number of branches as on 31 March 2025 was 498. The balance sheet size as on 31st March 2025 crossed ₹3,660 crore, registering a growth of 23%. The number of active borrowers crossed 11 lakh. As on 31st March 2025, NABFINS touched the lives of over 8 lakh borrowers and social security cover was extended to the borrowers and their co-obligants.

Other Initiatives and recognitions during FY 2024-25

- » NABFINS, in collaboration with R-SETI and Yali InfoVentures, successfully conducted training programmes on Jute Bag Making and Dairy Activities, benefiting its women borrower clients.
- » NABFINS, under its CSR initiative, approved financial assistance of ₹2.20 crore to the Training cum Agro-Processing Centers in the Kalyana Karnataka region to support low-income households, particularly farmers, by providing skill development and income-generating opportunities.
- » NABFINS conducted programme for Training and Capacity Building of its staff on the Climate Policy Initiative.
- » New branches opened during the FY 2025 to cover 8 Aspirational districts and 13 Credit Starved Districts – extending its services to underserved populations.

3

INITIATIVES: MICROFINANCE SECTOR

Loans outstanding under SHG-BLP as on 31 March 2025 witnessed a modest growth of 17% while gross loan portfolio under MFIs contracted by 9.66% in a y-o-y comparison. Owing to various factors, the microfinance sector witnessed a contraction overall. To sustain the growth momentum, several initiatives and interventions by GoI, State Governments, RBI, NABARD, Banks, SROs, etc., were continued with particular focus on supporting microenterprises by SHGs/ JLGs. Some of the initiatives taken during 2024-25 are discussed in this chapter.

3.1 INITIATIVES TAKEN BY NABARD

NABARD continued its interventions towards promotional, capacity building and enterprise development for SHGs under the FIF and under the WSHG Development Fund (in 150 backward/Left Wing Extremism (LWE) affected districts).

3.1.1 GRANT SUPPORT TO PARTNER AGENCIES FOR PROMOTION AND NURTURING OF SHGs

Since 1992, NABARD's grant support to NGOs, SHG Federations, commercial banks, co-operative banks, RRBs, NGO-MFIs, PACS, etc., for promotion, nurturing and credit linkage of SHGs has been the catalyst for the SHG-BLP movement across the country. The financial support extended by NABARD to various SHPIs till 31 March 2025 is indicated in Table 3.1.

Table 3.1: Grant support to SHPIs (₹ lakh)					
Agency (SHPI)	As on 31.03.2025				
	Cum. Sanction		Cum. Disbursement		
	Amount	No. of SHGs promoted	Amount	SHGs saving linked (No.)	SHGs credit linked (No.)
NGOs	38,267	702,887	16,623	5,58,013	3,35,619
RRBs	1,820	62,656	685	55,830	32,993
Coop. Banks	1,295	66,807	647	61,558	38,637
IRVs	455	26,350	78	12,313	5,315
Farmers Clubs	46	5,138	21	4,469	1,111
PACS	670	14,925	97	3,441	2,064
SHG Federations	26	200	12	46	0
NGO – MFIs	337	5,869	42	1,126	296
Total	42,916	884,832	18,205	6,96,796	4,16,035

Cumulatively, the grant support sanctioned and released under FIF for promotion and nurturing of SHGs as on 31 March 2025 stood at ₹429.16 crore and ₹182.05 crore respectively. The cumulative number of SHGs

savings linked under FIF stood at 6.97 lakh of which credit linked SHGs were 4.16 lakh. The grant assistance for SHG formation is now provided by NABARD very selectively, and in only such areas where NRLM is not working intensively, while support continues uniformly for training and capacity building of various stakeholders. Agency-wise and State-wise details of grant assistance extended to partner agencies under the Fund is given in Statements IX-A to IX-J.

3.1.2 SCHEME FOR PROMOTION OF WOMEN SHGs IN BACKWARD AND LWE AFFECTED DISTRICTS OF INDIA

NABARD, in association with Department of Financial Services, Ministry of Finance, GoI, is implementing the scheme for promotion and financing of Women Self Help Groups in 150 identified Left Wing Extremism (LWE) affected and Backward districts of the country since 2011-12. As on 31 March 2025, 2.11 lakh women SHGs were promoted/ savings linked of which 1.29 lakh women SHGs were credit linked with banks. The implementation period envisaged under the Fund was for three years, i.e. up to 2015-16 and as a result, there has been no new sanctions for promotion of women SHGs under the Fund. However, other activities under the Fund continue to be supported and ₹502.55 lakh was utilized during the year 2024-25 for capacity building of various stakeholders, support for Gram-Dukan, moveable carts, online marketing, participation in exhibitions, melas, promotion of marketing tie-ups as also funding for impact assessment studies, documentation, exposure visits, and publications. The detailed progress under the scheme as on 31 March 2025 is given in Statement X.

3.1.3 PROMOTION OF JLGs (JOINT LIABILITY GROUPS)

Financing of JLGs was introduced as a pilot project in 2004-05 by NABARD. Apart from extending refinance support to banks, NABARD has been extending grant support to banks and other eligible agencies (JLGPIs) for formation and nurturing of JLGs and capacity building of stakeholders since 2009-10. Grant assistance of ₹2000 per JLG is extended to JLGPIs and public sector commercial banks and ₹4000 per JLG in the case of RCBs/RRBs/SFBs and private sector banks. A business model scheme was introduced in 2017, whereby banks (PSBs, RRBs & Co-operative Banks) execute a MoU with NABARD for financing JLGs on terms and conditions as specified in the MoU. While 49.79 lakh JLGs were promoted during 2024-25, the cumulative figure stood at 380.75 lakh as on 31 March 2025, registering a growth of 15% over the previous year with the Western and Southern regions recording the highest y-o-y growth (Fig 3.1).

During the year, number of JLGs promoted was highest in the Southern region at 16.09 lakh and accounted for 32% of the incremental JLGs financed pan-India followed by the Eastern region at 29% (14.52 lakh). As on 31 March 2025, cumulative loans disbursed to JLGs by banks stood at ₹7,26,685.76 crore, an increase by 12% from ₹6,47,623.85 crore as on 31 March 2024. Loan disbursed per JLG averaged at ₹1.59 lakh registering a sharp decline of 38% over FY 24. Average loan disbursement per JLG was the highest in the Eastern region at ₹1.89 lakh per JLG (Fig. 3.2).

To sensitize stakeholders and provide further impetus to the JLG programme, NABARD has been organizing training programmes for the functionaries of various financing banks. During 2024-25, 17,997 trainees and cumulatively, 1,30,995 persons have benefitted from these programmes. Details are given in Statement VIII-B.

3.1.4 SHG BASED LIVELIHOOD INTERVENTIONS OF NABARD

a. Micro Enterprise Development Programme (MEDP)

MEDPs have been leveraged to impart/upgrade skills to/of SHGs to serve as a foundation for setting-up of microenterprises in farm and off farm activities. To enable enhanced participation, the Operational Guidelines were modified during 2023-24 and new entities such as start-ups, corporates, companies, SHG Federations, POs, PACS, Marketing Federations and Subsidiaries of NABARD were made eligible as Project Implementing Agencies (PIAs). The training period continues to be of 15 days with maximum grant support enhanced to ₹1.50 lakh for 30 participants. A batch of 20 participants are permitted in NER, Island UTs, hilly States, LWE & Aspirational districts with pro-rata grant support. Additional components viz., exposure visit for trainees & PIA field staff and management cost to PIA were also introduced. To assess the impact of the programme, trainees are now required to be monitored for a period of six months after completion of training. During the year, 4,825 SHG members were trained through 171 MEDPs with grant assistance of ₹2.47 crore for equipping them with livelihood skills. Cumulatively, 6.23 lakh SHG members were trained through 20,993 MEDPs with total grant support of ₹63.17 crore as on 31 March 2025.

b. Livelihood and Enterprise Development Programme (LEDP)

NABARD mainstreamed Livelihood and Enterprise Development Programme (LEDP) in 2015-16 with a view

to create sustainable livelihoods among SHG members and to realize maximum impact of skill up-gradation inputs. LEDP targets SHG clusters in contiguous villages involved in similar farm, off-farm and non-farm activities and supports intensive skill building, refresher training, backward-forward linkages, handholding and escort services over two credit cycles to achieve the programme objectives at the grassroots level. The total outlay under the programme was enhanced during 2023-24 and changes incorporated where duration of programme, number of participants, provision of exposure visits for all trainees, support for capital/ raw material, support for critical common facility/ infrastructure, handholding and management cost along with inclusion of new PIAs, etc. During the year, 3,010 SHG members were provided skill and entrepreneurship training through 32 LEDPs with aggregate grant support of ₹2.67 crore. As on 31 March 2025, 3.15 lakh SHG members were supported through 2,481 LEDPs with grant support of ₹131.07 crore.

c. Scheme for grant support to SHGs/ JLGs/ POs/ Microentrepreneurs for training on onboarding onto E-Commerce platforms/ ONDC/ social media platform

Drawing from the feedback & learnings emanating from a few pilots in FY 2022-23, the ‘Scheme for Grant Support to SHGs/ JLGs/ Producer Organizations (POs)/ Microentrepreneurs for training, onboarding and marketing of products on online/digital marketplaces on E-commerce, Social Media platforms and ONDC’ was introduced during 2023-24. Under the Scheme, support is provided to Anchor Agencies & Technical Training Partners for (i) training SHGs/ JLGs/ POs on online marketing platforms and (ii) onboarding and handholding support for a period of six months for marketing their products on online/digital marketplaces, viz., E-commerce, social media platforms such as Instagram, Facebook, WhatsApp, etc., and ONDC. During the year, 24 training programmes were conducted and 90 members of SHGs/ JLGs/ POs were on-boarded to ONDC.

d. Scheme for Grant Support to SHGs/ JLGs/ POs for Physical Marketing of Products

As online platforms may not be a sustainable option for many SHG/ JLG producers, the ‘Scheme for Grant Support to SHGs/ JLGs/ POs for Physical Marketing of Products’ was introduced during FY 2023-24 to support various physical marketing interventions for products of SHGs/ JLGs/ POs, in rural, semi-urban & urban centers to maximize access to markets. Under the Scheme, support is available for (i) setting-up of Gram Dukans by SHGs/ POs, (ii) moveable carts on stand-alone basis, (iii) stalls/ movable carts near bus stands/ railway stations/ shopping areas in Tier I/ Tier II/ Tier III cities and semi-urban centers at taluka/ block & district HQs, major cities & state capitals/ State Secretariat/ Collectorates/ DC Offices and other appropriate government offices, and (iv) outlets at AAI airports under the GoI’s AVSAR (Airport as Venue for Skilled Artisans of the Region) scheme. During the year, 29 Gram Dukans and 24 moveable carts, etc., were sanctioned to support the marketing needs of 5261 members of SHGs/ JLGs/ POs.

e. Pilot Project: m-Suwidha (Microenterprises through Skill Upgradation for Women)

NABARD, in 2023-24, announced guidelines for a pilot project titled ‘m-Suwidha’ (Microenterprises through Skill Upgradation for Women) for supporting need based and location specific developmental projects by strategizing end-to-end interventions. Projects under m-SUWIDHA are implemented in DPR mode with the objective of providing sustainable livelihood solutions in farm, off-farm and non-farm sectors by identifying skill gaps, occupational fitments, choosing suitable professions/activities, providing skills through identified Knowledge Partners/Resource Agencies along with marketing tie-ups and credit support from banks/ financial institutions.

During 2024-25, grant support of ₹40.50 lakh was sanctioned to Women Organization for Mass Action (WOMAN) to strengthen the livelihood of 500 SHG members in Virudhunagar district, Tamil Nadu. The district, identified as an aspirational district, faces significant challenges on account of limited income-generating opportunities. Many rural women possess basic tailoring skills and leveraging the same effort is being made to meet export-quality standards. On completion of the project, it is expected to establish a credit flow of ₹1 crore.

f. Pilot Project: Real-time banking solution for SHGs (Money Purse Application)

NABARD has partnered with M/s. Anniyam Solutions Pvt. Ltd., to pilot the Money Purse Application (MP App) in collaboration with Odisha Gramya Bank and Kerala Bank (erstwhile Kerala State Co-operative Bank). Through the App, SHG members are expected to undertake various financial activities including account opening (both group and individual), savings and loan collections, credit linkage, internal loan disbursement, real-time bookkeeping, and grading, all facilitated by Business Correspondent (BC) Agents in digital mode. The project aims to ensure efficient and real-time financial services to SHG members at their doorstep.

g. Pilot Project – Graduated Rural Income generation Project (GRIP)

A pilot project to build capacities and enable asset generation by ultra-poor rural women and graduating them to access formal financial services through the innovative concept of returnable grant (up to 50% of grant for livelihood options to be returned per beneficiary) was sanctioned during 2023-24. The project was launched on 01 August 2024 in 5 districts across 5 states, viz., Madhya Pradesh, Maharashtra, Odisha, Jharkhand & Meghalaya in 3 cohort sizes (250, 500 & 1000 beneficiaries) in partnership with Bandhan-Konnagar, the CSR arm of Bandhan Bank. The project is being implemented using the tried and evidence based THP (Targeting the Hardcore Poor) tools with intensive handholding over a period of 30 months. As on 31 March 2025, 655 PRAs covering 64,732 households across 286 villages in all 5 project states had been completed and 1694 potential beneficiaries identified. Of these, 1160 beneficiaries had undergone Confidence Building & Enterprise Development training and 903 had been provided first set of livelihood assets.

The project also involves two distinct innovations, viz., (i) Returnable Grant, wherein beneficiaries are expected to return up to 50% of the grant extended towards purchase of assets; and (ii) Rating Scale/Score for each beneficiary based on the Returnable Grant. The project is expected to enable building up payment capability of the graduated beneficiaries and their banking history for use by the Financial Institutions.

In order to review and monitor the entire implementation, NABARD, under its Software Factory Initiative, has developed the GRIP Management System which captures the graduation journey, the score and socio-economic indicators at both beneficiary and project level. The GRIP Management System was launched on the occasion of 44th Foundation Day of NABARD on 11 July 2025. The System went live w.e.f. 21 July 2025 and is available on Google Play Store.

GRIP MANAGEMENT SYSTEM – WEB PAGE AND MOBILE APP

The GRIP Management System developed under NABARD Software Factory, is an end-to-end software designed to digitally capture the graduation journey, the score and socio-economic indicators at both beneficiary and project level under the GRIP Pilot Project.

GRIP Management System is available on:

<https://grip.nabard.org>

and on Google Play Store

[GRIP - Apps on Google Play](#)

3.1.5 COLLABORATIONS WITH GOVERNMENT AND OTHER ORGANISATIONS

a. MoU with NRLM, MoRD

Marking a strategic alliance to benefit rural women SHGs, NABARD and the National Rural Livelihood Mission (DAY-NRLM) under the Ministry of Rural Development, GoI inked a landmark MoU on 27 February 2024.

The comprehensive MoU covering a period of 3 years, seeks to harmonize NABARD's role of enabler and facilitator in the SHG ecosystem since inception of the movement, with the transformative goal of NRLM to promote women led development in rural areas. As on 31 March 2025, out of the total support of ₹1005.01 lakh sanctioned and ₹300.50 lakh released to SRLMs under various initiatives across all grant-based departments, including marketing support, skill-building, both online and physical marketing assistance, and networking support, etc., sanction & release of ₹703.95 lakh and ₹179.21 lakh, respectively, were exclusively towards microfinance related interventions.

b. Tie-up with Mystore Seller App, ONDC

To provide opportunities to SHGs/ JLGs/ POs for online sale of products on ONDC, NABARD has collaborated with M/s. Mystore Seller App on ONDC in designing and creating a dedicated page for NABARD supported SHG/ JLG/ PO sellers to increase visibility of their products. The page was launched by Chairman, NABARD on 02 April 2024. During 2024-25, Mystore, through the ONDC platform, has effectively supported NABARD supported SHGs/POs by enhancing their digital presence, market access, and sales by offering backend support, training, and tools for easy order management and promotions. As on 31 March 2025, 818 NABARD supported sellers (SHGs/POs) had been onboarded onto Mystore, and had registered a sales turnover of ₹3.06 lakh.

3.1.6 SUPPORT FOR TRAINING AND CAPACITY BUILDING OF MICROFINANCE CLIENTS

NABARD supports various training and capacity building programmes for key stakeholders, viz., bankers, NGOs, government officials, SHGs, SHG Federations and trainers for creation of stronger, skilled and sensitized teams for implementation of the microfinance programmes. During 2024-25, 0.35 lakh participants were trained through various programmes, taking the cumulative no. of trainees as on 31 March 2025 to 49.40 lakh under FIF and 5.20 lakh under WSHG Fund. The region-wise number of stakeholders trained by NABARD is given in Statements – VIII (A) to VIII(C).

3.1.7 SUPPORT FOR MARKETING EVENTS OF SHGs

Support to SHGs is also extended for various marketing events, melas, exhibitions, etc. During the year, major exhibitions by SHGs were supported in 19 States under FIF with grant support of ₹104.10 lakh.

3.1.8 CRFIM

The Centre for Research on Financial Inclusion and Micro Finance (CRFIM), earlier established as the Centre for Microfinance Research (CMR), was set up in BIRD, Lucknow in 2008 with the vision of strengthening the microfinance sector through research inputs that facilitate policy initiatives and improvement in design & delivery systems to provide the poor with sustainable access to quality financial services. During the year 2024-25, CRFIM utilized grant of ₹99.64 lakh under FIF for conduct of studies and workshops. A one-day workshop for MFIs was organized with panel discussions on two key themes, viz., (i) Regulations and Compliances by MFIs, and (ii) Due diligence for proper utilization of microfinance loans on 24 January 2025. Details of studies are given in the latter part of this chapter.

3.1.9 REFINANCE SUPPORT TO BANKS

To boost bank credit to SHGs, JLGs, RMGs and MFIs, NABARD extends refinance to banks up to 95% of their lending to this sector. During the year 2024-25, NABARD extended refinance of ₹12073 crore for SHG financing as against ₹10099 crore disbursed during 2023-24 (Fig 3.3), which formed 4.50% of the total refinance provided to banks for investment credit. As on 31 March 2025, cumulative disbursement of refinance by NABARD for SHGs stood at ₹129968.32 crore.

3.1.10 REFINANCE SUPPORT TO MFIs

NABARD has been providing financial assistance to MFIs under its Long-Term Refinance facility since 2014-15. As per extant policy, SEBI /RBI approved NBFC-MFIs with qualifying grading of not less than MFR2/ MF2 and registering net profit in the last year and in three out of last four years are eligible to avail refinance on fulfilling certain other conditions. A special relaxation has been given to the NER including Sikkim where grading is relaxed to 2 notches below top grading, i.e., up to MFR3/ MF3. During 2024-25, where refinance amounting to ₹1050 crore was sanctioned to 4 MFIs the disbursement was ₹800 crore. Details are provided in Statement XII-C.

3.2 INITIATIVES BY GOVERNMENT OF INDIA

3.2.1 NATIONAL RURAL LIVELIHOOD MISSION (NRLM)

The National Rural Livelihood Mission (NRLM), launched on 3rd June 2011 to focus on poverty reduction as also for achieving the Millennium Development Goals (MDG) by 2015, was renamed Deendayal Antayodaya Yojana-National Rural Livelihoods Mission (DAY-NRLM) w.e.f. November 2015. Details of the coverage of NRLM as on 31 March 2025 is given in Table 3.2 below.

Table 3.2: Status of progress under NRLM (As on 31 March 2025)		
S. No	Particulars	Number
A.	Coverage of blocks	
	Total districts in the country	780
	Blocks with intensive approach	6,574
	Blocks with non-intensive approach	4
	Blocks covered under NRETP	572
B.	Formation of VOs, CLFs	
	Village Organisations (VO) formed	5,14,180
	SHGs under VO	64,76,874
	Cluster Level Federations (CLF) formed	33,481
	SHGs under CLF	59,81,144
	SHGs under Federations	1,24,58,018
Source: www.nrlm.gov.in		

a. Interest Subvention: To reduce effective cost of bank credit to women SHGs, DAY-NRLM provides interest subvention to all women SHGs across the country as per quantum of loan availed by SHGs as detailed below.

- For loans up to ₹3 lakh, banks will lend to women SHGs @7% under the scheme. For outstanding credit balance up to ₹3 lakh, banks will be subvented at a uniform rate of 4.5% per annum.
- For loans above ₹3 lakh and up to ₹5 lakh under the scheme, banks will extend credit at an interest rate equivalent to their 1 year-MCLR or any other external benchmark-based lending rate or 10% per annum, whichever is lower. For outstanding credit balance above ₹3 lakh and up to ₹5 lakh, banks will be subvented at a uniform rate of 5% per annum. Regional Rural Banks and Cooperative Banks will be required to disclose their applicable benchmark rate or lending rates for credit above ₹3 lakh and up to ₹5 lakh to NABARD.

b. Security and Margin: The provision for security & margin for loans to SHGs are as detailed below.

- For loans to SHGs up to ₹10 lakh, no collateral and no margin will be obtained. No lien should be marked against savings bank accounts of SHGs and no deposits should be insisted upon while sanctioning loans.
- For loans to SHGs above ₹10 lakh and up to ₹20 lakh, no collateral should be obtained, and no lien should be marked against savings bank account of SHGs. However, the entire loan (irrespective of the loan outstanding, even if it subsequently goes below ₹10 lakh) would be eligible for coverage under Credit Guarantee Fund for Micro Units (CGFMU).

- For loans to SHGs above ₹10 lakh and up to ₹20 lakh, a margin not exceeding 10% of the loan amount exceeding ₹10 lakh may be obtained as per the bank's approved loan policy.

c. NABARD Interest Subvention Portal for SHG loans

NABARD developed a portal to enable faster processing and settlement of interest subvention claims of SHGs under DAY-NRLM by RRBs and RCBs, thus digitalizing the entire process of interest subvention claim submission and settlement at banks and at NABARD. The portal was jointly launched by NABARD & MoRD, GoI on 11 January 2024. As on 31 March 2025, 22.51 lakh interest subvention claims amounting to ₹1373.94 crore for FY 2023-24 had been processed through the portal.

d. Lakhpati Didi Scheme

GoI launched the Lakhpati Didi Scheme on 15 August 2023 with the objective of graduating 3 crore mature SHG women as individual micro entrepreneurs through credit linkage as 'Lakhpati Didis'. The Lakhpati Didi initiative facilitates diversified livelihood activities, by ensuring convergence across all Government departments, Panchayati Raj Institutions, Private sector and Market players. The strategy includes focused planning, implementation and monitoring at all levels. SHG members, (i) who have completed a minimum of two years and have availed of the Community Investment Fund (CIF), and (ii) are beneficiary of livelihood intervention through the Mission and practicing at least two livelihood activities, are identified as potential Lakhpati Didis under the initiative. So far, 6611 master trainers and 4.12 lakh CRPs (Community Resource Persons) have been trained and 3.30 lakh potential Lakhpati Didis identified from across 34 States/ 753 districts. As on 30 June 2025, 1.48 crore women members of SHGs have become Lakhpati Didis.

e. Women Enterprise Acceleration Fund

A Women Enterprise Acceleration Fund (WEAF) is set up by NRLM includes (i) reimbursement of credit guarantee fees (covered under CGTMSE and CGFMU) to banks on micro enterprise loans up to ₹5 lakh for a maximum period of 5 years given to women entrepreneurs from SHG network and (ii) 2% interest subvention on enterprise loan up to ₹1.5 lakh per borrower given to such women borrowers, based on prompt repayments to incentivize good repayment behaviour, and shall be provided to individual women entrepreneurs only once and up to a maximum duration of 3 years.

3.3 SEMINARS, CONFERENCES AND STUDIES SUPPORTED BY NABARD

NABARD supports conduct of seminars, conferences, and studies to foster cross learnings and experience sharing and undertakes evaluation & impact assessment studies to garner field level perspectives of NABARD's interventions. The studies are commissioned by eminent institutions, individuals working in this sector through Regional Offices and Head Office of NABARD. A brief of the various seminars, conferences, studies etc., conducted and supported during 2024-25, along with major events, is elaborated in the following paragraphs.

3.3.1 CENTENNIAL CELEBRATIONS AND 27TH WORLD CONGRESS OF WORLD SAVINGS AND RETAIL BANKING INSTITUTE

Shri Shaji KV, Chairman, NABARD, participated and represented India as one of the Directors from the country at the 27th World Congress and Centenary Celebrations of the World Savings and Retail Banking Institute (WSBI) on 30 & 31 October 2024 at Rome, Italy. The centennial celebrations were held on the 100th edition of the World Savings Day, i.e., 31 October 2024 and saw more than 700 participants from across the globe. The theme for the Congress was "*100 Years Forward Together - Shaping the Future of Responsible Banking*". Mr. Sergio Mattarella, President of Italy; Mr. Fabio Panetta, Governor of the Bank of Italy; Mr. Giancarlo Giorgetti, Minister of Economy and Finance, Italy and Mr. Antonio Patuelli, President of the Italian Banking Association addressed the Congress.

Shri Shaji K V, Chairman NABARD was a panelist on the panel on 'Inclusion at the Core: Building Together a Financially Empowered Society'. He highlighted India's experience with the JAM (Jan Dhan- Aadhar- Mobile) model of financial inclusion and how the country built a robust Digital Public Infrastructure (DPI) and the Unified Payment Interface (UPI) – a digital payments protocol. He also outlined India's journey from savings led financial inclusion to inclusive credit, expanding insurance outreach & coverage under various social security schemes, initiatives for building entrepreneurial skills among rural women and thrust on Unified Lending Interface and friction less credit, etc. Chairman also highlighted NABARD's continuous efforts in ensuring access to credit and support to underserved farming communities.

3.3.2 REGIONAL POLICY FORUM AND 77TH EXCOM OF APRACA

The Regional Policy Forum and 77th EXCOM meeting of APRACA was held at Siem Reap, Cambodia between 8th & 9th August 2024. Dr. A.K. Sood, Deputy Managing Director (DMD), NABARD, Shri Sudyumna Pal, Faculty Member, BIRD- Kolkata, and Shri Piyush Srivastava, DGM, DOS, HO, participated in the meet. The Forum was inaugurated by His Excellency Mr. Qian Wenhui, Chairman of the Agricultural Development Bank of China (ADBC) and current APRACA Chair. In his address, he highlighted the formidable challenges faced by Agri-SMEs, with 45% of them grappling with significant financing gaps and 30% depending on traditional intermediaries for loans and, therefore, emphasized the urgent need for collective action to foster Green Financial Growth and Green Agriculture.

The event was structured into two sessions, viz., (i) Technical Session 1: *Policies that trigger provisioning unmet financing gaps to support developing Agri-SMEs*; and (ii) Technical Session 2: *Role of the Financial Institution in extending Agri -SME finance in the region: showcasing the best practices*. Dr. Sood, DMD, NABARD moderated the second Technical Session. The discussions converged on the need for reducing cost of technology transfer to SMEs and Agri-tech startups and the need for policy frameworks that support funding, technology adoption, marketing strategies, and value addition for SMEs.

Participating in the 77th EXCOM Meeting, Dr. Sood, DMD, NABARD, proposed two significant initiatives: (i) gathering feedback from non-contributing APRACA members on their expectations; and (ii) re-engaging with the inactive Centre of Excellence for Women Empowerment in Iran to assess their support needs. Both proposals were thoroughly discussed and accepted by the committee, underscoring NABARD's proactive approach to driving progress within APRACA.

3.3.3 NATIONAL CONFERENCE ON INCLUSIVE GROWTH - 'DRIVING SUSTAINABLE DEVELOPMENT THROUGH INCLUSIVE FINANCE'

NABARD supported Sa-Dhan for its annual National Conference on Inclusive Growth 2024 with the theme '*Driving Sustainable Development through Inclusive Finance*' during 23-24 October 2024 at New Delhi that had participation from DFS, RBI, NABARD, SIDBI, SBI and major MFIs. Shri M. Nagaraju, Secretary, DFS, MoF, GoI, inaugurated the Conference as the Chief Guest and released the annual publication brought out by Sa-dhan, titled 'The Bharat Microfinance Report 2024'.

In his inaugural address, Shri M. Nagaraju underlined financial inclusion as a priority for GoI. Citing the models of SHG and JLG, he applauded the immense contributions made by NABARD in laying the initial foundation stone and in strengthening the governance structure of SHGs for empowering the poor through Bank Linkage. Appreciating the recent initiatives of Lakhpati Didi scheme, he exhorted lenders to be more careful in avoiding any stress building up in micro finance portfolio. Acknowledging the role of MFIs in credit dispensation, he cautioned MFIs to desist from reckless lending, particularly when these beneficiaries lack financial literacy. He, therefore, called for empowering these clients through proper hand holding.

Shri Shaji K.V., Chairman, NABARD, in his special address, stressed upon the need to adopt prudent practices for sustainable operations of MFIs to achieve the larger goal of social development. To provide affordable credit at the doorstep in an efficient manner, adoption of technological innovation is the key for the MFIs. He also emphasised the role being played by RRBs and Cooperative Banks in carrying out the financial inclusion agenda and the need for further strengthening the RRBs which have been recapitalised, to operate with new vigour.

The valedictory session on 24 October 2024 was co-chaired by Dr. A. K. Sood, DMD, NABARD and Shri. Sudatta Mandal, DMD, SIDBI. In his special address, Dr. Sood, emphasized on the need for devising grant plus debt products for MFIs to facilitate credit in the credit-starved areas.

3.3.4 GLOBAL FINTECH FEST 2024

The 5th edition of Global Fintech Fest was organized from 28 to 30 August 2024 at Jio World Convention, Mumbai. NABARD conducted the 'National AgriInnovate Hackathon' in collaboration with Hack2Skill, to seek innovative, digital solutions to problem statements aligned to NABARD's mandate. During the fireside chat, Shri Shaji KV, Chairman, NABARD, emphasized the crucial role played by Fin-tech and Agri-tech in driving rural growth and digitization, marking them as key to a successful future. He highlighted NABARD's commitment to enhancing rural infrastructure, agriculture, SMEs, and MSMEs, with a strong focus on digitization. In the panel discussion on '*Does One Size Fit All? BCs for Digital and Phygital Lending*' Shri Dr. Ajay Kumar Sood, DMD, NABARD, highlighted the essential role of Business Correspondents (BCs) in promoting growth in regional rural banks, especially in rural areas with limited access to corporate banks. He emphasized that while digitization is crucial, BCs are vital for building trust and expanding access to financial services through phygital solutions. Speaking at the panel discussion on '*Agri Fintech: Leveraging technology for farm-to-table finance*', Shri Goverdhan Singh Rawat, DMD, NABARD, discussed the importance of transforming the agritech sector by digitizing agriculture. He pointed out challenges like high capital costs affecting both lenders and farmers and stressed the need to reduce these costs to improve financial efficiency. NABARD's initiatives focus on using agricultural transaction data to provide tailored financial solutions, with an emphasis on centralizing data and supporting systems like Agristack to scale innovation and productivity in agriculture.

3.3.5 GRAMEEN BHARAT MAHOTSAV 2025

NABARD in coordination with Department of Financial Services, GoI organised the Grameen Bharat Mahotsav (GBM) from 4 to 9 January 2025 at Bharat Mandapam, New Delhi, a six-day mega sale-cum-exhibition event to showcase the products and innovations created by SHGs, Farmer Producer

Organizations (FPOs), and Geographical Indication (GI) initiatives, etc., supported by NABARD. More than 400 exhibitors/ artisans in 186 stalls participated from all States of the country, during the event.

The Mahotsav was inaugurated by Hon'ble Prime Minister, Shri Narendra Modi. Hon'ble Union Minister for Finance & Corporate Affairs, Smt. Nirmala Sitharaman, and Hon'ble Minister of State for Finance, Shri Pankaj Chaudhary also graced the inaugural

ceremony of Grameen Bharat Mahotsav along with Senior officials of DFS, other Financial Institutions and NABARD. In his address, Hon'ble Prime Minister congratulated NABARD and other associates for the organization of the event and stressed upon the various initiatives undertaken by the Government for the betterment of rural populace. Acknowledging the significant role played by NABARD's senior management in the success of various initiatives, from SHGs to KCCs he emphasized that NABARD would continue to play a crucial role in fulfilling the Nation's goals. He also highlighted the importance of linking self-help groups with micro and small industries (MSMEs) to meet the demand for their products across the country. He emphasized the need for proper branding and marketing of these products and stressed upon the importance of focusing on the quality, packaging, and branding of GI products.

On 6th January 2025, a Workshop on 'Promoting Digital Commerce for Rural Entrepreneurs' was organised at the GBM in association with ONDC wherein topics like building an online presence, e-commerce store setup, digital payment solutions, basic digital marketing tools and financial management tools were discussed.

3.3.6 PAN- INDIA CELEBRATION OF INTERNATIONAL WOMEN'S DAY

International Women's Day was celebrated in all offices of NABARD on 7th March 2025 on the theme of 'Invest in Women: Accelerate Progress'. In Head Office, a host of competitions were organised in Feb-March 2025 around the theme of IWD 2025.

The celebration at HO commenced on 10 March 2025, with the inauguration of SHG/ POs stalls at Head Office premises by Shri G. S. Rawat & Dr. A.K. Sood, DMDs. All winners of the competitions were felicitated during the IWD programme celebration on the day which was chaired by Dr. Sood, DMD.

3.3.7 STUDIES COMMISSIONED BY NABARD

A. Study on BC Model of SKDRDP in Karnataka

DMFI had awarded BIRD, Mangaluru to conduct a study during 2024-25 on the Business Correspondent (BC) Model adopted by Shri Kshetra Dharmasthala Rural Development Project (SKDRDP) in Karnataka.

SKDRDP took up the role of BC and BF for SHGs/JLGs as a part of its initiatives to participate in the Financial Inclusion Plan of GoI. The model evolved by SKDRDP is called the 'BC Suvidha Model'. At present BC Suvidha model is operational in all the districts of the State as well as Kasaragod district of Kerala. Currently six major banks are involved in the implementation of BC Suvidha Scheme to finance the SHG/JLGs formed by SKDRDP BC Trust.

Objective of the study:

- a. To understand the BC model of SKDRDP,
- b. To examine the scope and feasibility of replicating the model in other geographies through RRBs & RCBs.

Major Findings

The major points that emerged from the study were:

- i. The six major processes in the BC Suvidha model are (1) group formation in the field, (2) enrolment and account opening, (3) loan sanction and disbursement, (4) cash collection/ recovery in the field, (5) transaction process in disbursement, and (6) transaction process in recovery.
- ii. The BC Suvidha model of SKDRDP is operationalised through village level offices, viz., Customer Service Points (CSPs), from where various banking products and services are made available to SHGs/JLGs promoted under the model. The transactions are effected through Point of Sale (POS) machines at the CSPs.
- iii. In the model, tie-up bank provided a bulk loan to SKDRDP and SKDRDP advanced loans to SHGs. SKDRDP was responsible for loan sanctions, disbursals and repayment of the loans given to SHGs.
- iv. Initially, the bank provided technology platform to SKDRDP for disbursal and collection of loan funds. Recognizing the importance of technology – both hardware and software for seamless monitoring and integration of various processes involved in credit linkage of groups, SKDRDP developed a software to tract the activities at each member level.
- v. Till 2002, as a not-for-profit MFI, SKDRDP was involved in on-lending with the help of bulk loans sanctioned to it by banks. After the issuance of RBI guidelines and framework for use of BC, SKDRDP expanded its group promotion and credit linkage activities by upscaling the pilot and taking on the role of BC to SBI in Karnataka in 2009. Under this new scheme, a new software platform developed indigenously by SKDRDP enables the requisite credit and debit transactions at various levels of the operations involving savings, loan disbursement and repayment in a seamless manner.
- vi. Under the Model, a Memorandum of Understanding (MoU) is entered into between the respective Bank and the SKDRDP BC Trust, wherein the Bank agrees to utilize the services of the Trust as BC to focus on financial inclusion through credit linkage of women, farmers and weaker sections.
- vii. As per the MoU, the BC Trust shall source groups in identified district/region/designated

geography, nurture, handhold and guide them to mobilise thrift/savings and then set up credit linkage with the Bank.

- viii. The MoU also stipulates that the BC Trust shall ensure 100% recovery in the loan accounts.
- ix. In the event of any default, the overdues are adjusted from the monthly commission charges payable by the Bank to the Trust.
- x. The BC Trust employs functionaries at various levels with clearly defined roles and responsibilities.
- xi. The participation and credit linkage through the BC Suvidha Scheme offers a range of social welfare and social security services to the members and their families. The model is largely service-oriented and integrates the other community development programmes of SKDRDP.
- xii. SKDRDP BC Trust is operating on a very thin margin (less than 0.3%) with high administrative costs.
- xiii. The risk-bearing capacity of SKDRDP BC Trust relies on its robust HR management, systems and procedures, as well as the support and potential bailout available from the reputational and financial strength of SKDRDP as a group.
- xiv. Therefore, banks wanting to adopt the BC Suvidha model shall have to develop their own viable business models together with enabling internal policies, systems and procedures.

B. Quick Study on Success Factors of JEEViKA by Bihar RO

Over the years, JEEViKA has evolved as a successful model for empowering women and uplifting the rural households through its self-sustaining community institutions like SHG and SHG Federations. Bihar Regional Office undertook a Quick Study to assess the factors responsible for success of Bihar Rural Livelihoods Promotion Society (BRLPS), popularly known as JEEViKA.

As on 30.09.2024, JEEViKA has formed more than 10.63 lakh SHGs, with 96% savings linkage and 90% credit linkage. About 60% of the bank credit is being used by the SHGs for income generating purposes. This quick study also attempted to understand the major factors contributing to success of JEEViKA and reasons for low NPAs.

Objectives of the study

- a. To assess the financial inclusion, credit access and economic and social empowerment of rural women through the SHG-BLP linkages.
- b. To analyse the factors contributing to the success and sustainability of JEEViKA.
- c. Assessing the threat factors to sustainability of empowering SHG members under JEEViKA.

Major Findings

The study focused on financial inclusion, empowerment, livelihood enhancement, and sustainability concerns. The study covered 100 SHGs (@ 20 SHGs per district) across 5 districts (Vaishali, Muzaffarpur, Nalanda, Purnea and West Champaran). The major findings of the study were:

- i. A strong three-tier community-based institutional structure: SHGs, Village Organizations (VOs), and Cluster-Level Federations (CLFs).
- ii. Use of digital platforms (LokOS), Bank Sakhis, and close coordination with banks enhances transparency and credit discipline.

- iii. Interventions across farm, off-farm, and non-farm sectors.
- iv. Community Resource Persons (CRPs) and SHG leaders drive day-to-day operations and maintain accountability.
- v. High loan utilization (77%) in income-generating activities reflects deep community commitment.
- vi. Robust MIS and real-time tracking systems ensure operational effectiveness.
- vii. Regular capacity building and continuous handholding have enabled long-term success.
- viii. The impacts observed were, (1) improved income, (2) high loan repayment rate & consequently lower NPAs, (3) reduced dependency on wage labour, and (4) social empowerment of its members.
- ix. Some of the challenges brought out by the study were,
 - Consumption loans still account for 22% of borrowing, limiting productive investments.
 - Risks of over-indebtedness due to MFI participation.
 - SHG products mostly cater to local demand; national-level scaling is limited.
 - Risk of loan waivers influencing repayment behaviour.

C. Studies conducted by Centre for Research on Financial Inclusion and Microfinance (CRFIM)

Findings of the study by CRFIM in 2024-25 has been discussed below.

Study on Analysing SHG-led Aggregation Models for Livelihood and Microenterprise Development - A Case Study Approach

The study covered 6 collectives across 3 States as sample. The sample also covered Promoting Institutions (PI) of collectives as well as 10 SHG members/shareholders from each selected collective. The total sample size of the study was 72.

Objectives of the study

- a. To study the extent of microenterprises promoted by SHG based collectives (FPOs/OFPOs/SHGFs) including NRLM led credit model for SHGs and examine their roles and functions.
- b. To assess the support provided by collectives (FPOs/OFPOs/SHGs) with respect to training, handholding, credit linkage, marketing and e-marketing.
- c. To ascertain the reasons for success/failure of the microenterprises promoted by collectives.
- d. To assess the benefits and challenges in microenterprise promotion through collectives
- e. To suggest suitable policy measures

Major Findings

The study reveals that collectivization can improve production, quality and efficiency by leveraging economies of scale and implementing current technology, boosting their market competitiveness. The key findings were:

- i. **Governance:** Effective leadership and governance are critical to sustain and scale up collectives which focus on livelihood and microenterprises development.
- ii. **Savings in Input Cost:** As a result of collectivization, the collectives were successful in providing low-cost inputs to members for their farm/non-farm based entrepreneurial activities.
- iii. **Training and Capacity Building:** Training, capacity building and skill development of CEOs/

BoDs and other stakeholders/members is essential for development of robust collectives and for operating the business activities successfully and sustainably.

- iv. **Contributions of the Promoting Agency:** The role of promoting agencies is crucial in establishing, strengthening and ensuring the sustainability of Producer Groups.
- v. **Marketing Support:** Collectivization of producers through FPOs/OFPOs/SHG Federation, to a varying degree, have helped in bringing economies of scale in both farm and off-farm activities at all three stages- pre-production, production and post-production levels. The benefits are realized by the members in the form of reduced input cost and market linkage as aggregation allows better bargaining power of collectives. The direct market access ensures that producers receive a higher share of the consumer price and secure fair returns for their hard work.

Recommendations

- i) Preferential procurement of agri-products from collectives under different government initiatives
- ii) Support from corporates under CSR activities
- iii) Developing common post-harvest infrastructure facilities for farm-based collectives.
- iv) Enable direct/indirect selling to institutional buyers
- v) Facilitate the creation of a cross-sectoral ecosystem
- vi) Strengthening governance and management capabilities of collectives.
- vii) Regular capacity building and training for collective members.

While emphasizing the importance of SHG-led collectives in promoting sustainable livelihoods and microenterprises, the study concluded that aggregation models face challenges that need to be addressed to ensure long-term sustainability and financial viability.

4

SHG MEMBERS AS BC

4.1 INTRODUCTION

Inclusive financial systems are vital for broad-based economic development and social equity. In India, improving access to formal financial services has been central to policy efforts aimed at empowering vulnerable and underserved populations, particularly in rural areas. While significant progress has been made over the decades, conventional banking approaches have faced persistent structural and operational limitations in reaching the last mile.

India's earlier financial inclusion architecture, anchored around nationalised banks, Regional Rural Banks, cooperative institutions, and priority sector lending, played a foundational role in expanding access. However, these formal institutions struggled with high transaction costs, limited rural branch penetration, and human resource constraints. Branch-based banking was often unviable in low-density, geographically dispersed regions, resulting in uneven service coverage. Simultaneously, marginalized populations faced barriers such as documentation hurdles, language mismatches, and a lack of awareness or financial literacy.

Despite efforts such as the Lead Bank Scheme, no-frill accounts, and the SHG-Bank Linkage Programme, a large section of the rural population remained excluded or underserved. The NSSO (59th Round, 2003) data revealed that 45.9 million farmer households in the country, i.e., 51.4 percent of the total of 89.3 million households, did not access credit, either from institutional or non-institutional sources. Further, despite the vast network of bank branches, only 27 percent of total farm households were indebted to formal sources (of which one-third also borrowed from informal sources). Farm households not accessing credit from formal sources, as a proportion to total farm households, was especially high at 95.9 per cent, 81.3 per cent and 77.6 per cent in the North-Eastern, Eastern and Central Regions, respectively. The Reserve Bank, therefore, initiated policies focusing on financial inclusion from the year 2005 onwards. The Reserve Bank of India introduced the Business Correspondent (BC) model in January 2006 and permitted banks to utilise the services of non-governmental organisations (NGOs/SHGs), micro-finance institutions (other than regular NBFCs) and other civil society organisations as intermediaries in providing financial and banking services through the use of business facilitator (BF) and business correspondent (BC) models. The BC model allows banks to do 'cash-in/ cash-out' transactions at a location much closer to the rural habitation, thus addressing the last-mile problem. Over the years, this model has grown significantly, with over 17.23 lakh BC agents deployed across the country as of 31 December 2024 (RBI, Annual Report 2024-25).

4.2 EVOLUTION OF BC MODEL

The Reserve Bank's broad approach to financial inclusion aims at connecting people with the banking system and providing banking services at an affordable cost to the disadvantaged and low-income groups. One of the initiatives in this direction was permitting banks to utilise the services of BF/BCs on the recommendations of the Khan Committee, which advocated for leveraging local agents to advance financial inclusion and extend banking services to underserved and remote populations. Since its formal introduction, the model has undergone significant policy, operational, and technological transformations. The following timeline captures key milestones from 2005 to 2024 that shaped the evolution, scale, and impact of the BC model in bridging the last-mile gap in banking services.

4.3 REGULATORY GUIDELINES AND FEATURES OF BC MODEL

As per the Master Circular on Branch authorization issued by RBI on 01 July 2014, the individuals/entities eligible to become BC include individuals like retired bank employees, retired teachers, retired government employees and ex-servicemen, individual owners of *kirana*/medical / Fair Price shops, individual Public Call Office (PCO) operators, agents of Small Savings schemes of Government of India/Insurance Companies, individuals who own Petrol Pumps, authorized functionaries of well-run Self Help Groups (SHGs) which are linked to banks, any other individual including those operating Common Service Centres (CSCs); NGOs/MFIs set up under Societies/ Trust Acts and Section 25 Companies; Cooperative Societies registered under Mutually Aided Cooperative Societies Acts/ Cooperative Societies Acts of States/Multi State Cooperative Societies Act; Post Offices; and Companies registered under the Indian Companies Act, 1956 with large and widespread retail outlets, other than Non-Banking Financial Companies (NBFCs). Further, scheduled commercial banks (excluding RRBs) can engage non-deposit taking NBFCs (NBFCs-ND) as BCs with certain conditions.

Some of the important features of the BC model are as follows:

- **Fixed Point:** Operates from a permanent location approved by the bank.
- **Minimum Operating Hours:** Functions for at least 4 hours per day and 5 days a week; otherwise classified as a “Part-Time Banking Outlet.”
- **Services Offered:** Provides basic banking services such as cash deposit, withdrawal, cheque encashment, and lending.
- **Bank Branding:** Must display the bank’s name and signage and be officially authorized to operate.
- **Contact Information:** Displays details of the linked bank branch and designated grievance redressal contacts.
- **Supervision:** Subject to regular on-site and off-site monitoring by the bank.
- **Service Quality:** Expected to ensure uninterrupted operations and clear display of working hours.
- **Customer Grievance Redressal:** Must have a mechanism for complaint escalation through linked branch or bank's central helpline.

4.4 TYPES OF BCs: BCs play a crucial role in extending banking and non-banking services to underserved and remote areas, acting as a vital link between banks and customers. They enable last-mile

delivery of services such as account opening, cash deposits and withdrawals, fund transfers, and government benefit disbursements. To function effectively, BCs operate through various models and require specific infrastructure and operational setups to ensure secure, efficient, and inclusive service delivery.

Type	Definition	Infrastructure required
Stationary Model	In this model, BCs operate from a fixed location, such as a shop equipped with all necessary infrastructure to provide banking and other digital services.	Laptop or PC Printer Smartphone Biometric Authentication Device
Mobile Model	BCs travel to different clusters and provide banking services, carrying only a smartphone and biometric device. This model is popular in regions where the population is dispersed, and banking points are distant from small clusters and villages.	Smartphone Biometric Authentication Device

BCs are referred to differently based on their role and institutional setup, though their core function—providing banking and related services—remains the same. Common terms include:

- **Bank Sakhi:** An SHG member stationed at a bank branch who assists with documentation, loan facilitation, recovery, and supports the Branch Manager, but does not handle transactions.
- **BC Sakhi:** An SHG member who conducts banking transactions in the field using digital devices.
- **Bank Mitra:** A general term used by the Department of Financial Services, Government of India and banks for BC agents. Some SRLMs (e.g., Bihar, MP, Chhattisgarh) also use this term interchangeably for BC Sakhis or for Bank Sakhis based at branches.

4.5 OPERATIONAL MODELS OF BCs

The prominent BC models are given below:

- **Direct Engagement Model:** Banks directly recruit and manage individual BCs.
- **Corporate BC Model (CBC):** Banks appoint Corporate BCs (CBCs) such as NGOs, MFIs, SHGs, or other civil society organizations. These CBCs then appoint and manage multiple CSPs/agents.

4.5.1 DIRECT ENGAGEMENT MODEL: In this model, banks engage individual BCs directly, rather than through third-party agencies or corporate BCs. These BCs are often local individuals or entrepreneurs who act as the last-mile link between the bank and customers in remote or underserved areas.

4.5.2 CORPORATE BUSINESS CORRESPONDENT (CBC) MODEL: In corporate BC model, a bank engages eligible entities as corporate BCs. The Corporate BC in turn appoints individuals known as BC agents for the specific bank. In India, 957 CBCs are registered with the IBA as on 31 July 2025. The IBA's registry is an essential resource for banks when selecting CBCs. It does not equate to authorization to function as a CBC. The authorization comes from the banks that engage CBCs based on their due diligence, which aligns with RBI regulations. The CBCs can be categorized as under:

Type	Definition	Characteristics	Examples
Large CBCs (with more than 10,000 Active BCs)	Large CBCs have significant resources, extensive reach, and many BCAs.	Operate across multiple (at least more than 10) states or regions. Employ a large number of BCAs, in between 10000 to 20000. Have a robust infrastructure, including technology platforms and physical outlets. Deliver services online as per EASE 4.0 Large CBCs sometimes collaborate with medium and small CBCs operating in a particular region where the Large CBCs may not have a presence.	FINO, Integra Micro Systems, Vision India, Sanjivani, and other companies with widespread retail outlets
Medium-Sized CBCs	Medium-sized CBCs have a moderate scale of operations, covering specific regions or districts	Operate within a limited geographic area. Employ a moderate number of BCAs (usually in the hundreds). It may have a mix of physical and digital channels. Serve a localized customer base.	Regional NGOs, cooperative societies, and medium-sized retail chains.
Small-Sized CBCs	Small-sized CBCs operate on a smaller scale, often focusing on specific communities or villages.	Serve localized or remote areas. Employ a small number of BCAs (tens or less). May rely more on physical touchpoints. Provide essential banking services to a niche customer base.	Local State or District specific NGOs and community-based organizations.

4.6 SERVICES OFFERED BY BCs

The product/services range is partly driven by financial inclusion mandates from the Department of Financial Services, Government of India and RBI to open BSBDAs, and the profitability of different products. Moreover, the CBCs can offer only those products that their partner banks want to extend through the CBC networks. CBCs have innovated and added several non-banking products to their portfolio, to meet consumer needs and increase agent viability. The most common among these are insurance, selective loan products and utility or bill payments. However, relatively few CBCs offer other value-added services such as credit, bill/merchant payments. There is still a need to tailor products for rural markets and to create a product ecosystem of relevant banking products that form a compelling value proposition to create real consumer demand and pull. In the realm of digital payments, the Department of Financial Services, Government of India, has spearheaded initiatives to strengthen the banking landscape, notably through the EASE framework. Designed to enhance risk assessment, financial inclusion, and customer service, EASE serves as a comprehensive blueprint for public sector banks (PSBs) to navigate the evolving banking terrain. Launched in August 2021 by the Honourable Finance Minister, Government of India, EASE 4.0 furthers the agenda of customer-centric digital transformation and financial inclusion, especially in rural areas.

A detailed list of Enhanced Access and Service Excellence (EASE 4.0) services provided by BCs is given below.

Banking Services			Insurance	Social Security
Account Opening	Lead generation for Current account	Request for initiation for credit card	Enrol for micro accidental death insurance	Pension life certificate authentication through Jeevan Pramaan (Aadhaar enabled)
Aadhaar seeding and mobile seeding	Balance enquiry	Loan request initiation for personal loan, home and vehicle loan	Enrol for micro life insurance	
A cash deposit (own and other bank—AEPS/ Rupay card)	Balance enquiry (other bank—AEPS/ Rupay card)	Request new cheque book	Enrol on the social security pension scheme	
Cash withdrawal	Mini statement	Stop payment of cheque	Request initiation for motor insurance	
Cheque collection and Cheque status enquiry	Request for SMS alert/ email statement (if mobile no. / e-mail is already registered)	Request initiation for mutual fund	Request initiation for health insurance	

Banking Services			Insurance	Social Security
Fund transfer AEPS/Rupay card)	Passbook update	Block debit card	Request initiation for life insurance	
IMPS & NEFT	TDR/RD opening & Renew TD/RD	Recovery/collection up bank approved limits		

4.7 BC NETWORK

The number of active BCs has notably risen over time. Between 2015 and 2018, the total number of BCs in India remained relatively stagnant, rising marginally from 6.0 to 6.6 lakh. However, a sharp rise was observed during 2019 - 2022. This surge was likely driven by a combination of factors like expansion of the PMJDY scheme, DBTs during COVID-19, and a push by banks and fintechs to deepen last-mile financial access through kirana stores and SHG members. The BC model became a crucial channel to deliver essential financial services during lockdowns when traditional banking infrastructure was disrupted.

(Source: RBI, Annual Report)

Post-2022, however, the sector witnessed a steep correction, dropping to 21.2 lakh in 2023 and further to 17.23 lakh in 2025. This decline suggests a rationalization phase—possibly due to weeding out of duplicate or inactive BCs, sustainability issues from low commission margins, and consolidation by banks and BC network managers in favour of higher-performing agents. Going forward, stakeholders may need to shift focus from expansion to productivity, agent viability, and policy support to retain an effective and active BC workforce.

(Source: RBI, Annual Report)

There is marked expansion in rural BC outlets, rising from 5.0 lakh in 2015 to 13.56 lakh in 2025. The peak was observed in 2022 with 18.4 lakh rural BC outlets, after which a slight decline occurred, suggesting more and more people joining BC ecosystem on account of COVID-19 as other income-generating avenues were closed on account of lockdown. In contrast, the number of urban BC outlets declined during 2019-2021, from 4.47 lakh to 3.24 lakh, although urban outlets witnessed a temporary surge in 2022—reaching 14.13 lakh. The decline could be due to people dropping out post-pandemic and being engaged in other activities, besides features like inactive BCs, sustainability issues from low commission margins, and consolidation by banks and BC network managers in favor of higher-performing agents.

4.8 USAGE OF BC SERVICES

The usage of BC services in India has seen exponential growth, highlighting their central role in advancing financial inclusion. By March 2015, 18.80 crore Basic Savings Bank Deposit Accounts (BSBDAs) were opened through BCs. By December 2024, this figure had risen to 44.58 crore. This sharp increase illustrates the expanding footprint of BCs in onboarding previously unbanked individuals into the formal financial system.

Correspondingly, the value of financial transactions conducted through BCs surged to ₹1,58,800 crore by December 2024 from ₹1880 crore by March 2015, signifying a substantial rise in usage intensity and trust in the BC channel. While earlier engagement with BCs was limited to account opening and basic cash-in/cash-out functions, recent trends indicate a diversification in service adoption ranging from remittances and loan collections to digital payments and G2P (Government-to-Person) transfers.

(Source: RBI, Annual Report)

The total number of transactions in BC-ICT accounts, which were around 47.7 crore during 2014-15, increased to 299.4 crore as on December 31, 2024, reflecting a CAGR of approximately 18% over these years. Similarly, the transaction amount increased by approximately 26% CAGR over 11 years and 9% year on year growth from 2024 to 2025. The average amount per transaction had also increased to approx. ₹3584 in 2025 from ₹1802 in 2015. The sustained expansion of BC services also highlights the success of enabling policy frameworks such as the PMJDY scheme, AePS, and the digitization of welfare payments, all of which have positioned BCs as a critical backbone of India's inclusive banking infrastructure. Therefore, the growth is not merely quantitative but also qualitative, reflecting a transition from one-time financial access to active, recurring usage of banking services. BCs have effectively bridged the rural-urban banking gap, especially in areas where setting up full-service branches is not financially viable. Importantly, the increase in transaction value alongside account volumes indicates rising financial literacy, improved digital confidence, and growing economic participation among the underserved.

4.9 DETAILS OF SUPPORT PROVIDED TO BC/BF BY NABARD UNDER FINANCIAL INCLUSION FUND

i. Incentive to BCs/CSPs in NER and Hilly states

An incentive of ₹1,500/- per month is being provided to BCs/CSPs operating in difficult geographies of NER and Hilly states to offset the expenditure incurred by them in transport and other operational costs. This is applicable to those conducting an average of 30 financial transactions per month.

ii. IIBF Examination Fees

Reimbursement of ₹800/- per BC/BF is provided for those who pass the certification exam conducted by IIBF. This applies uniformly across SFD and other districts.

iii. Capital Support for Kiosks in NER

Support to the tune of ₹68,000/- is provided towards capital cost incurred for setting up of kiosk outlets in unbanked villages of NER states. This includes installation of microATM, computer laptop, printer, etc.

iv. Capacity Building of BC/BF

Initial Training: A 3-day capacity building programme is supported at ₹4,500/- per candidate.

Refresher Programme: A one-day refresher training is supported at ₹1,500/- per candidate. These are applicable across SFD and other districts.

4.10 SHG MEMBER AS BUSINESS CORRESPONDENT

4.10.1 NABARD's PILOT ON SHG MEMBER AS BUSINESS CORRESPONDENT

As a part of Rural Financial Institutions Programme (RFIP), NABARD and GIZ initiated a pilot project on SHG members as BC/BF in 2012 with an objective to strengthening BC model and bringing about convergence between SHG and financial inclusion. The project was initiated with two Regional Rural banks, viz., Gramin Bank of Aryavart in Unnao district of Uttar Pradesh and Narmada Jhabua Grameen Bank in Indore and Dewas districts of Madhya Pradesh. Under the project, SHG women members were trained and capacitated to act as bank agents (Bank Sakhis). Technology Service Provider (TSP) facilitated necessary technical training to SHG members identified to work as Customer Service Points (CSPs). The SHG federations through the network of CSP/Bank Sakhi took the information and communication technology (ICT) based banking services to the doorstep of over 23,000 households spread over 174 villages in 47 Gram Panchayats (through 50 Bank Sakhis in Unnao district of Uttar Pradesh and 170 villages through 29 Bank Sakhis in Indore and Dewas district of Madhya Pradesh). The project had successfully demonstrated that SHG members as banking agents or Customer Service Points (CSPs) could deliver last mile banking services to the rural community in a cost-effective and sustainable manner.

The Bank Sakhi Model - a gender focused variant of the traditional BC model, was adopted by NRLM and piloted in 7 states - via special funds made available under the dedicated funding line created under the National Rural Livelihood Project (NRLP) in 2015-16 and later on scaled up by several SRLMs to improve formal financial access for rural women-led households, and promoted linkages with public & private and non-bank financial institutions.

4.10.2 ONE GRAM PANCHAYAT ONE BC SAKHI

The 'One Gram Panchayat One BC Sakhi' initiative was introduced by DAY-NRLM in 2019 with a view to deploy one Bank Sakhi in every Gram Panchayat by the end of 2023-24. The objective was to create a cadre of 1.25 lakh trained and certified women from SHGs to serve as BC Sakhis by 2023-24, ensuring last-mile financial inclusion in rural areas. The program witnessed exponential growth, rising from just 936 BC Sakhis in 2017-18 to over 1.42 lakh in 2024-25 (Table 4.1).

S. No	State	BC Sakhi Deployed	Digipay Sakhi/ PayPoints Sakhi Deployed	Total

(Source: NRLM)

4.10.3 INTERVENTIONS TO SCALE UP BC SAKHI INITIATIVES

- SRLMs extend financial assistance to Bank Sakhis through a combination of partial grants, incentives, and low-cost credit facilitated by community institutions. This support helps them cover initial investment needs, such as acquiring hardware devices and securing working capital for their first transactions. In general, Bank Sakhis earn a transaction-based commission from banks for delivering financial services, without any additional charges to customers. However, to ensure financial stability in the initial phase, many SRLMs also provide honorariums for the first few months until operations gain momentum and revenue streams become sustainable.
- To scale up the programme, UPSRLM has developed app-based and web-based solutions with the help of partner agencies to scale up the reach of BC Sakhis quickly across the state. A user-friendly, Android-based mobile application for rural women, available in vernacular languages, facilitates online registration, screening and candidate selection. After registration, using the mobile app, candidates take a detailed screening test in local language. The application displays individual scores, and qualifying candidates are invited for the training to operate as BC Sakhi. The selected candidates receive training and certification from RSETI. RSETI updates the training status on the UPSRLM BC Sakhi web portal. After training and certification, the State Mission Management Unit (SMMU) verifies the bank details of BC Sakhis and SHGs of which the BC Sakhi is a member. BC Sakhis upload documents through mobile application for verification. After verification, UPSRLM extends financial support to BC Sakhis to buy equipment and manage liquidity. The SMMU team updates the fund transfer status to BC Sakhis on the UPSRLM web portal/app. The banks or partner agencies onboard the BC Sakhis and distribute the handheld devices. These partner institutions further train BC Sakhis on device handling and conducting banking transactions. They also update the status of device distribution on the web portal. The model in UPSRLM has proven to be cost effective and sustainable mechanism for the selection of BC Sakhis and delivery of financial services to under-banked and unbanked sections of the society.
- The JEEViKA Bank Sakhi Programme, led by Bihar Rural Livelihoods Promotion Society (BRLPS-JEEViKA) trains SHG women to deliver banking services in rural areas. With strong monitoring

parameters like the number of agents, transactions per agent, commission earned, etc. it ensures sustainable and consistent income accrual at agent level. JEEViKA Bank Sakhis outperform male and non-JEEViKA agents by earning over ₹5,000 monthly within 6–9 months, making it a sustainable, empowering livelihood. One of the reasons for the low level of NPAs is regular follow-up by the Community Resource Persons (CRP) and Bank Sakhis with SHGs and members before due dates for repayment of their bank loan instalment. JEEViKA is implementing Digital Financial Services program to make the community financially inclusive through community members working as Business Correspondents known as Bank Sakhis.

- d) DigiPay and PayPoint Sakhis: CSC e-Governance Services India Limited is a Special Purpose Vehicle of Ministry of Information and Technology, & IT under the Companies Act, 1956 to oversee implementation of the Common Service Centre scheme. MoRD has signed a MoU with CSC for engagement of SHG member as BC Sakhi. CSC is Corporate BC of almost all Public Sector Banks and few RRBs across the country. CSC can engage SHG member as BC for banks as per allotted locations. CSC can also engage our SHG member as “Digi pay Sakhi” in all other locations without the consent of the Banks. Digi pay Sakhi is a term used by CSC for engagement of SHG members as banking point under their Digi pay application where a SHG Member can do basic banking transactions of all banks using Aadhar Enabled Payment System (AEPS) excluding Account Opening. It can be observed from Table 4.1 that states such as Madhya Pradesh, Gujarat and Assam have witnessed significant uptake of biometric based digital payment systems. The rise of DigiPay and PayPoint Sakhis reflects a gradual transition from cash-based to tech-enabled financial intermediation. This shift is closely aligned with the Government of India’s Digital Financial Services Framework, which emphasizes Aadhaar-enabled authentication, biometric portability, and doorstep service delivery. SHG women trained under NRLM’s digital and financial literacy modules are increasingly operating AEPS-based micro-ATMs, facilitating direct benefit transfers, social pension disbursements, and utility bill payments. This trend not only enhances service reliability but also strengthens the financial autonomy of SHG women. However, the digital transition also necessitates continuous handholding, cybersecurity awareness, and responsive technical support factors that remain uneven across states.

4.10.4 CHALLENGES FACED BY WOMEN BUSINESS CORRESPONDENTS

- i. Disparity in earnings: Women BCs often outperform men in monthly earnings because they foster deeper trust, drive higher transaction volumes, and stay more committed to their communities. Their primary earnings are from core banking services. However, men BCs often earn more income from ancillary services as these services are more advanced or technically complicated, and men are more likely to take them up or have prior experience in such areas. This gives them an edge in tapping higher-value opportunities within the BC ecosystem. To tackle this, women BCs should be trained in high-revenue services to diversify their income.
- ii. Need for training: Irrespective of gender, BCs need training through advanced digital tools and need support on skill of transaction and management.
- iii. High Initial Capital Requirement: The entry barrier for women BC is in the form of the procurement of costly digital and physical infrastructure such as laptops, micro-ATMs, biometric devices, and kiosks. With limited or no access to formal credit and the absence of collateral, many women are structurally excluded from participating in the BC value chain.
- iv. Mobility issues: Generally, more women BCs operate in hybrid mode i.e. operating in fixed outlets as well as doorstep services and dedicating more time to their business compared to male BCs. Fixed outlets are more prominent among male BCs. Mobility remains a pressing issue for many women BCs residing in remote rural areas with limited public transportation options. Further, cultural and social expectations severely limit women’s physical mobility and outreach capacity.

- v. Business and Operational challenges: Network and device-related technical issues, cash availability, and delayed commission payments are the main operational challenges faced by women BCs. Lack of access to finance for business expansion, cash withdrawal limitation imposed by banks, and risks associated with cash handling are the major business challenges.
- vi. Societal expectations: Societal norms discourage women BCs from prioritizing work over family, creating internal conflicts and limiting their business growth.

4.11 WAY FORWARD

BCs play a crucial role in extending banking and non-banking services to underserved and remote areas, acting as a vital link between banks and customers. They enable last-mile delivery of services such as account opening, cash deposits and withdrawals, fund transfers, and government benefit disbursements. To function effectively, BCs operate through various models and require specific infrastructure and operational setups to ensure secure, efficient, and inclusive service delivery. The following could be considered to strengthen the BC ecosystem with reference to women BCs.

- i. The BC Committee under Department of Financial Services, Government of India, has identified a significant gender gap and recommended increasing the proportion of women BCs to 30% by 2027. The government may consider mandating that at least 30% of all new BCs onboarded annually in rural and semi-urban areas be women, preferably from CBC/NRLM/SRLM networks.
- ii. Special focus should be placed on training women BCs to offer value-added services such as insurance and loan lead generation, utility bill payments, and mobile recharges. Additionally, introducing at home banking and ancillary services (e.g., document collection, doorstep cash delivery) for a small premium can enhance their service portfolio.
- iii. Organising local awareness and training camps to boost community engagement to support women BCs.
- iv. Banks to be directed to enable dual authentication for SHG joint account holders at BC points and digital interfaces, thereby allowing SHG members to conduct intra-group digital transactions without visiting branches.
- v. To promote interoperability, there is a need to standardize AePS transaction limits across banks for individuals and SHGs by issuing guidelines for a minimum commission structure for BCs, with performance-based incentives, to ensure financial stability, gender equity, and sustainability of the BC model.
- vi. Allowing sub-kiosk operators to transact in the absence of the primary woman BC to ensure uninterrupted service delivery in rural areas.
- vii. Banks should consistently enable OFF-US transactions to align with RBI's interoperability framework. Disabling this feature limits BCs' reach and earnings and restricts customer access in underserved areas. Uniform enablement will ensure seamless service delivery across all banks and BCs.
- viii. Banks and Corporate BC may be asked to maintain and submit gender-disaggregated performance reports for all BCs, with a specific focus on Women BCs by including metrics like transaction volumes, customer reach, grievance resolution rates, and digital adoption levels.
- ix. Need to set up an exclusive Corporate BC Entity for onboarding women BCs.

5

SUCCESS STORIES

1. Lighting up lives - Empowering Women through Candle-Making

(Namsai, Arunachal Pradesh)

Rural women in Namsai, face economic dependence and limited livelihood opportunities. They have difficulty in accessing markets, raw materials and credit linkage for microenterprises. They lack formal skills and entrepreneurial support, that hinders their ability to operate sustainable businesses.

During 2022, NABARD supported an MEDP on Candle Making covering 30 SHG women. It was conducted by Bethel Life Care Charitable Trust (BLCCT), PIA at Namsai district, Arunachal Pradesh. The 15-day intensive programme focused on building both technical and entrepreneurial skills.

The SHGs were provided with post-training assistance for access to raw materials, market linkage, business management guidance, packaging and branding of candles. They were credit linked to SBI, and some members accessed credit through the Cluster Level Federation (CLF) of SHGs.

Three candle-making SHG Units – Roshni, Junak, and Purnima Chowpoo were set up and operationalized. Marketing linkage was established with Namsai Organic Spices and Agricultural Products Producer Company Limited (NOSAAP – a Namsai based Farmers Producers Company) and an ID Solution for product sales. The PIA also facilitated creation of a vendor code with Oil India Limited, enabling SHGs to procure wax at a much lower cost compared to retail market. This cost advantage empowered the SHGs to remain competitive in terms of pricing and it helped to sustain their candle-making business as profitable.

The SHG women utilized their training to set up home-based candle production units. The average monthly turnover of a unit is around ₹25,000/-, with each unit generating profit of ₹5,000/- to ₹6,000/- per month providing a steady income and enhancing household financial security. The initiative has contributed to the economic empowerment of women and promoted local entrepreneurship. SHG members have gained confidence, respect in their communities, and have become role models for others. The project, supported by NABARD, Arunachal State Rural Livelihoods Mission, and BLCCT, has not only improved livelihoods but also transformed mindsets, encouraging rural women to take charge of their financials.

The training received on candle making, entrepreneurial skills, and branding, along with institutional support for moulds, raw materials like paraffin wax, guidance on packaging and quality control helped Roshni Candle, a micro-enterprise formed by Arohan SHG in Namsai, with support from BLCCT to produce specialized quality candles for local markets and Buddhist rituals. By leveraging the tourist appeal of Namsai's monasteries, Roshni Candle has secured a steady market, contributing to women's income and economic growth.

The SHG units are now scaling up production and exploring wider markets. The entrepreneurial success of units like Roshni was featured in ETOHOP magazine, inspiring more women to follow their path. SHGs like Arohan SHG, recognized for their initiative, are becoming agents of social and economic empowerment in their villages.

An end-line survey conducted by BLCCT showcased the inspiring journey of Roshni Candle, now a thriving enterprise. This model of skill-building + market linkage + support ecosystem demonstrates the effectiveness of MEDPs in fostering self-reliance and sustainable rural development.

2. Weaving Dreams into Reality - NABFINS Support to a Woman Entrepreneur in Textile Business

(Bhagalpur, Bihar)

Keshar Bano, a woman entrepreneur from Jagdishpur, district: Bhagalpur, Bihar has been engaged in weaving traditional silk sarees. She faced a critical challenge—lack of adequate working capital. Despite her potential, lack of funds restricted her ability to buy quality raw materials in bulk, thereby limiting the scale and profitability of her enterprise.

In March 2025, a new chapter unfolded in her journey when she availed a loan of ₹30,000 from NABFINS Limited under the Joint Liability Group (JLG) model. This timely financial assistance enabled her to procure high-quality silk yarn, which was essential for both maintaining quality of her designs and increasing output of her business. With the enhanced capacity and better raw materials, Keshar now earns close to ₹20,000 per month through her textile work and has started supplying her handcrafted silk sarees to nearby markets. Her products have found growing demand due to their unique craftsmanship and quality. Reflecting on her progress, this support has been a turning point in her business.

Keshar's success represents the broader impact that access to affordable and timely credit can have on rural women entrepreneurs. Her journey from an artisan to a self-reliant entrepreneur exemplifies how financial inclusion can empower women, strengthen local economies, and inspire others in the community. By providing financial solutions tailored to the needs of rural women, NABFINS continues to weave countless stories of empowerment and progress across India.

3. Joy of Toy Making & Handicrafts from Waste Materials for a livelihood

(Bhojpur, Bihar)

The SHG women from Dawan and Munshi Tola of Jagdishpur block, Bhojpur did not pursue income-generating activities. Their limited skill also hindered the women from finding employment or starting a business. Those aspiring to start micro-enterprises lacked entrepreneurship guidance, as they were highly unorganized, scattered and lacked marketing and presentation skills.

NABARD supported a LEDP -programme in 2022 on Toy Making and Handicrafts from Waste Materials for 90 members from 24 SHGs. The materials were procured from their homes and the nearby market. This helped reduce pollution due to waste disposal in garbage. The local artisans and Upendra Mahrathi Shilp Anusandhan Sansthan provided designing and marketing support.

As all participants were SHG members, they mutually decided to borrow from their respective SHG groups for manufacturing of products. Post intervention, the participants have procured new materials and design and are able to make modern market-compliant items. As a result, the turnover of a member is around ₹12,000 – ₹15,000/- and the profit is ₹5,000/- to ₹6000/- per month.

Of those trained, 74 artisans participated as a cluster in 3 Hunar Didi Karyashalas organised as part of the LEDP. Their products are showcased at Bhojpuriya Hunar Haat and also various exhibitions across the country.

Process for onboarding products on ONDC platform has also been initiated. Efforts are on for expansion of their production and product diversification as also for onboarding to various e-commerce platforms.

4. Crafting Elegance, Generating Sustainability - Bamboo craft training to Particularly Vulnerable Tribal Groups (PVTGs)

(Tapi, Gujarat)

Women from the PVTG in Chunvadi village, Dolvan Block, Tapi District, used to rely on seasonal daily wage labour due to limited exposure and their hesitance in venturing out and, therefore, needed new skills to work from home and better utilize their time.

Hiranyam Vikas Sansthan, with NABARD support, stepped in with an MEDP on crafting marketable bamboo products for 30 PVTG SHG women of the village. Bamboo was selected as it is readily available locally and provides an ideal opportunity to these women to engage in bamboo craft making. The primary objective of the MEDP was to provide both skilling and skill upgradation to the participants. Accordingly, the participants were provided with advanced, product-oriented training and support for production & marketing. They continued receiving guidance from the PIA and master craftsman, even after the programme was over.

Impact of the intervention is observed, in respect of employment creation, enhanced artisans' skillsets, improved product quality, cost competitiveness, new designs, efficient manufacturing processes, etc. The participants were not only able to earn a sustainable monthly income, they also gained confidence in engaging with the outside world.

The participants look forward to continue improving their skills, work together and act as aggregators for getting orders from markets, and ensuring that orders are executed timely and with quality.

5. Value Addition in Banana Processing – Addressing Price Volatility

(Uttar Kannada District, Karnataka)

Farmers from Uttar Kannada District in Karnataka were unable to realise good prices for their products due to highly fluctuating price of Banana (raw material) in the region. Besides, lack of incubation in value added products, sporadic production units led to poor quality and low volume of production.

NABARD supported 90 members of The Laila Sanjeevani Group, through Livelihood Enterprise Development Programme (LEDP) on Value Addition of Banana – Banana Processing for 6 days, through the NGO – Deshpande Foundation. The program duration was two years from the date of completion of training programme. The members were also supported in setting up Common Facility Centre with required machinery.

The group has started commercial production of dehydrated banana (Sukkeli) and are supplying around 300 kg of dry banana to the market per month and are able to earn profit of approximately ₹19500/- per month.

Earlier the SHG members were involved mainly in household works. After participating in the LEDP, these women are able to contribute to their household's income. The programme has also reduced their physical drudgery and mental stress.

The group has tied up with Poonam Marketing, Hubballi for the finished product and also proposes to enter into marketing arrangements with traders in other States. They are participating in international fairs enabling them to increase their customer base. They also plan to promote the products by setting up outlets at different locations and through online marketing.

6. Empowering Change through Artificial Jewellery - making

(Shivpuri, Madhya Pradesh)

The women of Shivpuri had limited exposure to technical skills and business practices which made it difficult for them to grasp the concepts of jewellery-making and entrepreneurship. Besides, lack of understanding of market dynamics and insufficient networking opportunities hindered their ability to sell the jewellery products. The initial hesitation and low self-confidence of these women also posed challenges in embracing entrepreneurship.

NABARD supported a LEDP programme on Artificial Jewellery Making for 90 members across 10 SHGs in December 2022. Through hands-on training sessions, the SHG women gained practical experience in jewellery crafting. Basic training was provided on pricing strategies, customer engagement, and tapping into local market opportunities. Regular encouragement and dedicated mentorship also played a pivotal role in boosting their confidence and nurturing an entrepreneurial mindset.

Each SHG member was provided with a grant of ₹20,000 by the banks, which was utilized for procuring essential raw materials for jewellery-making, such as beads, threads, wires, and other supplies. All 90 trained members were provided access to loans through seven banking institutions: Bank of Baroda, Bank of Maharashtra, Central Bank, IDBI Bank, Madhyanchal Gramin Bank, Punjab National Bank and Union Bank.

Post project, the beneficiaries have seen significant increase in their income. Their products are now being sold in local markets, shopkeepers, and through online platforms. Women who once faced financial constraints have transformed their lives through access to the right opportunities. Their journey is a compelling testament to the power of women's empowerment, demonstrating that with proper support and perseverance, economic self-sufficiency and empowerment are truly achievable.

In future, the participants also envisage undergoing advanced training sessions with focus on jewellery design, e-commerce, and digital marketing.

7. Reviving Tradition, Empowering Women: The Kouna Craft Success Story

(Thoubal, Manipur)

Kouna craft, a traditional art form of Manipur using water reed to produce eco-friendly baskets, mats, and accessories, is rich in cultural legacy. However, the artisans of Thoubal, faced several critical barriers like limited market exposure, confining them to local buyers or intermediaries. Poor branding and design innovation, coupled with absence of support infrastructure and modern product development tools were other issues faced. This combination of economic and operational challenges threatened the sustainability of the craft and the livelihoods of artisans particularly women who rely on it.

Recognizing the potential of Kouna craft, as both a cultural symbol and a livelihood source, NABARD launched a targeted intervention under LEDP. Support was given for the “Skill Upgradation Training on Kouna Craft” project. Ninety women from 14 SHGs were trained on advanced techniques, including design innovation and integration of leather elements as a first-of-its-kind in the State. A Common Facility Centre was set up at The Organisation for Development of Economic and Self Help (ODESH), to support ongoing design development and product refinement. Marketing Support was provided through participation in national fairs like 37th Surajkund International Craft Mela, Haryana, Mahalakshmi SARAS Fair, Mumbai.

Around 79 trained artisans availed loans from Central Bank of India, Manipur Rural Bank, and SBI. Forty-eight members enrolled under PM Vishwakarma Yojana. The project led to tangible and encouraging outcomes as artisans reported increased earnings due to higher product valuation and direct market access. Participation in the Surajkund Mela resulted in a ₹27 lakh export order to Italy via a Delhi-based buyer - ₹18 lakh worth of goods had already been dispatched, with a follow-up order of ₹15 lakh placed.

The project strengthened the social and economic roles of women artisans by equipping them with marketable skills and financial independence. Introduction of leather integration and contemporary styles increased product appeal for urban and international buyers.

Building on the momentum, the following strategies are envisioned to ensure sustainability and scale – (i) Expansion of the Common Facility Centre to support higher production volumes and design diversity, (ii) Digital Market Linkages through e-commerce platforms to reach global consumers, (iii) Advanced Skill Training in packaging, digital marketing, and international quality standards, (iv) Cluster Development around Kouna craft to formalize value chains and attract institutional buyers, (v) Continued Convergence with Government Schemes such as PM Vishwakarma and ODOP for long-term viability.

The Thoubal Kouna Craft initiative stands as a testament to how traditional skills, when supported by the right ecosystem, can not only preserve heritage but also unlock sustainable livelihoods and global recognition for rural artisans.

8. Strengthening SHG members in border districts

(Pathankot, Punjab)

Agriculture being the primary activity in Pathankot, there were limited income avenues for women. Further, the district being less industrialized and urbanized, it is very difficult for women to work outside the villages. Resultantly, the SHG members were engaged in household works and in agriculture earning income of ₹1000 - ₹2000 per month.

NABARD supported a MEDP on Manufacturing of Hosiery Garments for members of five mature SHGs in November 2023. The beneficiaries were provided training in manufacturing of hosiery garments and stitching. The funding for the manufacturing activity was through the internal lending of SHGs.

The Punjab SRLM placed an order of 1000 school uniforms with these SHG members. Out of the SHG members trained, 12 beneficiaries from 4 SHGs were engaged in supplying the uniforms. Each member stitches 3 dresses per day and earns ₹60/-per uniform. The MEDP training in convergence with PSRLM has helped SHG members in earning around ₹180/- per day, which approximates to monthly income of ₹4500/- per member.

The schools of Pathankot and nearby Gurdaspur district have a good demand for school uniforms as also winter clothes due to the extreme temperatures in the region in winters (2-50C). As more such orders are expected in coming days, the income of the members and engagement of all members in the activity is expected to increase substantially.

9. Rising with Gyathuk –Turning into Noodle Entrepreneurs (West Sikkim)

In the picturesque hamlet of Hee-Martam in West Sikkim, a quiet transformation is brewing in the kitchens of enterprising women. With determination in their hearts and skill in their hands, the women of Hee-Martam GPU Self Help Groups (SHGs) have turned a simple staple—noodles—into a powerful source of livelihood and empowerment.

The journey wasn't without its hurdles. There was an initial lack of knowledge in noodle-making and food safety practices. Access to quality packaging materials and branding tools was also limited. Inadequate exposure to larger-scale production and modern techniques, market linkage issues, including difficulty in reaching buyers beyond the immediate community added to their woes.

The intervention of NABARD's LEDP - three trainings (covering 90 SHG members in Gyalshing district) organized during 2023-2024 and the facilitation by Bhavishya Bharat (PIA) played a crucial role, by providing comprehensive training on noodle-making with focus on aspects like hygiene, branding, pricing, packaging and marketing strategies. It helped in facilitating their participation in fairs and exhibitions like the Maghey Mela in Jorethang, opening doors to new markets and arranging exposure visit to the Namthang noodle production unit, introducing SHG members to modern production and packaging practices. This helped in encouraging group collaboration, turning individual efforts into a cohesive micro-enterprise. The support extended was for skill up-gradation training, development of two demonstration units and one CRP per unit, stipend for trainees, refresher training, exposure visit, purchase of raw materials, tools, credit linkage, etc.

The trained women now earn regular income, contributing to their families and savings for the future. Handling production, marketing, and customer relations has boosted their self-esteem and decision-making abilities. Their Gyathuk noodles are now recognized in nearby markets, eateries, and households. Participants have gained long-term skills that can be scaled up or diversified into other food-related businesses. Their income post training is approx. ₹8,000/- per month from nil during pre-training, with a turnover of ₹6,50,000/- and a profit ₹1,00,000/- as a unit.

The success at Hee-Martam has laid a strong foundation, but the journey continues for scaling up production through shared infrastructure or a small-scale processing unit, improving packaging with eco-friendly materials and barcoding for broader retail distribution. Efforts are on for online and retail tie-ups to access new markets across Sikkim and beyond. Continuous training in quality control, digital marketing, and financial literacy is needed to keep the momentum going.

Spotlight on Success: Pem Phuti Sherpa

Among the many women who stood out during and after the training is Pem Phuti Sherpa, a dynamic SHG member who took a deep interest in making Gyathuk noodles—a traditional Sikkimese variant known for its rich taste and handmade quality. Pem Phuti began producing noodles regularly from her home and soon created a steady customer base in the local market. Her noodles, cherished for their freshness and authenticity, are now a household name in the surrounding villages.

Today, Pem Phuti proudly earns ₹8,000 per month, contributing significantly to her family's income and becoming a role model for other rural women.

This story is not just about making noodles—it's about nurturing dreams, boosting self-confidence, and proving the power of rural women when given the right opportunity. With support of NABARD and the on-ground facilitation of Bhavishya Bharat, the SHGs of Hee-Martam are now paving the way for sustainable livelihoods, inspiring many more women to rise with resilience and hope.

10. Empowering Rural Women through Jute Bag Manufacturing

(Puducherry, Tamil Nadu)

In a remarkable journey of empowerment and enterprise, NABARD's LEDP, implemented in collaboration with Deepam for Education Empowerment and Development (DEED) Trust, has transformed the lives of rural women in Puducherry through skill development in jute bag manufacturing.

Initially, the PIA - DEED Trust faced considerable hurdles in mobilizing suitable candidates for the training. Despite targeting women SHGs with basic tailoring skills, participation was limited due to lack of confidence or family/ household/childcare responsibilities or skepticism about jute bag making being a viable income generating activity. Additionally, identifying qualified trainers and travel facilities were other challenges.

With NABARD's support and DEED Trust's efforts, these challenges were systematically overcome. The LEDP covered 100 women who gained hands-on expertise in manufacturing jute bag products, viz. laptop bags, file folders, handbags, etc. The training significantly boosted self-confidence, fostering a sense of purpose and financial contribution within families. Artisan Cards were issued through the Handicrafts Department, enabling women to showcase and sell their products at exhibitions. It helped build stronger collaboration with NSDC, Puduvai Bharathiar Grama Bank, and the Handicrafts Department.

Many beneficiaries, especially homemakers, began using their own sewing machines to produce bags from home—enabling income generation without leaving their households. Formation of JLGs allowed women to access loans through Puduvai Bharathiar Grama Bank, kickstarting entrepreneurial journeys and small businesses. Some began taking direct orders, while others produced bags through DEED's own manufacturing unit.

To ensure long-term growth and livelihood opportunities for trained women, the PIA is engaging with them to - facilitate tie-ups with retailers and institutions for bulk orders, support participation in exhibitions and trade fairs to enhance market access, explore digital platforms and e-commerce to expand reach and customer base, advanced training programs in design, pricing, packaging, and market trends, expand JLG formation and ensuring smooth credit linkage with Puduvai Bharathiar Grama Bank, handholding support for 6–12 months to women launching independent or group-based micro-enterprises.

The LEDP brought forth partnerships that turned challenges into opportunities, empowered rural women by providing them a sustainable livelihood and a more secure, independent and dignified future for self and their families.

11. Empowering Change through Goat Rearing

(Sepahijala, Tripura)

Traditional goat rearing methods resulted in high mortality rates and lower body weights of the goats. Limited knowledge and skills in sustainable goat management among local farmers, poor access to markets and pricing challenges exacerbated farmers' income levels.

The Calcutta Society for Professional Action in Development (SPADE) received support from NABARD to implement the LEDP, targeting 150 women Self-Help Group (SHG) members engaged in goat rearing. Participants underwent a 10-day intensive training program on modern goat management practices, complemented by on-site support and refresher courses. The program facilitated substantial credit linkages through SHG Bank Linkage programs, resulting in increased loan amounts and about 3.5 times increase in the average ticket size of loans.

Emphasis was placed on skill development while leveraging various social security schemes such as Pradhan Mantri Jan Dhan Yojana, which ensured greater financial inclusion for the beneficiaries. Approximately 105 participants expanded their goat farming operations, achieving a settlement rate of 70%.

Average herd-wise increased from 2-3 goats pre-LEDP to 4-5 goats post-LEDP, for a goat owner, with a reduction in mortality rates to 1%-2% thanks to timely vaccinations and veterinary services. Annual income from goat farming witnessed substantial growth, with beneficiaries experiencing an increase from an average of ₹12,000 pre-LEDP to ₹31,000 post-LEDP—which translates to 2.5 times increase in net earnings.

The goat farmers established direct marketing ties with buyers in the local Melaghar and Bishramganj markets, enhancing profits through improved pricing practices. The introduction of systematic weighing when selling goats resulted in additional earnings of approximately ₹800 to ₹1,000 per goat compared to prior practices.

Enhanced digital literacy among beneficiaries allowed at least one family member per household to engage in cashless transactions and effectively utilize digital banking platforms, further promoting financial independence. This initiative has not only significantly contributed to the economic upliftment of women but has also fostered their empowerment within the community. By rearing goats, women have increased their roles in household economies and decision-making. The successful implementation of LEDP has transformed the livelihoods of these farmers, enabling them to become self-employed and enhancing the overall economic landscape of the area.

Smt. Supriya Sarkar, an LEDP participant, who faced challenges to improve her earning through traditional agriculture and animal rearing was able to improve her goat management significantly post training. The mortality rate of her goats dropped to zero and she was successful in expanding her herd from 2-3 goats to 6 goats. This led to an increase in her income from ₹12,000 to ₹36,000 p.a. Supriya's farm now benefits from free-doorstep veterinary service ensuring that her herd is treated and vaccinated at no cost.

Beneficiaries like Supriya are connected with the Block Livestock Department, enabling easy access to veterinary services and support. Goat farming has proven to be a pivotal source of income for rural families; often referred to as the "ATM" of poor farmers due to its low investment and steady income stream.

Sustained efforts in skill development and market access initiatives are essential for the long-term sustainability of goat farming. Exploring diversification into supplementary farming activities and value-added product development would potentially further enhance income. Continuous engagement with financial institutions will facilitate sustained access to larger loans, supporting ongoing scaling of operations.

Smt. Supriya Sarkar, a participant of the LEDP, faced challenges in increasing her income through traditional agriculture and animal rearing. Her enthusiasm for animal husbandry, identified during SPADE's baseline survey in April 2022, led her to become a beneficiary of the program. After receiving training, Supriya significantly improved her goat management practices. Previously, she struggled with high mortality rates due to missed vaccinations. Post-training, the mortality rate dropped to zero, and she expanded her herd from 2-3 goats to 6. This growth tripled her annual income from ₹12,000 to ₹36,000. Her farm now benefits from free doorstep veterinary services, ensuring timely treatment and vaccinations at no cost.

BREAKING THE

(Bhavnagar / Dang, Gujarat, Taleigao, Goa)

From the small town of Shihor in Bhavnagar, Parulben Dave has become a strong example of women's empowerment in Gujarat. She is one of the 'Lakhpatti Didis' who connected with Prime Minister Narendra Modi's mission to make rural women financially strong.

On the occasion of International Women's Day 2025, Parul was honoured with an award by Mantavya News for her special work in women's welfare and livelihood. The award was given by Honourable Union Minister of State, Smt. Nimuben Bambhaniya.

For the last 15 years, Parulben has been helping women earn their livelihood. She has trained more than 400 women in skills like tailoring, embroidery, beadwork, and other handicrafts. Many of these women earlier depended on daily wages, but today are able to support their families earning societal respect.

Parulben not only trains them but helps them in securing gainful employment. The products made by these women are sold nationwide in exhibitions and online platforms.

Her work has given confidence, hope, and a new life to many women. Parulben Dave is truly a pillar of women's empowerment in Gujarat, showing how one woman's growth can take forward the entire community alongside.

Dhanlaxmi SHG led by Smt. Farzana Sayed, from the small village of Taleigao, Goa, and the members of Dhanlaxmi SHG, is a true example of women's empowerment in the state. The SHG has been engaged in the art of dry flower making for over 25 years and has showcased work at various local and national fairs, melas, and exhibitions.

Farzana, the leader of the group, not only excels in her craft but also shares her knowledge by providing training to other women, enabling them to become self-reliant and earn a livelihood. Several women, beyond her own SHG, also work with her in creating flowers, bouquets, and other decorative items. The SHG has been associated with NABARD for conducting Micro Enterprise Development Programmes (MEDPs) in dry flower making.

In addition to dry flowers, the SHG diversifies creativity into making Akash Kandils during Diwali using Kunbi weave, along with Kunbi flowerpots, lamps, file folders, as well as embroidery, beadwork, and crochet flower bouquets.

The dedication and entrepreneurial spirit exhibited by the SHG has earned several accolades. Ms. Farzana, the leader of the SHG, was honoured with the "Best Entrepreneur" award by the Kerala State Rural Livelihood Mission during Kerala SARAS in January 2025, presented by Kudumbashree Governing body member Ms. Lathika K and District Mission Coordinator Ms. Kavitha PC. She was also conferred the "Best Artisan" award at Aparant Maand 2025, organized by the Goa Handicrafts Rural & Small-Scale Industries Development Corporation (GHRSSIDC) Ltd., where the award was presented by Shri Ramesh Tawadkar, Honourable Speaker of the Goa Legislative Assembly.

GLASS CEILING

From the remote village of Jamalapada in Gujarat's Dang district, Daxaben Birari has emerged as a powerful symbol of women's empowerment and self-reliance. Her journey, rooted in grassroots development, has transformed the lives of rural women, earning her the title of one of the 'Lakhpati Didis'—a testament to her alignment with Honorable Prime Minister Shri Narendra Modi's mission to strengthen rural women financially.

Daxaben leads the Ambica Sakhi Mandal, a collective that has brought together over seven Self-Help Groups (SHGs) across the district. Her efforts over the past 13 years have empowered number of women through skill development in areas such as ragi papad making, soap production, pickle preparation, and other food-based enterprises. Many of these women, once dependent on daily wages, now earn a stable income and enjoy newfound respect in their communities.

Her impact was nationally recognized on International Women's Day 2025, when she was honoured with a Sanmanpatra by Honourable Prime Minister Shri Narendra Modi for her outstanding contributions to women's welfare and livelihood enhancement.

The Ambica Sakhi Mandal has also become a hub of inspiration, visited by dignitaries such as Shri Acharya Devvrat (Hon'ble Governor of Gujarat), Shri Karsanbhai Patel (Founder of Nirma Group) and Shri Fagansingh Kulaste (Union Minister of State for Rural Development).

Beyond training, Daxaben ensures that the women she mentors find meaningful employment, their products are showcased and sold across the country through exhibitions and online platforms, giving them national visibility and market access.

Daxaben Birari stands as a pillar of strength and hope, proving that one woman's vision and dedication can uplift an entire community. Her story is not just one of personal success, but a movement toward inclusive development and empowerment.
