Section 8 not for profit company with objectives of complement the efforts and providing support to NABARD's development departments, Network, coordinate and collaborate with other organizations to execute CSR projects

Offers credit guarantee against credit offered by Eligible lending institutions through the trusts for AHIDF and FPO financing

FOREWORD

Rural infrastructure is crucial for the socio-economic development of rural areas and overall growth of the state and country as increased productivity, increased connectivity, improved health care, job creation, enhanced education and environmental benefits accrue as the infrastructure develops. However, rural infrastructure development often faces funding constraints leading to delay in completion of critical infrastructure projects.

NABARD funded State Governments and State-owned entities to complete the incomplete projects to realise the economic/social benefits through NABARD funds like Rural infrastructure Development Fund (RIDF), Fisheries Infrastructure Development Fund (FIDF), NABARD Infrastructure Development Assistance (NIDA), Food processing Fund (FPF) and Warehouse Infrastructure Fund (WIF). As on 31 December 2024, cumulatively Rs. 41,600 crores have been disbursed under these funds. The completion of the critical/crucial infrastructure projects has created a significant impact in the ground contributing to the growth of economy of Tamil Nadu.

I am pleased to present a few such high impact infrastructure projects in irrigation, fisheries, warehouse, rural educational institutions, rural roads & bridges, sectors that have not only contributed to economic growth but also facilitated income enhancement and better quality of life in rural areas.

I would like to thank Government of Tamil Nadu for their continuous support and action for building vibrant, dynamic, and enterprising rural Tamil Nadu.

R. Anand
Chief General Manager, NABARD
Tamil Nadu Regional Office

Fish Landing Centre, Mandapam, Ramanathapuram -Building Infrastructure, Nurturing Fisheries

Sathiyar Fish Seed Farm, Madurai - Seeding Success, Harvesting Prosperity

- Benefitting 2000 fishermen
- Easy berthing facilities for 275 fishing vessels
- 2 lakh fishlings being produced
- Fish seed shortage addressed

Fisheries Infrastructure Development Fund - Stronger foundation towards Blue Revolution

- Safe landing facility for fishing boats
- Prevention of sea erosion
- 14,468 Fishermen benefitted directly

65
Projects
Rs. 1315
crore

Tharangambadi Fish Harbour, Nagapattinam
"From Shore to Market, Seamlessly Connected"

Infrastructure Revolution "Paving Paths to Progress"

73,000 km Roads

87,000 m Bridges

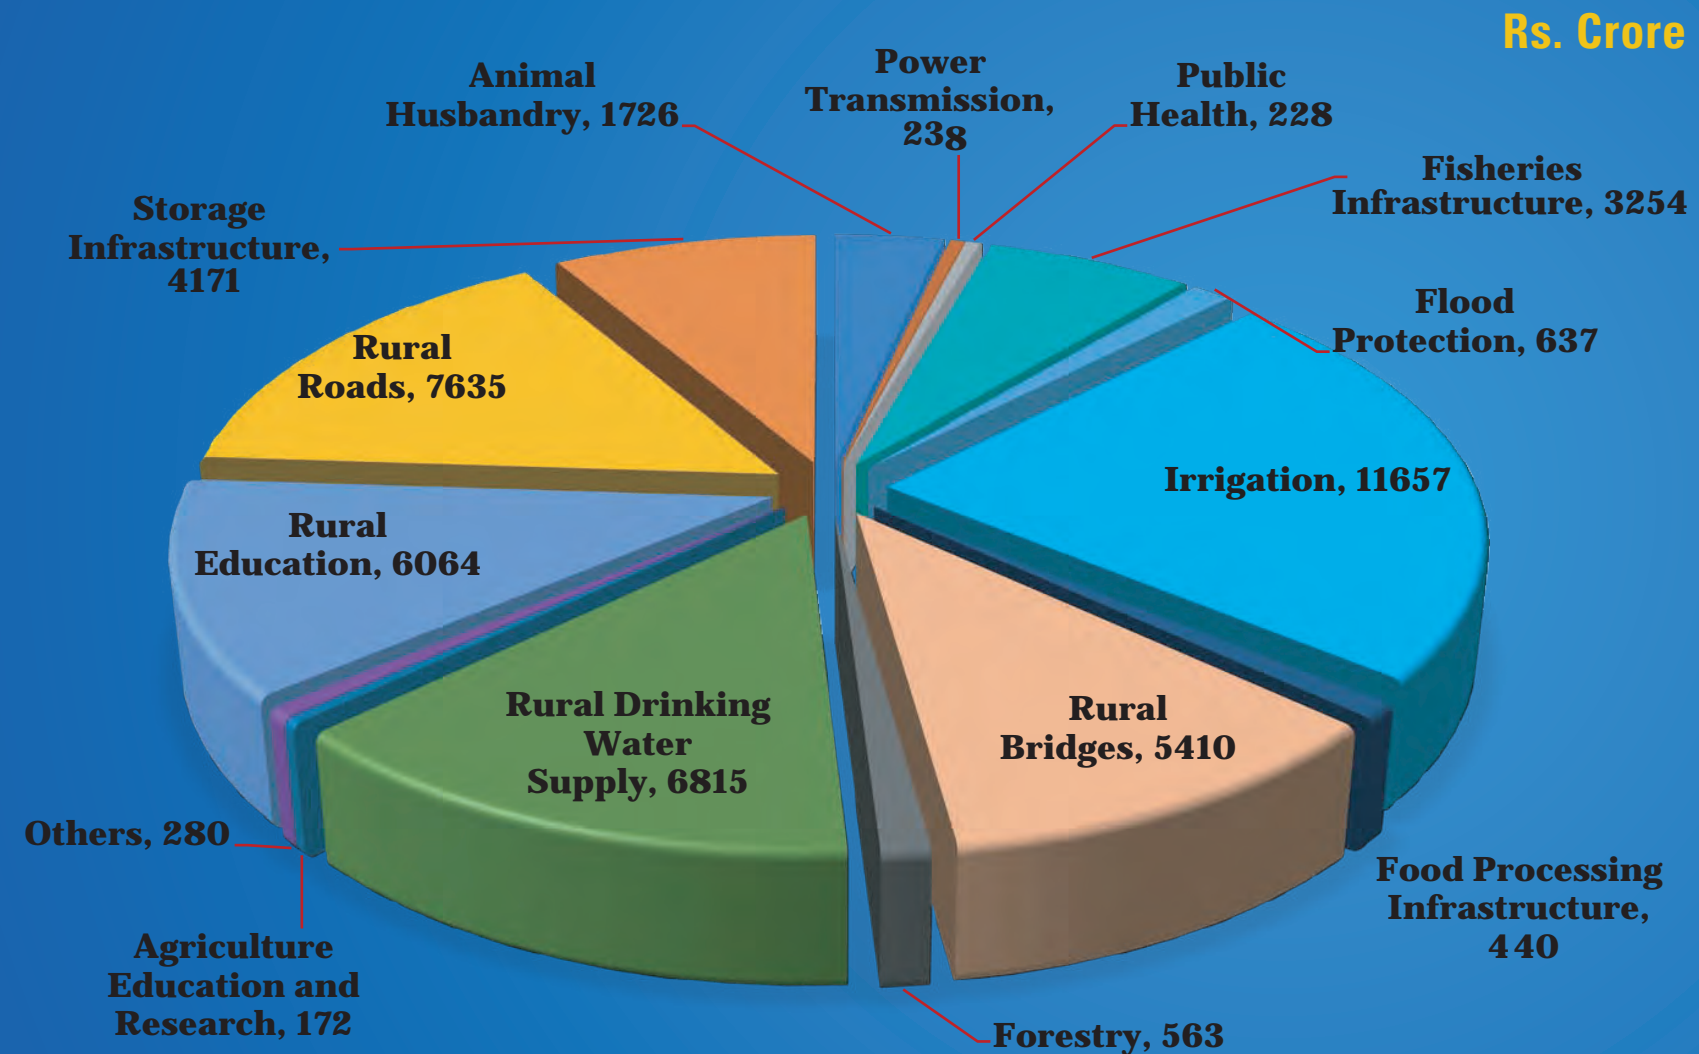

41.50 lakh Ha agriculture
land brought under Irrigation

80,000 classrooms / 4,100 labs
in Schools

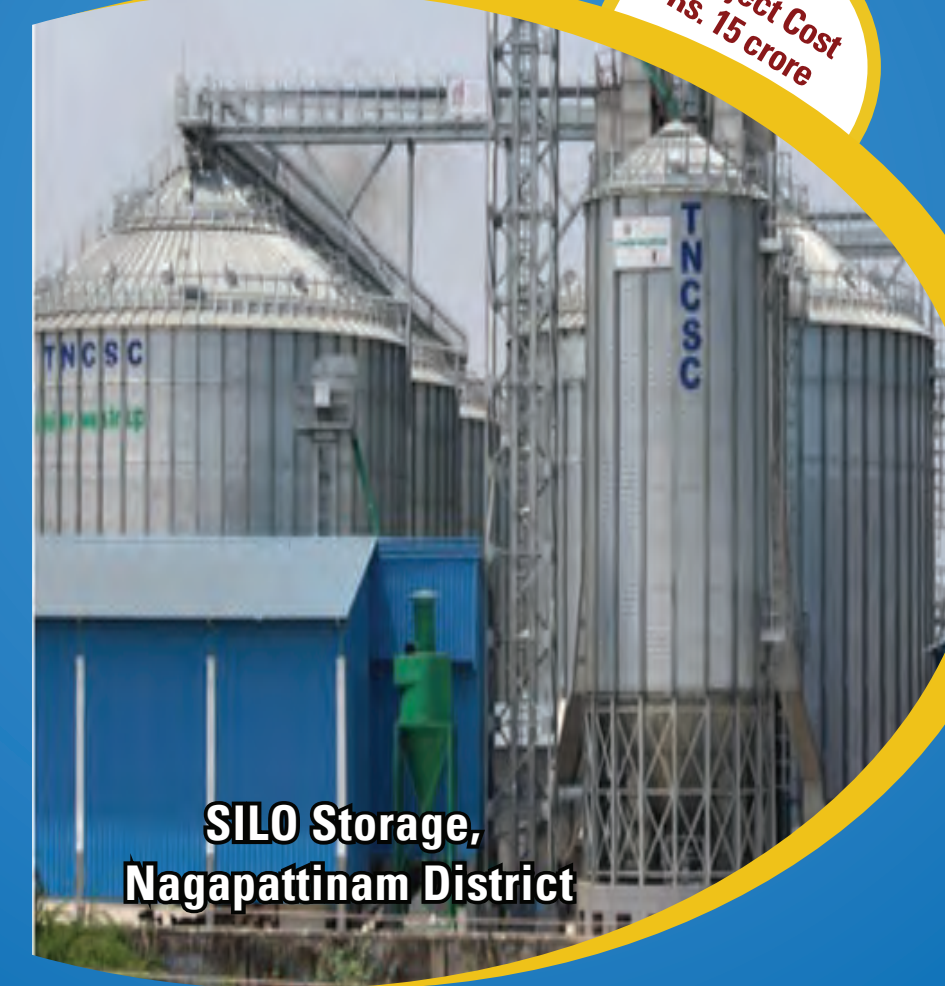

9.20 lakh MT Storage Capacity
created

NABARD Assistance for Infrastructure - Sector Wise

Warehouse Infrastructure Fund -Rural Storage for Thriving Agriculture

**Project Cost
Rs. 15 crore**

IMPACT

- Reduction of post-harvest losses by 5%, prevent wastage of 2 lakh MT of paddy amounting to savings of Rs.410 Crore per year
- Providing scientific storage facilities for small and marginal farmers for better price discovery

Rural Drinking Water Scheme, Cuddalore -Safe Water, Stronger Communities

**RIDF-XXIV
Project Cost
Rs. 479 crore**

IMPACT

- Clean potable water for 625 rural habitations
- 31.26 MLD of drinking water capacity created for 6.68 lakh population
- 229 man-days of recurring employment generated

Rural Roads -Connecting Villages, Empowering Lives

73,000 km roads for
brighter future.

Erkolapatty, Dharmapuri

Nagadasampatty, Dharmapuri

IMPACT

- Improved connectivity
- Enhanced economic activity
- Increased enrolment in schools / colleges
- Ease of agricultural activities

Rural Bridges -Crossing Challenges, Creating Opportunities

Construction of High-Level
Bridge across Navalai,
Dharmapuri District

Project Cost
Rs.10.60 crore

87,000 m of Bridges

IMPACT

- 40 % saving in travelling time
- Shorter connectivity to villages
- All season connectivity
- Savings in fuel cost

Rural Educational Institutions -Infrastructure for brighter future

12,977 projects supported at a cost of Rs. 6,064 crore benefitting around 40,000 villages and 15 lakh students ; 80,000 class rooms and 4,100 labs were constructed

Government Girls Higher Secondary School, Vellore
Rs.296.52 lakh, RIDF-XXVIII

Kottakudi River, Theni
Rs.1.50 crore

Check dams are sustainable solution and lifeline for reliable water source for villages preventing migration and increase economic stability.

Hanumanadhi River, Tirunelveli
Rs.3.00 crore

Check soil erosion and tool for water conservation resulting in increase in water table.

Manjular River, Dindigul
Rs.2.47 crore

Palar River, Sivagangai
Rs.2.76 crore

Irrigation Projects - Bringing Water to Every Acre

RIDF-XXIV
Project Cost
Rs. 411 crore

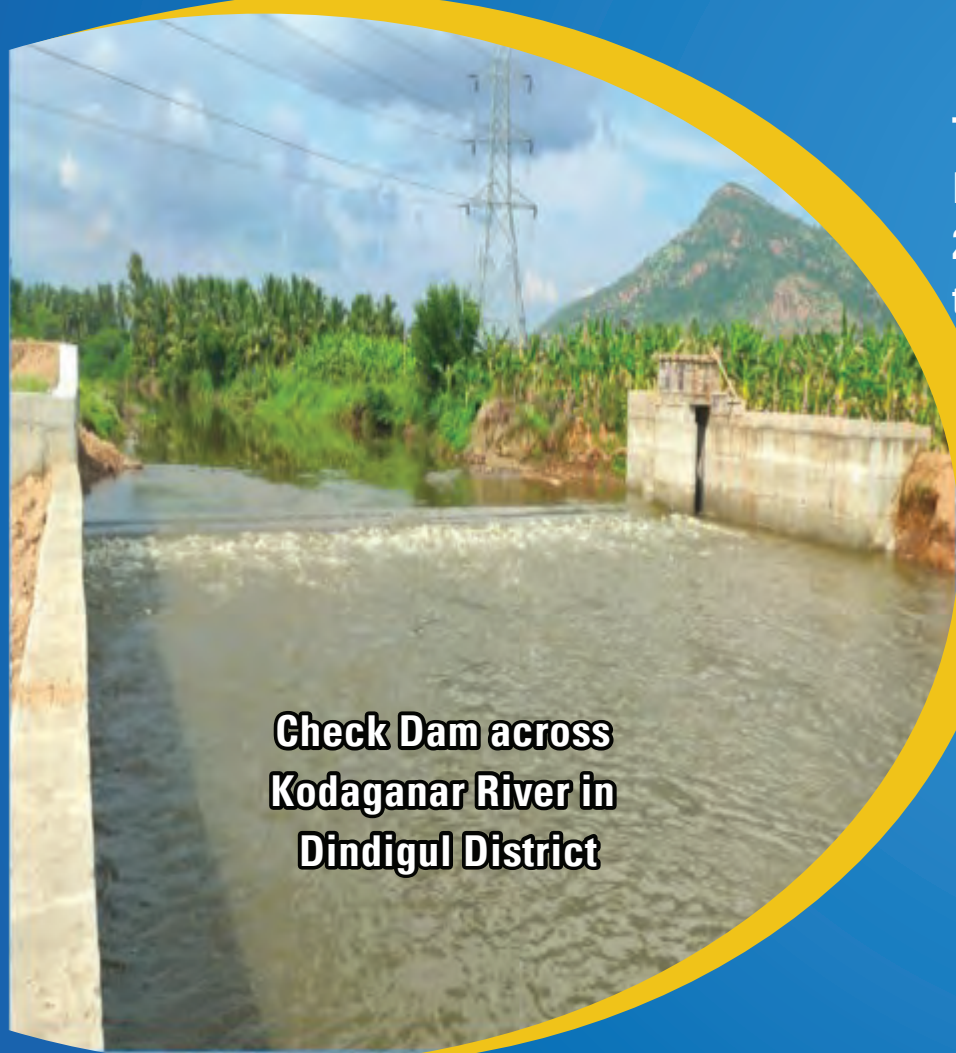

Mukkombu Regulator-cum-Bridge, Trichy

- Prevented flooding in 80 villages of 5 Cauvery Delta districts.
- 23,050 Ha brought under irrigation.
- Facilitated easy crossover for commuters.
- Drinking water problems addressed.

IMPACT OF IRRIGATION PROJECTS

- Around 25 lakh Ha brought under irrigation
- 20-30% increase in productivity
- Contribution to GDP growth of Tamil Nadu
- Crop diversification
- Improved food security

Check Dams Revolution -Stopping the flow, fueling the future

Check Dam across
Kodaganar River in
Dindigul District

INTERVENTION

To harness the regenerated water, NABARD under RIDF has sanctioned 285 dams at a cost of Rs.1256.00 crore to recharge ground water table.

IMPACT

- Increase in water table
- 28500 ha of area under irrigation
- Soil erosion prevented
- Agriculture productivity and net income increased by 25%

Check Dams -Small dams, bigger impact for future

RIDF XXVI
Project Cost - Rs.425 lakhs
Benefitting 2000 farmers,
3 villages and 170 ha

Check Dam across Nambiyar River, Tirunelveli District
