DISCLAIMER

This Status of Microfinance in India report has been prepared based on the data compiled and collated by us as received from various reporting banks across the country. While due care has been taken to ensure the correctness and purity of the data, NABARD does not exercise any editorial control over the data reproduced here. NABARD is therefore not responsible for data inaccuracies, if any, reported in this publication.

FOREWORD

*NABARD is proud to say that the Self Help Group - Bank Linkage Programme,
which is the largest microfinance programme in the world,
today touches*

10

crore households through more than

85

*lakh SHGs with deposits of
about*

₹ 16114

*crore and annual loan
offtake of*

₹ 38800

crore and loan outstanding of nearly

₹ 61600

crore

Dr. Harsh Kumar Bhanwala

CHAIRMAN, NABARD

Quest for delivering affordable banking and credit delivery services to the geographically and financially disadvantaged poor is an ongoing process for eons till a ray of hope in the form of Self Help Group approach for building social capital to deliver savings and credit products has been conceptualized.

The group approach was then dovetailed into the banking operations which gave birth to the concept of Self Help Group Bank Linkage Programme to work on the synergies of the existing vast network of bank. This savings led group approach to deliver varied services at the doorstep is the most prominent and pioneering Financial Inclusion move till date.

The movement now in its 26th year, has emerged as a powerful intervention to extend the frontiers of organized financial system to cover the small borrowers. I am glad to state that with the active collaboration of NGOs, banks and the Governments and of late the NRLM, the programme now covers 10 crore families through 85 lakh SHGs with savings deposits of ₹16,114 crore and 48.4 lakh groups with collateral-free loan outstanding of over ₹61,500 crore, of which, 88% for rural women.

During the year, we continued our partnership with NRLM in taking SHG Bank Linkage Programme to an elevated level. We have mainstreamed the Livelihood Enterprise Development Program (LEDP) for larger benefit of SHG members besides, introducing Micro Finance Facilitator (MFF) in priority states to deepen the movement.

“Status of Microfinance in India” the referential document in the sector for more than a decade is the prestigious annual publication of NABARD being brought in after meticulous compilation of data from all the practitioners and players in the financial sector. It has become a trusted repository of data on the Microfinance sector and quoted quite often by policy makers and practitioners alike.

To expedite data collection as well as its accuracy, this year, a system of online submission of SHG Bank Linkage Programme data to NABARD by banks through ENSURE or Electronic Submission of Return & Analysis of Data, a web-based application has been introduced. I profusely thank all our channel partners for their contribution as well as cooperation and kudos to the staff of the Micro Credit Innovations Department for bringing out this excellent publication.

I am confident that this documentation of our learning journey, ever emerging and unfolding, would encourage the stakeholders of the programme to reposition their efforts leading to woman empowerment. ●●

(vi)	Cumulative grant assistance sanctioned to JLGPIs for promotion of JLGs upto 31 March 2017		155.21

Microfinance in India 2016-17

Today, the SHG - Bank Linkage Programme (SHG - BLP) is the largest microfinance programme in the world because of its sheer size and population it touches. What is equally remarkable is that it is also the most widely participated developmental programme in the country and perhaps in the world for the large number of channel partners, their grass root workers, Govt agencies and banking outlets involved.

- I.1** The extent of participation can be gauged by the fact that at present more than 100 Scheduled Banks, 349 DCCBs, 27 State Rural Livelihood Missions and over 5000 NGOs are engaged in promoting Self Help Groups. The programme owes this level of involvement to its ability to mobilise masses of rural people, impress upon the Govt machinery and draw developmental agencies of all hues and continue to draw upon the synergies with aplomb even today. One look at the rural credit markets as it existed at the time of launch of the pilot explains the appeal.
- I.2** Till the 90's large section of the rural population was unbanked and austerey overlooked by the mainstream banking institutions. Most of them had to take recourse to informal sources for credit because as compared to formal sources, the informal sources have highly flexible terms and it is easy to obtain loans for consumption needs and also for marriage and other purposes. With least documentation and accessibility as well as availability at any time, the village money lenders are the last resort to many ruralites whose needs are emergent and they don't hesitate to agree to pay exorbitant interest rates during the hour of crisis without realising the deleterious consequences that will follow at a later date like coercive recovery and taking over of the productive assets thereby throwing them into abyss of poverty. Despite the relentless efforts of Government of India and RBI in creating and supporting enabling environment for increasing the outreach of formal financial services to cover the marginalised population, informal sector continued to rule the roost till quite some time.
- I.3** The major cause was the information asymmetry that plagued the formal banking system vis-à-vis the village money lender. What was needed was to break the monopoly of door-step availability of credit by the informal sources at the time of crisis. That's where the Self Help Group concept scored. It combined the flexibility and availability of informal sources with the transparency of institutional credit.

- I.4** After extensive trial and research the pilot programme was launched Twenty Five years ago in 1992. The Self Help Group - Bank Linkage Programme (SHG-BLP) was an innovation harnessing the synergy of flexibility of informal system with the strength and affordability of formal system. Three radical innovations were introduced through the RBI/NABARD guidelines on SHG-BLP:
- Acceptance of informal groups as clients of banks – both deposit and credit linkage
 - Introduction of collateral free lending, and
 - Permission to lend to group without specification of purpose/ activity/project
- I.5** This savings led and door step credit delivery mechanism based on social collateral started making immediate inroads backed by an enabling policy environment and support from some national level institutions and multilateral agencies.
- I.6** NABARD's experiment in SHG-BLP established the credibility of groups as a bankable proposition and rural people capable of financial discipline. It created a new set of clientele with untapped appetite leading to several NGOs acting as financial intermediaries for on-lending to groups buoyed by the success of SHG-BLP. A new breed of micro lenders was born, the Micro Finance Institutions. As per MFIN, as on 31.03.2017, the Microfinance industry has a total loan portfolio of ₹106,916 crore.
- I.7** As we celebrate the Silver-Jubilee year of the movement, it is heartening to share visible improvements in all aspects of the movement as compared to last year. During 2016-17, despite the impact of demonetisation on credit disbursement and repayments, combined efforts and initiatives of NABARD, banks, SHPIs, NRLM and Government agencies have given great boost to the SHG-BLP movement.
- I.8** There was a net addition of 6.73 lakh SHGs during the year increasing the number of SHGs having savings linkage to 85.76 lakh as on 31 March 2017. The savings outstanding of SHGs with banks as on 31 March 2017 has reached an all-time high of ₹16114.22 crore. During the year, banks have disbursed loan of ₹38781.16 crore, recording 4% increase over the last year despite the impact of demonetisation which slowed down loan disbursement post October 2017. The total bank loan outstanding to SHGs also increased by 7.81% and stood at ₹61581.30 crore against ₹57,119 crore as on 31 March 2016. The gross NPA of bank loans to SHGs marginally increased by about 5 basis points from 6.45% as on 31 March 2016 to 6.50% as on 31 March 2017. This was achieved in a year when there was overall deterioration in quality of assets and mounting NPAs in the banking sector.

2. WAY FORWARD

- 2.1 There is merit in banking on rural credit for both demand and supply side players. Some private banks, the latest entrant being Bandhan have shown that a healthy bottom-line can be achieved entirely on the basis of microloans. Thus, besides the two models of MFIs and SHG-BLP, the third emerging model is bank's dedicated vertical working on the lines of MFIs, but with statutory safeguards. In addition, there may be increased role of P2P financing in near future. There is need of letting all efforts to bloom through suitable guidance and supervision ensuring that the microfinance clients are served properly.
- 2.2 As per an assessment there still exists substantial potential for formation of large number of SHGs in priority States. While NRLM is committed to cover all eligible families under its fold by 2022-23, there is need to speed up the process. The success in creating suitable intermediary structures is still not encouraging in several priority States. The sharp focus on livelihoods for SHG members is lacking in many Regions.
- 2.3 Apart from promotion of SHGs in priority states, identification of livelihoods, skill development and capacity building, taking forward the programme of SHG members as agents/BC/Bank Sakhi and collaboration with new partners for strengthening/ deepening the SHG movement at Pan India level may be the future direction for SHG-BLP. Some RRBs have started using the services of our partner SHPIs as agents/ BF for credit linkage of SHGs and recovery of dues from them on the lines of ICICI bank model.
- 2.4 While SHG-BLP has grown strong on the pillars of financial inclusion and social capital, the recent addition of technology as the third pillar has shown immense potential to strengthen its base. The EShakti initiative in select 25 districts during last two years has shown the way. It needs to be expanded to cover all the SHGs in the country. Support of every stakeholder in this endeavour is essential.
- 2.5 SHG Federations may emerge to be useful institutions in the SHG eco-system through both financial and non-financial supports. There is, however, lack of proper legal form to suit the structure and other issues impacting viability. There is need to search for suitable solution to the issues impacting the structure.

3.

SHG AS A PART OF DIGITAL WORLD - ESHAKTI

Screenshots of the *EShakti* app

- 3.1 In the recent years, with the entire banking sector embracing technology, there is a smooth and seamless flow of data, both of transaction and information, across the banking system. However, the microfinance sector was more or less left out from the technology platform.
- 3.2 It was therefore felt that SHGs should not be left behind and should evolve to be able to leverage upon technology. Digitisation of Self Help Groups is a step towards systematic and faster achievement of the avowed goals of SHG movement.
- 3.3 Keeping this in mind, NABARD attempted digitisation of SHGs under a project called EShakti to take advantage of the available technology to address the problem of book keeping, capturing the credit history of SHG members, generating SHG grading report based on its financial and non-financial records and making them available to all important stakeholders. The stakeholders especially bankers can now take informed decisions for extending credit linkages on the basis of reports generated through EShakti.

- 3.4 Project EShakti envisages mapping of the existing SHGs in a district (bank wise, branch wise) by capturing financial and non-financial information of the SHG and its members and uploading the transactions including minutes of meetings, through an “App” loaded on Android based Tablets/ Mobiles to a dedicated website viz. <https://eshakti.nabard.org/>. To address the regional GPRS connectivity issues across the country, provision is made for uploading of data through both online and offline modes. Stakeholders like SHG members themselves, Government Agencies, Banks, NGOs, etc. can access the data on the basis of login accounts.
- 3.5 Encouraged by the positive response of the stakeholders in Phase I in Ramgarh (Jharkhand) and Dhule (Maharashtra) districts, the pilot project was expanded to 23 more districts under Phase II across various States.
- 3.6 Data of 1.3 lakh SHGs has since been digitized in the pilot project and credit linkage of SHGs has shown handsome increase.

4.

PROGRESS OF SHG - BANK LINKAGE PROGRAMME

- 4.1** SHG - Bank Linkage Programme has traversed twenty-five years of unabated journey towards empowering the rural poor, in general and rural women in particular. Taking a big leap from a pilot in 1992, SHG Bank Linkage Programme has now become the largest community based microfinance initiative with 85.77 lakh SHGs as on 31 March 2017 covering more than a hundred million rural households. There was a net addition of 6.73 lakh savings linked SHGs during 2016-17, a major portion (70.4%) from priority States indicating the urge for connecting the poor households in less developed States with the development process through SHG-BLP. Coordinated efforts by NABARD and NRLM to enhance the coverage of eligible SHGs under NRLM fold has resulted in a net addition of nearly 2.9 lakh SHGs under its fold during the year. The domain of SHGs consists of 85.4% women groups and is the mainstay programme for empowerment of the poor rural women in the country. Table 4.1 gives an account of savings, credit disbursement and credit outstanding of total SHGs and under NRLM and NULM during the past three years.
- 4.2** SHG - Bank Linkage Programme is a strong intervention in economic enablement and financial inclusion for the bottom of the pyramid. A proven platform initially conceived for increasing the outreach of banking services among the poor has since graduated to a programme for promotion of livelihoods and poverty alleviation. All the major parameters viz. the number of SHGs with savings bank accounts, amount of credit disbursed during the year, the bank loans outstanding as well as the quantum of savings outstanding had shown positive growth during the past three years (Figure 4.1). The year 2016-17 has proved particularly positive for the growth of SHGs.

Table 4.1

OVERALL PROGRESS UNDER SHG-BANK LINKAGE PROGRAMME DURING PAST THREE YEARS

(No. of SHGs in lakh, Amount in ₹ crore)

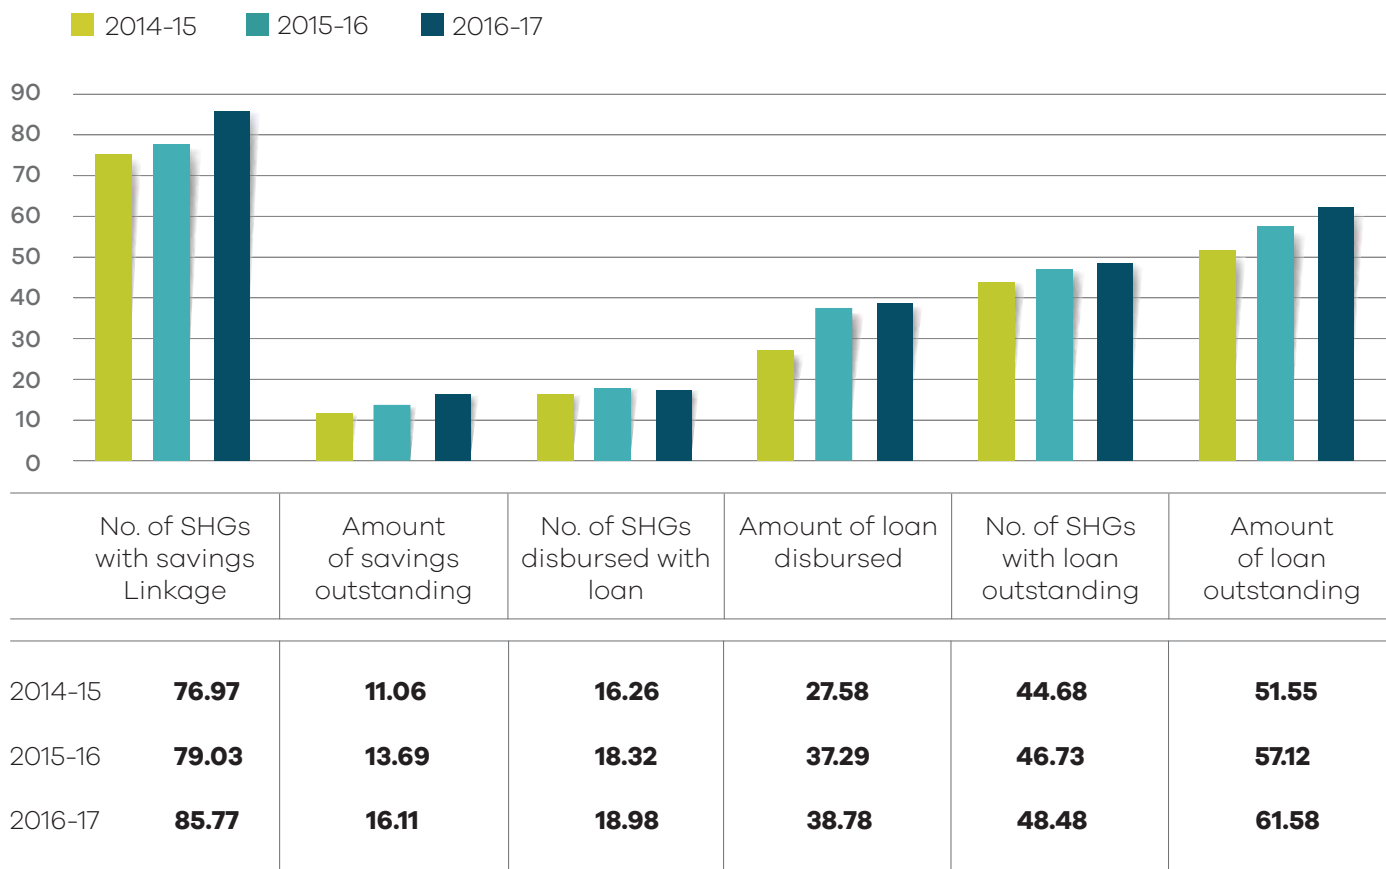

Particulars		2014-15		2015-16		2016-17

Figure 4.1

PROGRESS OF SHG-BLP DURING PAST THREE YEARS

(No. of SHGs in Lakh, Amount in ₹'000 crore)

4.3 No. OF SAVINGS LINKED SHGs The number of savings linked SHGs has shown a huge jump of 8.53% during the year. The increase is highest during this decade. With the expanding coverage of SHG-Bank Linkage Programme in Eastern and North Eastern Regions and other priority States during the last three years, there has been perceptible correction in the Southern bias of the Programme (Figure 4.2). Bihar, Maharashtra, Rajasthan and West Bengal account for 63% of the net addition of SHGs during the year. The share of Southern Region in terms of number of SHGs declined to 43.4% in 2016-17 from almost half (48.3%) in 2014-15. There was a slight decline in the percentage share of SHGs in Southern Region as well as Central Region during 2016-17 over the previous year in spite of an absolute rise in number of SHGs. Major States like Telangana, Maharashtra, Gujarat, Chhattisgarh, Uttarakhand, West Bengal, Bihar, Jharkhand, and Rajasthan have recorded higher growth rate. The State-wise details of number of SHGs are given in Statement II-A.

Figure 4.2

REGION-WISE DISTRIBUTION OF SHGs WITH SAVINGS LINKAGE (%)

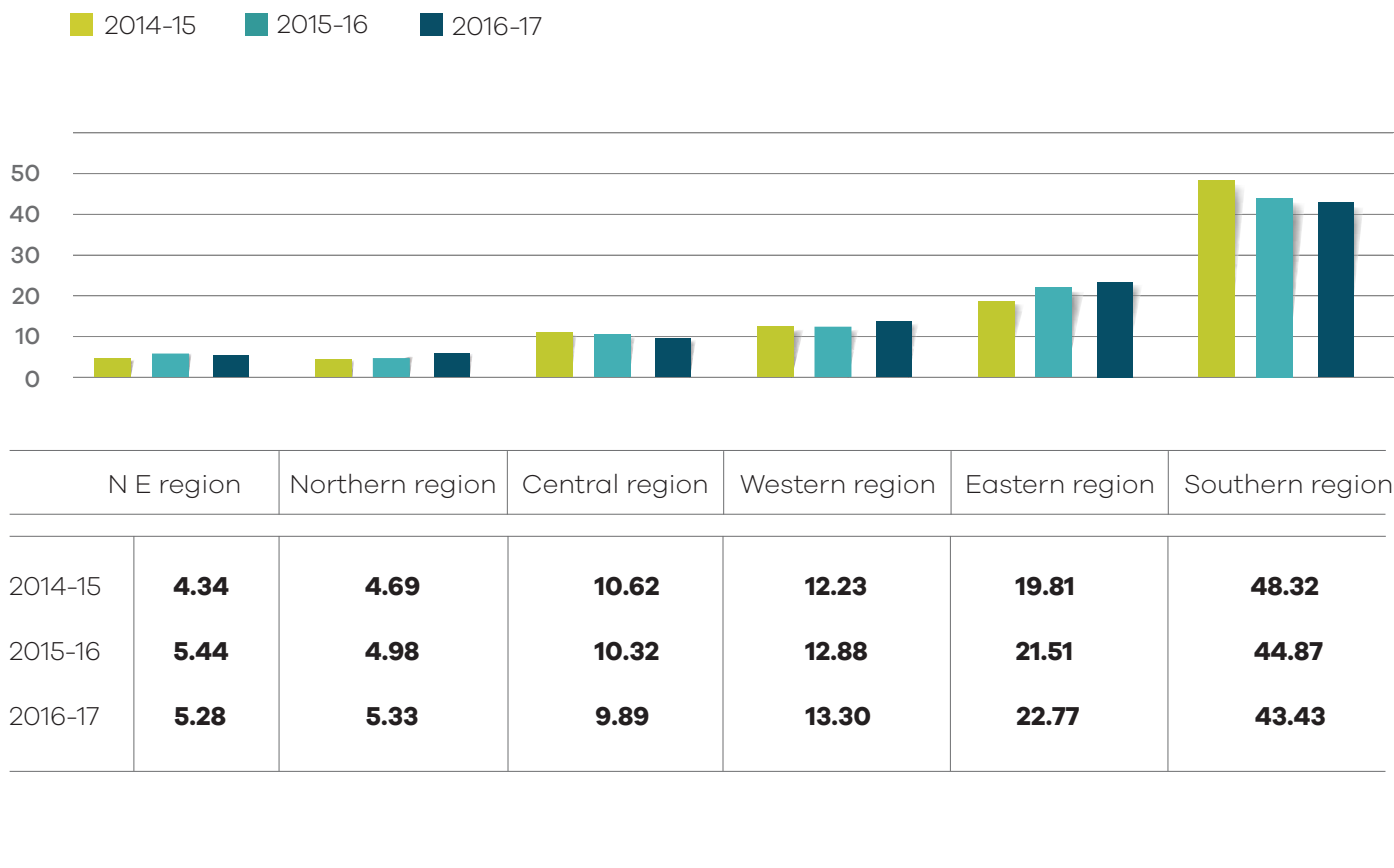

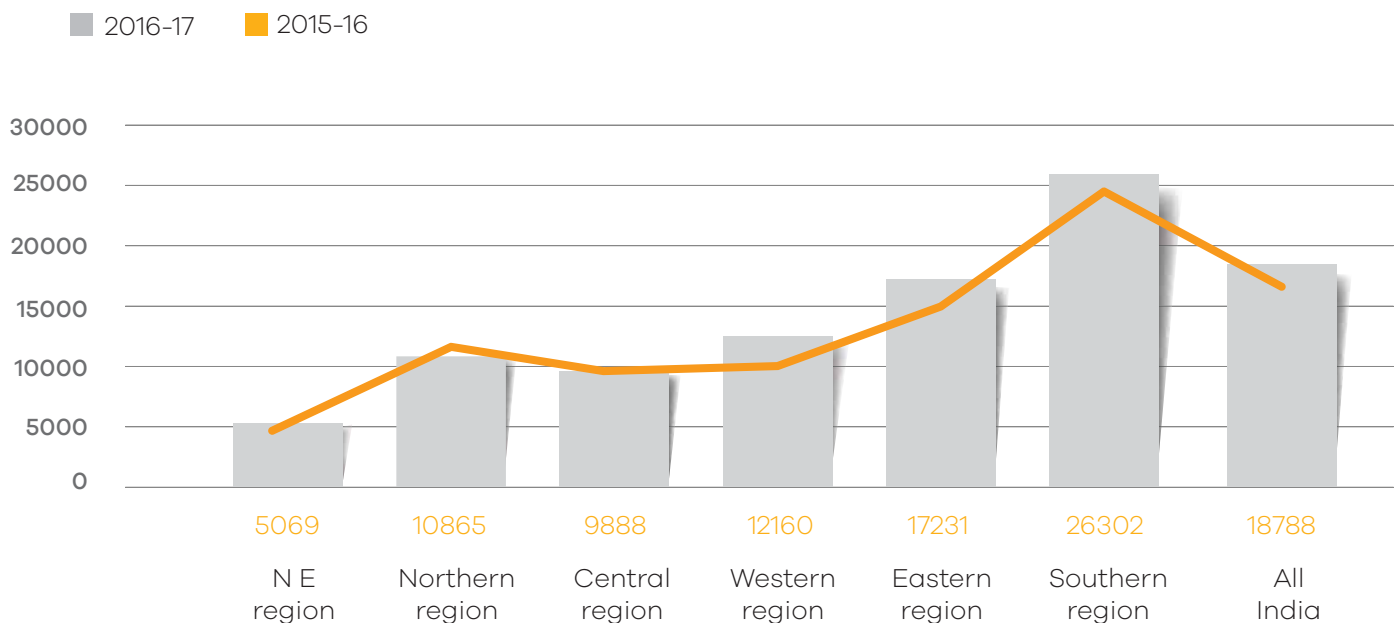

Figure 4.3

AVERAGE SAVINGS OUTSTANDING (₹ /SHG)

4.4 SAVINGS OUTSTANDING The savings outstanding of SHGs as on 31 March 2017 has reached all-time high of ₹16,114 crore, about 17.7% more than that a year back. The average savings outstanding per SHG increased by 8% during the year, to ₹18,788 as on 31 March 2017 from ₹17,324 in the previous year. The average savings outstanding was highest in Southern Region and lowest in North Eastern Region (Figure 4.3). Southern States have a sizeable number of matured SHGs that contribute higher amount of monthly savings leading to higher average savings rate, whereas in North Eastern States and other priority States, the average savings are low. States that have added more number of new SHGs during the year have obviously recorded decline in average savings outstanding during the year. The state-wise savings outstanding position is given in Statement II-A.

4.5 CREDIT DISBURSEMENT BY BANKS During 2016-17, banks provided loans to 18.98 lakh SHGs (22% of total SHGs) as against to 18.23 lakh SHGs (23.2% of total SHGs) during 2015-16. The number of SHGs to whom loans were provided during the year was lower than previous year in Southern Region, Western Region and Central Region. In Southern Region about 30% of SHGs have availed bank loan during 2016-17. The percentage of SHGs availing credit during the year was 42% in Andhra Pradesh and Telangana, 27% in Kerala and 19% in Tamil Nadu. Low credit linkage in North Eastern States and some priority States was a concern (Table 4.4). In States like Kerala, Karnataka, Andhra Pradesh, Maharashtra, Uttarakhand, Uttar Pradesh, and Madhya Pradesh the number of SHGs provided with bank loan during 2016-17 was lower than the previous year.

During 2016-17, about ₹38,781 crore of bank loan was disbursed recording a marginal increase (4%) in the total amount of loan disbursed by banks to SHGs as compared to ₹37,287 crore during 2015-16. The quantum of loan disbursed to SHGs was lower than the previous year in Central and Western Region whereas other Regions witnessed thin rise. Institutional credit flow to SHGs was reported to be adversely hit by the demonetization of specified bank notes declared on 8 November 2016 and the resultant disruption in the loaning operations by financing institutions. Despite this, the rise in number of SHGs credit linked and quantum of loan disbursed during the year is very positive for SHG-BLP.

The average loan disbursement per group during 2016-17 was ₹2.04 lakh, a slender rise from ₹2.03 lakh during the previous year, against the y-o-y rise of 20% in 2015-16. Southern Region however continued to have the distinction of having highest per SHG average credit disbursement of ₹2.73 lakh with a 5% rise over previous year. North Eastern Region (16%) and Eastern Region (12%) recorded a rise in the average credit disbursement whereas other Regions have witnessed a fall (Figure 4.5). Among the States, the average credit disbursement per SHG declined over previous year significantly (25% and above) in case of Gujarat, Uttar Pradesh, Madhya Pradesh, Uttarakhand and Punjab. Maharashtra (15%) and Chhattisgarh (11%) also witnessed moderate fall in average loan disbursement while it was a slender fall (less than 5%) in States like Tamil Nadu, Karnataka, Haryana, Himachal Pradesh, Rajasthan, Odisha and Jharkhand. In North Eastern Region, States like Manipur, Sikkim and Tripura disbursed lower average loan during the year while other States have recorded a rise. Among major States, average credit disbursed per SHG was in the region of ₹3 lakhs for Goa (₹3.19 lakh) and Telangana (₹3.02 lakh) followed by Kerala (₹2.96 lakh) and Andhra Pradesh (₹2.89 lakh).

Figure 4.4

STATE-WISE REGION-WISE % OF SHGs AVAILING BANK LOAN DURING 2016-17

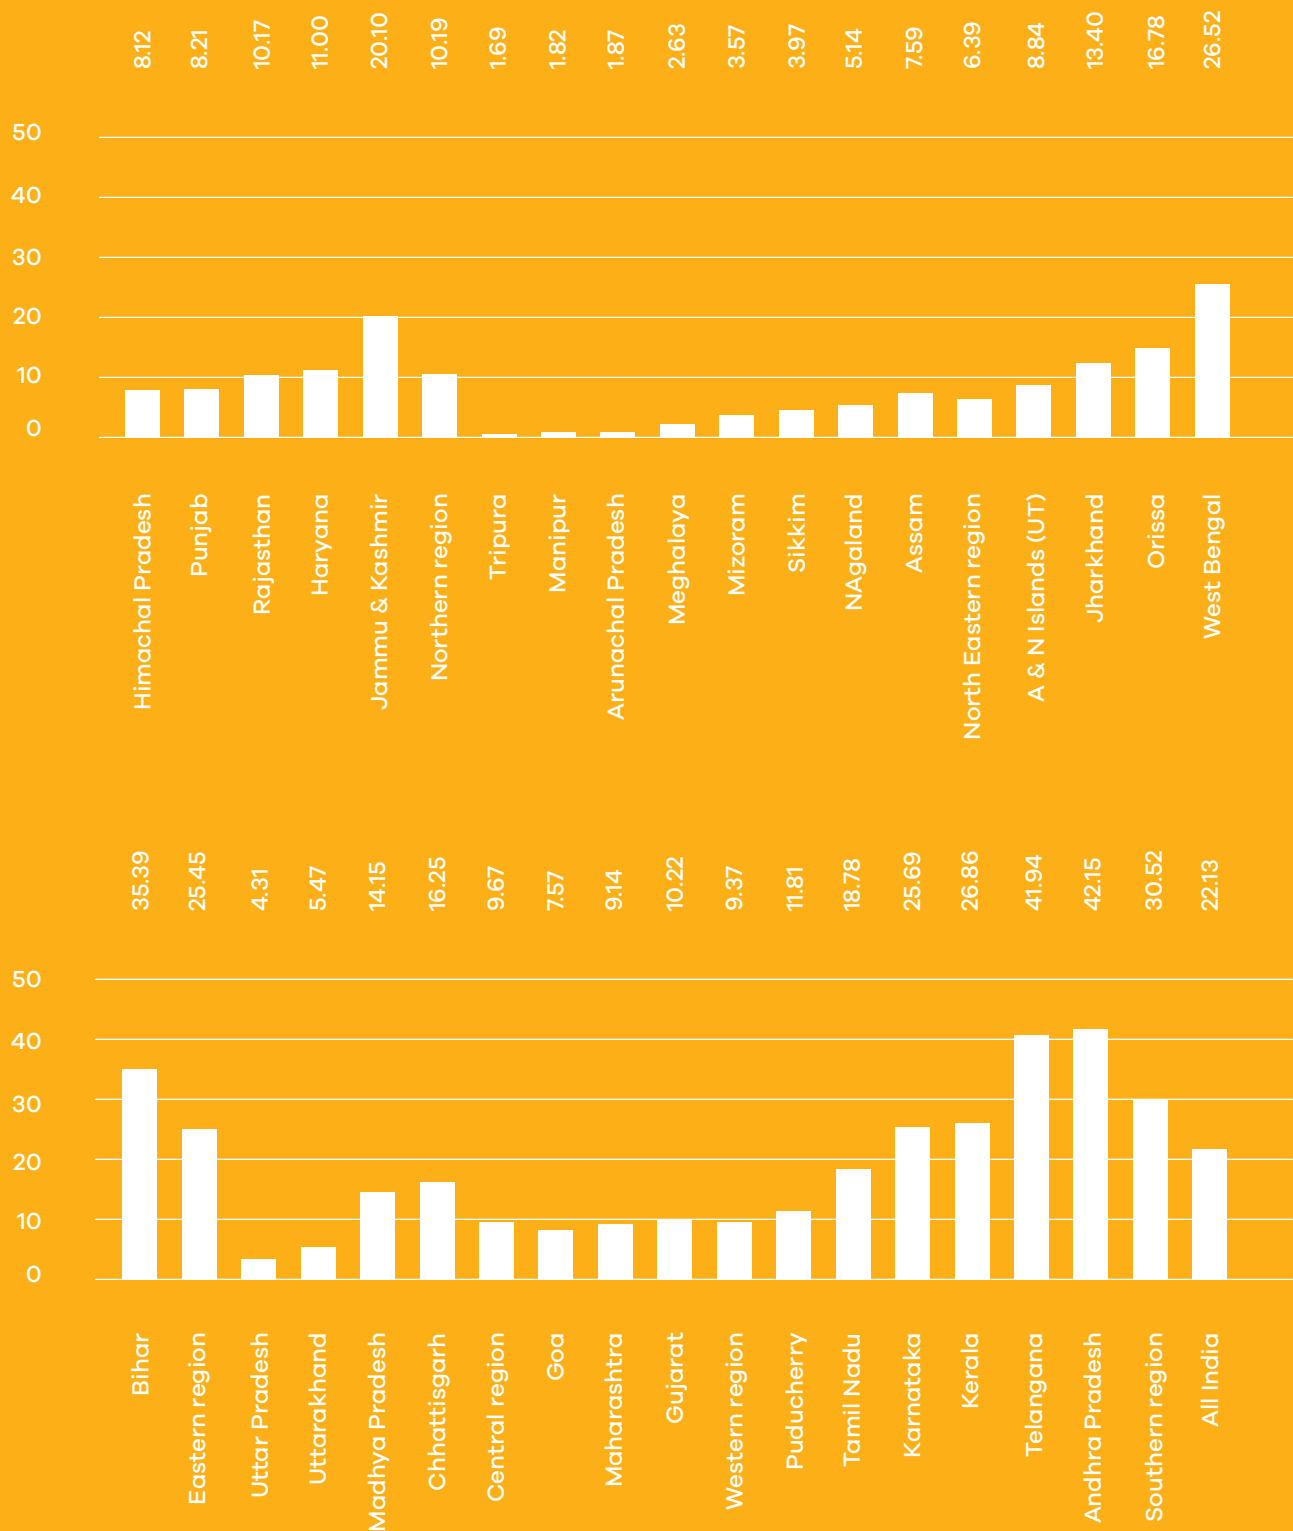

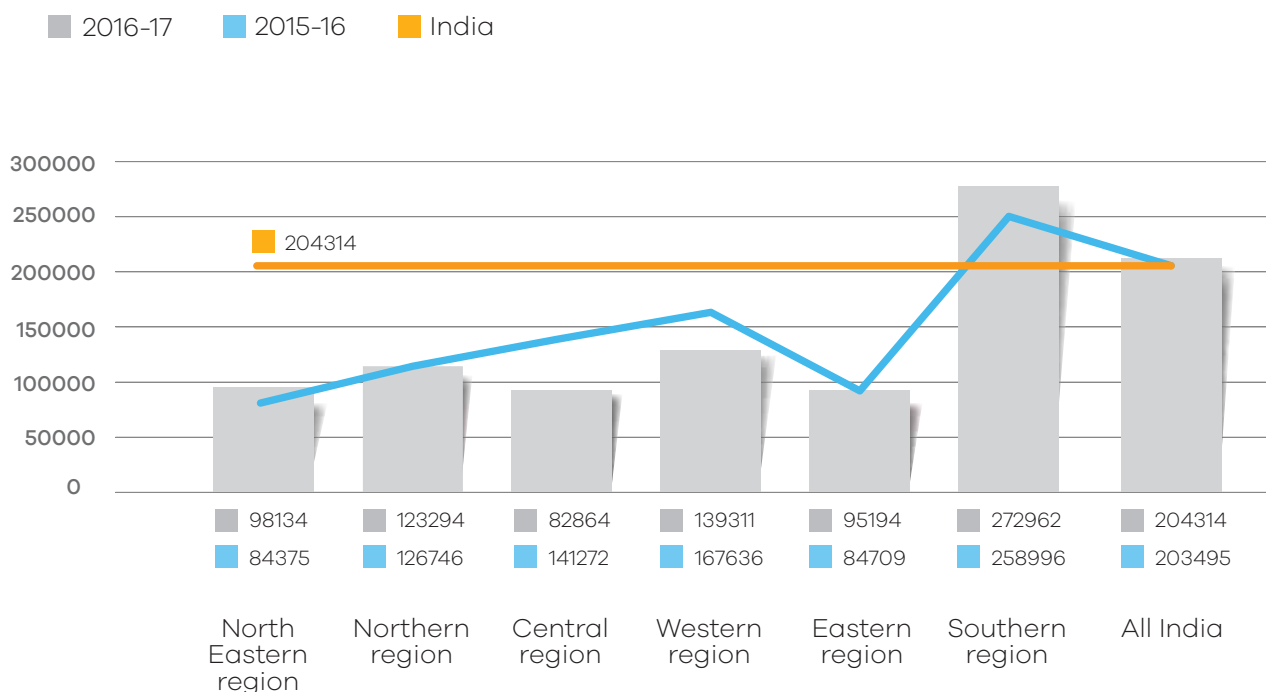

Figure 4.5

AVERAGE LOAN DISBURSEMENT 2016-17 (₹ PER SHG)

The dominance of Southern Region continued during 2016-17 in disbursement of bank loans to SHGs. Southern Region disbursed ₹31,023 crore (80% of the total credit) to 11.37 lakh SHGs (60% of total) during 2016-17. Eastern Region stood next with 26.2% of SHGs availing 12.2% of bank loan disbursed during the year (Figure 4.6).

About 46.7% of total SHGs receiving bank credit during the year were covered under NRLM and they availed 44.7% (₹17,336 crore) of the total bank loan disbursed. The number of SHGs availing bank loan, total amount of credit disbursed by banks and the average credit disbursement to SHGs in different Regions during past three years are shown in Table 4.2. The state-wise position of bank loans disbursed to SHGs during 2016-17 is given in Statement II- B.

Figure 4.7

STATE-WISE NO. OF SHGs WITH LOAN OUTSTANDING 2016-17 (%)

4.6 CREDIT OUTSTANDING As on 31 March 2017, 48.48 lakh (56.5%) SHGs were having credit outstanding of ₹61,581 crore against 46.72 lakh SHGs (59.1%) and ₹57,119 crore as on 31 March 2016, recording 8% rise in the quantum of loan outstanding. During the year, there was 4% increase in number of SHGs having bank loan outstanding, however, in relative terms overall number of SHGs having bank loan outstanding has declined from 59.1% in 2016 to 56.5%. This was mainly because of net addition of 6.74 lakh SHGs during the year increasing the total number of SHGs by 8.5%. Eastern Region (68.8%) has surpassed Southern Region (68.2%) with the proportion of SHGs having bank loan outstanding during the year for the first time. Percentage of SHGs having loan outstanding was lowest in Western Region at 24.4%, with Northern (31.5%) and North Eastern Regions (31.6%) slightly ahead. Among the major states, percentage of groups having credit linkage was highest in Telangana (96%), followed by Andhra Pradesh (89%) and Bihar (82.5%). Among the States, this percentage was lowest in Arunachal Pradesh (4.4%) and among larger States in Gujarat (19.6%). State-wise and Region-wise coverage of SHGs having bank loan outstanding as on 31 March 2017 is given in Figure 4.7.

The average loan outstanding increased during the year by 4% to ₹1,27,017 from ₹1,22,242 per SHG. Other than Southern and Eastern Regions all other Regions registered a decline in the average loan outstanding compared to previous year. The average loan outstanding was highest in Southern Region and lowest in Central Region (Figure 4.8). Among States, highest

All India	4468180	5154546	115361	4672621	5711923	122242	4848287	61581306	127017

NB: O/s = Outstanding as on 31 March of the financial year.

average per group loan outstanding was recorded by Andhra Pradesh (₹2.31 lakh) followed by Karnataka (₹1.25 lakh), while it was lowest in tribal States of Jharkhand and Chhattisgarh at ₹0.36 and ₹0.37 lakh per group, respectively.

Southern Region continued its dominance in share of bank loan outstanding position in terms of number of SHGs (25.4 lakh, 52.4%) and quantum of bank loan outstanding (₹46,650 crore, 75.75%) as on 31 March 2017. Even though the number of SHGs with credit outstanding remained almost same as previous year, there was 8% rise in outstanding amount in Southern Region. There is 19% rise in number of SHGs with credit outstanding and 26% rise in outstanding amount in case of Eastern Region over the previous year. Region-wise status of bank loan outstanding to SHGs during past three years is given in Table 4.3. The State-wise details of bank loan outstanding are given in Statement V.

4.7 NPAs IN SHG-BLP NPAs under bank loans to SHGs during 2016-17 were 6.50%, near about the level of previous year 6.45%. However, the absolute NPA amount witnessed a rise of 8.6% during 2016-17, from ₹3,686 crore in 2015-16 to ₹4,002 crore. The ratio of loan outstanding to loan disbursement during 2016-17 under SHG-BLP was 1.6 for all India, a marginal rise from the level of 1.5 in 2015-16, which had declined from 2.1 the previous year. High ratio indicates a relatively high NPA rate and vice versa. High outstanding joined with low disbursement implies a situation where repayment rate is low and many of the SHGs are not eligible for subsequent doses of loans because of overdue loans. The ratio was high at 3.3 for Central Region which had NPA rate of 23.14%, followed by North Eastern Region at 2.9 with NPA level of 20.64%.

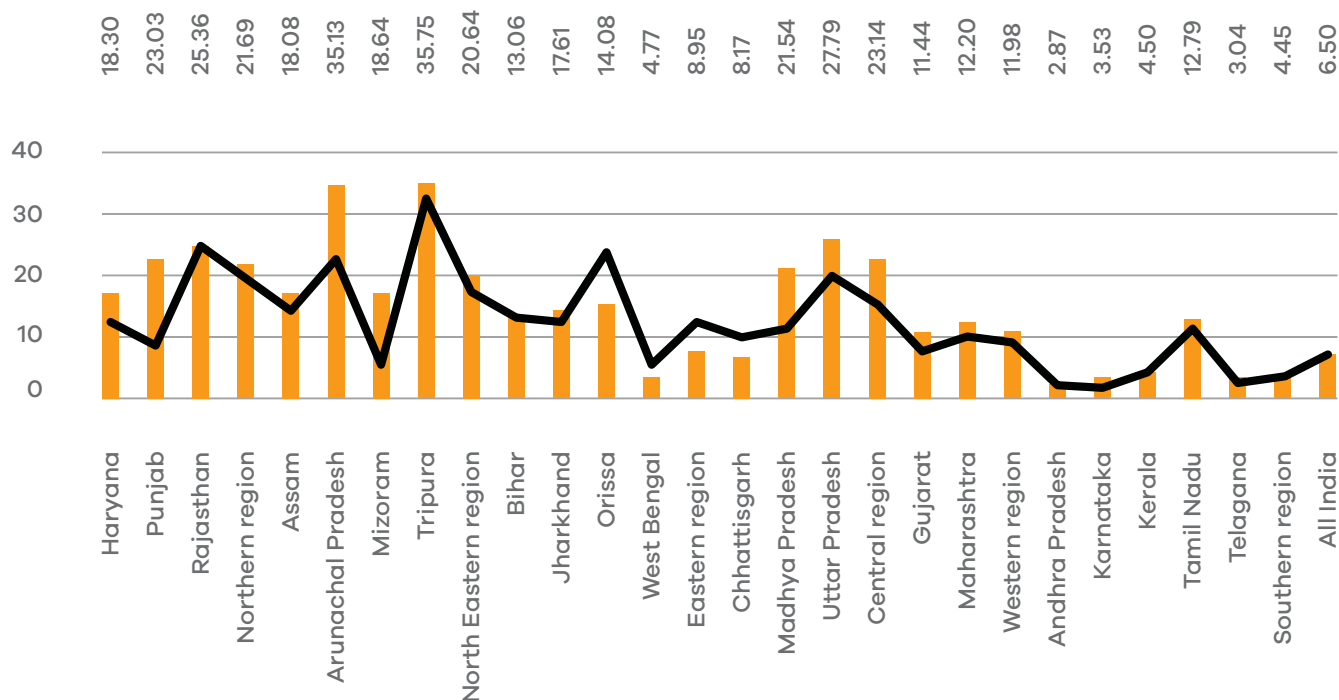

The overall NPA position in Eastern Region declined to 8.95% in 2016-17 from 12.65% in 2015-16 whereas all other Regions witnessed rise in NPA level. The fall in Eastern Region was attributed to Odisha where the absolute NPA amount declined from ₹470 crore as on 31 March 2016 to ₹300 crore as on 31 March 2017. A marginal fall was also observed in West Bengal, whereas in Jharkhand and Bihar the NPA amount had gone up during the year as compared to previous year. Among other States Rajasthan, Uttarakhand, Goa, Andhra Pradesh and North Eastern States like Manipur, Meghalaya, Nagaland, Sikkim and Tripura have reported lower NPA during the year as compared to previous year. Figure 4.9 portrays the NPA level of SHGs in different Regions and major States in 2016-17 and 2015-16.

Figure 4.9

MAJOR STATES AND REGION-WISE NPA (%)

■ 2016-17

■ 2015-16

More than half (52%) of the total NPA amount of ₹4,002 crore as on 31 March 2017 belonged to States in Southern Region and it increased during the year from 49% during the previous year. The quantum of NPAs increased in Western Region, as well, from ₹187 crore in 2015-16 to ₹250 crore, mainly because of ₹58 crore rise in Maharashtra. The share of NPA in Eastern and Central Region declined in 2016-17 as compared to 2015-16 (Figure 4.10).

While three Southern States viz. Tamil Nadu (19.3%), Andhra Pradesh (12.5%) and Telangana (9.2%) together accounted for 41% of the total NPA amount as on 31 March 2017, four other States viz. Odisha, Bihar, West Bengal and Maharashtra accounted for another 24%. During the year, Karnataka recorded increase of ₹131 crore in the quantum of NPAs followed by Telangana ₹111 crore. The State-wise status of NPAs in bank loans to SHGs is given in Statement VI.

4.8 AGENCY-WISE DISTRIBUTION OF SHG BANK LINKAGE PROGRAMME

Commercial Banks by virtue of their vast network take the lead in SHG-BLP. More than half (44.4 lakh, 52%) of the SHGs in the country maintain their savings account with the Commercial Banks. During 2016-17, the share of Commercial Banks in terms of SHGs with savings linkage increased by 7.4%. Commercial Banks accounted for 63% of the savings outstanding of SHGs (Table 4.4). On the other hand, RRBs accounted for 30% of SHGs and they have added 3.3 lakh SHGs, almost half of net addition of SHGs during the year and accounted for 22% of savings of the SHGs. The performance of Cooperatives on the other hand remained subdued with 18% SHGs and 14% of savings outstanding. Bank-wise status of savings outstanding of SHGs as on 31 March 2017 is given in Statement I-A.

During 2016-17, Commercial Banks disbursed ₹24,297 crore (₹25,185 crore in 2015-16) to 11.16 lakh SHGs (11.32 lakh in 2015-16) with an average of ₹2,17,629 (₹2,22,482 in 2015-16) per SHG, against national average of ₹2,04,314. Commercial banks accounted for 63% of bank loans disbursed to 59% SHGs during the year. During the year Commercial banks have disbursed lesser amount of loan to lower number of SHGs as compared to 2015-16 (Table 4.5)

Table 4.4

AGENCY-WISE STATUS OF SHG-BLP IN 2016-17

Category of Agency	Total Savings of SHGs with Banks as on 31 March 2017		Loans disbursed to SHGs by Banks during the year		Total Outstanding Bank Loans against SHGs		NPAs	
	No. of SHGs	Savings Amount	No. of SHGs	Loans disbursed	No. of SHGs	Loans outstanding	Amount of Gross NPA	NPA (%)
Commercial Banks % Share	4444428 51.8	1017002 63.1	1116442 58.8	2429702 62.7	267030 55.1	3866847 62.8	264112 66.0	6.83
Regional Rural Banks % Share	2586318 30.2	363176 22.5	557540 29.4	1161300 29.9	161184 33.2	1911991 31.0	104500 26.1	5.47
Cooperative Banks % Share	1546129 18.0	231244 14.4	224138 11.8	287113 7.4	566141 11.7	379292.2 6.2	31607 7.9	8.33
Total	8576875	1611423	1898120	3878116	484828	6158130	400219	6.5

The share of RRBs in quantum of credit disbursement to SHGs stood at 30%, about 27% more than the previous year. Further, the number of SHGs provided credit support also increased by 18.5%. The average loan disbursement by RRBs during the year was ₹2,08,290 increasing from ₹1,94,833 during last year. The share of Cooperative Banks both in number of SHGs provided bank loan during the year as well as the quantum of loan disbursed declined in 2016-17 as compared to previous year. The average loan per SHG provided by Cooperatives was ₹1,28,097, marginally increasing from ₹1,27,894 in the previous year. Bank-wise details of loans disbursed during the year under SHG-BLP are given in Statement I-B.

The number of SHGs having loan outstanding as on 31 March 2017 increased in case of RRBs and Commercial Banks, however, the increase was more prominent in case of RRBs (18.7%). Commercial Banks accounted for about two thirds of the bank loan outstanding under SHG-BLP. The average loan outstanding in case of Commercial Banks was ₹1,44,809 where as it was ₹1,18,622 in case of RRBs and ₹66,966 in case of Cooperative Banks. Bank-wise details of loans outstanding at the end of financial year 2016-17 under SHG-BLP are given in Statement I-C.

The overall NPA rate in bank loan to SHGs was 6.5% during 2016-17 near about the level in the previous year. The Commercial Banks as well Cooperative Banks have witnessed a rise in NPAs over the previous year while there was a fall by 114 basis points for RRBs (Figure 4.11).

Table 4.5

MFI-BANK LINKAGE PROGRAMME

5.1 MFI – BANK LINKAGE PROGRAMME Micro Finance Institutions (MFIs) act as an important conduit for extending financial services to the microfinance sector in the country by raising resources from Banks and other institutions and extending loans to individuals or members of SHGs/JLGs. The Indian Microfinance Sector has witnessed a phenomenal growth over the past few years. The number of Institutions providing microfinance services has gone up from a few to several hundreds. The quantum of credit made available to the poor and financially excluded clients has gone past ₹60,000 crore and number of clients benefitted is close to 40 million as of March 2017.

Post Andhra crisis, the Reserve Bank of India has notified guidelines for the lending operations of MFIs based on the Malegam Committee recommendations. A new class of financial organizations named as NBFC-MFIs have been created subject to satisfying certain conditions regarding the capital to be employed, lending to members, cap on interest to be charged and margin to be retained, etc. As the loans extended to the MFIs by banks qualify for priority sector category subject to fulfillment of similar conditions, other MFIs have also strive to follow these guidelines. RBI's upgraded regulations and guidelines on NBFC-MFIs and inclusion of loans to MFIs by banks under priority sector have resulted in phenomenal growth of MFIs during the last three years.

In addition to their internal resources, MFIs have been allowed to mobilize resources through various ways including obtaining of bulk loans from Banks/ other Financial Institutions, NCDs, securitization of portfolio etc. These institutions generally adopt various models of delivery like JLGs, Grameena Bank and directly to individuals and have grown at a much faster pace after suitable policy and institutional support. MFIs are more aggressive and innovative in reaching out to the rural poor with well-oiled distribution channels as compared to the formal banking system, however, the cost of delivery is higher. During the year 2016-17 apart from demonetization of SBNs, the repayment performance of many MFIs was hit also due to rumors of loan waiver announcements.

5.2 PROGRESS UNDER MFI-BANK LINKAGE PROGRAMME

The Progress under MFI-Bank linkage programme during the last 3 years is shown in Table 5.1:

The Agency-wise details of loans extended to MFIs are shown in Table 5.2.

Table 5.1

PROGRESS UNDER MFI-BANK LINKAGE (Amount in Crore)

Particulars	2014-15		2015-16		2016-17

Source: Reporting Banks

Bank-wise details of MFIs financed are given in Statement VII. (In case of abridged version, refer to enclosed CD for Statements).

5.3 **REVOLVING FUND ASSISTANCE / CAPITAL SUPPORT TO MFIs BY NABARD**

NABARD has been providing financial assistance to MFIs since 2007-08 by way of capital/ revolving fund support to help them to extend their outreach to the poor households and to enable them to leverage commercial borrowings from banks. However, after the announcement of creation of “India Microfinance Equity Fund” with SIDBI for the same purpose these supports were discontinued with effect from 1st April, 2011. The outstanding against capital support provided by NABARD stood at ₹ 3.80 crore to 12 entities as on 31 March 2017 and the RFA outstanding was ₹ 4.25 crore against 11 entities. Agency-wise details are given in Statements XI-A and XI-B. (In case of abridged version, refer to enclosed CD for Statements).

5.4 **REFINANCE TO MFIs**

NABARD has been providing financial assistance to MFIs by way of Long Term Refinance support to eligible NBFC-MFIs since 2014-15. NBFC-MFIs having grading upto mfr2 (mfr3 in North Eastern states and Hilly areas) by CRISIL or equivalent and continuous profit during last three years are eligible for refinance subject to fulfilling other conditions. During 2016-17, refinance to the tune of ₹ 3498 crore have been disbursed to 19 MFIs.

6.

NABARD AS MICROFINANCE FACILITATOR

6.1 NABARD continued with its role as the main facilitator and mentor of microfinance initiatives in the country, particularly the SHG Bank Linkage initiative. It continued to provide support in the form of grant assistance for formation, nurturing and credit linking of SHGs with the banks, capacity building of various stakeholders through training, exposure visits, seminars, workshops etc. NABARD intensified its efforts to promote sustainable livelihoods among SHG members by mainstreaming Livelihood and Enterprise Development Programme (LEDP), pilots in micro insurance and pension, digitization of SHGs, commissioning studies on topics related to micro credit/ SHG-BLP. A glimpse of the facilitator role played by NABARD during 2016-17 is given in following paragraphs.

6.2 REFINANCE TO BANKS NABARD has been extending 100% refinance to Banks towards their lending to SHGs and MFIs to supplement their resources. Total loans issued by Banks to SHGs and the refinance extended by NABARD for such loans is shown in Figure 6.1. During 2016-17, NABARD extended refinance to the extent of ₹5659.51 crore against their SHG lending forming 10.58% of the total refinance provided to Banks for investment credit, as against ₹6906.03 crore disbursed during the previous year.

Cumulative disbursement of refinance by NABARD for SHG lending now stands at ₹43293.60 crore

Figure 6.1

REFINANCE TO BANKS

■ Bank Loans to SHGs ■ NABARD Refinance to Banks

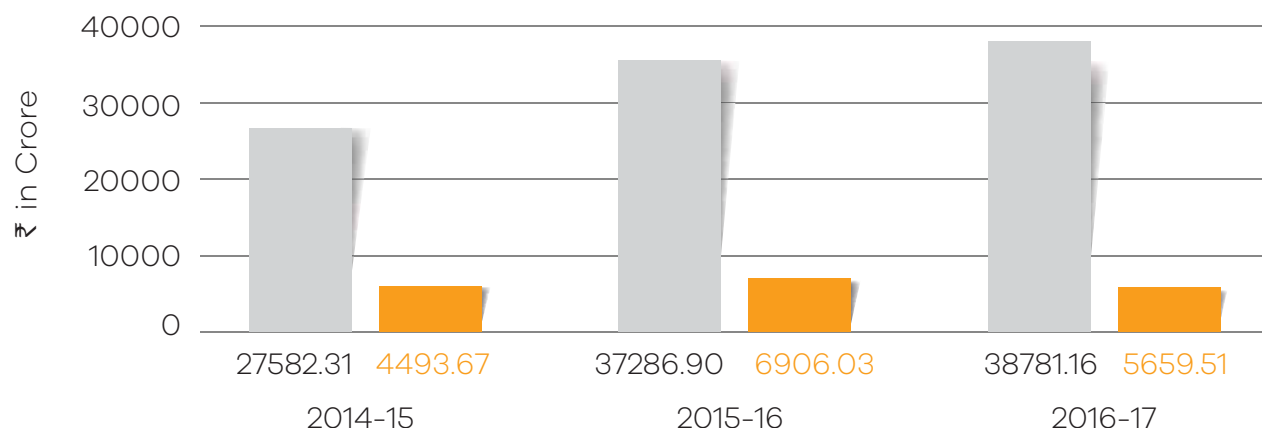

Table 6.1

GRANT SUPPORT TO PARTNER AGENCIES (Amount in ₹ lakh)

Agency	Cumulative Sanctions up to 31 03 2017		Cumulative Releases up to 31 03 2017	
	Amount	SHGs formed	Amount	SHGs formed
NGOs	32338.95	643367	11707.00	473108
RRBs	1541.78	57681	456.16	50511
Cooperative Banks	1023.82	62022	486.17	55675
IRVs	455.18	26250	78.25	12313
Farmers Club	46.00	5128	20.32	4469
PACs	615.91	13875	42.89	1750
SHG Federations	25.40	200	12.37	46
NGO - MFIs	140.00	2800	4.00	0
Total	36187.04	811323	12807.16	540724
Women SHG Scheme (in backward and LWE affected districts)				
Anchor NGOs	20438.10	204381	7444.53	200698

6.3.1 EXPENDITURE ON SHGs/JLGs - FUNDS UTILIZED ‘Financial Inclusion Fund’ and ‘Women Self Help Group Development Fund’ were utilized during the year for various microfinance related activities such as formation and linkage of SHGs/JLGs through SHPIs/JLGPIs, training and capacity building of stakeholders, livelihood promotion, studies, documentation, awareness and innovations etc. A sum of ₹62.69 crore was expended during 2016-17 from these funds for the above purposes registering an increase of 18.5% over the previous year.

6.3.2 SUPPORT FOR TRAINING AND CAPACITY BUILDING OF MICROFINANCE CLIENTS NABARD gave due recognition to training and capacity building of various stakeholders such as Bankers, NGOs, Government officials, SHGs, SHG Federations and trainers. During 2016-17 more than 4700 training programmes were conducted and about 1.75 lakh participants were trained. Cumulatively, around 37.69 lakh participants have been imparted training till the end of 31st March 2017 creating a strong team for implementation of the microfinance programmes. The Region-wise number of stakeholders trained by NABARD is given in Statements – VIII (A) to VIII(C). (In case of abridged version refer to enclosed CD for Statements).

6.3.3 GRANT SUPPORT TO PARTNER AGENCIES FOR PROMOTION AND NURTURING OF SHGs NABARD extended grant support to NGOs, Federations of SHGs, RRBs, NGO-MFIs, CCBs, PACS, Farmers’ Clubs and Individual Rural Volunteers (IRVs) for promotion, nurturing and credit linkage of SHGs with the banks. These supports have proved to be catalyst for the movement. Untiring efforts of the Self Help Group Promoting Institutions (SHPIs) has led to spectacular growth of the movement and has spread the concept to every corner of the country. The financial support extended by NABARD to various SHPIs till 31 March, 2017 is indicated in Table 6.1.

Agency-wise, State-wise details of grant assistance extended to partner agencies have been given in Statements – IX-A(i) - IX-H. (In case of abridged version, refer to enclosed CD for Statements.)

6.3.4 VILLAGE LEVEL PROGRAMMES In order to give the SHG-BLP a leg-up, Village Level Programmes on SHGs were continued by NABARD with the support of banks and NRLM in 13 priority States. The aim was to foster better understanding of mutual requirements between banks, SHGs and SHPIs at ground level and to sort out issues like saving linkage, credit linkage and repayment, etc. at the ground level. These programmes were organized in priority States viz. Assam, Bihar, Chhattisgarh, Gujarat, Himachal Pradesh, Jharkhand, J & K, Maharashtra, Madhya Pradesh, Odisha, Rajasthan, Uttarakhand, Uttar Pradesh and West Bengal during the year. NABARD supported more than 23500 village level programmes during this year. SRLMs and State Government departments also participated in the programmes. Banks reported increased credit linkage, account opening of new SHGs and improved repayment of bank loans with the help of these programmes. These programmes resulted in better interface between bankers and SHGs leading to increased credit flow and appreciation of each other's needs. It has been decided by NABARD to regularize this intervention in priority States.

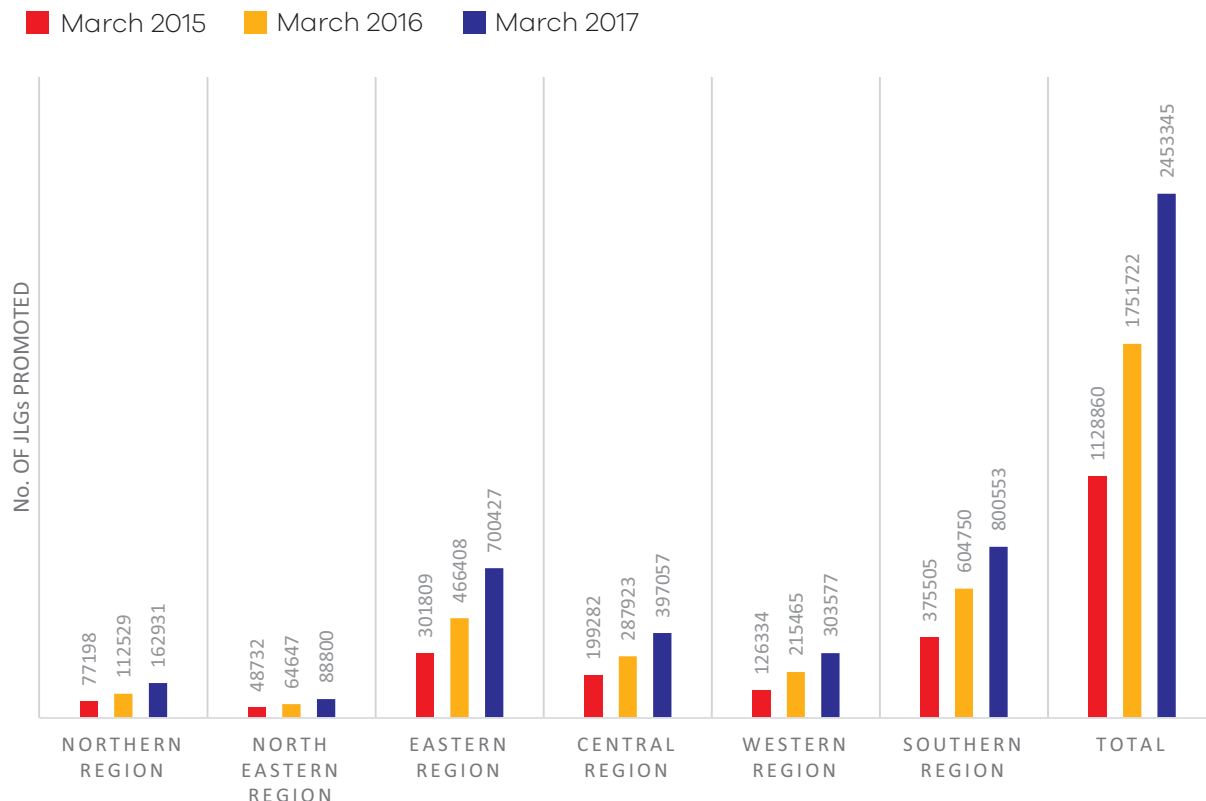

6.3.5 CENTRE FOR RESEARCH ON FINANCIAL INCLUSION AND MICROFINANCE (CRFIM) The Centre for Microfinance Research (CMR) set up within Bankers Institute of Rural Development (BIRD) was renamed as Centre for Research on Financial inclusion and Microfinance (CRFIM) with broader mission and operational coverage during the year. The agency takes up research activities in the field of Microfinance and financial inclusion for facilitating policy initiatives and improvement in design and delivery system of microfinance. CRFIM also publishes half-yearly Journals "The Microfinance Review" which contains research articles on topical issues of microfinance. Two volumes of "The Microfinance Review" were also published by the agency during the year.

7.

ON-GOING INITIATIVES

Figure 7.1

No. OF JLGs ORGANISED

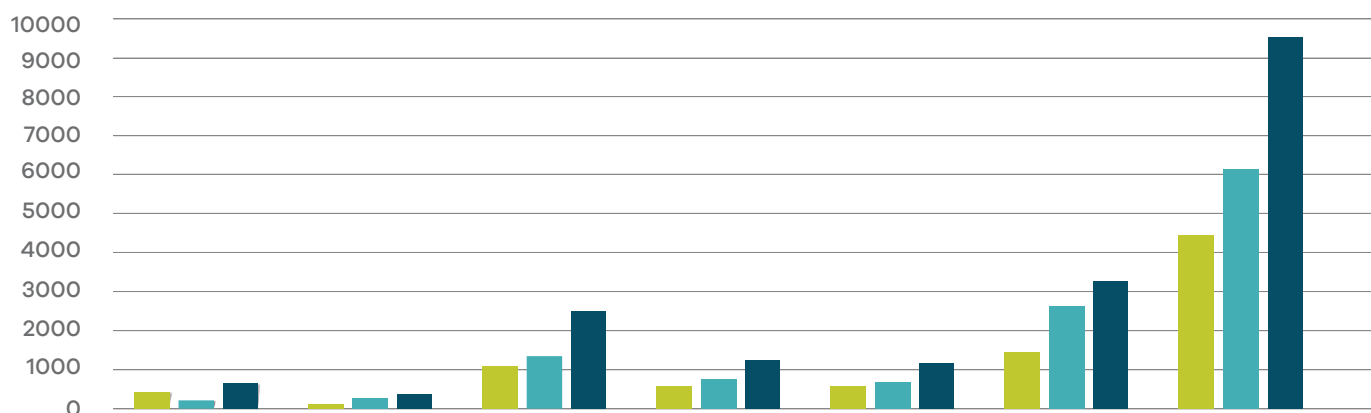

7.1.1 FINANCING OF JOINT LIABILITY GROUPS Apart from extending 100% refinance support to Banks, NABARD also extends financial support for awareness creation and capacity building of all stakeholders of this programme. Besides, NABARD extends grant support for formation and nurturing of JLGs to banks and other JLG promoting agencies. As against 5.72 lakh JLGs promoted during 2015-16, JLGs promoted during 2016-17 were 7.02 lakh taking the cumulative number of JLGs promoted and financed by banks to 24.53 lakh as at the end of March 2017. The Southern States top the list with over 8.01 lakh JLGs organized so far, Eastern Region follows closely with 7 lakh JLGs. In terms of loans disbursed, however, Southern States account for nearly 41% of the total loans disbursed.

With a view to sensitising the stakeholders of the JLG programme, NABARD has been arranging training programmes and exposure visits to successful JLGs, to the functionaries of these institutions including financing banks. Nearly 90000 personnel have already been benefitted from these trainings and exposure visits.

Figure 7.2

JLG - LOAN DISBURSED

	Northern region	North Eastern region	Eastern region	Central region	Western region	Southern region	Total
2014-15	436.09	126.03	1104.11	650.12	663.37	1434.69	4414.41
2015-16	211.53	254.27	1475.08	785.18	782.78	2651.88	6160.72
2016-17	718.26	383.14	2519.24	1353.81	1191.29	3345.43	9511.17

7.1.2 LIVELIHOOD INTERVENTIONS FOR SHGs Skill development is an important tool for improving the employability and enhancing productivity of the working poor and thereby reducing poverty and exclusion. Rural poor women typically face difficulties or discrimination in accessing good quality training. Keeping the above in view, NABARD continued with Micro Enterprise Development Programme (MEDP) to nurture the entrepreneurial talents of members of matured SHGs to set up and run micro enterprises as a livelihood option in farm or non-farm sector. Around 15552 skill up-gradation training programmes have been conducted under this initiative covering about 4.40 lakh members of matured SHGs up to 31 March, 2017.

During the year, NABARD mainstreamed Livelihood and Enterprise Development Programme with a view to create sustainable livelihoods among SHG members and to create maximum impact of skill up-gradation. These programmes are implemented in small batches for a maximum of 150 SHG members in a cluster of contiguous villages on a project basis covering 15 to 30 SHGs. The programme provides for livelihood creation in agricultural & allied activities as well as rural non-farm sector activities. As on 31 March 2017, 139 proposals have been sanctioned to various agencies across India.

7.2 SPECIAL INITIATIVES

7.2.1 SCHEME FOR PROMOTION OF WOMEN SHGs IN BACKWARD & LWE AFFECTED DISTRICTS OF INDIA

NABARD, in association with the Department of Financial Services, Ministry of Finance, Govt. of India continued to implement a scheme for promotion and financing of Women Self Help Groups in 150 identified backward and Left Wing Extremism (LWE) affected districts of the country. The progress under the scheme as on 31 March 2017 is given in Statement IX-A (ii). (In case of abridged version, refer to enclosed CD for Statements).

7.2.2 IMPLEMENTATION OF NATIONAL RURAL LIVELIHOOD MISSION (NRLM) AND SCHEME FOR INTEREST SUBVENTION TO WOMEN SHGs

The Ministry of Rural Development (MoRD), Government of India has launched the National Rural Livelihood Mission (NRLM) by restructuring Swarnajayanti Gram Swarojgar Yojana (SGSY) with effect from 1 April 2013. NABARD is implementing the Interest Subvention Scheme for Women SHGs under NRLM for Regional Rural Banks (RRBs) and Cooperative Banks in Category I districts. Further, as a part of collaboration between NABARD and NRLM, Regional Offices of NABARD are coordinating with the concerned SRLM to achieve the goal of training of all rural bank managers. To address the issue of low credit linkages under SHG-Bank Linkage Programme, NABARD has planned to conduct block level programmes in DDM districts so as to increase the credit linkages during this financial year. Such programmes would be on the lines of credit camps/ linkage meets involving bank branch officials, SHPIs, ANGOS, SRLM representatives, SHG leaders, NGOs, livelihood experts etc. State level sensitization programmes on SHG-BLP for senior bank executives have also been organised in coordination with SRLMs with the overall objective of increasing credit linkages. SRLMs have also been roped in as implementing agencies for EShakti in several States and they are supporting the digitization project in every State.

7.2.3 SIGNING OF MOU WITH BHARAT RURAL LIVELIHOODS FOUNDATION (BRLF)

During the year an MoU has been signed between NABARD and BRLF. The MoU envisages collaboration in matters of engaging with the NGOs, partner organisations to support the project programmes for bringing synergy in speeding livelihood developments in the neediest areas of our country. BRLF, a society registered under the Societies Registration Act, 1860 has a mission to facilitate and upscale civil society action in partnership with government for transforming livelihoods and lives of rural households with an emphasis on women particularly in the Central Indian Tribal Region.

7.2.4 APRACA CENTRE OF LEARNING

The Asia-Pacific Rural and Agricultural Credit Association (APRACA) is an association of institutions which are involved in agricultural, rural and microfinance policy and development, representing 21 countries in the Asia-Pacific region. With a view to further strengthening the knowledge management at APRACA, the concept of APRACA Centres of Excellence (ACE) was conceived. The goal of ACE is to utilize the effective model of SHG-Bank Linkage Programme for poverty alleviation/ women empowerment in

India and to create a strategic network in other APRACA member countries. NABARD, which is a member of APRACA, has been designated as an APRACA Centres of Excellence (ACE) for linkage banking in India. ACE has since been set up in BIRD, Lucknow during the year.

7.2.5 SHG BLP STRATEGIC ADVISORY BOARD A Strategic Advisory Board was constituted in NABARD in 2015 to give focus on strategic action plan on SHG-BLP, evolving quality standards, financial literacy, digitisation of SHGs, livelihood promotion, etc. The Second Meeting of the Strategic Advisory Board was held during the year. The Board highlighted the importance of SHG Bank Linkage Programme in terms of outreach, efficiency in delivery, cost effectiveness, accessibility and affordability in the changing financial ecosystem. Advisory Board recommended action points for addressing issues such as credit gap, low level of credit flow to SHGs, tackling NPAs, increasing banks outreach with alternative models, meeting the training needs, etc.

7.2.6 COLLABORATION WITH IRCTC - LIVELIHOOD FOR SHG MEMBERS With the objective of enabling livelihoods for SHGs, IRCTC had taken an initiative of collaborating with NABARD for providing marketing avenues to SHGs for their products including catering of local cuisine in trains through their website. Similarly, IRCTC had also proposed to provide space to select SHGs in rural/ semi urban railway stations (D & E categories) for installation of Water Vending Machines (WVMs). A few projects on pilot basis are being implemented in collaboration of IRCTC.

8.

Pushing forward the Post - 2015 Development Agenda with Microfinance*

“We recognize that people are at the centre of sustainable development and, in this regard, we strive for a world that is just, equitable and inclusive, and we commit to work together to promote sustained and inclusive economic growth, social development and environmental protection and thereby to benefit all.”

*Outcome document of the United Nations Conference on Sustainable Development (Rio+20),
“The future we want”*

THE FOCUS of this paper is on discussing in brief the role of microfinance in realising the post-2015 development agenda, in terms of Sustainable Development Goals (SDGs), that the world has set before itself to be achieved by 2030. The understanding of the linkage between microfinance and the SDGs is important as the focus of both is on the people at the lower rungs of the economy. Microfinance, in simple terms, is providing access to financial services in smaller volumes and at affordable cost, especially to hitherto not reached or inadequately reached masses. Microfinance in India did emerge as a solution to the problem of large scale exclusion of masses from formal credit mostly due to factors such as lack of collateral with clients, high transaction costs due to uneconomically small ticket loans with wide geographical spread, and low credit worthiness of individual clients. The microfinance, in its modern form, consists of different models and channels. The most popular channel is Self Help Groups (SHGs), founded on the principle of peer pressure, joint liability, regular savings, periodic interactions, collective action, and linked to formal financial agencies or Microfinance Institutions (MFIs). Subsequently, Joint Liability Groups (JLGs) have been promoted and linked to banks or MFIs to take care of higher quantum individual loans, again based on joint liability. In another model, MFIs have been financing SHGs and also directly financing individual clients. As of now, there are 85.7 lakh SHGs in the country covering around 10 crore rural households. Thus, SHGs penetrated 60 per cent of the rural households. Notably, over 90 per cent of microfinance clients are women constituting daily workers, seasonal earners, self-employed women, artisans and small farmers. The microfinance sector has potential to understand the needs of the poor and devise efficient delivery mechanisms. Thus, microfinance has such a considerable outreach that it can serve as a powerful medium for any developmental intervention.

In view of the above, this paper examines the role the microfinance can play in achieving the SDGs. The rest of the paper discusses genesis of post-2015 development agenda, the list of 17 SDGs, SHG-Bank Linkage Programme (SHG-BLP), role of Microfinance in achieving SDGs and the way forward. This paper is an attempt to suggest that microfinance platform can be used to achieve the developmental agenda.

INDIA'S PROGRESS IN MILLENNIUM DEVELOPMENT GOALS (MDGs)

Source: UNDP website with short URL: <https://goo.gl/umHxKY> accessed on 8 June 2017

GENESIS OF POST-2015 DEVELOPMENT AGENDA The world has progressed well during the last seven decades. But several problems like hunger, malnutrition, and poverty have not been wiped off to the desired extent. India, for instance, ranks 80th among 117 countries in terms of Global Hunger index, 2015 (IFPRI, 2016)¹. Its hunger status, with an index value of 29, is classified as ‘serious’, notwithstanding the reduction in index value compared to the year 2000. The Hunger Index has three dimensions - inadequate food supply measured through undernourishment, child under-nutrition measured through wasting and stunting of under-five children, and child mortality measured through under-five children mortality. The data shows that 15 per cent of the population is undernourished and the under-five mortality is 5.3 per cent. While prevalence of wasting is 15 per cent for the under-five children, stunting is as high as 38.8 per cent. Thus, nutrition security especially for under-five children, the future citizens, assumes importance and much effort is needed to ensure it. Similarly, other problems like persisting poverty, less decent and often non-paid/underpaid employment for especially women, violence against women, and poor health and hygiene continue to pose formidable challenge.

MDGs pursued till 2015 by all the countries helped the world reduce hunger and poverty considerably, though not completely. They tried to address gender and sustainability issues too, of course, with limited success². Progress of MDGs is given in pictorial format in Chart 1, where from, it is very clear that India’s progress is on track in respect of poverty reduction, eliminating gender disparity in education, halting/reversing spread of HIV and developing partnerships. However, on account of halving hunger, improving maternal health by three quarters, halting and reversing malaria and other diseases and halving proportion of people not having sustainable access to safe drinking water, the progress is slow. In respect of other indicators, the progress is moderate. That is, the developmental agenda is still incomplete and further efforts are needed. Hence, 17 Sustainable Development Goals (SDG) have been formulated with 169 indicators in place of 8 MDG with 18 quantifiable time bound targets.

Pursuing the SDG, the post-2015 development agenda, over the next 15 years needs huge investment and it is a challenge for the national governments to raise finances. India, housing nearly 300 million poor people, has even larger challenges given its vast rural population, lower levels of financial inclusion, geographies and multi-dimensional exclusion of vast numbers, low levels of technology, resource crunch, and so on.

WHAT ARE THE SDGs? SDGs, 17 in number, have emerged out of 8 MDGs. Sustainable development and interconnections between environmental, social and economic problems has been accorded major emphasis as evident from the fact that MDG 7 i.e., Ensure environmental sustainability can be mapped to 9 SDGs from SDG 6 to 15. Poverty and hunger related goals are split into SDG 1 and SDG 2 out of MDG 1. SDG 1, 2, 6, 12, and 15 are directly related to agriculture and rural development. SDGs 3, 4, 5, 6, 7 and 10 impinge on gender, health and inequalities. While a few SDGs are directly linked to the welfare of rural people - their lives and livelihoods, all the SDGs can influence rural lives in some form or the other (Chart 2).

Chart 2.

SNAPSHOT OF SUSTAINABLE DEVELOPMENT GOALS

Table 1.

INCIDENCE OF INDEBTEDNESS (IOI), AVERAGE AMOUNT OF DEBT (AOD) AND SOURCES FOR INDEBTED RURAL HOUSEHOLD, JUNE 2012

Occupational categories	IOI (%)	AOD per indebted HH (₹ Lakh)	Share of agencies [#] in credit outstanding (%)			
			Institutional			Non-institutional
			Traditional	Modern	Others	
cultivator	35.0	1.10	53.9	3.7	0.8	41.6
non-cultivator	25.6	0.88	43.1	5.6	0.6	50.7
all	31.4	1.03	51.1	4.2	0.7	44.0

Source: Compiled from NSS Report No.577: Household Indebtedness in India

[#] Traditional agencies: government, cooperatives and commercial banks including RRBs; Modern agencies: Insurance, provident fund, financial corporation/institution, financial company, self-help group-bank linked, self-help group – NBFC; and, Non-institutional: Landlord, agricultural moneylender, professional moneylender, input supplier, relatives and friends, professionals like doctors, lawyers, etc.

ISSUES IN FINANCING DEVELOPMENT Achieving SDGs by 2030 needs commitment to invest huge resources including money. Development Committee Discussion Note on From Billions to Trillions: Transforming Development Finance³ underlines that the global community needs to move the discussion from “Billions” in Official Development Assistance (ODA) to “Trillions” in investments of all kinds: public and private, national and global, in both capital and capacity. The most substantial development spending happens at the national level in the form of public resources, while the largest potential is from private sector business, finance and investment. “Billions to trillions” is shorthand, according to the Development Committee, for the realization that achieving the SDGs will require more than money. It needs a global change of mind set, approaches and accountabilities to reflect and transform the new reality of a developing world with highly varied country contexts. Globally, major sources of financing development are private sector finance (around USD 1178 billion comprising USD 778 billion of Foreign Direct Investment + USD 400 billion remittances as per 2013 data), ODA (USD 135 billion) and domestic resources. Flow of private sector finance can be ensured by improving business climate, developing local capital markets and mitigating investment risks. Domestic resources, the largest available source of funding for countries’ development plans, can be unlocked through effective fiscal measures.

POOR ACCESS TO FINANCE – STAGNANT SHARE OF FORMAL AGENCIES Mere 31.4 per cent of the rural households reported borrowing from any source and 22.4 per cent in urban areas. That is, almost 70 per cent in rural areas and 78 per cent in urban areas remained without access to finances. The situation looks further dim if we consider the fact that access to institutional sources of credit is further low.

Hardly, 17 per cent of the rural households have borrowed from formal agencies. In terms of shares in cash loans outstanding, 44 per cent still comes from informal sources. Thus, the ground reality is one of low outreach of formal agencies, limited access to credit and hence, limited access to economic opportunities for many. Poor access to finance limits one’s pursuit of economic activities, acquiring education and affording health care. Despite Public policy focus on expanding the outreach of institutional agencies through several institutional interventions and small borrower friendly policies, the formal agencies could not reach the unreached to the desirable extent.

Table 2.

SHARES OF TRADITIONAL AND MODERN INSTITUTIONAL AGENCIES# IN TOTAL CREDIT OUTSTANDING, RURAL, 2012

Credit Agency	Formal Agencies			Informal Agencies
	Traditional	Modern	Others	
All India	51.1	4.2	0.7	44.0
West Bengal	38.7	10.8	1.2	49.3
Telangana	24.0	7.3	0.4	68.3

Note: # in Table 1.

SHARE OF MODERN AGENCIES IN CREDIT OUTSTANDING

Perhaps as a response, during late 1980s and early 1990s, several Non-Governmental Organisations made forays into microfinance and brought several innovations to reach the unreached. Group approach through self-help groups (SHG)⁴ was one of the most important channels for reaching the unreached to provide financial access. With policy support from Reserve Bank of India (RBI) and NABARD, the Self Help Group-Bank Linkage Programme (SHG-BLP) was launched during early 1990s, which has completed 25 years as of now. Apart from SHG Bank Linkage channel, there has been emergence of Microfinance Institutions (MFIs) on the rural finance scene. Though the share of MFIs and SHGs in the total credit outstanding for a rural household is not substantial compared to mainstream institutions, the 25-year journey of SHG-BLP, mostly covering women, has been phenomenal as will be discussed in the next section. Undisputedly, the programme has been a movement that empowered women. The model has been accepted widely as an effective delivery mechanism for most services. Thus, the influence of the SHG movement has been well beyond mere providing financial resources to the rural people transcending to rural health, education, and caring for the environment.

Microfinance SHG-Bank Linkage programme (SHG-BLP)

Table 3.

PROGRESS OF CREDIT LINKAGE TO SHGs IN INDIA, 31 MARCH

Year	No. of SHGs Credit linked ('000)	Bank Loan Outstanding to SHGs		Year	No. of SHGs Credit linked ('000)	Bank Loan Outstanding to SHGs

Source: Progress of SHG-Bank Linkage in India, NABARD, various issues; and Status of Microfinance in India, NABARD, various issues.

NABARD'S SHG-Bank Linkage Programme (SHG-BLP) evolved out of an action research project with Mysore Resettlement and Development Agency (MYRADA) during 1986-87. The aim was to inculcate savings habit among the rural poor, especially the women, organised into groups and to link them to the mainstream banking system. The programme grew rather fast to reach credit outstanding of ₹571 billion with 4.7 million SHGs as on 31 March 2016. The CAGR of number of SHGs having bank credit outstanding and the amount of bank loan outstanding to SHGs between 1999 and 2016 was 27.22 per cent and 43.44 per cent, respectively (Table 3). The credit per SHG grew at the rate of 12.78 per cent per annum.

Chart 3.

TREND IN BANK LOAN OUTSTANDING AND AVERAGE BANK LOAN OUTSTANDING PER SHG

(as on 31 March of each year)

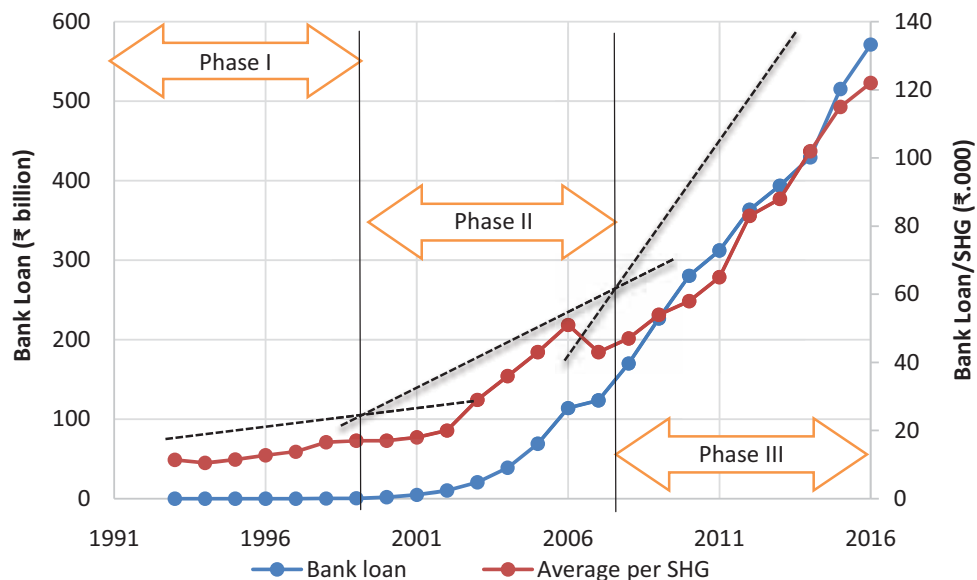

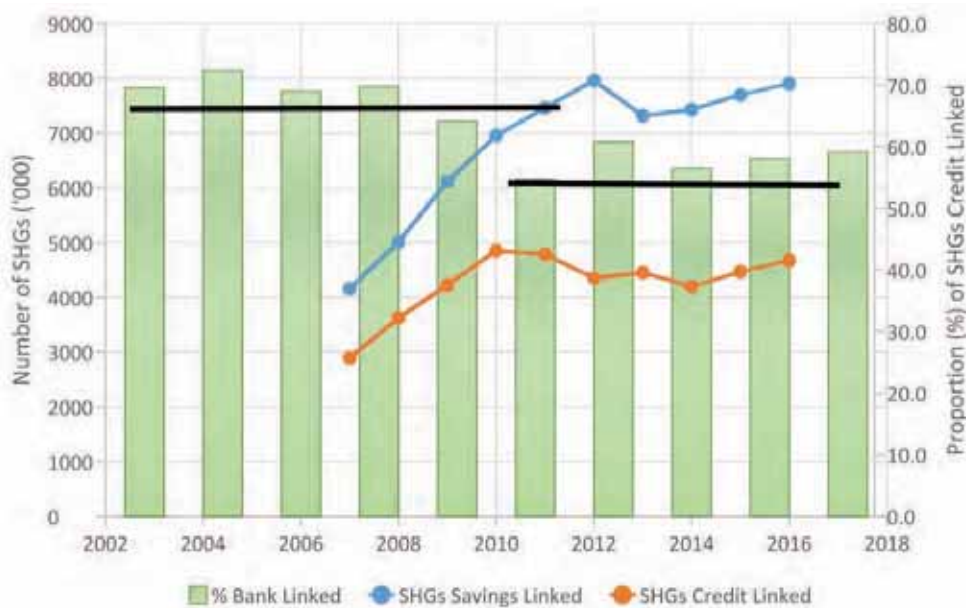

Chart 4.

TREND IN SHGs SAVING LINKED AND CREDIT LINKED DURING 2007-2016

The trends over time suggest that the SHG-BLP experienced three phases of growth (Chart 3) with steeper growth in the third phase. The initial phase until 2000 is the period of intense learning and there have been affirmative resolutions, policy framework, standardizing models, partnering with various agencies and key players, during this phase, to push the movement ahead. The Second phase between 2000 and 2010 recorded rapid growth in SBLP in terms of formation of SHGs, horizontal and vertical expansion in credit penetration and holistic participation. Capacity building of SHG members for graduation as entrepreneurs through entrepreneurship programmes supported the members to upscale their skill for income generation. Matured SHG members were encouraged to form Joint Liability Groups to get credit support. The third phase, 2010 onwards, remains more of a consolidation phase following the Andhra Pradesh Crisis that brought in its wake stringent regulation on microfinance. SHGs reached 10 crore households. It is in this phase that NABARD rolled out SHG2 guidelines for revitalizing SHG-BLP and SGSY got restructured as National Rural Livelihoods Mission (NRLM). SHG2 introduced the concept of voluntary savings, switching over to cash credit system in place of term loans and allowed carving out JLGs out of SHGs. NRLM envisaged building people's organisations in terms of clusters and federations and brought the livelihood framework to the centre stage. During this phase, digitisation of SHG and SHG data is another major innovation. MIS was generated on CBS platform. ICT was used for digitization of SHGs with a view to improvement in MIS and facilitate credit linkage.

One vexed issue in SHG-BLP has been getting SHGs credit linked with banks. Chart 4 gives the number of SHGs savings linked as well as credit linked as at the end of each fiscal year.

The proportion of SHGs bank credit linked declined to less than 60 per cent in the second half, from around 70 per cent in the first half of the period (Chart 4). Fast rise in number of SHGs formed, non-availability of hand holding support to SHGs for repeat finance and competing MFIs for financing SHGs are some of the reasons for reduced bank-linkage proportions. In this context, recent initiative by NABARD for digitization of SHGs, through E-Shakti portal, is intended to strengthen the monitoring and facilitate better credit linkage.

MFIs AND MICROFINANCE In India, the MFI sector has grown remarkably during past two decades, spreading across the country and surviving the 2010 Andhra Pradesh microfinance crisis. As on 31 March 2016, they reached out to 40 million clients with an outstanding credit of ₹63,853 crore⁵. There was a steady growth in the average credit outstanding per client, by 76% from ₹7481 in 2011 to ₹13162 in 2015. Interestingly, in the recent past MFIs are growing fast in the states like Punjab, Haryana, Gujarat, Himachal Pradesh, and Uttar Pradesh, which are left uncovered by SHG-BLP. Though MFIs provided loans for both consumption and productive purposes, a major part of the credit flow, 94% in 2016, is channelized for income generating activities. Agriculture, Animal husbandry and small trading are the major income generating activities that account for 79% of the micro credit provided by MFIs in 2016⁶. Non-income generating loans are mostly used for consumption, housing and education of children.

MFIs played a significant role in bridging the gap between the formal financial institutions and the rural poor. However, of late, their increasing urban orientation and providing pure credit products without the capacity building component have been criticised, for the situation in rural areas is not of credit shortage alone. It is more of shortage of entrepreneurial capabilities and lack of technical skills. These aspects needs attention.

Microfinance and SDGs

Almost in attaining all the SDGs microfinance institutions including SHGs can play a major role in generating funds for development and can give community orientation to the interventions. The pathway of microfinance to SDGs is two-fold. One is through financial inclusion⁷ and the other is through social engineering.

The first goal, SDG 1, is to end poverty in all its forms explicitly has one of its targets (1.4) that seeks to ensure that all will have equal rights to economic resources. The target also states that all should have access to basic services, ownership and control over land, technology and financial services including microfinance. The target 1.5 under SDG 1 seeks to build resilience of the poor and the vulnerable and reduce their exposure. This presupposes the positive relation between microfinance and the economic betterment. It also brings to fore the role of insurance and other risk management strategies that can protect the poor from adverse situations that can rip off productive resources and/or from loss of breadwinners.

Many studies such as by Puhazhendhi and Satyasai (2000)⁸ and NCAER (2007)⁹ on impact of SHG Bank Linkage Programme revealed that SHGs were able to obtain higher doses of loans that enhanced capital availability to households. This in turn enhanced investment in productive assets that led to diversify and intensify income generating activities of SHG members. Improved savings and capital formation helped members to improve self-financing capabilities and risk bearing ability. The studies

also proved beyond doubt the ability of the SHG programme to lift members above poverty line. It was estimated that the proportion of members below poverty line declined from 58 per cent in pre-SHG situation to 33 per cent in post-SHG situation, likely due to income growth of 6 per cent per annum¹⁰. Thus, the positive role of microfinance in achieving SDG 1 is well documented.

The formidable task of ending hunger and improving nutrition (SDG 2) cannot be achieved without involving women and without creating awareness among them. Many SHGs and their federations have been creating awareness on nutrition among their members. Hunger can be attacked by enhancing productivity of agriculture and allied sectors, by smoothing the consumption and ensuring entitlements from food security schemes. Most SHG members take loans for crop/vegetable production and livestock – both cattle and small ruminants. Such support to food production activities improve and stabilize incomes and also increase domestic consumption. Further, SHG loans are taken for consumption purposes to some extent or the other to help tide over the seasonal shortfall in purchasing power due to seasonal cash in-flows. This is the case typical to marine fishers and dry land farmers whose income flow is seasonal and during off-seasons they need loans for ensuring adequate consumption. There have been grain banks run by SHG women in some parts of the country where members can borrow from grain banks in the form of grain and repay in kind in future. This is a community level initiative to help people in difficult times of food shortage. Importantly, membership in SHGs created awareness about the rights and responsibilities. Reportedly, SHG members in several places questioned the authorities and dealers on the quality of the rations supplied also brought the issue to the notice of the Gram Panchayat and other officials. Though consumption levels can be supported through direct income transfers and/or schemes like MGNREGA, such measures are not sustainable in the long run as they may disturb the already precarious fiscal situation.

SDG 3 that aims to ensure healthy lives and promote wellbeing for all at all ages cannot be achieved without the active involvement of women. For instance, the Swasthya Sakhi (health activist) program being a component of SHG in Rajiv Gandhi Mahila Vikas Pariyojana (RGMVP) demonstrated that empowered women have brought remarkable change in health status as well as in overall development of villages¹¹. Empowerment means improved financial security, improved power relationships within household and society, enhanced awareness on health, increased contribution in household decision making along with men and acceptance by men and recognition to women. Safe deliveries and focus on mother and child health can reduce maternal mortality. Further, the hygiene practices at household, community and village levels have changed for the better and women increasingly benefited from other government schemes too, thanks to information spread by Swasthya Sakhis. Instead of health workers delivering services earlier, the people started demanding for them, which is a paradigm shift in the service delivery space.

SHG membership is known to have improved the access to education (SDG 4). As per an empirical study of impact of SHGs¹² around 80 per cent of members reported increase in access to education. Several SHGs demanded a school in the village; distributed books to poor children; proposed an English medium school; approached concerned authorities to have a traffic policeman at the school and yet several others created awareness on the importance of girl child education among the villagers and the parents through campaigns and discussions and promoted girl child education in their villages. Many SHGs discussed the importance of education in group meetings and held evening classes for the women.

While financial intermediation and promoting savings among SHG women is seen as an entry point, the major purpose is expected to be gender equality and empowerment. Ending all forms of discrimination against all women and girls everywhere, eliminating violence against women, ensuring full and effective participation and equal opportunities for leadership, etc., being targets under SDG 5 for achieving gender equality and “empower all women” can be better fulfilled through the medium of SHGs. As several studies brought out, members of SHGs expressed better role in decision making at home and community, higher level of confidence in facing outside people and situations, ability to raise voice on violence against self and fellow members and ensuring children’s education compared to non-members. Studies have established that SHG movement has enabled the women to get the social identity and leadership in decision-making and take a stand on the issues related to family as well as society. SHGs have battled against social evils like dowry, sale of liquor in villages, exploitation against women, etc. They have also put forth their demands before the appropriate authorities for road connectivity to villages, electricity, health and sanitation facilities, provision of drinking water, etc. SHGs were also seen fighting for the rights of not only the members and their families but also women in general, common interests of the settlements, etc.

While SHGs and microfinance can overall contribute to several other SDGs in some form or the other, in fulfilling certain targets their role cannot be overemphasized. For instance, target to achieve and sustain income growth of the bottom 40 per cent population by 2030 under SDG 10 i.e. to reduce inequality, can be reached only by ensuring access to resources especially financial to the bottom deciles of population who are caught in vicious cycle of low capital – low income – poverty continuum. Such segments cannot be made to improve incomes by merely providing assets or capital. They need aspiration to grow, skills and entrepreneurship to grab opportunities, the will and confidence to sustain beyond handholding period. Also, they may need several rounds of support, not just one dose. Membership in SHGs helped in graduating to entrepreneurship. About 28 per cent of the members could think in terms of becoming micro-entrepreneurs¹³. The graduation index, as measured in a study¹⁴, was about 0.45 of which micro-enterprise dimension index was 0.57. To help SHG members graduate to micro-entrepreneurs, we need to work on credit- frequency and amount; savings- products that suits SHG members and incentivise them to save additionally; creative mechanisms for sharing loans by members; micro-infrastructure that can render small investments viable and fruitful; and, convergence across programmes and processes that dissipates less of energy, resources and efforts.

About 9 SDGs are directly concerned with the environment and sustainability which, of course, cannot be achieved without community participation. What can be better community level institutions one can partner with for achieving these goals than the SHGs/ JLGs and other people's institutions? In a rural setting, women can play key role in conserving biodiversity, local seeds and breeds, and the natural ecosystems. Most of the goals target expanding access to banking, insurance and financial services for all and ensuring affordable credit to enterprises which should be integrated into value chains (SDG 9). For most activities in rural setting the needed financing can be provided through local level microfinance arrangements through SHGs/ JLGs and the activities can be integrated into local short geographical value chains. Women can also play pivotal role in reducing food wastage and post-harvest losses given their nature of duties on farm and at home.

Way Forward / Conclusions

Though SHGs and MF helped pursue MDG in the past positively, microfinance alone may not help achieve SDGs. First, the scale is too formidable to expect wonders with existing level of activity. While the numbers are big in terms of number of SHGs and their reach, overall, the scale is not enough. In spirit, a women borrowing from SHGs over several cycles and graduating to higher level can build a credit history and formed a JLG and /or applied individually to get higher quantum of loan without any collateral. Even the banker would have gained confidence in lending to individuals by then. While group activities have been encouraged especially under programmes like SGSY and Kudumbashree, many drop outs have been observed due to conflicts, low business volumes and insufficient incomes, better alternative avenues and so on¹⁵. Many were forced groups for availing subsidy and disintegrated sooner¹⁶.

Second, as we move on the development path, marginal costs of further development is usually higher in terms of finances and efforts. Also, there would be dilution of standards and hurry to achieve numbers.

Third, mere membership in groups will not ensure the improvement in living standards. People are encouraged to inculcate financial awareness and good banking habits through SHGs and unless, they understand how to use money wisely in entrepreneurial activities their incomes will not improve. For this, skill sets that people have or develop matter. Training members to suit their aspirations and aptitude is grey area. Also, the banker does not have a clue on skill sets of people who approach him, in the absence of good data base. A registry of SHG members with unique identity number or linking with AADHAAR number that can help streamline efforts to promote,

credit link and graduate SHGs and their members is hence recommended¹⁷. In this context, two recent initiatives of NABARD need a mention. One, the digitisation of SHGs and the other is Livelihood and Enterprise Development Programme (LEDP). Under LEDP, refresher training, backward-forward linkages and handholding and escort supports are ensured. It is a project based approach encompassing the complete value chain and offering end to end solutions to the SHG members.

Fourth, regional spread of microfinance institutions is a serious issue to be sorted out. While the southern states of India account for major share in credit from formal financial institutions, the spread of microfinancing institutions also ironically tilted towards those very states¹⁸.

Fifth, microfinance sector has spread with a mix of traditional and modern institutions working towards lofty ideals but each stakeholder running on their own tracks. Now, with the advent of the new generation banks such as Small Finance Banks (SFBs), Payment Banks (PBs) and many MFI-NBFCs converting themselves into one of them, with initiatives of the government on skilling, financial inclusion, insurance, climate change, isolated efforts only lead to high cost of delivery, overlapping and wastage of resources, peripheral coverage and concentration of benefits in a few geographies and population segments. We need an anchor agency at the national level to construct a big picture and share it with all stakeholders for distributed and differentiated efforts.

Lastly, SDGs and targets are drawn for country level achievement. They have to be localised to formulate comprehensible and implementable goals at the grassroots level. The SDGs appear formidable at macro level and micro level microfinance institutions like SHGs appear too small to contribute. But, if we can build strong network of ground level institutions of people, it can form a soft infrastructure that would support effective implementation of successive developmental interventions. Investing in people's institutions is a must for inclusive growth.

“

SHG program traversing a quarter century is no mean an achievement. Channel partners and stake holders have a major say in this journey. Movement will become resilient through enthusiastic participation of credit institutions by increasing depth, loan size and need based renewal. Transparency through Digitisation in the days to come would offset the need for subsidies or subventions and also make the movement agile, alive and kicking.

”

*Value has a value only if its value is valued.....
Let's strive to value the aspirations of the poor*
